They further serve notice to the State that the Legislature, the elected representatives of all the citizens of Idaho, is in session. The flags are raised when the Legislature convenes and will be retired when the Legislature adjourns sine die. President McGeachin presented the Idaho State flag to the Honor Guard to be raised above the Senate Chamber to fly during the Second Regular Session of the Sixty-fifth Idaho Legislature and the Honor Guard exited the Chamber.

On request by Senator Winder, granted by unanimous consent, the Senate Sergeant-at-Arms, Sarah Jane McDonald, escorted the Madison High School Vocal Spectrum into the Senate Chambers for the purpose of singing the Star Spangled Banner and America the Beautiful, directed by David Hinck.

The Speaker introduced His Excellency, the Governor of the State of Idaho, Brad Little, and the following **State of the State and Budget Address** was delivered by the Governor:

Mr. Speaker, Mr. Pro Tem, Madam President, honored legislators, my fellow constitutional officers, Mr. Chief Justice and members of the judiciary, my family, friends, and my fellow Idahoans: What a year! I could not have accomplished as much in the past year - or most of my life - without the support of my family, especially my wife and your First Lady, Teresa. It is rewarding for me to watch so many people learn more about her. Teresa is selfless and thoughtful. She loves our family and our state. I'm proud of you, Teresa, and I'm grateful to have you by my side.

The celebration of an important milestone is upon us in 2020 - the 100th anniversary of women's voting rights. We've come a long way. The faces in this chamber looked a lot different 100 years ago. Please join me in acknowledging all the women - elected, appointed, and serving across state government - for your contributions to Idaho.

After being in this position for a year, I can say with certainty that there is a lot of passion in Idaho for making our state the best it can be. We have much to be proud of. And much to work toward.

I have learned that progress requires pushing the boundaries of what's comfortable in government. It requires a strong desire to get things done.

And I have learned you cannot do it alone. I am proud of my partnership with you - the Idaho Legislature - for your collaboration in working with me to do the People's work.

From the beginning, I stated my goal - to make Idaho the place where we all have the best possible opportunity to thrive, where our children and grandchildren choose to stay, and for the ones who have left to choose to return.

In America, we get to choose our faith, our jobs, where we live. I would like to acknowledge the role our veterans and military members and their families play in making that a reality.

This spring, the Idaho Army National Guard will mobilize more than 4,000 soldiers to Germany in support of a large-scale exercise to demonstrate U.S. military readiness. The Idaho Air National Guard will deploy more than 400 airmen to several locations throughout Southwest Asia in support of combat operations.

We wish them well and pray for their safety.

As we enter the year 2020, my priorities are sharp, clear, and in focus. My goal reflects the need for us to make Idaho strong today and prepared for tomorrow.

I am committed to working with you to invest in education, continue reducing regulatory burdens, and increase all Idahoans' prosperity and quality of life. I want us to champion affordable health care, make Idaho safer, and promote healthy lands and waters. I want Idahoans to be confident in their state government.

Just last month, I was joined by many of you - my partners in the Legislature - in announcing Idaho surpassed South Dakota, and we are now the least-regulated state in the nation.

Together, we cut and simplified 75-percent of all regulations in less than a year.

How did we achieve the largest regulatory cuts in Idaho history?

Through a combination of efforts. I issued two executive orders aimed at scaling back and streamlining Idaho's administrative code. And the Legislature made it possible for us to examine the entirety of our administrative code in one sweeping step.

When the Legislature chose not to reauthorize the administrative code, I didn't know what to expect. But working together, we seized the opportunity before us and made history in the process.

Our agencies held 150 public meetings throughout Idaho to ensure transparency and public involvement in the evaluation of all proposed changes.

I would like to recognize my budget chief, Alex Adams, and his team, along with many people in the agencies who were a driving force behind our progress. Their intense focus helped get us here.

Thank you for working so hard for the people of Idaho.

So, what does this all mean to Idahoans?

It means small businesses can now easily understand the regulations they are required to follow, without having to hire a lawyer or call a state agency for help interpreting them.

It means Devin Trone, a small business owner in Meridian, was able to expand and open a tele-pharmacy in Garden Valley, creating jobs and making health care more accessible in rural Idaho.

When we reduce regulatory friction, good jobs follow.

Last month, I was honored to visit with President Donald Trump and Vice President Mike Pence in the White House. President Trump has taken on meaningful regulatory reform, and he is looking to the states for help in achieving it. Guess who President Trump held up as the shining example of how to get it done? Idaho.

Folks, this is what Idahoans expect. They expect the executive and legislative branches to work together to make government work for them.

And we're not done yet.

My first executive order this year will make it a routine practice for Idaho state government to undergo the kind of successful regulatory review we saw in 2019. I am calling it "Zero-Based Regulation."

We are determined to have the administrative code remain clear and user-friendly.

We must also knock down barriers to prosperity by continuing to advance the Licensing Freedom Act. Last year, we were successful in fast-tracking licensing processes for veterans, members of the military, and their spouses, making it easier for them to start work after relocating here. Building on that success, I pledge to work with the Legislature this session and broaden those processes so that individuals moving to Idaho from another state can start working as quickly as possible.

Idaho's statutes could use a good scrub, too.

This year, my administration will bring forth more than 30 pieces of legislation that repeal outdated statutes. From a wagon road in Neal, Idaho, to laws governing trespassing hogs, it's time to put obsolete sections of Idaho Code - like the non-existent Board of Cemeterians - in the grave.

Just as regulatory restraint encourages investment and reduces the cost of doing business, a lean and efficient budget does the same.

My budget for Fiscal Years 2020 and 2021 cuts spending, leaves a surplus, and bolsters our rainy-day funds. It focuses on conservative growth and transparent budgeting.

Sound budgeting starts with sound economic forecasts. That is why we started a new practice. We are tapping the expertise of business leaders and economists in the private sector to help us achieve revenue forecasts that are as accurate as possible.

Idaho has experienced tremendous growth in recent years. But nationally and internationally, the pace of economic growth is expected to slow.

Last fall, I asked all state entities that receive General Funds to undergo a spending reset - except my highest priority area, public education.

The time to prepare for a potential downturn is now, when times are good.

The spending reset also forces a closer examination of spending.

We cannot lose our focus on the taxpayer.

I understand it is difficult for state agencies and our universities to tighten things up, but it must be done habitually and willingly because it is the right thing to do.

My budget leaves an appropriate cash balance and shores up our rainy-day funds, which have helped us weather economic storms that forced other states to raise taxes.

Idaho is ranked in the top 10 states nationally for the balance of our budget reserves, but a credible stress test showed we have more work to do to prepare for a recession. That is why I am also calling for us to raise the cap on our main rainy-day fund, so that we can better position our state for any economic condition.

Overall, my budget for Fiscal Year 2021 limits true General Fund spending growth to a conservative 3.75-percent.

From now on, it will be easier for the public to discern true spending growth in the executive budget because I instructed my budget office not to rely on one-time transfers or other budget gimmicks. We are increasing transparency in state budgeting.

One of the staples of conservative governing is to put money back into taxpayers' pockets.

I have long supported tax relief for Idahoans on the most basic of needs - groceries.

My budget leverages 35 million dollars from the dedicated Tax Relief Fund to provide Idaho families with grocery tax relief without competing against our General Fund priorities.

I believe our people have greater opportunities to prosper when government limits regulatory hurdles, respects taxpayers by spending their money as efficiently as possible, and focuses as much on the needs of tomorrow as the needs of today.

That conservative approach aligns perfectly with my number one priority - education.

As state elected leaders, our constitutional obligation to K-12 public education is clear. Article 9 Section 1 states it is our duty "to establish and maintain a general, uniform and thorough system of public, free common schools."

But we also have a moral obligation to all our youngest citizens.

I subscribe to the view that it is better to prepare children today than to repair them later.

I want to thank the Legislature for joining me last year in passing significant investments in public education. We raised starting teacher pay. We increased funds available for Opportunity Scholarships. We doubled funding for one of my highest priority areas - literacy.

Every district determined the best way to use the additional literacy dollars, from hiring reading coaches to conducting summer reading programs and providing full-day Kindergarten.

Parts of the state are surging ahead in their progress on reading proficiency.

At Betty Kiefer Elementary in Rathdrum - where 37-percent of students come from low-income families - we saw incredible overall fall-to-spring improvements. Reading proficiency among children rose an astounding 32-percent. More than 85-percent of third graders at Betty Kiefer Elementary were reading proficiently by the end of the school year. This is also the first school I saw doing monthly assessments so teachers can personalize reading instruction to each student.

At Chief Joseph Elementary in Meridian - where 40-percent of students are low-income, and a high portion are learning English as a second language - full-day Kindergarten became an option to help students get on track with reading. About half of the school's incoming Kindergarteners couldn't read at grade level last fall. By spring, they saw a 30-percent improvement.

When we commit to giving students a strong start and provide local schools the flexibility to determine how best to achieve it, we see progress.

But still too many students across the state are falling behind. About 12,000 Kindergarteners are not on track to read when they show up on day one.

My budget keeps our foot on the gas and makes our historic investment in literacy ongoing.

The push for literacy was a recommendation that came out of my "Our Kids, Idaho's Future" task force. The task force was made up of teachers, school administrators, education stakeholders, business leaders, and a bipartisan group of legislators from every corner of the state. I want to voice my appreciation to every member of the task force for taking on this important job, especially the co-chairs, Debbie Critchfield and Bill Gilbert.

The task force also identified the need to continue investing in our teachers.

A child's progress in all subjects - especially reading - depends on the attention and instruction of a good teacher.

We cannot simply rely on the good hearts of teachers any longer to retain an effective teaching workforce in Idaho. We must pay them competitively.

Your property taxes shoulder a growing share of teacher salaries and operating expenses in our school districts. It's out of balance and not sustainable.

I propose we put an additional \$30 million in ongoing General Fund as a down payment to continue increasing teacher pay over the next several years. Performance criteria will ensure accountability.

These investments have been ongoing for the past several years, and I commend the Legislature for stepping up to support our educators.

Our efforts should elevate the profession and help us keep good teachers in Idaho classrooms.

We have the perfect example of an excellent teacher with us today. She is a health and P.E. teacher at Timberlake Junior High

School in Spirit Lake who focuses on the "whole child." She goes beyond teaching subject matter and helps her students build the skills they need to be successful in life, not just school.

Please help me congratulate our 2020 Idaho Teacher of the Year, Stacie Lawler. Stacie will use her role as Teacher of the Year to combat the stigma around mental health.

Teachers are on the front lines of all kinds of challenges. I am advancing another recommendation from my task force, which should be good news to Stacie and all who are concerned about the safety and wellbeing of our children.

My budget provides teachers additional training and resources so they can identify and better serve students facing trauma and mental illness, giving parents peace of mind when they send their children to school each day.

As students get older, our focus in education shifts to college and career readiness.

We have new presidents at all our four-year universities - President Scott Green at University of Idaho, President Marlene Tromp at Boise State University, and President Kevin Satterlee at Idaho State University - as well as President Cynthia Pemberton at Lewis-Clark State College.

I have directed our universities, community colleges, and the State Board of Education to adopt a fresh, bold approach to meeting the needs of Idaho students and businesses by breaking down silos and working together more as an interconnected higher education system.

To that end, I am recommending the development of cybersecurity programs that will be offered jointly by Boise State University, Idaho State University, and University of Idaho. This increased level of collaboration across Idaho's higher education institutions will offer Idahoans a path to earn a degree in a high-demand profession by partnering with Idaho employers, including the Idaho National Laboratory.

