

STATEMENT OF PURPOSE

RS26504C1

The purpose for this proposed legislation is to ensure the safe transportation of saw logs from the point of origin to the final delivery point at the mill. Today there are rules governing the safety of log hauling in the woods, HOWEVER, it has been determined the safety rules do not apply on the highways of Idaho. This bill provides for the participation of the Idaho State Police and the Ports of Entry in the assurance of safely loaded and secured logs on the highways of Idaho.

FISCAL NOTE

There is no fiscal impact because it does not require any State funds to be expended.
