Definition	Teachers bring career information into the classroom.	Students learn by directly engaging with potential future employers.	Short practical work experiences to “ground-truth” theory.	A short-term position providing experience and exposure. May be paid or unpaid and for-credit or non-credit.	A program that teaches basic technical and job-readiness skills to prepare for an apprenticeship.	Structured method of classroom learning integrated with workplace experience where credit is received for both.	Individuals are taught by other employees how to complete a task while doing the job.	An “earn while you learn” model where on-the-job training is coupled with related instruction. Wage gains are incorporated and the experience culminates in industry-recognized credentials.