We are identifying what employers need in a workforce, and we are responding.

High schools across the state are offering more and more Career Technical Education programs, hand in hand with local businesses. This is especially important for businesses in rural Idaho, which are more susceptible to a talent shortage.

I am recommending \$6 million in the capital budget for new CTE facilities at the College of Eastern Idaho, Lewis-Clark State College, and the Department of Juvenile Corrections to strengthen our commitment to CTE in Idaho.

Our community colleges are a growing resource for traditional and non-traditional students alike.

In fact, I am recommending ongoing funds for Idaho Job Corps, a three-year project to connect 16- to 24-year-olds to in-demand jobs. In its first year, the program will serve up to 150 students through the College of Western Idaho, with resources expanding to other community colleges in subsequent years.

In addition, the Workforce Development Council and Idaho Department of Labor are facilitating and promoting more and more internships and apprenticeships because, after all, the best way to learn is by doing.

It is also imperative that we make college accessible to more Idahoans.

I commend our university presidents and the State Board of Education for freezing tuition for resident undergraduate students in 2020.

Combined with our increased commitments to the Advanced Opportunities Program - which enables students to earn college credit while in high school - and the Opportunity Scholarship, college is becoming more affordable and obtainable for an entire generation of Idahoans.

Last month, the country took a critical step toward helping us secure future jobs and economic prosperity in Idaho. Congress finally ratified President Trump's trade agreement with two of Idaho's biggest export markets - Canada and Mexico.

I strongly supported the deal because it preserves and enhances critical gains made in previous trade agreements for Idaho products. Our farmers and agriculture industry have good reason to rejoice for this important agreement making it across the finish line.

Over the past year, I visited with a lot of businesses across the state. A few stood out to me because they embody my goal to make Idaho the place where our children and grandchildren choose to stay.

In the Ditch Towing Products in Mountain Home is a homegrown business selling products worldwide, built by workers trained in local CTE programs.

StanCraft Boat Company in Hayden is a fourth generation Idaho company that makes world class wooden boats and continues to expand and provide good jobs for Idahoans.

Robb Bloem at StanCraft and Chuck Ceccarelli at In the Ditch are Idaho kids who made good. They found ways to pursue their passions while creating opportunity for others.

Prescient Security in Salmon is a technology company that relocated to Idaho and offers apprenticeships that help train in-demand cyber specialists. It is the kind of business that is helping to diversify and strengthen the economy in our rural communities.

Carl Hagan with AFC Finishing Systems moved his company to Weiser after getting frustrated with the lack of business-friendliness in California. He plans on creating over 40 jobs and investing \$2 million in Weiser. Welcome to Idaho, Carl!

We must continue to seek investments in infrastructure if companies like these can continue to succeed in Idaho.

One thing I consistently hear about is our transportation system. In a growing state, we must move people and products as safely and efficiently as possible.

The Association of Idaho Cities and Associated General Contractors are working on a study of Idaho's transportation needs. After it's complete, I'll work closely with the Legislature and others to formulate a sustainable funding plan.

In the meantime, I am recommending that we direct close to \$100 million to maintain and improve the state's highway system.

I am also pursuing another strategic investment - improvements in Idaho's broadband infrastructure.

For both urban and rural Idaho to attract business and enhance our citizens' quality of life, Idaho must be connected. I am adopting a recommendation from my Broadband Task Force,

led by Idaho Department of Commerce Director Tom Kealey, to establish a State Broadband Office. We will utilize existing resources at Commerce and unite the efforts taking place across the state to ensure all areas of Idaho are connected.

Improving broadband will also expand tele-health and pharmacy access in rural Idaho, where the distance to a doctor or pharmacy can be overly burdensome to entire communities of people.

To further address the shortage of physicians in Idaho, I am seeking legislative approval for ongoing General Funds for 25 new medical residents.

These efforts build on previous investments, including those in our behavioral crisis centers. I am happy to report that as of last summer, all regions of the state now operate a behavioral crisis center nearby, serving thousands of Idahoans and providing effective alternatives to hospitalization and incarceration.

Those recovering from substance use disorders need the resources to stay in recovery. My budget supports community-based recovery centers and connects those individuals with the support system they need.

Another scourge afflicting our society is addiction to opioids.

Because of the misuse of prescription pain killers and illegal drugs, for the first time in decades Americans' life expectancy has actually dropped.

There's hope for a better future for these individuals, though. Idaho has made great progress with the Prescription Drug Monitoring Program. Use of the database has increased from 530,000 searches a few years ago to a staggering 21 million searches last year. This is part of the reason opioid use has dropped since 2016, despite a growing population.

But there is more we can and must do. I am recommending more than \$30 million to arm physicians and pharmacists with the tools to identify and prevent opioid abuse.

Last year, we began implementing Medicaid Expansion.

My budget implements a full year of Medicaid Expansion with a net-zero impact on the General Fund.

We have identified offsets in the budgets for the Idaho Department of Health and Welfare, the Department of Correction, the courts, and the Catastrophic Health Care Fund. I am also proposing that we tap the Millennium Fund to help cover our share. And I am asking the counties to bring the offsets in their budgets to the table, as Medicaid Expansion begins to pay for services the counties used to cover.

We are bending the cost curve of health care in Idaho.

Starting this year, Idaho became the first state in the nation to make "enhanced short-term plans" available, offering more options to individuals and families priced out of the market by Obamacare. Two insurance carriers have signed up to offer the plans, creating competition and coverage to help drive down the cost of health care for Idaho families.

One of the many reasons new residents tell me they moved to Idaho is our low crime rate.

But as our state continues to grow, so must investments in public safety.

To help the men and women in our state police force meet their mission, I am recommending the replacement of dozens of

vehicles in our Idaho State Police fleet, additional investigators to assist in the daily fight against drugs, and additional dispatchers - our "first" first responders.

We must also acknowledge that our communities are put at risk when we simply warehouse those who break the law. Our safety is maintained when those returning home from a period of incarceration can become productive citizens.

Two-thirds of Idaho inmates are in prison because of probation and parole violations - more than any other state in the country. Idaho taxpayers pay 110 million dollars per year to incarcerate this population.

This is a taxpayer issue as well as a public safety issue. We must address our growing prison population in new ways.

My budget calls for a new resource called Connection and Intervention Stations. They will offer support, treatment, and accountability for the people on community supervision who need it most.

Meanwhile, I am seeking continued investments in community reentry centers, where inmates returning to our neighborhoods can learn job and life skills.

The cost of investing in proven interventions that help inmates turn their lives around before they reoffend is fractional to the cost of incarceration.

We have a choice.

We can either invest in measures designed to reduce the demand for prison beds and promote safer communities, or we can do nothing and ensure the next check we write is larger than the last.

In addition to feeling safe, our children and grandchildren will choose to stay in Idaho if they can maintain a high quality of life, including the ability to get out and enjoy Idaho's open spaces.

We have an obligation to keep our public lands and waterways healthy, so that future generations can enjoy them as well.

Idaho has chosen to lead in public land management.

We have established a model of heightened collaboration with our federal land management partners under the Good Neighbor Authority and Shared Stewardship - two related initiatives that aim to reduce fire risk and create jobs in rural communities and proactively address the ongoing forest health crisis.

I am seeking continued investments in these important efforts to propel us forward and show the rest of the country, yet again, that Idaho knows how to bring together diverse interests in a common pursuit - the health of our natural resources.

I want to stretch that commitment to our natural resources even further.

I am recommending the creation of a position at the Office of Species Conservation to work with federal agencies on public lands issues.

Just as we approach our budgets prudently, we must also approach water management with an eye for efficiency and preparation for dry years. We are doing that through aquifer recharge and other innovative approaches.

And for the past several years, because of forethought from the Legislature, we have positioned Idaho for success by setting aside funds for water infrastructure projects. We have also made investments in flood management and water quality, which is as important as water quantity.

From Lake Coeur d'Alene to Bear Lake and Priest River to the Snake River, we are all working together - the state, tribes, local government, citizens, stakeholders, and others - to ensure our waterbodies are safe and clean.

One very big accomplishment that serves to protect Idaho's environment and jobs involves the nation's leading center for nuclear energy research and development right here in Idaho - the Idaho National Laboratory.

Attorney General Lawrence Wasden and his staff worked hard over the past several years - and closely with my office - to revise and strengthen the 1995 Settlement Agreement with the Department of Energy to clean up legacy waste at the INL.

We could not have reached this achievement without the support of Idaho's Congressional Delegation.

Our former Governors Cecil Andrus and Phil Batt left an astounding legacy for Idaho with the 1995 Settlement Agreement. We are grateful for their steadfast commitment to Idaho.

Our updated agreement is a remarkable milestone. It reinforces the 1995 agreement by incentivizing the federal government to carry out remaining clean up obligations. Our updated agreement also paves the way for more groundbreaking research at the INL. It will bring high-tech jobs to eastern Idaho and promote cleaner and safer carbon-free nuclear energy for America.

Any organization - including and especially state government - functions best when it earns the confidence and trust of the public.

I want to thank Lt. Governor Janice McGeachin for taking on an important task for me - identifying where we can achieve efficiencies in state government. Her leadership on the Regional Efficiency Working Group is already showing results and will continue this year.

We must also advance our progress in protecting citizen data.

Last year, we made significant investments in IT modernization to reduce our exposure to a cyberattack and promote consistent security across state agencies. My budget furthers these efforts and strengthens the state's IT infrastructure to meet the needs of a growing state.

I am also borrowing a page from the private sector and creating a new hotline where state employees can turn to report instances of fraud, waste, or abuse within state government. I am putting the Division of Human Resources in charge of implementing a new State Employee Hotline this year, which should give state employees a secure, anonymous outlet to report concerns.

When I stood before you last year at this time, I pledged to make decisions through one lens - the lens of ensuring the best possible opportunities for us, our children and grandchildren, to remain in Idaho and enjoy an unparalleled quality of life.

That vision guides me every single day.

My friends, governing is about meeting the needs of today, while not losing sight of the state we want our children and

grandchildren to inherit. It is about making Idaho strong today and prepared for tomorrow.

I want to thank the citizens of Idaho for their trust in me. And I thank the Idaho Legislature for working with me to do the People's work.

God bless you, and may God continue to bless the people of Idaho and our great country.

The Speaker thanked Governor Little for his message.

On request by Senator Winder, granted by unanimous consent, President McGeachin appointed a committee consisting of Senator Lakey, Chairman, and Senators Anthon and Burgoyne to escort Chief Justice Roger S. Burdick into the Senate Chamber where he delivered the following **State of the Judiciary Address**:

Madam President, Mr. President Pro Tem, and distinguished members of the Idaho Senate, my colleagues on the Supreme Court and Court of Appeals, and fellow Idahoans.

First, I must truly say thank you for your time. This year it is especially precious. So I'll be brief.

In years past I have reported to you on the issues which have pressured Idaho's judicial system. Today, I am here to report the State of Idaho's judiciary has never been better in my 16 years on the Idaho Supreme Court. The successes I am going to report to you are in a very large part the result of your respect for our founders' grand plan of three distinct but equal branches of government - a plan that is enshrined in both our national and state Constitutions. Though the judicial branch no longer resides in this remarkable building as we once did, we are always acutely aware of our role as one of three co-equals joined by the executive and the legislative.

You have already heard from the executive branch, as we all joined together to listen to Governor Brad Little's State of the State remarks.

You, the legislative branch will digest those remarks as well as mine. Then listen to citizens' needs and inputs and fashion a way forward.

