SECOND REGULAR SESSION
SIXTY-SIXTH LEGISLATURE

FIRST LEGISLATIVE DAY
MONDAY, JANUARY 10, 2022

Senate Chamber

At the hour of 12 noon on Monday, January 10, 2022, the time established for the convening of the Second Regular Session of the Sixty-sixth Idaho Legislature, the members of the Senate convened in the Senate Chamber of the Capitol in the City of Boise, President Janice McGeachin presiding.

The following Certificate of Election was read by the Secretary of the Senate:

STATE OF IDAHO
OFFICE OF THE SECRETARY OF STATE

CERTIFICATE OF ELECTION

I, Lawrence Denney, Secretary of State of the State of Idaho and legal custodian of the records of elections held in the State of Idaho, do hereby certify that the following is a full, true, and complete list of those elected or appointed to serve as members of the Senate of the Second Regular Session of the Sixty-sixth Legislature, as shown by official records on file in my office:

Table with 2 columns: DISTRICT and NAME. Lists senators from District 1 to 25, including names like Jim Woodward, Steve Vick, Peter Riggs, Mary Souza, David Nelson, Dan Johnson, Carl G. Crabtree, Steven Thayne, Abby Lee, Jim Rice, Patti Anne Lodge, Todd Lakey, Jeff C. Agenbroad, C. Scott Grow, Fred S. Martin, Grant Burgoyne, Carrie Semmelroth, Janie Ward-Engelking, Melissa Wintrow, Chuck Winder, Regina Bayer, Lori Den Hartog, Christy Zito, Lee Heider, and Jim Patrick.

Table with 2 columns: District and Name. Lists senators from District 26 to 35, including names like Michelle Stennett, Kelly Arthur Anthon, Jim Guthrie, Mark Nye, Kevin Cook, Steve Bair, Mark Harris, Dave Lent, Doug Ricks, and Van Burtenshaw.

IN TESTIMONY WHEREOF, I have hereunto set my hand and affixed the Great Seal of the State of Idaho. Done at Boise, the Capital of Idaho, this Tenth day of January, in the year of our Lord, two thousand and twenty-two, and of the Independence of the United States of America, the two hundred and forty-sixth.

/s/ LAWRENCE DENNEY
Secretary of State

The Certificate of Election was ordered filed in the office of the Secretary of the Senate.

Roll call showed all members present except Senators Bair and Johnson, absent and formally excused by the Chair. [District 17, Vacant]

Prayer was offered by Chaplain Doug Armstrong, Eagle Nazarene Church, Eagle, Idaho.

On request by Senator Anthon, granted by unanimous consent, the Sergeant-at-Arms, Sarah Jane McDonald, escorted the Idaho State Police Honor Guard into the Senate Chambers to present and post the colors for the Second Regular Session of the Sixty-sixth Idaho Legislature.

President Pro Tempore Winder provided a brief history of the Idaho State flag flown over the domes of the House and Senate Chambers during each session of the Legislature. He explained that the flags represent the spirit of our citizens and serve as a symbol of Idaho's sovereignty. They further serve notice to the State that the Legislature, the elected representatives of all the citizens of Idaho, is in session. The flags are raised when the Legislature convenes and will be retired when the Legislature adjourns sine die.

The Pledge of Allegiance was led by Sergeant-at-Arms, Sarah Jane McDonald. President McGeachin presented the Idaho State flag to the Honor Guard to be raised above the Senate Chamber to fly during the Second Regular Session of the Sixty-sixth Idaho Legislature and the Idaho State Police Honor Guard exited the Chamber.

On request by Senator Anthon, granted by unanimous consent, the Senate Sergeant-at-Arms, Sarah Jane McDonald, escorted Gaudeo, the Ambrose High School Performance Choir into the Senate Chambers for the purpose of singing the "Star Spangled Banner" and "America the Beautiful", directed by Julia Kapsoff.

On request by Senator Anthon, granted by unanimous consent, the Senate advanced to the Fourth Order of Business.

**Reading of Communications**

November 21, 2021

Dear Pro Tem Winder,

Serving in the Idaho Senate is a privilege afforded to few. To enjoy that honor for the last 15 years has been a highlight of my life. Sometimes life serves up curveballs that are very difficult to hit. Health issues of my dear wife Lori and oldest son Josh have provided a couple of pitches that need complete attention.

Since Lori's diagnosis in 2018, we have together found pathways to continue serving constituents in Bingham County. Since Josh's terminal diagnosis after Labor Day, Lori has been unable to process the reality of his illness, and her abilities have rapidly declined. She needs and deserves much more attention. Simply stated, we cannot find a way to balance our family's needs with continued service in the Legislature for the upcoming legislative session.

I therefore request a medical leave of absence from the Idaho Senate for the upcoming session, so I may give my full attention to Lori and Josh. I further request that another Senator be appointed as JFAC Co-chair in my stead.

Former Representative Julie VanOrden has accepted my request to serve as the District 31 Senator in my leave of absence. She stands ready to begin service immediately, and desires to be sworn in as soon as possible.

Serving in the Idaho Senate has been a remarkable experience. The bond with other legislators is what is treasured most highly. There are so many true Statesmen in the legislature!

I leave the legislature praying I have lifted the Senate and my fellow Senators in some small way. It is a fact certain that each Senator, past and present, have inspired me to become a better person. At the end of day, isn't becoming a better person and lifting others what is truly important?

Please express my appreciation to all Senators for the privilege of serving with them. You, and they, will always hold a sacred spot in my heart.

With Respect and Appreciation,

Senator Steve Bair

The correspondence was ordered filed in the office of the Secretary of the Senate.

On request by Senator Anthon, granted by unanimous consent, the Senate advanced to the Eighth Order of Business.

### Messages from the House

January 10, 2022

Dear Madam President:

I transmit herewith **HCR 26**, which has passed the House.

MAULIN, Chief Clerk

**HCR 26** was filed for first reading.

On request by Senator Anthon, granted by unanimous consent, the Senate advanced to the Eleventh Order of Business.

