DESCRIPTIVE SUMMARY: The following is a nontechnical explanation of the substance and purpose of the proposed rulemaking:

The EMS Personnel Licensing rules are being amended to align with a new chapter of rules being written that provide the education, instructor, and examination standards an individual must meet to be a licensed EMS provider in Idaho. These rules also include temporary rule changes for continuing education venues and licensing renewal cycle requirements that were extended by the 2015 Legislature. For consistency, this chapter includes references and sections from the repeal of IDAPA 16.02.03, "Emergency Medical Services," and the new chapter in IDAPA 16.01.05, "Emergency Medical Services (EMS) -- Education, Instructors, and Examination Requirements."

FEE SUMMARY: The following is a specific description of the fee or charge imposed or increased: NA

FISCAL IMPACT: The following is a specific description, if applicable, of any fiscal impact on the state general fund greater than ten thousand dollars (\$10,000) during the fiscal year:

The Emergency Medical Services (EMS) program is funded through dedicated funds. This rulemaking has no fiscal impact to those funds or to the state general fund. This rulemaking is intended to be cost-neutral.

NEGOTIATED RULEMAKING: Pursuant to Section 67-5220(2), Idaho Code, negotiated rulemaking was not held. However, the Department held a number of meetings around the state with EMS personnel and agencies. The changes in this rule concerning continuing education were based on concerns voiced during those meetings and required the Department to amend these rules prior to the end of the current licensure period.

INCORPORATION BY REFERENCE: There are no documents incorporated in this rulemaking.

These rules are being amended to align with a new chapter of rules that provides the education, instructor, and examination standards an individual must meet to be a licensed EMS provider in Idaho. These rules include additions and references to rules from IDAPA 16.02.03, "Emergency Medical Services," a chapter being repealed, and to the new chapter IDAPA 16.01.05, "Emergency Medical Services (EMS) -- Education, Instructors, and Examination Requirements."

Updates have been made to align these rules with the agency and personnel licensing requirements that provide clarity for enforcement actions that can be taken. Language for professional standards has been removed from this chapter and placed in the appropriate licensing chapter.

FEE SUMMARY: The following is a specific description of the fee or charge imposed or increased: NA

FISCAL IMPACT: The following is a specific description, if applicable, of any fiscal impact on the state general fund greater than ten thousand dollars (\$10,000) during the fiscal year:

The Emergency Medical Services (EMS) program is funded through dedicated funds. This rulemaking has no fiscal impact to those funds or to the state general fund. This rulemaking is intended to be cost-neutral.

NEGOTIATED RULEMAKING: Pursuant to Section 67-5220(2), Idaho Code, negotiated rulemaking was held under the Personnel Licensing and the Education chapters, but not specifically for this EMS chapter.
