013. -- 021. (RESERVED)

022. BENEFIT STANDARDS FOR 2010 STANDARDIZED BENEFIT PLAN POLICIES OR CERTIFICATES ISSUED FOR DELIVERY WITH AN EFFECTIVE DATE FOR COVERAGE ON OR AFTER JUNE 1, 2010.

The following standards are applicable to all Medicare supplement policies or certificates delivered or issued for delivery in this state with an effective date for coverage on or after June 1, 2010. No policy or certificate may be advertised, solicited, delivered, or issued for delivery in this state as a Medicare supplement policy or certificate unless it complies with these benefit standards. No issuer may offer any 1990 Standardized benefit plan for sale on or after June 1, 2010. Benefit standards applicable to policies and certificates issued with an effective date for coverage prior to June 1, 2010 remain in effect. ()

01. General Standards. The following standards apply to Medicare supplement policies and certificates and are in addition to all other requirements of this regulation. ()

a. A Medicare supplement policy or certificate cannot exclude or limit benefits for losses incurred more than six (6) months from the effective date of coverage because it involved a preexisting condition. The policy or certificate will not define a preexisting condition more restrictively than a condition for which medical advice was given or treatment was recommended by or received from a physician within six (6) months before the effective date of coverage. ()

b. A Medicare supplement policy or certificate will not indemnify against losses resulting from sickness on a different basis than losses resulting from accidents. ()

c. A Medicare supplement policy or certificate provides that benefits designed to cover cost sharing amounts under Medicare will be changed automatically to coincide with any changes in the applicable Medicare deductible, copayment, or coinsurance amounts. Premiums may be modified to correspond with such changes. ()

d. No Medicare supplement policy or certificate may provide for termination of coverage of a spouse solely because of the occurrence of an event specified for termination of coverage of the insured, other than the nonpayment of premium. ()

e. Each Medicare supplement policy is guaranteed renewable. ()

i. The issuer cannot cancel or nonrenew the policy solely on the ground of health status of the individual. ()

ii. The issuer cannot cancel or nonrenew the policy for any reasons other than nonpayment of premium or material representation. ()

iii. If the Medicare supplement policy is terminated by the group policyholder and is not replaced as provided under Subparagraph 022.01.e.v., the issuer offers certificateholders an individual Medicare supplement policy which (at the option of the certificateholder): ()

(1) Provides for continuation of the benefits contained in the group policy; or ()

(2) Provides for benefits that meet the requirements of this Subsection. ()

iv. If an individual is a certificateholder in a group Medicare supplement policy and the individual terminates membership in the group, the issuer: ()

(1) Offers the certificateholder the conversion opportunity described in Subparagraph 022.01.e.iii.; or ()

v. If a group Medicare supplement policy is replaced by another group Medicare supplement policy purchased by the same policyholder, the issuer of the replacement policy offers coverage to all persons covered under the old group policy on its date of termination. Coverage under the new policy cannot exclude preexisting conditions that would have been covered under the group policy being replaced. ()

f. Terminations of a Medicare supplement policy or certificate need to be without prejudice to any continuous loss that commenced while the policy was in force. Such extension of benefits beyond the period during which the policy was in force may be conditioned upon the continuous total disability of the insured, limited to the duration of the policy benefit period, if any, or payment of the maximum benefits. Receipt of Medicare Part D benefits will not be considered in determining a continuous loss. ()

g. A Medicare supplement policy or certificate provides that benefits and premiums under the policy or certificate may be suspended at the request of the policyholder or certificateholder for the period (not to exceed twenty-four (24) months) in which the policyholder or certificateholder has applied for and is determined to be entitled to medical assistance under Title XIX of the Social Security Act, but only if the policyholder or certificateholder notifies the issuer of the policy or certificate within ninety (90) days after the date the individual becomes entitled to assistance. ()

i. If suspension occurs and if the policyholder or certificateholder loses entitlement to medical assistance, the policy or certificate is automatically reinstated (effective as of the date of termination of entitlement) as of the termination of entitlement if the policyholder or certificateholder provides notice of loss of entitlement within ninety (90) days after the date of loss and pays the premium attributable to the period, effective as of the date of termination of entitlement. ()

