

REVISED

## STATEMENT OF PURPOSE

RS29212 / S1231

This legislation repeals legislative intent language from H312 (2015) that required local highway districts and other jurisdictions to report annually to the legislature how they spent the funds distributed as part of the enactment of H312. This reporting requirement has become an administrative burden for local jurisdictions and the monetary amounts to distribute to some jurisdictions are so small that the report has little value to the legislature. Local highway districts are still required to report expenditures per Idaho Code 40-708.

## FISCAL NOTE

There is no fiscal impact to the state general fund or any state dedicated funds. There will be a positive fiscal impact to local jurisdictions and to the Local Highway Technical Assistance Council as they will no longer have to dedicate staff time to fulfilling this cumbersome reporting requirement.
