

STATEMENT OF PURPOSE

RS25812C1

Repealing Sections 33-1608 through 33-1611, Idaho Code, adding a new section that aligns with the current Idaho Content Standards Health Education. This removes antiquated language to address, in broad terms, what the study of "sex education" means and who should be involved in planning and revising curriculum. This revision also addresses an excuse request for a student to not participate in the program.

FISCAL NOTE

There is no fiscal impact on the state General Fund, because this is an update to current code that is currently funded through curriculum and instruction in the Education Appropriation.
