

STATEMENT OF PURPOSE

RS24383

The purpose of this joint memorial is to thank the United States Army Corps of Engineers for appropriating four million dollars in funding for watercraft inspection stations as authorized by the Water Resources Reform and Development Act. Additionally, this joint memorial requests that Congress ensure the continued appropriation of these funds in the fiscal year 2017 budget. This action will significantly enhance aquatic invasive species prevention efforts and implements the intent of the Water Resources Reform and Development Act.

FISCAL NOTE

This joint memorial will have no fiscal impact.