### Introduction, First Reading, and Reference of Bills, House Petitions, Resolutions, and Memorials

**HCR 26**, by Moyle and Rubel, was introduced and read at length.

Moved by Senator Anthon, seconded by Senator Stennett, that all rules of the Senate interfering with the immediate consideration of **HCR 26** be suspended. The question being, "Shall the rules be suspended?"

Roll call resulted as follows:

AYES—Agenbroad, Anthon, Bayer, Blair (Johnson), Burgoyne, Burtenshaw, Cook, Crabtree, Den Hartog, Grow, Guthrie, Harris, Heider, Lakey, Lee, Lent, Lodge, Martin, Nelson, Nye, Patrick, Rice, Ricks, Riggs, Semmelroth, Souza, Stennett, Thayn, VanOrden (Bair), Vick, Ward-Engelking, Winder, Wintrow, Woodward, Zito. Total - 35.

More than two-thirds having voted in the affirmative, the President declared the rules suspended and announced that **HCR 26** was before the Senate for final consideration.

On motion by Senator Anthon, seconded by Senator Stennett, **HCR 26** was adopted by voice vote, title was approved, and the resolution ordered returned to the House.

On request by Senator Anthon, granted by unanimous consent, the Senate advanced to the Twelfth Order of Business.

### Second Reading of Bills

On request by Senator Anthon, granted by unanimous consent, the Senate went at ease for the purpose of attending a joint session to hear the Governor's State of the State and Budget Address.

### JOINT SESSION

Pursuant to **HCR 26**, the hour of 1 p.m. having arrived, the members of the Senate entered into the House Chamber and met in Joint Session with Speaker Scott Bedke presiding.

Roll call showed all members present except Senator Burgoyne, absent and excused by the Chair.

The Prayer and Pledge of Allegiance was offered by Chaplain Tom Dougherty.

On request by Representative Moyle, granted by unanimous consent, the Speaker appointed three committees to wait upon the Supreme Court Justices and Appellate Court Judges, the elected officials, and the Governor and escort them to the House Chamber.

The Speaker appointed Senators Lakey and Nye, and Representatives Chaney and Gannon as the committee to wait upon and escort the Supreme Court Justices and Appellate Court Judges to the House Chamber.

The Speaker excused the committee.

The Speaker appointed Senators Lee and Ward-Engelking, and Representatives Monks and McCrostie as the committee to wait upon and escort the elected officials to the House Chamber.

The Speaker excused the committee.

The Speaker appointed President Pro Tempore Winder and Senator Stennett, and Representatives Moyle and Rubel as the committee to wait upon and escort the Governor to the House Chamber.

The Speaker excused the committee.

The committees appointed by the Speaker returned and escorted the Supreme Court Justices, Appellate Court Judges, the elected officials, and the Governor into the House Chamber where they were presented to the Joint Session by the Speaker.

The Speaker introduced His Excellency, the Governor of the State of Idaho, Brad Little, and the following **State of the State and Budget Address** was delivered by the Governor:

Mr. Speaker, Mr. Pro Tem, Madam President, honored legislators, my fellow constitutional officers, Mr. Chief Justice and members of the judiciary, my family, friends, and my fellow Idahoans.

It's good to deliver this speech back in the chambers. Last year I closed my State of the State address by saying, "In times of hardship, opportunity for growth emerges."

There's no doubt the past couple of years have presented incredible challenges. Our frontline workers in healthcare, public safety, and education in particular have done an exceptional job.

Today, we have a few of these pandemic heroes here with us. They are nurses, doctors, police officers, guardsmen, and teachers. I would like to invite them to please stand up. Please, everyone, join me in recognizing them and their colleagues and thanking them for their service to our great state.

My friends, I stand before you today with great optimism and excitement about the once- in-a-lifetime opportunity before us.

Idaho's economy is stronger than ever before.

We're one of only four states with more jobs today than before the pandemic. Idahoans are working. We have one of the lowest unemployment rates in the country. Our budget is balanced.

We have robust reserves.

Idaho businesses and citizens benefit from living and working in the least regulated state in the nation.

We've turned more money back to the citizens through historic tax relief and strategic investments in the areas that impact their daily lives.

And for the second year in a row, we have yet another record budget surplus. My friends, our success is no accident.

While other states liquidated their rainy-day funds and begged politicians in Washington, D.C. for a bailout, together we rolled up our sleeves, made tough decisions, and led Idaho.

In Idaho, we manage government the same way families manage a household budget. It is basic "kitchen table economics." It means facing tradeoffs head on, choosing to live within our means, saving for hard times, cutting waste, and stretching our dollars further.

While D.C. is digging the country into a \$29 trillion hole, Idaho has a record surplus of \$1.9 billion and counting.

While D.C. continues to crank out onerous new regulations, we took an axe to Idaho's regulations for three straight years, and we continue to widen our lead as the least regulated state in the nation. In fact, since I took office three years ago, we have cut or simplified 95-percent of Idaho regulations. And now, through our Zero-Based Regulation initiative, this year we aim to cut or simplify another 20-percent of what remains, removing rocks from the shoes of small businesses.

While D.C. wants to raise taxes on all citizens as Bidenflation surges, Idaho has put more money back into the people's pockets. Last year, together we cut income taxes and returned \$450 million to all Idaho citizens and businesses.

It was called the biggest tax cut in state history, but I call it a good start.

While President Biden divides Americans in his attempts to elevate the role of government in citizens' lives, coercing Americans with government-imposed vaccine mandates, Idaho says, "No."

Our lawsuits challenging Biden's polarizing vaccine mandates are working. I banned divisive "vaccine passports."

I never mandated masks or vaccines.

We responded to a crisis with a balanced approach and kept Idaho open.

And, while President Biden continues to dismiss the catastrophe at the U.S.-Mexico border, Idaho is banding together with other states to act.

I traveled to the border last summer, where I saw for myself how Mexico drug cartels control access into our country! All because of President Biden's flawed border policies. This is completely unacceptable. Biden's inaction has spawned a growing drug threat in our state. The vast majority of illicit drugs in Idaho are now sourced in Mexico.