ii. Each Medicare supplement policy provides that benefits and premiums under the policy may be suspended (for any period that may be provided by federal regulation) at the request of the policyholder if the policyholder is entitled to benefits under Section 226 (b) of the Social Security Act and is covered under a group health plan (as defined in Section 1862 (b)(1)(A)(v) of the Social Security Act). If suspension occurs and if the policyholder or certificateholder loses coverage under the group health plan, the policy is automatically reinstated (effective as of the date of loss of coverage) if the policyholder provides notice of loss of coverage within (90) days after the date of the loss and pays the premium attributed to the period, effective as of the date of termination of enrollment in the group health plan. ()

iii. Reinstatement of coverages as described in Subparagraphs 022.01.g.i. and 022.01.g.ii.; ()

(1) Does not provide for any waiting period with respect to treatment of preexisting conditions; ()

(2) Provides for resumption of coverage that is substantially equivalent to coverage in effect before the date of suspension; and ()

(3) Provides for classification of premiums on terms at least as favorable to the policyholder or certificateholder as the premium classification terms that would have applied to the policyholder or certificateholder had the coverage not been suspended. ()

h. An issuer makes available to each prospective policyholder and certificateholder a policy form or certificate form containing only the basic (core) benefits, as defined in Subsection 022.02. ()

i. If an issuer makes available any of the additional benefits described in Subsection 022.03, or offers standardized benefit Plans K or L (as described in Paragraphs 022.04.h. and 022.04.i.), then the issuer makes available to each prospective policyholder and certificateholder, in addition to a policy form or certificate form with only the basic (core) benefits as described in Paragraph 022.01.h., a policy form or certificate form containing either standardized benefit Plan C (as described in Paragraph 022.04.c.) or standardized benefit Plan F (as described in Paragraph 022.04.e.). ()

j. No groups, packages or combinations of Medicare supplement benefits other than those listed in this section are offered for sale in this state, except as may be permitted in Subsection 022.05 and in Section 031. ()

k. Benefit plans are uniform in structure, language, designation and format to the standard benefit plans listed in this Subsection and conform to the definitions in Section 010. Each benefit is structured in accordance with the format provided in Subsections 022.02 and 022.03; or, in the case of plans K or L, in Paragraphs 022.04.h. and 022.04.i. and list the benefits in the order shown. For purposes of this section, “structure, language, and format” means style, arrangement and overall content of benefit. ()

l. In addition to the benefit plan designations prescribed in Paragraph 022.01.k., an issuer may use other designations to the extent permitted by law. ()

02. Standards for Basic (Core) Benefits Common to Medicare Supplement Insurance Benefit Plans A, B, C, D, F, F with High Deductible, G, M, and N. Every issuer of Medicare supplement insurance benefit plans makes available a policy or certificate including only the following basic “core” package of benefits to each prospective insured. v. Capital costs; ()

vi. Administrative costs; and ()

vii. Claims processing costs. ()

c. All filings of rates and rating schedules demonstrate that expected claims in relation to premiums comply with the requirements of this section when combined with actual experience to date. Filings of rate revisions also demonstrate that the anticipated loss ratio over the entire future period for which the revised rates are computed to provide coverage can be expected to meet the appropriate loss ratio standards. Demonstrations, at a minimum, account for: ()

i. Lapse rates; ()

ii. Medical trend and rationale for trend; ()

iii. Assumptions regarding future premium rate revisions; and ()

iv. Interest rates for discounting and accumulating. ()

d. For purposes of applying Paragraphs 051.01.a. and 056.05.b., only, policies issued as a result of solicitations of individuals through the mails or by mass media advertising (including both print and broadcast advertising) are individual policies. ()

02. Refund or Credit Calculation. ()

a. An issuer collects and files with the director by May 31 of each year the data contained in the applicable reporting form as defined by NAIC Model Regulation (Attachments) and accessible on the Department website for each type in a standard Medicare supplement benefit plan. ()

b. If on the basis of the experience as reported the benchmark ratio since inception (ratio one (1)) exceeds the adjusted experience ratio since inception (ratio three (3)), then a refund or credit calculation is needed. The refund calculation is done on a statewide basis for each type in a standard Medicare supplement benefit plan. For purposes of the refund or credit calculation, experience on policies issued within the reporting year is excluded. ()

