

## STATEMENT OF PURPOSE

RS28595 / S1137

JFAC approved CEC for FY 2022 of a 2% pay increase for permanent employees of the state. Judicial Salaries must be separately established by the Legislature and are set forth in section 59-502, Idaho Code, which also indexes such salaries to a Supreme Court Justice's salary to avoid salary compression between the four types of judgeships. To accomplish the intent of both the budget process as well as the salary statute, a 2% increase in the total judicial payroll is first calculated. This sum is divided so as to maintain the salary differentials currently existing in section 59-502, Idaho Code. Two percent of total judicial payroll is \$583,000, but the proposal is to utilize less, specifically \$556,900. This bill sets the annual salary of a justice of the Supreme Court at \$160,400, which is a 1.6% increase of their current salary. As set forth in established Idaho Code, the difference between the salary of a Supreme Court Justice and a Court of Appeals Judge remains at \$10,000 (resulting in a 1.8% salary increase for Court of Appeals Judges); the difference between the salary of a Court of Appeals Judge and a District Judge remains at \$6,000 (resulting in a 1.8% salary increase for District Judges); and, the difference between the salary of a District Judge and a Magistrate Judge remains at \$12,000 (resulting in a 2.0% salary increase for Magistrate Judges).

### FISCAL NOTE

The total annual fiscal impact for this increase in salary and associated benefits, which are paid from the general fund, is \$556,900, which is a 1.8% increase in the total judicial payroll. However, if sick leave benefits are reduced pursuant to the Governor's recommendation, the actual fiscal impact will be less.