We as a judiciary will continue to work with the executive branch to carry out policy where we can; as well as our primary job of interpreting your law when a conflict or question arises.

All of us together have continued to respect our places. In doing so we have built a state that is attracting more people than any other.

Your support, philosophically, as well as financially has enabled Idaho's judiciary to have a banner year.

I will start with a report of last year and end with exciting news.

First, we seem to have overcome the inevitable demographic challenge all of America's governments and business have had to face. In my time at the Supreme Court we have had almost a complete turnover of our judges and justices. For the district courts across the State, we have attracted a remarkable group of new magistrate and district judges to take up the mantle. As for the appellate courts, there has been a complete replacement of the Court of Appeals judges and Supreme Court justices - yours truly and Chief Judge David Gratton being the only exceptions.

To ensure these judges are best prepared to meet the rigorous tasks asked of them, we provided enhanced training, including our educational component of a two-year New Judges Orientation, district and magistrate conferences, as well as the annual judicial conference.

Again your support of the new Judicial Performance system has resulted in 152 evaluations of new or experienced judges. We have also trained eight facilitator judges who help those evaluated or new judges to learn best techniques or identify needed training.

As an aside, we continue to struggle with attracting large numbers of well-qualified individuals for district judge positions. I say this not as an affront to any of our past applicants or appointees but only a statement of fact. Since 2000 we have averaged almost 15 candidates per position for magistrate judge openings but only an average of about 7 district court candidates.

For a change, I'd like to address some happy budget news from the judiciary.

The judiciary has always done its best to meet the Governor's or Legislature's requests for belt tightening. There could be no better example of this concept than in 2010. As a result of the great recession, Idaho's governmental agencies had to cut budgets by 10%. The judiciary faced a unique challenge because such a high portion of our budget is personnel (judges) and the courts must stay open. Rising to that challenge, our judges, every single one of them, volunteered to work two days without pay to meet the holdback requirement. Thanks to them, the business of the rule of law continued uninterrupted.

As you know, this year Governor Little asked all state entities in Idaho to reexamine their budgets as part of a spending reset. Out of respect for and in the spirit of cooperation with the other branches of government, the judiciary met Governor Little's request last year with a 1% early reversion of our budget for 2020. This reduction amounted to a little over half a million dollars in budget savings. We are continuing to review our budget

to look for any reductions that can be made in our FY2021 budget requests.

One way the judiciary has been reexamining its budget over the last year is by engaging in an individual-by-individual review of our treatment court participants to determine how many are likely to be Medicaid eligible. Our treatment courts are those specialty courts such as drug court, mental health court, veterans' treatment court and others. Based on our analysis, at any point in time about 58% of participants will be eligible for Medicaid. This is an increase from the previous 15.5% who were eligible prior to Medicaid expansion. For the approximately 58% of participants who will be Medicaid eligible, we feel about 50% of their individual services will be covered by Medicaid.

Given these numbers, the judiciary has carefully considered the amount of ongoing general fund treatment dollars estimated for FY2021. Keeping in mind that we must maintain the effectiveness of drug courts by continuing the current levels of care, we are not planning on requesting that any of the \$913,000 FY2020 one-time appropriation be continued. In addition, we have requested a further reduction of \$600,000 in our on-going treatment funding for FY2021 to account for treatment expected to be covered by Medicaid expansion.

One caveat: these are our best good faith estimates and we think these figures will allow us to keep our level of excellence in these treatment courts. If something changes, we will have to turn to you with that information.

The main pressure on Idaho's judiciary today is new population growth. The growth has primarily taken place in our existing population centers. However, growing populations have caused increased strain on our courts around the state. As such, we are asking for three new judges for North Idaho; a district judge in Bonner County and two new magistrate judges in Kootenai County. It has been reported to me that those county commissioners have supported the need for these requests and are preparing letters of support to formalize their position.

It is important to emphasize the policy of the Idaho Supreme Court is to only request new judges when the need is critical. Your historic support of our requests shows your trust in those requests. We will never break that trust.

We also had a request for one district judge and two magistrate judges in Ada County. However, in the spirit of only requesting new judgeships when absolutely necessary, we decided to wait and see what the impact of last year's new district judge and two magistrate judges authorized by you for Ada County was before requesting them. We also acknowledge Canyon County's explosion in population and case load and are watching these numbers carefully, though we are not requesting a new judgeship in Canyon County at this time.

As you know, there is one concrete rule in business - every enterprise depends on its personnel. Our judges and co-workers make or break the enterprise. We again thank you for your support for our enterprise - the rule of law.

On a more discreet level, I would like to mention other successes this year by Idaho's Judiciary.

There is a renewed effort among the courts, the Department of Health & Welfare and the Department of Idaho Juvenile Corrections to review our juvenile justice system to instill best practices, find areas of cooperation and improvement. One initial success was a seminar of these entities to review the processes that must be followed prior to a juvenile being committed to

Idaho Department of Juvenile Corrections. The hope is to make sure every local effort has been expended before this final decision.

Additionally, a grant from Georgetown University Center focuses on improving outcomes for youth involved in both child protection and juvenile justice systems. These bold initiatives are being led by Judge Mark Ingram of our Juvenile Justice Advisory Committee. The Court will be very interested in efforts to help juvenile offenders with mental health and other programs. We stand ready, not to dictate policy, but to talk about impacts on our courts or problem areas.

Idaho's treatment courts served 2,640 clients in FY2019 with 685 graduates. Over 27,000 persons have been served throughout Idaho's history in this new area. Studies continue to show reduced recidivism for participants in all of our treatment courts - drug, mental health, veterans and others. These participants are not in Idaho's prisons during treatment - rather, they hold employment, and are in the economic stream as a result. To show the continued growth of this movement, in January, 2019, the Idaho Supreme Court revised the Idaho Adult Drug Court Standards to implement and follow best practices based upon the most up to date research. None of these successes could happen without your generous support.

A pet project of mine was the modernization and rejuvenation of the framework for guardians and conservators started in 2013. Our progress has been highlighted in my previous reports to you and now we have finalized several resources to support our mostly self-represented guardians and conservators. We have produced a new handbook for conservators which show how to fulfill their rights and responsibilities. These are given out by either a judge, at our Court Assistance Offices, or can be accessed online.

My final comment touches on the nation's most intractable social issue. Our nation, our state, and therefore our families struggle with how we can address mental illness and its many personal and social impacts. We believe there is a need to chart a new course forward if we are going to improve how we deal with the mentally ill in Idaho.

The fact that we can do better was brought home to us as a result of the Western Regional Conference of Chief Justices meeting in Sun Valley in May of 2019. Justice John Stegner hosted this conference of 12 states and Guam on our behalf. These representatives told the same story of a fragmented system that was not meeting the needs of the mentally ill, and as a result, millions of dollars were not accomplishing their goals. This conference energized the executive branch and legislative branch representatives to act.

Idaho also spends significant amounts of money in directly dealing with mental illness. These dollars are the tip of the iceberg in the real cost of mental illness in terms of increased public safety efforts or the human toll on families and friends, or in some cases even strangers.

However, it is not all doom and gloom. I would also like to highlight actions taken historically and just recently to move forward in a more coordinated fashion.

First, it is important to recognize Idaho's success in the recent past. We applaud the significant progress in training our police or other first responders with Crisis Intervention training. This training helps officers identify and deal with individuals who are suffering with mental illness.

This training has already helped officers defuse situations or seek avenues other than straight-to-jail or hospital emergency rooms. Neither of these alternatives is appropriate for those in a psychotic break or other mental illness episode. Often times this placement would result in a person reacting in a non-compliant or aggressive manner necessitating further criminal charges. Statistically speaking, mentally ill persons who are arrested spend substantially more time incarcerated than those who are not suffering a mental illness episode.

This training is complimented by the addition of our mental health crisis centers. These are stand-alone safe havens of specialized training and treatment for those suffering a mental illness occurrence. We now have crisis centers located in each judicial district. They are open not only to handle emergency referrals by first responders, but up to 70% of the people accessing them are self-referrals. Whether persons go to these centers voluntarily or the result of first responders' actions, we are breaking the mental illness-to-jail pipeline.

Another bright success is our mental health courts. These courts have Assertive Community Treatment teams to deal with mentally ill citizens rather than jailers. These clients have regular contact with these teams where medications are monitored and other services coordinated. Like all treatment courts, these judges serve without additional benefits or reduction in caseloads.

Irrespective of the successes, the problem needs more.

The Supreme Court, spearheaded by Justice John Stegner and Administrative Director Sara Thomas, have been meeting with the Governor and legislative leaders to try to create a unified course going forward.

The first step is identifying what we are doing and spending in this area.

We will question whether our actions are effective.

We will recognize better actions and methods of going forward, seamlessly, rather than in fragmented, myopic ways.

We are not asking for money, we are asking that the money be spent in the most efficient and effective way.

We hope to start by the Supreme Court's Judicial Proclamation being joined with a House and Senate Joint Resolution and the Governor's Executive Order recognizing this societal issue and a coordinated, aggressive path forward to improvement. We have received grant commitments to provide technical assistance to identify Idaho solutions going forward.

As this work goes forward we will keep you informed. We would like to thank Health & Welfare Director Jeppesen for his help and fresh attitude in working with the courts on this most important project.

Finally, I thank you for your support of Idaho's judiciary. I'd like to remind you that from my work on the Board of Directors of the Conference of Chief Justices and my attendance of conferences throughout the nation, legislators, justices/judges, and governors are envious of the pristine relationships and respect our branches have with each other. We must work together to find our path for the "Idaho way" - Thank you.

The President thanked Chief Justice Burdick for his remarks and Senator Lakey, Chairman, and Senators Anthon and Burgoyne escorted Chief Justice Burdick from the Chamber, and the Committee was discharged.

On request by Senator Winder, granted by unanimous consent, the Senate returned to the Sixth Order of Business.

A CONCURRENT RESOLUTION
STATING FINDINGS OF THE LEGISLATURE AND
ESTABLISHING MARCH 14 AS IDAHO WOMEN'S DAY,
TO ACKNOWLEDGE THE INFLUENCE, IMPACT, AND
IMPORTANCE OF WOMEN IN IDAHO'S PAST, PRESENT,
AND FUTURE.

Be It Resolved by the Legislature of the State of Idaho:

WHEREAS, on March 14, 1891, Idaho's first State Legislature passed Senate Bill No. 103, "An Act Providing A Great Seal For the State of Idaho," thereby adopting for official use Ms. Emma Edwards Green's rendering of the Idaho State Seal, the only state seal ever designed by a woman; and

WHEREAS, the imagery of the Great Seal of the State of Idaho depicts a woman and a man as equal representatives of Idaho's unlimited potential. It suggests that women represent the ideals of justice and liberty and that they maintain equity in the state's bounties; and

WHEREAS, the Idaho State Legislature and Governor of the State of Idaho approved the design five years before the Idaho

State Legislature passed legislation in 1896 granting women the right to vote, more than twenty years before the 1920 ratification of the Nineteenth Amendment to the U.S. Constitution; and

WHEREAS, August 18, 2020, marks the centennial passage of the Nineteenth Amendment, granting women the right to vote throughout the United States of America. The centennial of the Nineteenth Amendment is a proper time to honor and recognize women leaders of our past and present who, through their skill, conviction, empathy, and determination, have had significant positive impacts on Idahoans, personally and professionally; and

WHEREAS, it is in the State of Idaho's interest to foster women leaders of the future and advance their leadership in business and politics; and

WHEREAS, celebration of the centennial of the Nineteenth Amendment will help encourage women to exercise their right to vote and understand the history of the struggle to secure women's suffrage.

