

## STATEMENT OF PURPOSE

### RS26765

The purpose of the proposed change to Idaho Code § 39-4108 is to allow a period of up to six months after being hired for a building inspector or plan examiner to obtain the ICC certification. Also provides for situations when a certified building inspector must review and approve adverse actions deemed necessary by the newly hired unlicensed building inspector.

### FISCAL NOTE

There is no expected fiscal impact to the proposed legislation. This legislation will not bring additional costs to the State or local government as it simply allows new hires to work in their capacity as building inspectors while working towards their certification.
