

## STATEMENT OF PURPOSE

RS27549 / H0426

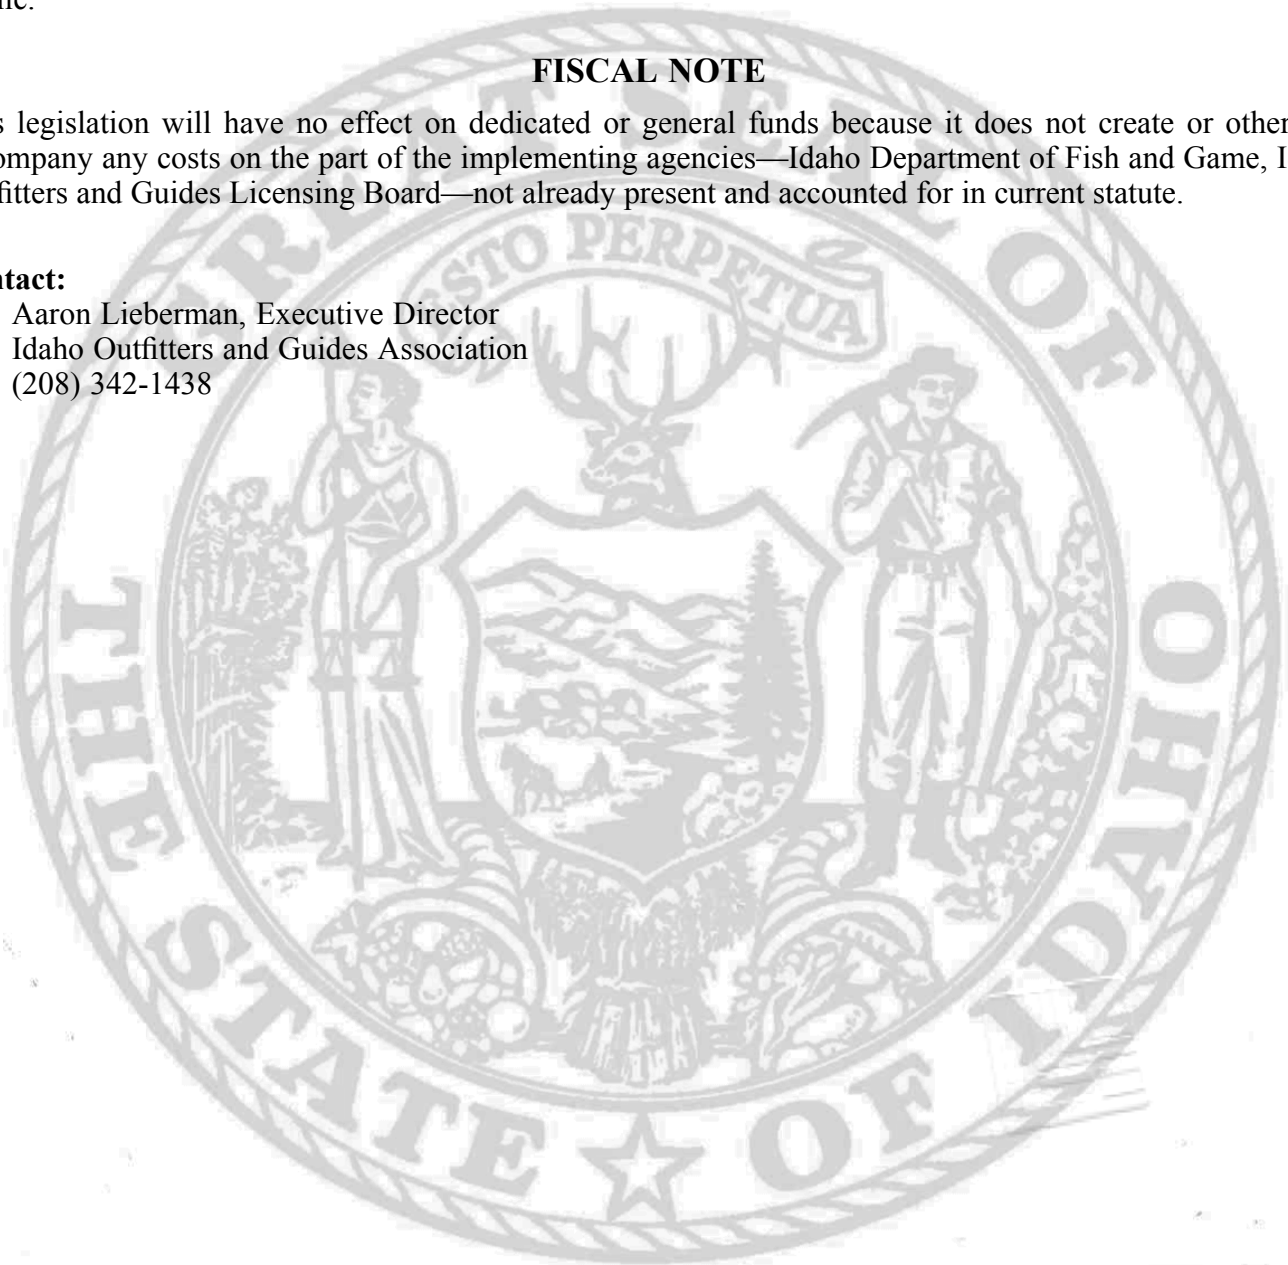

This consensus legislation will amend the laws governing the allocation of deer and elk hunting tags for clients of outfitters in capped and controlled hunts by the Idaho Fish and Game Commission and the designation of those allocated tags to outfitters by the Idaho Outfitters and Guides Licensing Board. This legislation clarifies the agencies' authority and direction to ensure the agencies can implement the statutes in a manner that provides predictability and opportunities for growth for outfitters and maximizes the use of these tags by the outfitted public.

## FISCAL NOTE

This legislation will have no effect on dedicated or general funds because it does not create or otherwise accompany any costs on the part of the implementing agencies—Idaho Department of Fish and Game, Idaho Outfitters and Guides Licensing Board—not already present and accounted for in current statute.