NOW, THEREFORE, BE IT RESOLVED by the members of the Second Regular Session of the Sixty-fifth Idaho Legislature, the Senate and the House of Representatives concurring therein, that we establish March 14 as Idaho Women's Day, to acknowledge the influence, impact, and importance of women in Idaho's past, present, and future.

SCR 119 **BY STATE AFFAIRS COMMITTEE** **A CONCURRENT RESOLUTION**

STATING FINDINGS OF THE LEGISLATURE AND DESIGNATING NOVEMBER 7 IN 2020 AND IN EACH SUCCEEDING YEAR AS VICTIMS OF COMMUNISM MEMORIAL DAY.

Be It Resolved by the Legislature of the State of Idaho:

WHEREAS, the year 2017 marked 100 years since the Bolshevik Revolution in Russia resulting in the world's first communist regime under Vladimir Lenin, which led to decades

of oppression and violence under communist regimes throughout the world; and

WHEREAS, based on the philosophy of Karl Marx, communism has proven incompatible with the ideals of liberty, prosperity, and dignity of human life and has given rise to such infamous totalitarian dictators as Joseph Stalin, Mao Zedong, Ho Chi Minh, Pol Pot, Nicolae Ceaușescu, the Castro brothers, and the Kim dynasty; and

WHEREAS, President Donald Trump declared November 7, 2017, a National Day for the Victims of Communism, condemning communism as a political philosophy "incompatible with liberty, prosperity, and the dignity of human life"; and

WHEREAS, the bipartisan U.S. Congressional Caucus for the Victims of Communism stated publicly in 2018 that "Marx's defenders often say he cannot be held accountable for what communist regimes did long after his life and death; but Marxist dictators who massacred their own people were applying communist ideology to political practice"; and

WHEREAS, communist regimes worldwide have killed more than 100 million people and subjected countless others to the worst and widest-spread human rights abuses known to history, with victims representing many different ethnicities, creeds, and backgrounds; and

WHEREAS, through false promises of equality and liberation, communist regimes have as a matter of government policy robbed their own citizens of the rights of freedom of religion, freedom of speech, and freedom of association through coercion, brutality, and fear; and

WHEREAS, many victims of communism were persecuted as political prisoners for speaking out against these regimes, and others were killed in genocidal state-sponsored purges; and

WHEREAS, in addition to violating basic human rights, communist regimes have suppressed freedom of conscience, cultural life, and self-determination movements in more than 40 nations; and

WHEREAS, the Victims of Communism Memorial Foundation in Washington, D.C., is a nonprofit organization, authorized by unanimous act of the United States Congress that educates people about the ideology, history, and legacy of communism and honors the people who have suffered and died under communist regimes.

NOW, THEREFORE, BE IT RESOLVED by the members of the Second Regular Session of the Sixty-fifth Idaho Legislature, the Senate and the House of Representatives concurring therein, that November 7 in 2020 and in each succeeding year be designated as Victims of Communism Memorial Day.

BE IT FURTHER RESOLVED that the Secretary of the Senate transmit a copy of this resolution to the Victims of Communism Memorial Foundation so that members of the organization may be apprised of the state's action on this matter and further cause the resolution to be posted on the Legislature's website.

SCR 120

BY EDUCATION COMMITTEE

A CONCURRENT RESOLUTION

STATING FINDINGS OF THE LEGISLATURE AND REQUESTING THAT THE STATE BOARD OF EDUCATION AND STATE DEPARTMENT OF EDUCATION RESEARCH ALTERNATIVES TO THE TENTH GRADE IDAHO STANDARDS ACHIEVEMENT TEST.

Be It Resolved by the Legislature of the State of Idaho:

WHEREAS, the federal government requires an assessment aligned to state content standards to measure student academic performance in grades 3 through 8 and once in high school; and

WHEREAS, Idaho currently uses the Idaho Standards Achievement Test (ISAT) to fulfill federal requirements; and

WHEREAS, many high school students have little motivation to do well on the ISAT, making the test data of little value as a measure of student learning; and

WHEREAS, federal requirements allow for more state flexibility, including replacing the ISAT with other tests such as the SAT; and

WHEREAS, Idaho already gives the SAT to all high school juniors; and

WHEREAS, students have more incentive to do well on the SAT, which would result in better data to understand student learning.

NOW, THEREFORE, BE IT RESOLVED by the members of the Second Regular Session of the Sixty-fifth Idaho Legislature, the Senate and the House of Representatives concurring therein, that the Legislature requests that the State Board of Education and the State Department of Education work together to research options to stop administering the grade 10 ISAT and replace it with another assessment, such as the SAT.

A CONCURRENT RESOLUTION

STATING FINDINGS OF THE LEGISLATURE, RECOGNIZING THE ACHIEVEMENTS OF THE IDAHO TRANSPORTATION DEPARTMENT, AND ENCOURAGING ALL STATE AND LOCAL GOVERNMENT ENTITIES TO ENGAGE IN FRONTLINE, WORKER-DIRECTED PROGRAMS THAT PROMOTE INNOVATION AND COST-REDUCTION INITIATIVES.

Be It Resolved by the Legislature of the State of Idaho:

WHEREAS, the work of the Idaho Transportation Department (ITD) is vital to all Idaho citizens because transportation impacts nearly every Idahoan every day; and

WHEREAS, ITD's strategic plan directs the department to use its transportation funding to target opportunities for economic growth by expanding existing businesses, attracting new businesses, and creating jobs, while at the same time improving Idaho's infrastructure; and

WHEREAS, ITD was previously using an outdated model, layered with bureaucracy, to run its organization; and

WHEREAS, ITD employees were not rewarded or promoted based on results achieved but based solely on being a supervisor; and

WHEREAS, ITD chose to realign its organization to provide greater efficiency, greater accountability for its employees, increased customer service, and decreased cost; and

WHEREAS, ITD was able to successfully realign by eliminating layers of management and duplicate positions and by clearly defining roles, responsibilities, and expectations of its employees; and

WHEREAS, numerous organizations, including the Federal Highway Administration, the National Cooperative Highway Research Program, and the American Association of State Highway and Transportation Officials, have recognized ITD as a national leader in innovative practices; and

WHEREAS, ITD's innovation program was implemented to help stretch transportation funding and maximize taxpayer dollars; and

SCR 122
BY EDUCATION COMMITTEE
A CONCURRENT RESOLUTION

STATING FINDINGS OF THE LEGISLATURE AND REQUESTING THAT THE STATE DEPARTMENT OF EDUCATION AND STATE BOARD OF EDUCATION RESEARCH AND IMPLEMENT NEW HIGH SCHOOL GRADUATION PATHWAYS APPROPRIATE FOR COLLEGE-BOUND STUDENTS AND CAREER TECHNICAL STUDENTS.

Be It Resolved by the Legislature of the State of Idaho:

WHEREAS, Idaho high school graduation rates need improvement; and

WHEREAS, current high school graduation requirements are designed specifically for the needs of college-bound students; and

WHEREAS, many students are more interested in applied education found in career technical education pathways; and

WHEREAS, the Legislature is increasingly recognizing the importance of and need for more robust career technical education and skilled workforce training in high school; and

WHEREAS, many career technical skills and training require high levels of hands-on experience and the ability to read and do math in forms other than those appropriate for college-bound students; and

WHEREAS, graduation requirements that meet the needs of career technical students would increase graduation rates and open career doors for many more students; and

WHEREAS, other states allow career technical students various methods of demonstrating mastery and meeting graduation requirements, such as a combination of:

- (1) Math, English, and science credits aligned with their program of study;
- (2) Earning high school credits, college credits, and industry certificates;
- (3) Passing the SAT at a certain level;
- (4) Using the Armed Forces Vocational Aptitude Battery (ASVAB);
- (5) Participating in two or more extracurricular activities, such as FFA or band; or
- (6) Other college and career readiness metrics; and

WHEREAS, qualifying for a high school graduation diploma in either an applied career path or academic path requires demonstration of skills, knowledge, and important personal attributes that would increase the value and importance of an Idaho high school diploma; and

WHEREAS, students should be honored and supported whether they choose a college-bound path, a career technical path, or a combination of both.

NOW, THEREFORE, BE IT RESOLVED by the members of the Second Regular Session of the Sixty-fifth Idaho Legislature, the Senate and the House of Representatives concurring therein, that the State Department of Education and the State Board of Education are requested to research and implement new high school graduation pathways that are appropriate for college-bound students and career technical students and that

will support and encourage them in reaching their goals. Such pathways should accurately predict future success.

TO THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE UNITED STATES IN CONGRESS ASSEMBLED AND TO THE CONGRESSIONAL DELEGATION REPRESENTING THE STATE OF IDAHO IN THE CONGRESS OF THE UNITED STATES.

We, your Memorialists, the Senate and the House of Representatives of the State of Idaho assembled in the Second Regular Session of the Sixty-fifth Idaho Legislature, do hereby respectfully represent that:

WHEREAS, the Legislature of the State of Idaho recognizes the Columbia-Snake River System as part of the United States Marine Highway network; and

WHEREAS, the Columbia-Snake River System and its tributaries, collectively and in its entirety, is a multiuse system providing navigation, transportation, fish and wildlife habitat, recreation, hydropower generation, flood control, and irrigation to the citizens and industry of the Pacific Northwest; and

WHEREAS, the Columbia-Snake River System and its tributaries, functioning collectively and in its entirety, provide a vital contribution to the state's economic well-being and to the quality of life of our citizens; and

WHEREAS, the State of Idaho reasserts and confirms sovereign control over all water resources within the state; and

WHEREAS, the decline of anadromous fish is due to many factors, including increased predation, unfavorable ocean conditions, and harvest; and

WHEREAS, due to the efforts of northwest families, farmers, ranchers, organizations, and businesses investing billions of dollars in fish passage and habitat improvements, there is a 97.5 percent average survival for juvenile Chinook and 99.5 percent average survival for juvenile steelhead migrating downstream through the lower Snake River dams; and

WHEREAS, due to the efforts of the state, Nez Perce Tribe, and Idaho water users in entering into the 2004 Snake River Water Rights Agreement, up to 487,000 acre feet of Idaho's water is used for flow augmentation for salmon and steelhead in the lower Snake and Columbia Rivers, with water being released through a willing buyer, willing seller arrangement. The 2004 agreement provides protections to Idaho water users in the form of a 30-year biological opinion and provides economic benefits to water users participating in the flow augmentation program; and

WHEREAS, agricultural and industrial applications of water have a legal priority within the state; and

WHEREAS, the Port of Lewiston, Idaho's only seaport, is part of the collective Columbia-Snake River System and is an asset to the State of Idaho and an asset to the Inland Northwest region, providing global competitiveness and connectivity for regional products, economic development investment, and multimodal transportation; and

WHEREAS, the Columbia-Snake River System acts as a top wheat export gateway in the United States, with approximately 10 percent of all United States wheat exports barged through the four dams on the Snake River and about 50 percent of all Idaho-grown wheat barged from Lewiston to Portland and then onto export markets around the world; and

WHEREAS, barging is the most fuel-efficient, environmentally friendly mode of transportation; and

WHEREAS, hydropower is the most efficient, environmentally favorable form of electrical generation, producing 1,000 megawatts of carbon-free, renewable energy annually, and 3,000 megawatts for peak power emergencies; and

WHEREAS, the Legislature of the State of Idaho believes that any actions to degrade the functionality, in whole or in part, to remove or breach dams on the Columbia-Snake River System or its tributaries, or to take water from the state for anadromous fish enhancement efforts would inflict on the citizenry of the state a loss in economic and trade opportunities, a loss of recharge waters for the state's aquifers, a loss of navigation and transportation, an increased risk of floods, an increase in electrical rates, a shortfall in power generation, a loss of recreational opportunities, and a threatened quality of life for Idaho citizens.