Idaho families deserve better.

Last summer, I sent a specialized team of Idaho State Troopers to Arizona to help fight the drug flow into our country and our state. We sent our best to protect Americans and Idahoans from the drug cartels, and those troopers returned with new knowledge and training to help law enforcement here at home fight the drugs that have devastated so many lives.

We have some of those troopers here with us today. Gentlemen, please stand so we can recognize you.

And now, I am asking for your support to deploy "Operation Esto Perpetua." I will have more to share in the coming weeks, but "Operation Esto Perpetua" will bring together law enforcement and communities in new ways.

We will continue to fight the consequences of our loose border and curb the smuggling of killer drugs such as fentanyl into our state from Mexico.

Folks, we have been able to set the example of accountable, responsible government here in Idaho. My family and Teresa's have been in Idaho for generations. We want nothing more than for our grandchildren to stay settled in Idaho and enjoy their grandchildren here too.

Teresa and I want the same for your grandchildren, too.

By now, you know my goal - for Idaho to be the place where we all can have the opportunity to thrive, where our children and grandchildren choose to stay, and for the ones who have left to choose to return.

Think about someone you know who demonstrated true leadership. For me, my father, David Little, Teresa's father, Phil Soulen, and an old friend, Louise Shadduck, come to mind.

Here's what I've learned from them.

Leaders give people confidence and show the way through humble strength. Leaders go through life with a spirit of service.

Leaders listen.

The voice of a leader is effective, not just loud.

Every day I endeavor to live up to the example of my mentors. That is what the people of Idaho deserve from their Governor, and it is what they deserve from all those elected to public office.

I have a plan for Idaho - a path to give back our record budget surplus to Idahoans through continued tax relief and strategic investments where they make the biggest difference in their daily lives.

My plan is called LEADING IDAHO.

My plan is rooted in a longstanding conservative principle - fiscal discipline.

For the first time in state history, Idaho was upgraded to a Triple-A credit rating. It is an achievement that will save taxpayer dollars and, importantly, reflects our dedication to conservative, responsible budgeting.

Earlier today I delivered a budget that is balanced and holds the line on spending.

My budget pays off state building debt, saving taxpayers tens of millions of dollars in interest payments.

My budget also puts us on a path to pay off all known deferred maintenance needs - those backlogged repairs needed in our infrastructure - over the next ten years.

And my budget bolsters our rainy-day funds to a record level, putting more than \$1 billion in the bank to guard against future downturns.

We must be even more vigilant in perceived times of plenty to make decisions that are prudent and will withstand the test of

time. We did not spend our way to a surplus, and budget surpluses must never become an excuse for wasteful spending.

There's no better feeling than giving back to hardworking Idahoans more of what they earned.

To date, in my first term, we have cut nearly \$1 billion in taxes. Let me repeat that.

Together, we have given back nearly \$1 billion to Idahoans through income tax relief, property tax relief, and relief from unemployment taxes on Idaho businesses.

And today, I am proposing we double down on our efforts.

I propose we return more than \$1 billion in income tax relief to Idaho taxpayers over the next five years!

And let's not wait. Right now, Idaho families are forced to pay more for food, gas, and everyday goods as inflation swells under Biden's watch. Poor handling of the economy, oppressive regulations, and a bloated federal budget have all contributed to inflation rates we have not seen in 40 years.

With Bidenflation exploding, let's immediately pass \$600 million in income tax relief that we can get back into the wallets of all Idahoans this spring!

I propose \$350 million in immediate rebates and \$250 million in ongoing income tax relief, allowing working families to keep more of what they earned and free them from the penalty of living with historic inflation.

We cannot delay in deploying this investment in working families.

We must also support Idaho's small businesses, the backbone of our economy.

Last year, we strengthened our unemployment insurance trust fund, making it one of the most solvent funds in the country. Doing so led to a \$200 million tax cut for Idaho businesses.

I propose we lock in these lower rates for the next two years, saving Idaho businesses \$64 million so they can continue creating good Idaho jobs.

Some say we shouldn't cut taxes, that we have to choose between cutting taxes and meeting important needs within our state.

This is false.

My budget shows we can do both.

We can spend less than we bring in, offer tax relief, and fund the top priorities - education and infrastructure.

More than 130 years ago, the founders of our state in writing the Idaho Constitution recognized the stability and endurance of our republican form of government depends mainly on "the intelligence of the people."

A person's education starts in the home. Parents are in the drivers' seat, as they should be and always will be in Idaho.

The children today will become the workforce of tomorrow. They will be the engineers, loggers, doctors, farmers, construction workers, entrepreneurs, teachers, truckers, you name it. We want our Idaho students to receive a strong foundation of learning now so they can stay here and make our state strong for future generations.

And Idaho schools partner with parents in the education of their children.

That's why I propose making the largest investment in Idaho education, ever. My budget adds \$1.1 billion over the next five years to improve Idaho education. And it all starts with literacy.

Today, I propose adding \$47 million in ongoing funding to literacy programs - to build on the reading success that parents instill at home. Local school districts across Idaho, with input from families, will decide how best to deploy the resources.

Literacy has been my top priority because it just makes sense. Our investments in education later on will have more impact if we can work with families to get more students to read proficiently early on.

Adding these investments now will increase state literacy funding five-fold since I took office just three years ago.

I cannot think of a more "back to basics" investment that will make a meaningful difference in students' lives today and for years to come.

The key to strong schools is parental involvement. Our system of public education in Idaho is locally driven, and the system works best when parents and families engage.

Parents partner with teachers in the education of their children, and we cannot meet our commitment to our students without supporting the people who teach them in the classroom.

If you're running a business, you know you can only attract and retain dedicated, quality workers by paying them competitively, offering good benefits, and making them feel valued.

Our educator workforce is no different.

My budget invests in these partners - our teachers - which ultimately serves Idaho families.

The pandemic pushed many parents toward new ways of meeting the educational needs of their children. Last year, we served 18,000 Idaho families and 46,000 students with grants to help cover educational needs outside the classroom.