c. For policies or certificates issued prior to July 1, 1992, the issuer makes the refund or credit calculation separately for all individual policies (including all group policies subject to an individual loss ratio standard when issued) combined and all other group policies combined for experience after July 1, 1992. ()

d. A refund or credit is made only when the benchmark loss ratio exceeds the adjusted experience loss

ratio and the amount to be refunded or credit exceeds a de minimis level. The refund includes interest from the end of the calendar year to the date of the refund or credit at a rate specified by the Secretary, but in no event less than the average rate of interest for thirteen (13) week Treasury notes. A refund or credit against premiums due is made by September 30 following the experience year upon which the refund or credit is based. ()

03. Annual Filing of Premium Rates. An issuer of Medicare supplement policies and certificates in this state annually files its rates, rating schedule, and supporting documentation including ratios of incurred losses to earned premiums by policy duration for approval by the director in accordance with the filing requirements and procedures prescribed by the director. The supporting documentation demonstrates in accordance with actuarial standards of practice using reasonable assumptions that the appropriate loss ratio standards can be expected to be met over the entire period for which rates are computed. The demonstration excludes active life reserves. An expected third-year loss ratio which is greater than or equal to the applicable percentage is demonstrated for policies or certificates in force less than three (3) years. As soon as practicable, but prior to the effective date of enhancements in Medicare benefits, every issuer of Medicare supplement policies or certificates in this state files with the director, in accordance with the applicable filing procedures of this state: ()

a. Appropriate premium adjustments necessary to produce loss ratios as anticipated for the current premium for the applicable policies or certificates. The supporting documents accompanying the filing need to justify the adjustment. ()

i. An issuer's adjustments need to produce an expected loss ratio under the policy or certificate that conforms to minimum loss ratio standards for Medicare supplement policies and which are expected to result in a loss ratio at least as great as that originally anticipated in the rates used to produce current premiums by the issuer for the Medicare supplement policies or certificates. No premium adjustment which would modify the loss ratio experience under the policy other than the adjustments described herein is made with respect to a policy at any time other than upon its renewal date or anniversary date. ()

ii. If an issuer fails to make premium adjustments acceptable to the director, the director may order premium adjustments, refunds, or premium credits deemed necessary to achieve the loss ratio prescribed by Section 051. ()

b. Any appropriate riders, endorsements, or policy forms needed to accomplish the Medicare supplement policy or certificate modifications necessary to eliminate benefit duplications with Medicare. The riders, endorsements, or policy forms provides a clear description of the Medicare supplement benefits provided by the policy or certificate. ()

052. -- 055. (RESERVED)

056. FILING AND APPROVAL OF POLICIES AND CERTIFICATES AND PREMIUM RATES.

01. Filing of Policy Forms. ()

a. An issuer cannot deliver or issue for delivery a policy or certificate to a resident of this state unless the policy form or certificate form has been filed with and approved by the director in accordance with filing requirements and procedures prescribed by the director. ()

b. An issuer would file any riders or amendments to policy or certificate forms to delete outpatient prescription drug benefits as prescribed by the Medicare Prescription Drug, Improvement, and Modernization Act of 2003 only with the director in the state in which the policy or certificate was issued. ()

02. Filing of Premium Rates. ()

a. An issuer cannot use or change premium rates for a Medicare supplement policy or certificate unless the rates, rating schedule, and supporting documentation have been filed with and approved by the director in accordance with the filing requirements and procedures prescribed by the director. ()

b. Except as provided in Subsection 051.03, the insured cannot receive more than one (1) rate increase

in any twelve (12) month period. ()

03. Except as provided in Paragraph 056.03.a., an issuer will not file for approval more than one (1) form of a policy or certificate of each type for each standard Medicare supplement benefit plan. ()

a. An issuer may offer, with the approval of the director, up to three (3) additional policy forms or certificate forms of the same type for the same standard Medicare supplement benefit plan, one (1) or each of the following cases: ()

i. The inclusion of new or innovative benefits; ()

ii. The addition of either direct response or agent marketing methods; ()

iii. The addition of either guaranteed issue or underwritten coverage; ()

b. For the purposes of Section 056, “type” means an individual policy, a group policy, an individual Medicare Select policy, or a group Medicare Select policy. ()