NOW, THEREFORE, BE IT RESOLVED by the members of the Second Regular Session of the Sixty-fifth Idaho Legislature, the Senate and the House of Representatives concurring therein, that Idaho opposes the removal or breaching of the dams on the Columbia-Snake River System and its tributaries, has sovereignty of its water resources, prohibits contributions of water from Idaho's reservoirs for flow augmentation except those expressly authorized by state law, contends that efforts for further recovery of anadromous fish must be based on sound science, and supports maintenance and multiple-use benefits of the Columbia-Snake River System. Additionally, the Idaho Legislature recognizes and supports the international competitiveness, multimodal transportation, and economic development benefits provided by the Port of Lewiston.

BE IT FURTHER RESOLVED that the Secretary of the Senate be, and she is hereby authorized and directed to forward

a copy of this Memorial to the President of the Senate and the Speaker of the House of Representatives of Congress and to the congressional delegation representing the State of Idaho in the Congress of the United States.

BY TRANSPORTATION COMMITTEE

A CONCURRENT RESOLUTION

STATING FINDINGS OF THE LEGISLATURE AND AUTHORIZING THE LEGISLATIVE COUNCIL TO APPOINT A COMMITTEE TO UNDERTAKE AND COMPLETE A STUDY OF INTRASTATE COMMERCIAL AIR SERVICE IN THE STATE OF IDAHO AND TO DEVELOP A LONG-TERM, VIABLE STRATEGY FOR SUSTAINABLE INTRASTATE COMMERCIAL AIR SERVICE IN THE STATE.

Be It Resolved by the Legislature of the State of Idaho:

WHEREAS, the State of Idaho is 479 miles long and 305 miles wide, spans two time zones, and covers an area from the Pacific Northwest to the Snake River Plain and the Rocky Mountains; and

WHEREAS, Idaho's vast distances, rugged landscapes, and expansive wilderness areas present unique transportation challenges; and

WHEREAS, these challenges have also led to many positive innovations, including with respect to air travel; and

WHEREAS, air travel, ranging from single-engine charters accessing backcountry areas to commercial airline services connecting population centers, has provided essential services and economic benefits to the citizens of Idaho for more than seventy years; and

WHEREAS, Idaho is one of the fastest growing states in the nation and yet, as the seventh least-densely populated, faces significant challenges with respect to connecting its growing population and economic centers to each other; and

WHEREAS, commercial airline services that have historically connected the population centers of Idaho to each other have either completely stopped or have greatly reduced their services for various reasons, including changes in airline industry business models and federal regulations; and

WHEREAS, today, commercial airline service between Idaho's population centers uses routes that take passengers outside the State of Idaho, resulting in a decrease in intrastate commerce and an increase in travel time and expense for Idaho citizens as well as economic loss to the state; and

WHEREAS, coordinated efforts between the state, local communities, and industry to improve commercial air service in Idaho are essential to the recruitment, retention, and growth of businesses, research institutions, and higher education in the State of Idaho.

NOW, THEREFORE, BE IT RESOLVED by the members of the Second Regular Session of the Sixty-fifth Idaho Legislature, the Senate and the House of Representatives concurring therein, that the Legislative Council is authorized to appoint a committee to undertake and complete a study of intrastate commercial air service in the State of Idaho and to develop a long-term, viable strategy for sustainable intrastate commercial air service in the state. The committee shall be composed of one voting member to be appointed by the President Pro Tempore of the Senate and one voting member to be appointed by the Speaker of the House of Representatives to serve as cochairs of the committee.

BE IT FURTHER RESOLVED that nine (9) nonlegislative voting members shall be appointed by the cochairs of the committee. Appointments to the committee shall include, to the extent practicable, one (1) member of the Idaho Transportation Department, three (3) members of the Idaho business community, two (2) public members, one (1) member from the commercial airline industry, and two (2) members who are Idaho airport directors. To the extent practicable, these appointments shall include representation from each county served by an airport with commercial air service. Nonlegislative members of the committee shall not be reimbursed from legislative funds for per diem, mileage, or other expenses.

BE IT FURTHER RESOLVED that the committee is also authorized to retain the services of a consultant or analyst, with the prior approval of the President Pro Tempore of the Senate and the Speaker of the House of Representatives, who is familiar with commercial airline service and who can provide necessary economic or other research that can assist the committee and the Legislature in making an informed decision on this important topic.

BE IT FURTHER RESOLVED that the committee shall report its findings, recommendations, and proposed legislation, if any, to the First Regular Session of the Sixty-sixth Idaho Legislature.

SCR 125 was introduced, read at length, and referred to the Judiciary and Rules Committee for printing.

The Senate advanced to the Sixth Order of Business.

WHEREAS, despite the state having already invested significant resources to meet behavioral health needs, the behavioral health system continues to require a more coordinated, integrated, and collaborative structure; and

WHEREAS, an organized and strategic response, developed and implemented collaboratively, provides an unprecedented opportunity for continued improvement and sustained access to effective behavioral health outcomes for Idahoans and a better return on the investment of public resources.

NOW, THEREFORE, BE IT RESOLVED by the members of the Second Regular Session of the Sixty-fifth Idaho Legislature, the Senate and the House of Representatives concurring therein, that we support and encourage a collaboration among all three branches of the state government, local governments, and community partners to develop and implement a statewide strategic plan to inventory, assess, and materially improve the Idaho behavioral health system to the benefit of all Idahoans.

BE IT FURTHER RESOLVED that to effectuate this statewide strategic plan, the Legislature endorses and supports the creation of a Behavioral Health Council by the Honorable Brad Little, Governor of the State of Idaho.

BY AGRICULTURAL AFFAIRS COMMITTEE

A JOINT MEMORIAL

TO THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE UNITED STATES IN CONGRESS ASSEMBLED AND TO THE CONGRESSIONAL DELEGATION REPRESENTING THE STATE OF IDAHO IN THE CONGRESS OF THE UNITED STATES.

We, your Memorialists, the Senate and the House of Representatives of the State of Idaho assembled in the Second Regular Session of the Sixty-fifth Idaho Legislature, do hereby respectfully represent that:

WHEREAS, the Legislature of the State of Idaho recognizes the Columbia-Snake River System as part of the United States Marine Highway network; and

WHEREAS, the Columbia-Snake River System and its tributaries, collectively and in its entirety, is a multiuse system providing navigation, transportation, fish and wildlife habitat, recreation, hydropower generation, flood control, and irrigation to the citizens and industry of the Pacific Northwest; and

WHEREAS, the Columbia-Snake River System and its tributaries, functioning collectively and in its entirety, provide a vital contribution to the state's economic well-being and to the quality of life of our citizens; and

WHEREAS, the State of Idaho reasserts and confirms sovereign control over all water resources within the state; and

WHEREAS, the decline of anadromous fish is due to many factors, including increased predation, unfavorable ocean conditions, and harvest; and

WHEREAS, due to the efforts of northwest families, farmers, ranchers, organizations, and businesses investing billions of dollars in fish passage and habitat improvements, the system is meeting or exceeding the Endangered Species Act's required 96 percent juvenile fish passage survival rate for spring migrating fish and 93 percent for summer migrating fish downstream through the lower Snake River dams; and

WHEREAS, due to the efforts of the state, Nez Perce Tribe, and Idaho water users in entering into the 2004 Snake River Water Rights Agreement, up to 487,000 acre feet of Idaho's water is used for flow augmentation for salmon and steelhead in the lower Snake and Columbia Rivers, with water being released through a willing buyer, willing seller arrangement. The 2004 agreement provides protections to Idaho water users in the form of a 30-year biological opinion and provides economic benefits to water users participating in the flow augmentation program; and

WHEREAS, agricultural and industrial applications of water have a legal priority within the state; and

WHEREAS, the Port of Lewiston, Idaho's only seaport, is part of the collective Columbia-Snake River System and is an asset to the State of Idaho and an asset to the Inland Northwest region, providing global competitiveness and connectivity for regional products, economic development investment, and multimodal transportation; and

WHEREAS, the Columbia-Snake River System acts as a top wheat export gateway in the United States, with approximately 10 percent of all United States wheat exports barged through the four dams on the Snake River and about 50 percent of all Idaho-grown wheat barged from Lewiston to Portland and then onto export markets around the world; and

WHEREAS, barging is the most fuel-efficient, environmentally friendly mode of transportation; and

WHEREAS, hydropower is the most efficient, environmentally favorable form of electrical generation, with the combined lower four Snake River dams producing 1,000 megawatts of carbon-free, renewable energy annually and 3,000 megawatts for peak power emergencies, providing electricity to 22 rural Idaho utilities serving more than 137,000 Idahoans; and

WHEREAS, the Legislature of the State of Idaho believes that any actions to degrade the functionality, in whole or in part, to remove or breach dams on the Columbia-Snake River System or its tributaries, or to take water from the state for anadromous fish enhancement efforts would inflict on the citizenry of the state a loss in economic and trade opportunities, a loss of recharge waters for the state's aquifers, a loss of navigation and transportation, an increased risk of floods, an increase in electrical rates, a shortfall in power generation, a loss of recreational opportunities, and a threatened quality of life for Idaho citizens.

NOW, THEREFORE, BE IT RESOLVED by the members of the Second Regular Session of the Sixty-fifth Idaho Legislature, the Senate and the House of Representatives concurring therein, that Idaho opposes the removal or breaching of the dams on the Columbia-Snake River System and its tributaries, has sovereignty of its water resources, prohibits contributions of water from Idaho's reservoirs for flow augmentation except those expressly authorized by state law, contends that efforts for further recovery of anadromous fish must be based on sound science, and supports maintenance and multiple-use benefits of the Columbia-Snake River System. Additionally, the Idaho Legislature recognizes and supports the international competitiveness, multimodal transportation, and economic development benefits provided by the Port of Lewiston.

BE IT FURTHER RESOLVED that the Secretary of the Senate be, and she is hereby authorized and directed to forward a copy of this Memorial to the President of the Senate and the Speaker of the House of Representatives of Congress and to the congressional delegation representing the State of Idaho in the Congress of the United States.

SCR 127 BY COMMERCE AND HUMAN RESOURCES COMMITTEE

A CONCURRENT RESOLUTION
STATING FINDINGS OF THE LEGISLATURE AND
REQUESTING THAT THE IDAHO BUILDING CODE
BOARD EXPLORE THE ADOPTION OF ELECTRIC
VEHICLE-READY MULTIFAMILY AND COMMERCIAL
BUILDING CODES.

