

## STATEMENT OF PURPOSE

### RS26558

This legislation reimburses the Department of Agriculture for prior fiscal year costs to survey and control pests on state and private lands. Idaho Code authorizes the use of deficiency warrants under certain circumstances. The agencies pay the bills and return to the Legislature during the next session for the cash to reimburse those costs. The Idaho Department of Agriculture issued deficiency warrants that included \$21,500 for exotic pest monitoring and \$118,700 for Japanese Beetle treatment. As a result, the Joint Finance-Appropriations Committee approved \$140,200 from the General Fund to transfer into the Pest Control Deficiency Fund. These are the actual costs incurred by the department in FY 2018.

### FISCAL NOTE

This bill transfers a total of \$140,200 from the General Fund to the Pest Control Deficiency Fund for fiscal year 2019.
