

## **STATEMENT OF PURPOSE**

### **RS24156**

The purpose of this legislation is to repeal Chapter 18, Title 22, Idaho Code relating to the Commission on Pesticide Management. This Commission was established in Idaho Code by House Bill 556 in 2002 to model a similar commission that had been established in the State of Washington. Private funding has solely supported this Commission. The private funding has proved to be inadequate for the Commission to perform its envisioned duties and it has been difficult to find commissioners willing to serve.

### **FISCAL NOTE**

There is no fiscal impact to the general fund. The remaining funds of the Commission will be transferred to the University of Idaho's Unrestricted Revenue Fund for use in pesticide management related activities.