Be It Resolved by the Legislature of the State of Idaho:

WHEREAS, the market and associated economic opportunity for electric vehicles is advancing at an accelerating rate; and

WHEREAS, Idaho currently imports nearly 100% of our transportation fuel, draining roughly \$3 billion from our

economy and exposing Idahoans to supply disruptions and price fluctuations; and

WHEREAS, Idaho is one of eight western states that have signed onto the voluntary Regional Vehicle Plan for the West ("REV West Plan"), that includes recommendations to incorporate charging infrastructure into planning efforts; and

WHEREAS, electric vehicles can be powered by cleaner energy with much of it produced in Idaho, including from hydropower, biomass, wind, and solar resources; and

WHEREAS, Idaho's utility companies are forecasting and planning for more electric vehicles in Idaho over the coming decades; and

WHEREAS, Idahoans who own electric vehicles experience lower fuel and maintenance costs; and

WHEREAS, low to zero-emission electric vehicles fueled with cleaner energy produced in our state protect public health; and

WHEREAS, an increasing number of automakers are marketing and designing a wider range of electric vehicle options; and

WHEREAS, nearly every major automaker is planning future fleets that will be largely, if not entirely, powered by electricity; and

WHEREAS, residents of multifamily housing do not have the opportunity to install infrastructure to charge their electric vehicles, creating barriers to electric vehicle ownership due to the lack of access to charging infrastructure; and

WHEREAS, electric vehicle charging infrastructure sited at workplaces maximizes efficient use of electric utility infrastructure during off-peak hours; and

WHEREAS, an electric vehicle-capable parking space is defined as a designated space with an appropriately sized conduit, circuit, breaker, and panelboard designed to accommodate future electrical wiring and final installation; and

WHEREAS, the estimated cost of incorporating building designs that include electric vehicle-capable parking spaces ranges from \$280 to \$760 per parking space, compared to \$7,000 to \$8,000 per parking space for a later retrofit; and

WHEREAS, Chapter 41, Title 39, Idaho Code, establishes the Idaho Building Code Board to study, adopt, and enforce codes, standards, and rules relating to the construction of buildings or facilities and to establish consistent standards for the performance and energy efficiency of those structures.

NOW, THEREFORE, BE IT RESOLVED by the members of the Second Regular Session of the Sixty-fifth Idaho Legislature, the House of Representatives and the Senate concurring therein, that the Legislature declares its support for the Idaho Building Code Board to consider the adoption of electric vehicle-capable building codes for multifamily residential dwellings and commercial buildings during future revisions to the Idaho state building codes and International Residential Code.

SCR 128 BY EDUCATION COMMITTEE A CONCURRENT RESOLUTION

STATING FINDINGS OF THE LEGISLATURE AND
ENCOURAGING IDAHO HIGH SCHOOLS, COLLEGES,
AND UNIVERSITIES TO OFFER CREDIT-BEARING
PERSONAL FINANCE CLASSES TO THEIR STUDENTS.

Be It Resolved by the Legislature of the State of Idaho:

WHEREAS, recent studies show that Americans between the ages of 18 and 29 owe over one trillion dollars in debt; and

WHEREAS, high levels of debt are associated with anxiety, depression, and other adverse health conditions; and

WHEREAS, high levels of debt can delay or prevent the achievement of major life milestones, including marriage, parenthood, and home ownership; and

WHEREAS, according to a recent study by the University of Illinois at Urbana-Champaign, only 22% of Americans aged 18 to 24 are financially stable; and

WHEREAS, lack of financial stability while young can have long-lasting effects; and

WHEREAS, few young Americans report feeling confident in their financial literacy; and

WHEREAS, young Americans who receive financial advice at an early age report less financial stress and adversity; and

WHEREAS, it is the belief of the Legislature that making personal finance classes available to Idaho students would promote financial stability.

NOW, THEREFORE, BE IT RESOLVED by the members of the Second Regular Session of the Sixty-fifth Idaho Legislature, the Senate and the House of Representatives concurring therein, that Idaho high schools, colleges, and universities are encouraged to offer credit-bearing personal finance classes to their students in order to impart financial literacy and promote financial stability among young Idahoans.

BE IT FURTHER RESOLVED that such classes should cover the fundamentals of personal finance, including lessons on opening checking and savings accounts, buying a car, taking out a mortgage or other loans, purchasing insurance, making investments, credit card use, and credit reports.

Be It Resolved by the Legislature of the State of Idaho:

WHEREAS, Idaho's state policy is to preserve and perpetuate wildlife for the benefit of current and future generations; and

WHEREAS, Idaho has robust bird diversity with over 400 different species of birds; and

WHEREAS, recently published research has indicated that overall North American bird populations have declined by 30% since 1970; and

WHEREAS, the reasons for this decline are not well understood; and

WHEREAS, birds provide ecosystem services, such as pollination and seed dispersal services, insect control, and reduction of rodent populations, and are a vital part of Idaho's ecosystems; and

WHEREAS, robust bird populations reduce numbers of crop-harming insects that could otherwise threaten Idaho's agricultural economy; and

WHEREAS, healthy waterfowl and upland game bird populations contribute to Idaho's hunting heritage, and sportsmen are reliant upon healthy bird populations; and

WHEREAS, a 2018 report on economic impacts from bird hunting and bird-watching on lands managed by the Bureau of Land Management found that 172,937 upland bird hunters contributed \$18,211,000 to Idaho's economy; 52,950 waterfowl hunters contributed \$4,001,000; and 615,495 wildlife watchers contributed \$29,296,000; and

WHEREAS, the economic benefits from bird-watching and bird hunting support rural economies; and

WHEREAS, over 400,000 Idahoans, along with over 79,000 out-of-state visitors, engage in bird-watching and birding tourism and enjoy over 2,000 miles of designated birding trails at more than 175 different designated sites in Idaho; and

WHEREAS, Idaho has a legacy of being at the forefront of bird research and conservation, including the Morley Nelson Snake River Birds of Prey National Conservation Area, the World Center for Birds of Prey, the Intermountain Bird Observatory, the Boise State University Raptor Research Center, and the University of Idaho's College of Natural Resources; and

WHEREAS, population growth in Idaho is continuing to impact natural habitat areas, with a population increase of at least 151% since 1970; and

WHEREAS, research has shown that some Idaho wetlands are becoming drier and saltier, making them less conducive habitats for raising and rearing nestlings; and

WHEREAS, Chapter 1, Title 36, Idaho Code, ensures the Idaho Department of Fish and Game protects all wild animals, including wild birds, and that these animals are the property of the State of Idaho and will be preserved, protected, perpetuated, and managed for present and future generations.

NOW, THEREFORE, BE IT RESOLVED by the members of the Second Regular Session of the Sixty-fifth Idaho Legislature, the Senate and the House of Representatives concurring therein, that the Legislature declares its support for the Idaho Department of Fish and Game and other agencies to increase efforts to better understand the issues that are contributing to the decline of Idaho's bird populations and the implications of this decline and to identify opportunities to restore healthy wild bird populations.

WHEREAS, Idaho currently imports nearly 100% of our transportation fuel, draining roughly \$3 billion from our economy and exposing Idahoans to supply disruptions and price fluctuations; and

WHEREAS, Idaho is one of eight western states that have signed onto the voluntary Regional Vehicle Plan for the West ("REV West Plan"), that includes recommendations to incorporate charging infrastructure into planning efforts; and

WHEREAS, electric vehicles can be powered by cleaner energy with much of it produced in Idaho, including from hydropower, biomass, wind, and solar resources; and

WHEREAS, Idaho's utility companies are forecasting and planning for more electric vehicles in Idaho over the coming decades; and

WHEREAS, Idahoans who own electric vehicles experience lower fuel and maintenance costs; and

WHEREAS, low to zero-emission electric vehicles fueled with cleaner energy produced in our state protect public health; and

WHEREAS, an increasing number of automakers are marketing and designing a wider range of electric vehicle options; and

WHEREAS, nearly every major automaker is planning future fleets that will be largely, if not entirely, powered by electricity; and

WHEREAS, residents of multifamily housing do not have the opportunity to install infrastructure to charge their electric vehicles, creating barriers to electric vehicle ownership due to the lack of access to charging infrastructure; and

WHEREAS, electric vehicle charging infrastructure sited at workplaces maximizes efficient use of electric utility infrastructure during off-peak hours; and

WHEREAS, an electric vehicle-capable parking space is defined as a designated space with an appropriately sized conduit, circuit, breaker, and panelboard designed to accommodate future electrical wiring and final installation; and

WHEREAS, the estimated cost of incorporating building designs that include electric vehicle-capable parking spaces ranges from \$280 to \$760 per parking space, compared to \$7,000 to \$8,000 per parking space for a later retrofit; and

WHEREAS, Chapter 41, Title 39, Idaho Code, establishes the Idaho Building Code Board to study, adopt, and enforce codes, standards, and rules relating to the construction of buildings or facilities and to establish consistent standards for the performance and energy efficiency of those structures.

NOW, THEREFORE, BE IT RESOLVED by the members of the Second Regular Session of the Sixty-fifth Idaho Legislature, the Senate and the House of Representatives concurring therein, that the Legislature declares its support for the Idaho Building Code Board to consider the adoption of electric vehicle-capable building codes for multifamily residential dwellings and

commercial buildings during future revisions to the Idaho state building codes and International Residential Code.

Be It Resolved by the Legislature of the State of Idaho:

WHEREAS, the Idaho Constitution requires that the Legislature establish and maintain a general, uniform, and thorough system of public schools; and

NOW, THEREFORE, BE IT RESOLVED by the members of the Second Regular Session of the Sixty-fifth Idaho Legislature, the Senate and the House of Representatives concurring therein, that the Legislative Council is authorized to appoint a committee to undertake and complete a study of the Idaho Content Standards and to consider and recommend new content standards for Idaho schools. A CONCURRENT RESOLUTION

Be It Resolved by the Legislature of the State of Idaho:

WHEREAS, the series of wars in which our nation has been engaged since World War II has resulted in 5.5 million military and veteran caregivers, who are parents, spouses, siblings, and friends, caring for the wounded, ill, or injured American heroes who have served our nation; and

WHEREAS, the daily tasks of these military and veteran caregivers can include bathing, feeding, and dressing wounded warriors, caring for their grievous injuries, administering medications, providing emotional support, providing full medical support, caring for the family and the home, and working outside the home to earn essential income; and

WHEREAS, the nation provides multifaceted support to our wounded, ill, and injured veterans and service members through public, private, and philanthropic resources; and

WHEREAS, most military and veteran caregivers consider the challenging work they do as simply carrying out their civic and patriotic duties, without realizing that they are, in fact, caregivers, and do not identify themselves as such; and

WHEREAS, according to research conducted by the Elizabeth Dole Foundation, an alarming number of military and veteran caregivers are suffering numerous debilitating mental, physical, and emotional effects as a result of their caregiving duties.

NOW, THEREFORE, BE IT RESOLVED by the members of the Second Regular Session of the Sixty-fifth Idaho Legislature, the Senate and the House of Representatives concurring therein, that we support the residents of Idaho who are serving in vital military and veteran caregiving roles, encourage all who care for and support veterans and service members to also extend support to their caregivers, and proclaim the month of May 2020,

SJM 110

BY STATE AFFAIRS COMMITTEE A JOINT MEMORIAL

TO THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE UNITED STATES IN CONGRESS ASSEMBLED AND TO THE CONGRESSIONAL DELEGATION REPRESENTING THE STATE OF IDAHO IN THE CONGRESS OF THE UNITED STATES.

We, your Memorialists, the Senate and the House of Representatives of the State of Idaho assembled in the Second Regular Session of the Sixty-fifth Idaho Legislature, do hereby respectfully represent that:

WHEREAS, the Legislature of the State of Idaho recognizes the Columbia-Snake River System as part of the United States Marine Highway network; and

WHEREAS, the Columbia-Snake River System and its tributaries, collectively and in its entirety, is a multiuse system providing navigation, transportation, fish and wildlife habitat, recreation, hydropower generation, flood control, and irrigation to the citizens and industry of the Pacific Northwest; and

WHEREAS, the Columbia-Snake River System and its tributaries, functioning collectively and in its entirety, provide a vital contribution to the state's economic well-being and to the quality of life of our citizens; and

WHEREAS, the State of Idaho reasserts and confirms sovereign control over all water resources within the state; and

WHEREAS, the decline of anadromous fish is due to many factors, including increased predation, unfavorable ocean conditions, and harvest; and

WHEREAS, due to the efforts of the state, Nez Perce Tribe, and Idaho water users in entering into the 2004 Snake River Water Rights Agreement, up to 487,000 acre feet of Idaho's water is used for flow augmentation for salmon and steelhead in the lower Snake and Columbia Rivers, with water being released through a willing buyer, willing seller arrangement. The 2004 agreement provides protections to Idaho water users in the form of a 30-year biological opinion and provides economic benefits to water users participating in the flow augmentation program; and

WHEREAS, agricultural and industrial applications of water have a legal priority within the state; and

WHEREAS, the Port of Lewiston, Idaho's only seaport, is part of the collective Columbia-Snake River System and is an asset to the State of Idaho and an asset to the Inland Northwest region, providing global competitiveness and connectivity for regional products, economic development investment, and multimodal transportation; and

WHEREAS, the Columbia-Snake River System acts as a top wheat export gateway in the United States, with approximately 10 percent of all United States wheat exports barged through the four dams on the Snake River and about 50 percent of all Idaho-grown wheat barged from Lewiston to Portland and then onto export markets around the world; and

WHEREAS, barging is the most fuel-efficient, environmentally friendly mode of transportation; and

WHEREAS, hydropower is the most efficient, environmentally favorable form of electrical generation, with the combined lower four Snake River dams producing 1,000 megawatts of carbon-free, renewable energy annually and 3,000 megawatts for peak power emergencies, providing electricity to 22 rural Idaho utilities serving more than 137,000 Idahoans; and

WHEREAS, the Legislature of the State of Idaho believes that any actions to degrade the functionality, in whole or in part, to remove or breach dams on the Columbia-Snake River System or its tributaries, or to take water from the state for anadromous fish enhancement efforts would inflict on the citizenry of the state a loss in economic and trade opportunities, a loss of recharge waters for the state's aquifers, a loss of navigation and transportation, an increased risk of floods, an increase in electrical rates, a shortfall in power generation, a loss of recreational opportunities, and a threatened quality of life for Idaho citizens.

NOW, THEREFORE, BE IT RESOLVED by the members of the Second Regular Session of the Sixty-fifth Idaho Legislature, the Senate and the House of Representatives concurring therein, that Idaho opposes the removal or breaching of the dams on the Columbia-Snake River System and its tributaries, has sovereignty of its water resources, prohibits contributions of water from Idaho's reservoirs for flow augmentation except those expressly authorized by state law, contends that efforts for further recovery of anadromous fish must be based on sound science, and supports maintenance and multiple-use benefits of the Columbia-Snake River System. Additionally, the Idaho Legislature recognizes and supports the international competitiveness, multimodal transportation, and economic development benefits provided by the Port of Lewiston.

BE IT FURTHER RESOLVED that the Secretary of the Senate be, and she is hereby authorized and directed to forward a copy of this Memorial to the President of the Senate and the Speaker of the House of Representatives of Congress and to the congressional delegation representing the State of Idaho in the Congress of the United States.

February 19, 2020

The Honorable Janice McGeachin
President of the Senate
Idaho State Senate

Dear Madam President:

I have the honor to advise you that I have signed on February 18, 2020 and am transmitting to the Secretary of State the following Senate Bills, to wit:

[S 1235](#), [S 1236](#), [S 1240](#), [S 1258](#), and [S 1272](#)

Sincerely,
/s/ Brad Little
Governor of Idaho

The correspondence was ordered filed in the office of the Secretary of the Senate.

February 19, 2020

The Honorable Janice McGeachin
President of the Senate
Idaho Legislature

Dear Madam President:

I hereby advise you that I have transmitted to the Office of the Secretary of State, with my approval, the following Senate Bill, to wit:

[S 1257](#)

within the time prescribed by law, the same having arrived in the Office of the Governor at the hour of 2:40 p.m. on February 18, 2020.

Idaho respects the constitutional right to counsel and manifests that support with action. In Fiscal Year 2020, the Public Defense Commission has awarded \$9,121,000 to counties to improve indigent defense. With those funds, counties are hiring 34 additional defending attorneys and 12 support staff across Idaho to allow for reasonable defending attorney workloads recruiting and retaining experienced attorneys, providing representation from a person's first appearance before a court, and providing the same counsel at critical hearings in a defendant's case.

My hope is that the Legislature will give the Public Defense Commission greater flexibility so that a large figure in Fiscal Year 2021 does not inefficiently revert to the General Fund, but rather is directed to its original appropriated purpose - improving the state's public defense system.

Sincerely,
/s/ Brad Little
Governor of Idaho

The correspondence was ordered filed in the office of the Secretary of the Senate.

February 19, 2020

The Honorable Janice McGeachin

Sincerely,
/s/ Brad Little
Governor of Idaho

The correspondence was ordered filed in the office of the Secretary of the Senate.

February 20, 2020

The Honorable Janice McGeachin
President of the Senate
Idaho Legislature

Dear Madam President:

I hereby advise you that I have transmitted to the Office of the Secretary of State, with my approval, the following Senate Bill to wit:

[S 1271](#)

Within the time prescribed by law, the same having arrived in the Office of the Governor at the hour of 2:40 p.m. on February 18, 2020.

I am signing this bill so that Bannock County taxpayers may have their assessment appeals fairly heard. The circumstances leading to this large number of appeals were diverse and unfortunate. In the future, local and state officials should take the necessary actions to ensure taxpayers do not have to expend funds to address valuation imbalances.

Sincerely,
/s/ Brad Little
Governor of Idaho

The correspondence was ordered filed in the office of the Secretary of the Senate.

The Senate advanced to the Ninth Order of Business.

SCR 135

BY STATE AFFAIRS COMMITTEE A CONCURRENT RESOLUTION

STATING FINDINGS OF THE LEGISLATURE AND SUPPORTING GOVERNOR BRAD LITTLE AND THE IDAHO DEPARTMENT OF CORRECTION IN THEIR OPPOSITION TO THE STATE OF IDAHO PROVIDING GENDER REASSIGNMENT SURGERY TO ADREE EDMO.

Be It Resolved by the Legislature of the State of Idaho:

WHEREAS, Adree Edmo was convicted of sexual abuse of a child under the age of 16 in 2012 and is currently an inmate at the Idaho State Correctional Center serving a sentence of 3 to 10 years; and

WHEREAS, Edmo has been living as a woman for years and is seeking gender reassignment surgery to be provided by the State of Idaho; and

WHEREAS, Edmo filed suit, and the U.S. District Court ruled that the Idaho Department of Correction must provide the surgery; and

WHEREAS, the Ninth Circuit Court of Appeals upheld the District Court's ruling and has denied the State of Idaho's request to rehear the decision; and

WHEREAS, Edmo has already begun receiving treatment in preparation for the surgery; and

WHEREAS, if the procedure is performed, it would be the first time an inmate has undergone gender reassignment surgery while in the Department of Correction's custody; and

WHEREAS, requiring the State of Idaho to provide gender reassignment surgery at taxpayers' expense would set an unreasonable and unjustified precedent and could require the state to provide many more in the future; and

WHEREAS, Director Josh Tewalt of the Department of Correction has stated "[P]rison is not where you go to get unwarranted surgery."; and

WHEREAS, Governor Little has declared "I am disappointed the majority of the Ninth Circuit declined to reverse its flawed decision. I am encouraged, however, that several judges recognized in dissenting opinions that the decision conflicts with decisions of multiple other circuits, goes well-beyond the Eighth Amendment's text and original meaning, and is contrary to more than four decades of Supreme Court precedent. I remain committed to appealing this case to the U.S. Supreme Court-that effort is already under way-and to ensuring that Idaho taxpayers do not have to pay for a procedure that is not medically necessary."

NOW, THEREFORE, BE IT RESOLVED by the members of the Second Regular Session of the Sixty-fifth Idaho Legislature, the Senate and the House of Representatives concurring therein, that we support the Department of Correction and Governor Little in their opposition to the State of Idaho providing gender reassignment surgery to Adree Edmo and support any action that the Governor might take to stop the surgery.

Senate without recommendation, recommend it "do pass," "be amended," or "do not pass," whereupon it shall be placed upon the calendar for second reading, or, the committee may request leave of the Senate to refer it to another committee.

Upon the report of a committee requiring leave of the Senate, the committee chairman, or another Senator in his absence, shall take appropriate action on the floor to secure such consent unless there be no objection to a unanimous consent request by the President.

Calling for a Bill. – (E) When a bill, resolution, or memorial has been in the hands of a committee for three days after its reference, any Senator may, at the Tenth Order of Business, serve notice that he may call for the bill, resolution, or memorial and the committee report thereon. On the day following the giving of notice, during the Thirteenth or not later than the Fourteenth Order of Business, the Senator may make the call, and the committee, unless excused by the Senate, shall, during the Sixth Order of Business only on the following day, report the bill, resolution, or memorial to the desk; provided that after the forty-fifth day of the regular session or the fifteenth day of a special session, notice of the call shall be dispensed with and unless excused or granted additional time, the committee shall report the bill, resolution, or memorial forthwith; and provided further, no bill may be called for from a committee more than once in any consecutive three-day period except after the fifty-fifth legislative day of a regular session or the fifteenth day of a special session and then no bill may be called for more than once in any one day and if two-thirds of those voting excuse the committee, it may not be called for again.

A motion to excuse the committee from reporting a bill is not in order on the mere giving of notice of intent to call the bill but must await the actual call.

House Amendments. – (F) When a bill or joint resolution passed by the Senate shall have been amended by the House of Representatives, upon its return to the Senate it shall be referred to the appropriate standing committee, as determined by the President Pro Tempore of the Senate, which committee shall, no later than the first call of the Sixth Order of Business of the second succeeding day, recommend concurrence or rejection of the House amendments. Upon report of the committee, the bill or joint resolution shall be placed upon the Tenth Order of Business at which time it shall be in order, upon motion (debatable), for the Senate to concur therein or reject the same.

If the Senate rejects the House amendments, a conference committee may be appointed by the President Pro Tempore to confer with a similar committee from the House pursuant to the Joint Rule on Conference Committees.

If the Senate concurs in the House amendments, the bill or joint resolution, as amended, shall be engrossed and referred to the First Reading Calendar.

The chairman of the appropriate standing committee shall be one member of the Senate conference committee.

(5) In all other respects, the Committee will be governed by the rules of the Senate.

(F) The Committee may adopt any of the following as part of the hearing procedures:

SCR 137 BY STATE AFFAIRS COMMITTEE A CONCURRENT RESOLUTION

STATING FINDINGS OF THE LEGISLATURE AND DIRECTING THE IDAHO WATER RESOURCE BOARD TO WORK EXPEDITIOUSLY WITH LOCAL WATER USERS TO DEVELOP A COMPREHENSIVE SETTLEMENT THAT RESOLVES CURRENT TENSIONS AND CONFLICTS THAT ARE THE RESULT OF COMPETING WATER SUPPLY DEMANDS IN THE LEMHI RIVER BASIN AND THAT THE COMPREHENSIVE SETTLEMENT, TO THE BEST OF THE ABILITIES OF THE PARTICIPATING PARTIES AND IN THE SPIRIT OF COMPROMISE AND RESOLUTION, IS CONSISTENT WITH PAST PRACTICES, FUTURE NEEDS, AND IDAHO LAW.

