11 SECTION 1. That Title 22, Idaho Code, be, and the same is hereby amended
12 by the addition thereto of a NEW CHAPTER, to be known and designated as Chap-
13 ter 17, Title 22, Idaho Code, and to read as follows:

14 CHAPTER 17

15 HEMP RESEARCH AND DEVELOPMENT ACT

16 22-1701. SHORT TITLE. This act shall be known and may be cited as the
17 "Hemp Research and Development Act."

18 22-1702. LEGISLATIVE INTENT. (1) It is the policy of this state to al-
19 low and encourage the development and research of hemp in Idaho. The leg-
20 islature finds that the Cannabis sativa L. plant used for the production of
21 hemp is separate and distinct from the forms of cannabis used to produce mar-
22 ijuana. Section 10113 of the farm bill of 2018 has removed hemp from schedule
23 I of the federal controlled substances act and eliminated other barriers at
24 the federal level to hemp research and development.

25 (2) Hemp is used in products such as building materials, cordage,
26 fiber, food, floor coverings, fuel, paint, animal feed, paper, particle
27 board, plastics, seed meal, cosmetics, seed, and yarn. The university of
28 Idaho, in fulfillment of its land grant mission, leads the nation in many
29 areas of agricultural research and is encouraged to research and study this
30 burgeoning field. Hemp has the potential to be an alternate crop in Idaho's
31 thriving agricultural economy. A growing hemp industry also has the poten-
32 tial to create jobs in production, processing, and research, and Idahoans
33 will benefit from numerous consumer products made from hemp.

34 22-1703. DEFINITION. As used in this chapter, "hemp" means the plant
35 Cannabis sativa L. and any part of that plant, including the seeds thereof
36 and all derivatives, extracts, cannabinoids, isomers, acids, salts, and
37 salts of isomers, whether growing or not, with a delta-9 tetrahydrocanni-
38 nol concentration of not more than three-tenths of one percent (0.3%) on a
39 dry weight basis.

1 22-1704. RESEARCH AND PRODUCTION OF HEMP. Subject to the provisions of
2 this chapter, any person, including institutions of higher education, may
3 plant, grow, cultivate, harvest, sample, test, research, process, trans-
4 port, transfer, take possession of, sell, import, and export hemp in this
5 state to the greatest extent allowed under federal law.

6 22-1705. REGULATION OF HEMP. (1) The Idaho state department of agri-
7 culture may promulgate rules regulating the activities permitted in this
8 chapter, provided that those activities be regulated only to the extent re-
9 quired under federal law, and in a manner that allows the people of this state
10 to have the greatest possible opportunity to engage in those activities.

11 (2) The director of the Idaho state department of agriculture will ad-
12 vise the legislature when, in the director's opinion, there is sufficient
13 need for the establishment of an independent board to regulate hemp in this
14 state.

15 SECTION 2. That Section 37-2701, Idaho Code, be, and the same is hereby
16 amended to read as follows:
