

STATEMENT OF PURPOSE

RS28556 / H0199

This 2021 Tax Relief bill reduces all income tax brackets and sets the top income tax bracket to 6.5% retroactive to January 1, 2021. This bill also reduces the sales tax rate from 6.0% to 5.3% beginning January 1, 2022. This tax relief is appropriately funded from monies in the Tax Relief fund (established in Idaho Code 57-811) and with general fund revenues already earmarked for the purpose of ongoing tax relief as outlined in the Governor's budgets proposed in January of this year. This bill repeals 63-3024A, Food Tax Credits and Refunds, and related code. Total tax relief is estimated at \$284 million per year.