And now, to build on our success, I am proposing \$50 million for the new Empowering Parents grants. The grants will cover things such as computers, tutoring, internet connectivity and other needs so students have the best chance for success.

The Empowering Parents grants put families in control of their child's education, as it should be.

My Leading Idaho plan also makes other key investments to support law enforcement, our veterans, our valued members of the Idaho National Guard, and safe and secure elections.

I want to add more than \$60 million to address needs within the Idaho State Police. Idaho is a state that openly values its police officers. While others seek to "defund the police," Idaho DEFENDS the police. Idaho truly is a state that "backs the blue."

I also propose we make the biggest investment ever in our State Veterans Homes - \$75 million - to give our veterans better quality of life and improve services for them. Our veterans have done so much for us, and they deserve it.

I also want to invest in the soldiers and airmen of the Idaho National Guard. My plan doubles our investment in scholarships

for Guardsmen, which boosts our efforts to get more Idahoans to sign up for the Guard. Military service has always been and always will be one of the most honorable ways for a person to serve their community, state, and country. We are so grateful to our Guardsmen and all military service members and veterans for all they have done and continue to do to promote freedom and peace in our country.

We can honor the sacrifice of our military heroes by doing our part to make America as strong as possible - and we all know free and fair elections are the cornerstone of our democracy.

We're very fortunate to live in Idaho where our elections are free of fraud. But there is more we can do to elevate Idahoans' trust in their elections.

Last year, I established my Cybersecurity Task Force to come up with new ways to protect Idaho from cyber-attacks and bolster election integrity. My Leading Idaho plan implements recommendations from the task force.

I am proposing \$12 million to establish the new Cyber Response and Defense Fund to ensure the state is prepared to respond to any cyber-attack from bad actors in China, Russia, or elsewhere.

I'm also pushing for proactive integrity audits to enhance transparency and confidence in our elections here in Idaho.

We must make election integrity a priority, to give our citizens confidence that their vote matters.

Idaho has a strong track record of giving back through tax relief and by making significant investments in the areas that impact Idahoans' daily lives the most.

Things like... clean and plentiful water for a strong agricultural sector; improved broadband access; increased medical capacity to support a healthy Idaho and our healthcare heroes; better access to outdoor recreation and improved land and fire management; and better opportunities through investments in career technical education, colleges, workforce development and housing, and childcare.

The list goes on and on. My Leading Idaho plan will continue to invest in all of these important areas and many others.

Protecting Idahoans of all ages from the afflictions of mental illness and addiction led to the creation of the three-branch Behavioral Health Council in 2020. It was a step that is now helping Idaho families access the services they need when they need it most.

Behavioral health issues affect Idaho's corrections system, judicial system, hospitals, local communities, and schools.

Today, we are joined by Krista Gneiting, the brave teacher who confronted and disarmed a 12-year-old girl at school last May in Rigby. Krista calmly took the gun away from a little girl in crisis, and then held her in her arms until police arrived.

Krista, please stand so we can recognize you for protecting everyone in the building that day and for your compassion with that sixth-grade girl.

As I know Krista can attest, there is a strong connection between safe communities and access to behavioral health resources for Idahoans of all ages.

Today, I am proposing we accelerate the implementation of the Behavioral Health Council's recommendations by investing

\$50 million to improve behavioral healthcare across Idaho. It is one step of many we will take to help prevent tragedy, improve lives, and make our communities safer.

Another area where we are making real progress to improve safety is the time Idahoans spend on the road.

Last year, together we passed the largest transportation funding package in state history. Our sustainable transportation funding solution added historic amounts for new infrastructure to improve safety and ease congestion, giving all Idahoans more precious time with their families.

And we did it without raising taxes. But we cannot stop there.

The continued prosperity of our farmers, ranchers, and the folks who work in the woods depends on a safe, efficient system of roads and bridges.

We cannot continue our record economic trajectory if our logging trucks can't get across old bridges or we can't get our farm products to market.

My budget invests another \$200 million in ongoing funding to fully address our known maintenance needs locally and statewide. I also propose we invest another \$200 million in one-time funding to clear out one-third of the backlog of deficient bridges.

We have a once-in-a-lifetime opportunity to fully fund known needs - to maintain our roads and bridges permanently - with no new taxes.

I am unwilling to put the safety of Idahoans and the maintenance of our state's roads and bridges at the whims of the feds. We must not look to Washington, D.C. to solve our problems. Leading Idaho means addressing our own state's needs. Together, we'll show Washington, D.C., how to tackle transportation - by fully funding known gaps with no new taxes and providing long-term funding for long-term needs.

Ladies and gentlemen, the challenges of the past two years for many, including myself, have driven us to more frequent prayer and a closer relationship with our creator.

And out of the hardships we have strengthened. We have kept things headed in the right direction.

We won't spoil the once-in-a-lifetime opportunity before us to give the people back their hard-earned dollars through tax relief and make historic investments where they matter most.

We will stay focused on LEADING IDAHO.

I want to thank my family for their unwavering support. Family is the nucleus of all that is important in life. And our First Lady - her good heart is a source of strength and peace for our family and the entire state.

And I want to thank YOU - the people of Idaho - for Idaho's success. You have proven you will always stand up for the strength and prosperity of our great state.

Thank you and God bless.

The Speaker thanked Governor Little for his message.

The committees came forward and escorted the Governor, the Supreme Court Justices, Appellate Court Judges, and the elected officials to their chambers and offices respectively, and were, on their return, thanked and discharged by the Speaker.

On motion by Representative Moyle, seconded by Representative Monks, by voice vote the State of the State and Budget Address was ordered spread upon the pages of the House and Senate Journals.

On motion by Representative Moyle, seconded by Representative Monks, by voice vote the Joint Session was dissolved.

The Senate advanced to the Tenth Order of Business.

### Motions and Resolutions

Senator Patrick was recorded present at this order of business.

