

STATEMENT OF PURPOSE

RS25865

Students must currently be 17 years of age at the time of the election to which he or she is serving as a member of an election board. This qualification limits the students to mostly senior high school students who don't have the time to dedicate and many times this age qualification limits the student to working one election. This legislation would lower the age to 16, giving students the ability to work more than one election in a year and it could possibly make them available to work in more than one calendar year of elections.

FISCAL NOTE

There is no fiscal impact to the General Fund or to any other entity. There is no fiscal impact because no entity will receive any less or additional revenue.
