

## STATEMENT OF PURPOSE

### RS26173C1

This bill prohibits the Secretary of State from disseminating any voter information to the interstate voter registration crosscheck system. This action would protect sensitive voter information from being released to an unsecured digital destination beyond the jurisdiction and control of the State of Idaho. It will also help prevent further accidental purges of legitimately registered voters based on faulty information provided by the interstate voter registration crosscheck system.

### FISCAL NOTE

This bill has no fiscal impact on the State of Idaho, and no fiscal impact to local or county governments.
