

## STATEMENT OF PURPOSE

### RS24244

Idaho's Children's Health Insurance Program (CHIP) has the second-most restrictive income eligibility requirements of any state. This bill revises eligibility for CHIP Plan B by increasing the upper level of a family's modified adjusted gross income to the national program average of 250% of federal poverty guidelines.

### FISCAL NOTE

A portion of the CHIP Plan B program is covered entirely by federal funds. The standard state-federal match will apply to any expenditure not entirely covered.