Be It Resolved by the Legislature of the State of Idaho:

WHEREAS, Lemhi irrigators have diverted natural flow in the Lemhi River Basin in excess of their decreed rights for their shared benefit during the spring runoff in late May or June when flows exceed the amount of water required to satisfy all existing water rights for almost as long as there has been irrigation in the Lemhi River Basin; and

WHEREAS, the 1982 Lemhi Basin Decree memorialized the high-flow practice in a general provision that allowed irrigators whose rights were decreed in the Lemhi Adjudication to continue to divert "so called 'high waters' or 'flood waters' in addition to the quantified rights as described in the recommended decree of water rights"; and

WHEREAS, the 1982 Lemhi Basin Decree defined high water or flood water as the diversion of "natural flow of water over and above the amount required to fulfill (1) existing quantified rights as shown in the decree of water rights and (2) any future rights that may be established pursuant to statutory procedures of the State of Idaho"; and

WHEREAS, Lemhi irrigators sought to decree the high-flow practice through the filing of claims in the Snake River Basin Adjudication (SRBA); and

WHEREAS, the Lemhi water users' claims were denied by the SRBA District Court as a result of objections to the claims by the United States, the Nez Perce Tribe, and conservation groups; and

WHEREAS, the SRBA District Court reaffirmed the Lemhi Basin Decree high-flow general provision through the inclusion of the Basin 74 General Provision in the SRBA Final Unified Decree; and

WHEREAS, since the early 1990s, Lemhi irrigators have led an effort to protect and enhance salmon runs in the Lemhi River Basin, including but not limited to providing passage flows for salmon, screening diversion works, and implementing habitat improvement projects; and

WHEREAS, the National Marine Fisheries Services (NOAA Fisheries), in the spring of 2000, threatened to bring an enforcement action under the Endangered Species Act (ESA) against Lemhi irrigators for dewatering of the Lemhi River at the L-6 diversion; and

WHEREAS, the 2001 Idaho Legislature enacted Section 42-1506, Idaho Code, at the request of the Lemhi River Basin irrigators, which authorized the Idaho Water Resource Board to appropriate a minimum stream flow in the lower reach of the Lemhi River to provide fish passage and protect Lemhi water users from ESA enforcement actions; and

WHEREAS, the Lemhi minimum stream flow is sustained, in part, through the Lemhi water bank and voluntary agreements not to divert when the minimum stream flow is not being met; and

WHEREAS, the biological and business goals of the Lemhi irrigators are to conserve, restore, and enhance sufficient habitat to sustain viable fish populations in the Lemhi River Basin while protecting private property rights and preserving and enhancing the farming and ranching lifestyle and economy of the Lemhi River Basin; and

WHEREAS, in the absence of storage reservoirs in the Lemhi River Basin, the high-flow practice helps to achieve the Lemhi irrigators' stated biological and business goals by extending the water supply for irrigators and enhancing the natural flow of the Lemhi River during the dry summer months; and

WHEREAS, consistent with the Lemhi irrigators' biological and business goals, 15 cubic feet per second (cfs) of the 35 cfs of the Lemhi minimum instream flow water right diversion rate is subordinated to high water or flood water authorized under the Lemhi Basin Decree; and

WHEREAS, a consequence of the SRBA District Court not decreeing the Lemhi irrigators' high-flow claims is that the high-flow practice does not have an established priority date and therefore is not protected from junior water rights diverting and diminishing the water supply available for future high-flow diversions; and

WHEREAS, without protection for the Lemhi high-flow practice, high-flow water supplies historically available to the irrigators could be reduced, maintenance of the Lemhi minimum stream flow could be compromised, and Lemhi water users could face an increased risk of ESA enforcement actions; and

WHEREAS, the SRBA decreed the U.S. Forest Service federal reserved water rights 75-13316 and 77-11941 on the main stem Salmon River in the SRBA; and

WHEREAS, the quantity of the U.S. Forest Service's Salmon River reserved water rights would have precluded most future development in the Salmon River Basin, the Forest Service agreed to subordinate its water rights to up to "150 cfs (including not more than 5,000 acres of irrigation...) when the mean daily discharge at the Shoup gage is [less than] 1,280 cfs" and "an additional diversion of 225 cfs (including up to an additional 10,000 acres of irrigation...) when the mean daily discharge at the Shoup gage is [greater than or equal to] 1,280 cfs"; and

WHEREAS, since the decree of the Lemhi minimum stream flow water right and the Salmon River federal reserved water rights, certain irrigators in the Lemhi River Basin have or are in the process of perfecting water rights in the Lemhi River Basin; and

WHEREAS, the SRBA Final Unified Decree establishes that 27 tributaries to the Lemhi River "shall be administered separately from all other water rights in [the Lemhi] Basin ... in accordance with the prior appropriation doctrine as established by Idaho law"; and

WHEREAS, the SRBA District Court held the separate streams general provision does not preclude the U.S. Forest Service from making a delivery call under its Salmon River federal reserved water rights; and

WHEREAS, new applications to appropriate water on tributary streams have led to numerous protests by downstream Lemhi water users, conservation groups, and state agencies; and

WHEREAS, the Idaho Department of Water Resources has recently conditioned certain protested water right permit applications in the Lemhi River Basin limiting the diversion of water authorized by the permits to times when stream flows at specified locations within the Lemhi River Basin exceed certain minimum flow rates, and these conditioned stream flow diversion limitations are separate and apart from the Lemhi minimum stream flow water right; and

WHEREAS, the State of Idaho must harmonize its competing duties to protect existing water rights, to safeguard the provisions of the Forest Service settlement, to allocate additional water rights, to conserve, restore, and enhance sufficient habitat to sustain viable fish populations, and to enhance the farming and ranching lifestyle and the economy of the Lemhi River Basin; and

WHEREAS, the above described legal developments have created legal uncertainty for all water users in the Lemhi River Basin; and

WHEREAS, the Legislature finds it is in the public interest for affected stakeholders to work collaboratively to develop a comprehensive solution that achieves the Lemhi irrigators' biological and business goals of conserving, restoring, and enhancing sufficient habitat to sustain viable fish populations in the Lemhi River Basin while protecting private property rights and preserving and enhancing the farming and ranching lifestyle and economy of the Lemhi River Basin; and

WHEREAS, Section 42-1734, Idaho Code, provides authority to the Idaho Water Resource Board to cooperate in water studies, planning, and research; and

WHEREAS, the Idaho Legislature established the Aquifer Planning and Management Fund to provide moneys for "monitoring, measurement and comprehensive plan development as well as for personnel costs, operating expenditures and capital outlay associated with the statewide comprehensive aquifer planning and management effort."

NOW, THEREFORE, BE IT RESOLVED by the members of the Second Regular Session of the Sixty-fifth Idaho Legislature, the Senate and the House of Representatives concurring therein, that we direct the Idaho Water Resource Board, with technical support from the Idaho Department of Water Resources, to work expeditiously with local water users to develop a comprehensive settlement that resolves current tensions and conflict that are the result of competing water supply demands in the Lemhi River Basin and that the comprehensive settlement, to the best of the abilities of the participating parties and in the spirit of compromise and resolution, is consistent with past practices, future needs, and Idaho law.

BE IT FURTHER RESOLVED that the Idaho Water Resource Board report to the First Regular Session of the Sixty-sixth Idaho Legislature on the implementation of this resolution.

KNOW ALL PEOPLE, that pursuant to the provisions of Section 59-917, *Idaho Code*, Cherie Buckner-Webb, State Senator, District 19, Ada County, State of Idaho, has nominated Troy Rohn of Boise, Idaho, to perform the duties of this office temporarily as Acting State Senator, District 19, Ada County.

Sincerely,
/s/ Brad Little
Governor of Idaho

The correspondence was ordered filed in the office of the Secretary of the Senate.

March 13, 2020

The Honorable Janice McGeachin
President of the Senate
Idaho Legislature

Dear Madam President:

I hereby advise you that I have transmitted to the Office of the Secretary of State, with my approval, the following Senate Bill, to wit:

[S 1360](#)

Sincerely,
/s/ Brad Little
Governor of Idaho

within the time prescribed by law, the same having arrived in the Office of the Governor at the hour of 12:02 p.m. on March 9, 2020.

This bill makes historic investments in community supervision in Idaho. Failure on community supervision is widely recognized as a primary driver of the growth in our prison population. With the enactment of this bill, the Legislature begins to fill the desperate need for additional tools at the Department of Correction to improve outcomes on community supervision.

However, the addition of new restrictive language on transfers from certain programs in the latter half of Section 3 of the bill unnecessarily hamstring the Department of Correction. We all recognize the need to reduce recidivism and improve outcomes on probation and parole. These goals are complicated by the new restrictive language. Next year, it is my desire that the Department of Corrections not be needlessly hindered in this way.

The correspondence was ordered filed in the office of the Secretary of the Senate.

The Senate advanced to the Ninth Order of Business.

[S 1350](#), as amended in the House

Adding a fiscal impact statement to all statewide ballot initiatives will increase the information available to voters and ensure they are able to make an informed decision about statewide citizen initiatives. In most cases, the Division of Financial Management will be able to prepare a fiscal impact with their existing staff resources. Depending on the volume and complexity of initiatives in any given year, it is possible that outside experts or actuarial firms may need to be occasionally engaged. In such rare cases, we look forward to working with the Legislature on a one-time supplemental appropriation to ensure

an appropriate fiscal impact statement can be delivered within the parameters of this legislation.

Sincerely,
/s/ Brad Little
Governor of Idaho

The Honorable Janice McGeachin
President of the Senate
Idaho State Senate

Dear Madam President:

I hereby advise you that I have vetoed on March 27, 2020, and as the legislature has adjourned am transmitting to the Secretary of State the following Senate Bill, to wit:

[S 1295](#)

I vetoed S 1295 because Idaho has a strong framework for safe telehealth access outlined in Chapter 57, Title 54, Idaho Code, known as the Idaho Telehealth Access Act. The Act provides health professional licensing boards with the authority to promulgate necessary rules relating to telehealth services. There are components of S 1295 that may enhance the safety of

teledentistry services, and I will direct the Board of Dentistry to consider the necessity of such safeguards as they re-promulgate their administrative rules as outlined in Executive Order 2020-01.

While telehealth has generally been thought of as a solution for rural Idahoans, emergencies such as the current 2019 Novel Coronavirus (COVID-19) pandemic demonstrate the potential for telehealth to serve as a tool to triage patients and maintain access to care while traditional venues close or limit their scope to emergent care. Indeed, the federal government and other states are currently taking unprecedented steps to remove barriers to telehealth access during this public health emergency to increase the capacity of the health care system. Having safeguards in rule allows a flexible framework for updating such requirements over time and enables their quick reconsideration, as appropriate, during public health emergencies like the one we currently face.

Sincerely,
/s/ Brad Little
Governor of Idaho

SECTION IV

TOPICAL INDEX
[ALPHABETICALLY ARRANGED]

This Topical Index alphabetically lists subject matter for **ALL** Senate bills, and **ONLY** those House bills introduced in the Senate. Nonlegislative subject matter is included and referred to by page number only.

Since the Senate Journal **only** covers the actions of House bills transmitted to the Senate, this topical index does not refer to every House bill introduced in the House. Separate indices in this volume list, in numerical order, all House bills, memorials, resolutions, and proclamations received by the Senate and show action taken by the Senate thereon. If a particular subject matter does not appear in this index, refer to the House Journal Alphabetical Index. Session law numbers for legislation passing both Senate and House, and becoming law, are included for all Senate bills within the Numerical Index Section V.