On request by Senator Anthon, granted by unanimous consent, President McGeachin appointed a committee consisting of Senator Lakey, Chairman, and Senator Burgoyne to escort Chief Justice Bevan into the Senate Chamber where he delivered the following **State of the Judiciary Address**:

Madam President, Mr. President Pro Tem, and distinguished members of the Idaho Senate, my colleagues on the Supreme Court and Court of Appeals, and fellow Idahoans.

I thank you, on behalf of Idaho's third branch of government, for allowing me to address you today. This speech offers me a chance to reflect and report on the past year, while providing you with a road map of the courts' needs going forward.

I come here on behalf of not only my fellow justices and Court of Appeals judges, who are with me in the gallery, but also the hundreds of judges, local court clerks, administrative staff and other state and county personnel who help our system run. I thank them for their dedicated service and willingness to continue laboring under less-than-ideal conditions this past year. As I'm sure you recognize, we have faced challenges in 2020 and 2021 unlike anything we have seen for a century. But through it all, because of the dedication of so many devoted people, the rule of law remains alive and well in Idaho.

And that is what we continue to bring to this constitutional partnership with you. While in some parts of this country it's not uncommon to find the branches of government at odds with each other, in Idaho, we have long remained unwavering in our commitment that as co-equal branches, we strive together to support and enable the freedom, happiness and security of our people.

Our recent experiences are not altogether new in Idaho's history. In fact, our state courts have evolved with the times, and our friends in the Legislature have been a part of making this happen. We can go back almost a century to the 1920s, when legislation created small claims courts and expanded the number of justices on Idaho's Supreme Court.

In 1949, the Legislature created the position of coordinator of the courts, an extra role assigned to a sitting justice to help manage administrative needs across our judicial districts. That position was a first step in what led to the court reforms of the 1960s: our unified court system, the magistrate division, the Idaho Judicial Council and the Administrative Office of the Courts.

In the 1970s, Idaho was among the first states in the nation to have automated tracking of trial and appellate cases. In

the eighties you funded what became our first electronic case management system, ISTARs. And in the nineties, with your help, we first piloted the treatment courts that have grown to include drug courts, mental health courts, DUI courts, and veteran's treatment courts. Idaho's treatment courts are among the nation's finest - providing our most valuable tools to prevent recidivism.

This year marks the 55th anniversary of our Administrative Office, which provides invaluable assistance supporting the Court's constitutional role to administer our statewide court system. The employees of our Administrative Office focus first and foremost on supporting our local courts. Especially in my current role, I am extremely grateful for their work.

Throughout these decades, even going to "court" has had a flexible meaning at times. As one example, Idaho newspapers record multiple instances of court being held on trains passing between cities more than a century ago. We find ourselves today again innovating to meet the needs of society, holding court online or using space at local fairgrounds to enable jury selection in a safe and prudent manner.

History also records examples of Idaho courts having to postpone or adjust their work during the influenza pandemic of 1918 to 1920. I am grateful in this modern age to have help from technology — also funded by you over the past five years — which has helped us maintain our courts and keep them open to the public.

I offer these examples to show that the past two years' challenges, while unique, are not entirely novel to our state government. The judiciary has always worked to build traditions that support the rule of law while adapting as society, times, and technology grow. Our continued ability to blend established process with the needs of modern Idaho have ensured that throughout the past two years, the courts remained open to all who wished to file or respond to a claim. I am thus extremely proud of how our courts have responded to the crisis.

Many people who interact with Idaho's courts do not do so by choice. Defendants, jurors and witnesses are examples of people who are ordered to participate in a court proceeding. Judges, clerks and other staff keep the whole system moving. In order to balance the interests of those required to be in such places without a choice, with those who choose to come to a courthouse, the Idaho Supreme Court developed its COVID-19 emergency orders. These orders act both to keep courts open and accessible, while also protecting the health and safety of those who have no choice about whether they must appear.

These steps took different forms throughout 2021. During the worst waves of the virus, my fellow justices and I ordered uniform precautions statewide, including moving most court proceedings online and adjusting various rules about how hearings are conducted. For much of the year, we were pleased to be able to give judicial districts more flexibility to manage local conditions — and this is how courts in your areas are operating today.

Importantly, these orders changed the ways that hearings were conducted — but they did not halt court business.

In 2019, before the pandemic, judges in Idaho's state courts presided over more than 300,000 court hearings of all types. In 2021, they conducted nearly as many, and conducted them safely.

The only activities that were completely paused during parts of the year were jury trials and grand jury proceedings. These

gatherings represent our highest-risk activities for COVID-19, with large groups of people gathered for days or weeks at a time in small spaces. As a result, such proceedings merited special caution. That said, it's important to realize that hundreds of trials still took place across this state in 2021 at times when the health guidance allowed them.

Much focus has been put on orders delaying trials, and understandably so. But even before the pandemic, very few cases in Idaho courts actually resulted in a trial. On average, 2% or less of Idaho criminal cases went to trial in 2018 and 2019, a percentage that aligns with patterns in other states. Cases resolve through many ways other than trial: the parties choose to settle, they receive a final decision based on the law, or the party who filed the case chooses to dismiss it.

Some case types don't include a trial at all, like adoptions: Idaho's judges handled 820 of those this past year. Courts also managed thousands of open guardianship and conservatorship cases — more than 9,500 were open at the time we assembled our annual report to you.

None of this has been simple. We expect it will take at least a couple of years to fully address the effects of the pandemic. Idaho's courts still face a dramatically higher number of unresolved cases compared to before COVID-19 reached this state. As of December 2021, that included more than 41,000 pending criminal cases, an increase of 29% from December 2019. On the flipside, pending civil caseloads have declined almost 6% over that same period.

We have gotten frequent questions about this backlog since I discussed it at this time last year. It is important to understand that there are many reasons a court case doesn't move forward. With the unique circumstances that affect each case, it is hard to say what the primary reasons are. We know that overall, the number of pending cases has increased during the pandemic; that it grew more in the pandemic's first year than in its second; and that the growth has not been uniform throughout Idaho's 44 counties. Regardless, we are committed to tackling this challenge even as the pandemic continues.

Technology continues to offer us solutions. Over the past year, we've expanded and refined our investment in videoconferencing and related hardware, allowing courts to hear cases remotely and to include participants both within and without courtrooms. Our livestreaming directory can enable access to public hearings when the public cannot attend in person. Judges, clerks and administrative staff have found it necessary to work from any location and respond to the ebb and flow of the pandemic; we have invested in technology to give them as much flexibility as possible while ensuring reliable, secure courts.

In Ada County we tested an alternate solution to resolve eviction cases outside of court called online dispute resolution. While Idaho's short statutory timeline for evictions posed a challenge to this tool's effective use, we continue to examine better ways to use technology to enable parties to resolve their disputes.

The Guide & File program allows people to complete and file many court forms themselves over the internet, including for a civil protection order, divorce without children, minor guardianship, or small claims. As you may imagine, this tool has become markedly more important during the pandemic; in fiscal year 2021, more than 7,500 people used it to open an Idaho court case.

Our guardianship and conservatorship monitoring coordinators have found that with the use of remote hearings, they actually have less need to travel and find themselves in greater demand by the courts because of their increased availability over videoconference. Similarly, group and individual counseling services for our treatment courts became available online within weeks of COVID-19 arriving in Idaho and have continued to offer increased flexibility for participants of those courts.

Investments in technology have made it possible to keep courts operating over the past two years, but our foresight will benefit the people of Idaho long after this pandemic has passed. We fully expect that the benefits of technology and the time savings it provides will continue as one silver lining to the otherwise dark cloud of the pandemic. But the realities of financing such an undertaking require that we bring you a request to support investments in technology in dedicated ways as we continue to meet our constitutional duties.

The Idaho Supreme Court's technology system is mainly supported through the Court Technology Fund. The money in that fund mainly comes from legislatively established fees imposed in criminal and civil cases. The cost of providing technology to support Idaho's courts has significantly increased over the last five years, far outpacing the collected fees designed to support these needs. Simply put, revenues in the dedicated fund are not keeping pace with the cost of supporting court technology operations across the state — especially when those operations will be in heavy demand to address the pending cases I described earlier.

The Court is examining various solutions to this issue. One involves revisiting certain costs related to our electronic filing system. This year the Court requests a one-time General Fund appropriation to pay the cost of electronic envelope fees within that filing system. This short-term appropriation will provide the Court time to research and present a longer-term solution, likely transitioning some or all of those costs to parties who use the system.

Technology supporting remote work and proceedings is not a temporary need, but an essential component to Idaho's courts becoming more efficient and flexible. Because some form of virtual court proceedings will need to continue well into the future, there is no expectation that associated costs will subside. Indeed, in 2021, Idaho's courts held hundreds of thousands of hearings via Zoom, a platform that was not planned or budgeted for when it was implemented. At the same time, greater use of technology and changes in the threat landscape have led to greater cybersecurity concerns for state courts throughout the nation — Idaho included.

To address these concerns, the Court requests a one-time appropriation from the Coronavirus State and Local Fiscal Recovery Fund of the American Rescue Plan Act (ARPA) of 2021 with carryover spending authority over the next three years. This funding would support continued development of our court technology infrastructure and cybersecurity, while preserving the Court Technology Fund to support ongoing costs.

Idaho's courts offer many services that benefit both case parties and the state of Idaho, supplying additional support that can dramatically improve outcomes for all involved. These include our family courts, treatment courts and other programs.

Evaluations of Idaho's felony drug courts, DUI courts, and mental health courts have shown results on par with national averages, reducing recidivism between 10 and 15%. Some of Idaho's treatment courts serve as national learning centers and

are viewed as national leaders for how to properly engage with court participants. Programs focused on domestic violence cases also decrease those incidents, and services for children and parents involved in divorce or custody cases reduce conflict within Idaho families.

For fiscal year 2023 the Court seeks increased spending authority to expand and improve these services. Each year, family court service offices spend their full allocated amount but report that there are still many families who go unserved. We propose to increase this amount of direct service funding by 20% over the next two years. We also propose establishing domestic violence courts in the two judicial districts that do not currently have them, and we seek to put more state resources into treatment court coordination, allowing the courts more options in determining the number of treatment courts and participant caps throughout the state. These actions would be funded by increased spending authority for existing revenues in the drug court, mental health court and family court services fund.

Idaho's courts provide funding for treatment services for treatment court participants that are unable to be funded through either private insurance or Medicaid. Over the last year, other state agencies have increased reimbursement rates for some treatment services beyond the levels used to estimate the courts' planned costs. Parity in these rates is vital to ensuring court clients can access the treatment they need. The Court requests increased spending authority in the Substance Abuse Treatment dedicated fund to ensure this parity.

The Court also seeks spending authority from this fund to support newly adopted Best Practice Standards for Treatment Courts. Research shows these actions improve outcomes for treatment court participants. Investing in them will reduce future substance abuse and recidivism among those participants. The fund holds sufficient revenue for both these requests without more demands on taxpayers.

Some services are necessary to help people access the courts. The courts have an obligation to provide access for people for whom English is not their customary language. In this next fiscal year, the Court requests General Fund support for language access services in the Third, Fourth and Sixth Judicial Districts, all of which have identified a need for funding based on local demand — a need we expect to grow as we work through more of our pending caseload. In Ada County alone, an average of 3,600 requests for interpreter services in 42 different languages have been made over the past two years.

The demand trends I describe here also affect the basic administration of the courts.

The trial court administrators, or TCAs, in our judicial districts perform vital work helping the Supreme Court with our constitutional oversight of our unified and integrated judicial system. Under the direction of their administrative district judges, the TCAs work with judges, elected county officials, attorneys and others to maintain efficient court operations. In most judicial districts they cover multiple counties and vast geography. They are tasked to act as the courts' liaisons in each county throughout the district, managing judicial disqualifications in the magistrate court, appropriate staffing of court reporters, networks of treatment providers for the treatment courts, and many other necessities.

Their work is thus both legally complex and time-intensive — and it has become clear that a single person can no longer accomplish all the necessary tasks to function adequately. As such, our administrative judges recently identified funding a

deputy TCA in each district as their top budget priority for fiscal year 2023. The Court requests General Fund support to create these positions.

Along with new deputy TCAs, we again ask for additional judicial resources. Last year, you funded additional judges for the Third Judicial District. Now we ask your help for the Fourth District to add one district judge and court reporter to be chambered in Elmore County, and two magistrate judges to be chambered in Ada County.

In fiscal year 2021, the Fourth District had 1,628 cases per magistrate judge — a volume of work that requires magistrate judges elected in Boise and Valley counties to spend two days a week presiding over Ada County cases. The level of administrative work in the Fourth District also means its administrative district judge cannot carry a full traditional caseload. The Fourth District would like to expand its treatment courts in response to need but cannot do so without additional judicial support.

Meanwhile, we still face challenges in judicial recruitment. My predecessors have told you for some years now about the retirement and recruitment trends that challenge Idaho's judiciary. Recruitment for district judges remains a particular challenge. We are preparing to survey members of the State Bar about their interests in, and concerns about, becoming a judge. Past surveys have repeatedly identified as a primary issue that judicial salaries are not competitive enough with attorneys in the workforce. Judicial salaries sufficient to attract the best and the brightest must be addressed if we are to recruit such individuals to the bench.

Idaho Code requires separate legislation for any change in judicial compensation. The Court for fiscal year 2023 asks that you consider at least the same percentage of change in compensation for judges as you do other state employees, especially in consideration of the role compensation plays in the recruitment difficulties for district judge positions in the state.

While recognizing our need for additional human capital to function at our best, we also acknowledge that collaboration across our branches is increasingly important to our duties for the people of Idaho. Previously, our Court joined you in establishing the Idaho Behavioral Health Council to find better solutions for those in this state who live with mental illness and addiction. I was proud to see the release of the Council's strategic plan this past year, and I can report the courts have been active in starting to implement our areas of the Council's top priorities.

The Council this session endorses legislation to improve Idaho's civil commitment laws. This bill reduces ambiguity and creates more consistent processes across the state. It also addresses funding questions stemming from legislation passed last year. It is just a start; next year, we look forward to bringing you a proposal, now in development, on earlier engagement with individuals who end up in the justice system.

Judges this spring will help to lead service mapping projects in three counties, gathering community stakeholders to identify gaps in behavioral health care for people involved in the criminal justice system and in intercepting those who need that care. This work should give those communities the information they need to respond more effectively to such cases and address them earlier. Assuming these initial projects succeed, a court-sponsored facilitator training will enable them to be repeated in the other regions across the state.

This topic is a meaningful one for the judiciary. Judges have spontaneously reached out to provide feedback on Idaho's current system, and have volunteered their time to work on projects related to the Council. Our annual fall judicial education conference focused heavily on creating behavioral health expertise within the judiciary, reinforced by a series of webinars with nationally recognized speakers on this topic. I hope you have seen the same interest in the Legislature. I can pledge the Court's continued support for our partnership.

Other important work to improve our courts continues, regardless of the pandemic. We continue to invest in our electronic case management system; we performed a key upgrade last year providing greater efficiencies and resolving various software concerns. Just this month we relaunched our public court data website to provide a more comprehensive view of information spanning court activities and finances. The website gives independent access to court financial and filing data and is part of our commitment to operating transparent, accessible courts.

We are working to better tell our story and help Idahoans understand the role of the Judicial Branch. Indeed, the founders of this country recognized that an educated populace is necessary to maintain our system of government. Public education on topics such as the courts helps our citizens understand the third branch of government and their role in sustaining it. As James Madison said, "The advancement and diffusion of knowledge is the only guardian of true liberty."

The Court helps support several civic education efforts including those focused on teaching students, as our leaders for tomorrow, about our government. Often this is through helping to judge contests like last year's Attorneys for Civic Education Civics Contest, which in its first year received an exceptional number of essays by middle school students about constitutional rights and their related responsibilities.

For the Idaho Law Foundation's Law Day Podcast Contest, high school students submitted 5- to 10-minute podcasts on topics such as the relationship between law and morality, and on the application of American civil liberties throughout U.S. history. We partner regularly on educational institutes benefitting teachers and journalists, and we are working this year to build additional civic education programs within the courts.

It benefits us all when Idahoans learn more about their government: how it works, how to engage. Which brings me back to this annual gathering here. Together, each January we find ways to better serve the people and maintain a court system that uniquely reflects Idaho. We appreciate the opportunity once again to share our vision with you.

We are living through an extraordinary time. But together, we have seen Idaho and its people through such times before. Abraham Lincoln is quoted as saying, "You cannot escape the responsibility of tomorrow by evading it today." I have faith and confidence that we will continue to meet the demands of our tomorrows as we accept the challenges before us today — just like those who have come before.

Thank you for joining us to make it happen.

The President thanked Chief Justice Bevan for his remarks and Senator Lakey, Chairman, and Senator Burgoyne escorted Chief Justice Bevan from the Chamber, and the Committee was discharged.

On motion by Senator Anthon, seconded by Senator Stennett, by voice vote, the State of the Judiciary Address was ordered spread upon the pages of the Journal.

The Senate advanced to the Eleventh Order of Business.

#### BY EDUCATION COMMITTEE A CONCURRENT RESOLUTION

STATING FINDINGS OF THE LEGISLATURE AND HONORING THE LIFE AND ACHIEVEMENTS OF COACH ED CHEFF.

