RE: ELECTRONIC RECORDING COMMISSION

Dear Governor Little,

In my capacity as Chair of the Electronic Recording Commission and representing all members and gubernatorial appointees of that Committee, I am advising you that the ERC discussed and agreed in our annual meeting on February 7, 2019, to recommend dissolution of the Electronic Recording Commission. We also recommend repeal of Idaho Code § 31-2905 in conjunction with that.

Issues that have been addressed by the ERC have involved adoption of standards to implement the Uniform Real Property Electronic Act. The ERC feels those practices have been well implemented into Idaho Code.

Please let me know if you need any additional information regarding the ERC or if there are any questions or concerns with this request.

Warm Regards,

**Joseph W. Larsen**  
**Cassia County Clerk/Auditor/Recorder**