04. Availability of Policy Form or Certificate. Except as provided in Paragraph 056.04.a., an issuer continuously makes available for purchase any policy form or certificate form. A policy form or certificate form would not be considered available for purchase unless the issuer has actively offered it for sale continuously during the previous twelve (12) months. ()

a. An issuer may discontinue the availability of a policy form or certificate form if the issuer provides to the director in writing its decision at least thirty (30) days prior to discontinuing the availability of the form of the policy or certificate. After receipt of this notice by the director, the issuer no longer offers for sale the policy form or certificate form in this state. ()

b. An issuer that discontinues the availability of a policy form or certificate form pursuant to Paragraph 056.04.a. will not file for approval a new policy form or certificate form of the same type for the same standard Medicare supplement benefit plan as the discontinued form for a period of five (5) years after the issuer provides notice to the director of the discontinuance. The period of discontinuance may be reduced if the director determines that a shorter period is appropriate. ()

c. The sale or other transfer of Medicare supplement business to another issuer is considered a discontinuance for the purposes of Subsection 056.04. ()

d. A change in the rating structure or methodology is considered a discontinuance under this Subsection 056.04 unless the issuer complies with the following requirements: ()

i. The issuer provides an actuarial memorandum, in a form and manner prescribed by the director, describing the manner in which the revised rating methodology and resultant rates differ from the existing rating methodology and existing rates. ()

ii. The issuer does not subsequently put into effect a change of rates or rating factors that would cause the percentage differential between the discontinued and subsequent rates as described in the actuarial memorandum to change. The director may approve a change to the differential which is in the public interest. ()

05. Experience of Policy Forms. ()

a. Except as provided in Paragraph 056.05.b., the experience of all policy forms or certificate forms of the same type in a standard Medicare supplement benefit plan is combined for purposes of the refund or credit calculation prescribed in Section 051. ()

b. Forms assumed under an assumption reinsurance agreement are not combined with the experience of other forms for purposes of the refund or credit calculation. ()

c. The experience of all policy forms or certificate forms for standardized benefit plans of the same type is combined for purposes of the rate change filing. Generally, any applicable percentage increase is filed and applied uniformly across all standardized plans within the same type, unless doing so would violate the federal lifetime loss ratio standards for specific forms within the same type. ()

06. Age Rating. With respect to Medicare supplement policies that conform to the Standard Benefit Plans under IDAPA 18.04.10: ()

a. It is an unfair practice and an unfair method of competition for any issuer, insurer, or licensee to use the increasing age of an insured, subscriber or participant as the basis for increasing premiums or prepayment charges for policyholders who initially purchase a policy after January 1, 1995. For issue-age rated policies: ()

i. For an individual who is sixty-five (65) years of age or older, the filed rate for any given age will not exceed the rate for any higher issue-age, similarly rated individual; and ()

ii. For an individual who is under sixty-five (65) years of age, the premium is no greater than one hundred fifty percent (150%) of the premium for an issue-age sixty-five (65) similarly rated individual, while the individual's attained age is less than sixty-five (65). Upon attaining age sixty-five (65), a policyholder with an issue-age less than sixty-five (65) is charged the same premium rate as an issue-age sixty-five (65), similarly rated individual. ()

b. For policies issued after February 28, 2022, it is an unfair practice and an unfair method of competition for any issuer, insurer, or licensee to use the increasing age or issue age of an insured, subscriber or participant as a basis for premiums. For such community-rated policies: ()

i. For an individual who is eligible for Medicare Part B only due to disability or end stage renal disease, the premium is no greater than one hundred fifty percent (150%) of the premium for an enrollee otherwise eligible for Medicare Part B; and ()

ii. Upon attaining Medicare Part B eligibility due to age, a policyholder who was previously eligible for Medicare Part B only due to disability or end stage renal disease is to be charged the same premium rate as an individual eligible for Medicare Part B due to age. ()

07. Rating by Area and Gender. With respect to Medicare supplement policies that conform to the Standard Benefit Plans under IDAPA 18.04.10, it is an unfair practice and an unfair method of competition for any issuer, insurer, or licensee to use area or gender for rating purpose. ()

