

STATEMENT OF PURPOSE

RS28701 / H0297

Revises provisions for how Commissioners are appointed to the Idaho Soil and Water Conservation Commission and repeals the ability to establish any new Soil and Water Conservation Districts.

FISCAL NOTE

There is no fiscal impact on the general funds or to any other funds because this legislation just changes how commissioners are appointed. There was risk that new Soil and Water Conservation Districts could be approved, which would have an impact on the general fund, as they each receive a specified amount of matching funds.
