IDAPA 24 – BUREAU OF OCCUPATIONAL LICENSES

24.04.01 – RULES OF PROCEDURE OF THE BOARD OF REGISTRATION FOR PROFESSIONAL GEOLOGISTS

DOCKET NO. 24-0401-1900F

NOTICE OF OMNIBUS RULEMAKING – TEMPORARY AND PROPOSED FEE RULEMAKING

EFFECTIVE DATE: The effective date of the temporary rule listed in the descriptive summary of this notice is June 30, 2019.

AUTHORITY: In compliance with Sections 67-5221(1) and 67-5226, Idaho Code, notice is hereby given that this agency has adopted temporary rules, and proposed rulemaking procedures have been initiated. The action is authorized pursuant to Section 54-2808, Idaho Code.

PUBLIC HEARING SCHEDULE: Oral comment concerning this rulemaking will be scheduled in accordance with Section 67-5222, Idaho Code.

DESCRIPTIVE SUMMARY: The following is the required finding and concise statement of its supporting reasons for adopting a temporary rule and a nontechnical explanation of the substance and purpose of the proposed rulemaking:

This temporary and proposed rulemaking adopts and re-publishes the following existing and previously approved and codified chapters under IDAPA 14.01.01, re-designated as IDAPA 24.04.01, Rules of Procedure of the Board of Registration for Professional Geologists:

IDAPA 24

- 24.04.01, *Rules of Procedure of the Board of Registration for Professional Geologists* — all rules *except Subsections 010.01, 010.02, 010.03, 010.05, 100.05, 100.07.a., 100.09, 160, 300.05.a., and 300.06.*

This chapter was formerly designated as *IDAPA 14.01.01*. It has been moved under the administration of the Bureau of Occupational Licenses and is hereby re-designated *IDAPA 24.04.01*.

TEMPORARY RULE JUSTIFICATION: Pursuant to Sections 67-5226(1) and 67-5226(2), Idaho Code, the Governor has found that temporary adoption of the rule is appropriate for the following reasons:

These temporary rules are necessary to protect the public health, safety, and welfare of the citizens of Idaho and confer a benefit on its citizens. These previously approved and codified rules implement the duly enacted laws of the state of Idaho, provide citizens with the detailed rules and standards for complying with those laws, and assist in the orderly execution and enforcement of those laws. The expiration of these rules without due consideration and processes would undermine the public health, safety and welfare of the citizens of Idaho and deprive them of the benefit intended by these rules. These rules govern the qualifications for registered geologists who protect the public health, safety and welfare by providing reasoned input in minimizing potential danger from geologic hazards during construction projects; alerting the public to potential danger in areas of seismic risk; defining impacts of human activities and natural occurrences on aquifers, recharge areas, and other water resources; and outlining steps in geohazard mitigation for features such as: fault zones, landslides, and unstable foundation areas. Not reauthorizing these rules would hinder the Board's ability to admit new applicants, to renew current licenses, and would affect registered geologists' ability to affix their stamp.

The fee or charge imposed by the rules is necessary to avoid immediate danger. The fees or charges reauthorized in this rulemaking are currently existing and have been previously promulgated by the agency and reviewed and approved by the Legislature. These fees and charges are part of the dedicated fund portion of the state budget, which makes up a material portion of the FY2020 budget. The FY2020 budget has already been set by the Legislature and passed into law. That budget relies upon the existence of these fees and charges to meet the state's obligations and provide necessary state services. Failing to reauthorize these fee rules would create immediate danger to the state budget, immediate danger to necessary state functions and services, and the immediate danger of a violation of Idaho's constitutional requirement that it balance its budget. Failing to reauthorize the licensing fees would impair the Board's ability to keep licensing fees low, while remaining self-sufficient.

FEE SUMMARY: The preceding section and the attached rules provide a specific description of the fee or charge imposed or increased by this rulemaking. This rulemaking does not impose a fee or charge, or increase a fee or charge, beyond what was previously approved and codified in the prior rules. Fees are established in accordance with Sections 54-2813, 54-2814, 54-2815, and 54-2816, Idaho Code, as follows: application fee \$100; initial certificate \$20; annual renewal \$60; annual renewal fee for registrants seventy (70) years of age or older: one-half of the current renewal fee; and duplicate certificate fee: \$20.

FISCAL IMPACT: The following is a specific description, if applicable, of any negative fiscal impact on the state General Fund greater than ten thousand dollars (\$10,000) during the fiscal year: This rulemaking is not anticipated to have any fiscal impact on the state General Fund because the FY2020 budget has already been set by the Legislature, and approved by the Governor, anticipating the existence of the rules and fees being reauthorized by this rulemaking.

NEGOTIATED RULEMAKING: Pursuant to Section 67-5220(2), Idaho Code, negotiated rulemaking was not feasible because of the need to adopt the rules as temporary, and because these existing chapters of IDAPA are being re-published and re-authorized. Negotiated rulemaking also is not feasible because of the need to implement these rules before they expire; the rules form the regulatory framework of the laws of this state and have been previously promulgated and reviewed by the Legislature pursuant to the Idaho Administrative Procedures Act, Chapter 52, Title 67, Idaho Code; and because engaging in negotiated rulemaking for all previously existing rules will inhibit the agency from carrying out its ability to serve the citizens of Idaho and to protect their health, safety, and welfare.

INCORPORATION BY REFERENCE: Pursuant to Section 67-5229(2)(a), Idaho Code, incorporated material may be obtained or electronically accessed as provided in the text of the temporary and proposed rules attached hereto.