08. Other Rating Requirements. With respect to Medicare supplement policies that conform to the Standard Benefit Plans under this chapter, sold to residents of this State on or after January 1, 2018: ()

a. Any rate adjustments are uniform between 1990 Standardized and later Standardized plans throughout the lifetime of the policies, unless doing so would violate the federal lifetime loss ratio standards for specific forms within the same type. ()

b. The rating by the issuer does not differentiate on the basis of the reason for eligibility for Medicare Part B, except for an individual, at any given age, described at Subparagraph 056.06.c.i. ()

09. Discriminatory Discount or Other Payment Practices. With respect to Medicare supplement policies that conform to the Standard Benefit Plans under IDAPA 18.04.10: ()

a. No discount or underwriting factor of less than 1.0 will be available to policies issued outside of open enrollment, per Section 036, or guaranteed issue, per Section 041, unless the greatest discount or lowest underwriting factor is automatically applied to all policies issued under open enrollment and guaranteed issue. ()

b. For policies issued after February 28, 2022, it is an unfair practice and an unfair method of competition for any issuer to require application fees or to vary premium rates based on payment terms including, without limitation, payment method or frequency of payment. ()

c. Nothing in this Subsection is construed to limit the ability of an issuer of a Medicare supplement policy or certificate to allow a discount for: ()

i. Multiple Medicare Supplement policies issued to individuals residing within the same household, or; ()

ii. Non-smoking or non-tobacco use. ()

057. -- 060. (RESERVED)

061. PERMITTED COMPENSATION ARRANGEMENTS.

01. Commissions. An issuer or other entity may provide commission or other compensation to an agent or other representative for the sale of a Medicare supplement policy or certificate only if the first-year commission or other first-year compensation is no more than two hundred percent (200%) of the commission or other compensation paid for selling or servicing the policy or certificate in the second year or period. An issuer or other entity may not vary commission or otherwise pay commission differentials based upon variables such as age, guarantee issue status, or on any other basis. ()

02. Compensation in Subsequent Years. The commission or other compensation provided in subsequent renewal years needs to be the same as that provided in the second year or period and be provided for no fewer than five (5) renewal years. ()

03. Renewal Compensation. No issuer or other entity provides compensation to its agent or other producers and no agent or producer receives compensation greater than the renewal compensation payable by the replacing issuer on renewal policies or certificates if an existing policy or certificate is replaced. ()

04. Compensation. For purposes of Section 061, compensation includes pecuniary or non-pecuniary remuneration of any kind relating to the sale or renewal of the policy or certificate, including but not limited to bonuses, gifts, prizes, awards, and finder's fees. ()

b. Except for riders or endorsements by which the issuer effectuates a request made in writing by the insured, exercises a specifically reserved right under a Medicare supplement policy, or is needed to reduce or eliminate benefits to avoid duplication of Medicare benefits, all riders or endorsements added to a Medicare supplement policy after date of issue or at reinstatement or renewal which reduce or eliminate benefits or coverage in the policy requires a signed acceptance by the insured. After the date of policy or certificate issue, any rider or endorsement which increases benefits or coverage with a concomitant increase in premium during the policy term is agreed to in writing and signed by the insured, unless the benefits are prescribed by the minimum standards for Medicare supplement policies, or if the increased benefits or coverage is prescribed by law. ()

f. Issuers of accident and sickness policies or certificates that provide hospital or medical expense coverage on an expense incurred or indemnity basis to persons eligible for Medicare provide to those applicants a “Guide to Health Insurance for People with Medicare” in the form developed jointly by the National Association of Insurance Commissions and the Centers for Medicare & Medicaid Services and in a type size no smaller than twelve (12) point type. Delivery of the Guide is made whether or not the policies or certificates are advertised, solicited or issued as Medicare supplement policies or certificates. Except in the case of direct response issuers, delivery of the Guide will be made to the applicant at the time of application and acknowledgment of receipt of the Guide is obtained by the issuer. The notice will: ()

i. Include a description of revisions to the Medicare program and a description of each modification made to the coverage provided under the Medicare supplement policy or certificate, and ()

ii. Inform each policyholder or certificateholder as to when any premium adjustment is to be made due to changes in Medicare. ()

It is not identical to the outline of coverage provided upon application and the coverage originally applied for has not been issued.” ()

c. The outline of coverage provided to applicants pursuant to this section consists of four (4) parts: a
