

## STATEMENT OF PURPOSE

### RS26465

The State Driving Businesses Licensure Board is proposing legislation to reduce the apprenticeship training hour requirement to qualify for driving business instructor licensure from sixty (60) to thirty (30) hours of classroom instruction, and to reduce the number of behind-the-wheel training hours from one hundred eight (108) to sixteen (16) hours. This Board also requests an emergency clause for this legislation to allow its early implementation for the benefit of applicants. These changes will reduce barriers to licensure and employment for driving business instructors.

### FISCAL NOTE

There is no impact to the General Fund or the Idaho Bureau of Occupational Licenses' dedicated fund because the proposed legislation will not alter the number of board meetings held each year or require more services be provided to the State Driving Businesses Licensure Board.