Be It Resolved by the Legislature of the State of Idaho:

WHEREAS, Ed Cheff was native to the Northwest, having been born in Butte, Montana, and raised in Woodland, Washington; and

WHEREAS, Ed attended Lewis & Clark College in Portland, Oregon, where he played baseball and football; and

WHEREAS, Ed began his coaching career as an assistant high school football coach in Tillamook, Oregon. In 1973, he became the baseball coach at Lower Columbia College in Longview, Washington, where in four seasons his record was 120-30; and

WHEREAS, in 1977, Ed moved to Idaho, assuming the head baseball coaching position at Lewis-Clark State College (LCSC) in Lewiston, where he compiled a 1,705-430-2 record, the fifth-most wins of a college baseball coach at any level of competition. With a .798 winning percentage, the second-highest

for a college baseball coach, Ed achieved one of the most successful records in college baseball and in college sports in general; and

WHEREAS, under Ed's leadership, the LCSC Warriors became a national powerhouse, winning 16 national championships in the National Association of Intercollegiate Athletics (NAIA), by far the most for any college baseball coach at any level; and

WHEREAS, Ed's baseball teams were famous for their discipline and toughness, with many of their practices inspired by football drills; and

WHEREAS, Ed's teams, despite playing in the NAIA, had a winning record against their National Collegiate Athletic Association (NCAA) opponents, including celebrated victories over highly ranked teams such as eventual NCAA champion Wichita State in 1989; and

WHEREAS, Ed's athletes included 72 NAIA All Americans and three NAIA Players of the Year. Of the athletes Ed coached, 114 were selected in the Major League draft and 16 played in the Major League; and

WHEREAS, Ed also served on the coaching staff for Team USA baseball in 1991 and 1994; and

WHEREAS, Ed was named NAIA Coach of the Year eight times and won the Lefty Gomez Award for lifetime achievement in amateur baseball in 2009; and

WHEREAS, Ed retired in 2010, remarking that he "never got burned out on baseball" and that he "loved it to the last game, the last practice"; and

WHEREAS, upon Ed's retirement, Coach Woody Hunt of Cumberland University called him "maybe the greatest coach in college baseball history"; and

WHEREAS, Ed was inducted into the NAIA Hall of Fame in 1994, the American Baseball Coaches Association Hall of Fame in 2006, and the National College Baseball Hall of Fame in 2012; and

WHEREAS, Ed was the first inductee in the Warrior Hall of Fame in 2011; and

WHEREAS, LCSC renamed its baseball stadium the Ed Cheff Stadium at Harris Field in 2017; and

WHEREAS, Ed and his baseball teams were known for their community outreach, volunteering at schools and on other service projects; and

WHEREAS, Ed passed away at home on January 15, 2022, at the age of 78; and

WHEREAS, Ed left an indelible mark on college baseball, LCSC, Lewiston, and the State of Idaho.

NOW, THEREFORE, BE IT RESOLVED by the members of the Second Regular Session of the Sixty-sixth Idaho Legislature, the Senate and the House of Representatives concurring therein, that the Legislature honors the life and achievements of Coach Ed Cheff, recognizes his outstanding contributions to college baseball, Lewis-Clark State College, Lewiston, and the State of Idaho, and extends its condolences and best wishes to his family and friends, including Ed's wife Karen and his sons Trevor, Tyler, and Toby.

#### BY EDUCATION COMMITTEE A CONCURRENT RESOLUTION

STATING FINDINGS OF THE LEGISLATURE AND SUPPORTING THE DEVELOPMENT OF STAND-ALONE CIVICS STANDARDS FOR IDAHO ELEMENTARY AND SECONDARY STUDENTS.

Be It Resolved by the Legislature of the State of Idaho:

WHEREAS, civic engagement is the foundation of our nation's form of democratic government; and

WHEREAS, participation in civic activities is essential to sustain our form of government; and

WHEREAS, research shows that civic engagement has declined in the United States in recent years; and

WHEREAS, civics education is essential in ensuring that students are informed and effective citizens who understand their responsibilities and rights; and

WHEREAS, public schools should promote students' knowledge and understanding of the foundational principles of the American system of government, including the Constitution, rule of law, separation of powers, judicial review, and federalism; and

WHEREAS, Section 33-1602, Idaho Code, requires that instruction in citizenship shall be given in all elementary and secondary schools; and

WHEREAS, all secondary pupils must show they have met the state civics and government standards through the successful completion of a civics examination in order to graduate; and

WHEREAS, national studies have found that Idaho's social studies and civics standard should be strengthened to better prepare students to participate in civic life; and

WHEREAS, Idaho's social studies standards, where current standards on civics are incorporated, are scheduled for review and updates; and

WHEREAS, stand-alone civics standards would better support student understanding of our nation's system of government and the opportunities and responsibilities of citizenship; and

WHEREAS, civics standards should emphasize the importance of an understanding of natural law as recognized by the American founders based on the works of Cicero and John Locke, which philosophy underpins the Declaration of Independence and the thinking of the founders.

NOW, THEREFORE, BE IT RESOLVED by the members of the Second Regular Session of the Sixty-sixth Idaho Legislature, the Senate and the House of Representatives concurring therein, that the Legislature does hereby resolve to call upon the State Department of Education to work with a group of stakeholders, including parents, educators, education organizations, and legislators, to develop stand-alone standards for civics instruction that include the teaching of natural law in Idaho schools for consideration by the State Board of Education and the Legislature.

#### BY RESOURCES AND ENVIRONMENT COMMITTEE A CONCURRENT RESOLUTION

STATING FINDINGS OF THE LEGISLATURE AND RESOLVING THAT THE STATE OF IDAHO RECOGNIZES THE 50TH ANNIVERSARY OF THE SAWTOOTH NATIONAL RECREATION ACT AND CELEBRATES THE CONTRIBUTIONS THAT IDAHOANS HAVE MADE TO PROTECT AND APPRECIATE THIS ICONIC LANDSCAPE IN IDAHO.

Be It Resolved by the Legislature of the State of Idaho:

WHEREAS, Congress approved the Sawtooth National Recreation Act on August 22, 1972, to preserve its natural, scenic, historic, pastoral, and fish and wildlife values and to enhance recreation activities on the land within; and

WHEREAS, the Sawtooth National Recreation Area was dedicated to the people of Idaho and the United States on September 1, 1972; and

WHEREAS, Idaho's former U.S. senators Frank Church and Len Jordan served as the authors and sponsors and shepherded the bill through the U.S. Senate; and

WHEREAS, Idaho's former U.S. representatives Orval Hansen and James McClure supported the House of Representatives' version of the bill; and

WHEREAS, the Sawtooth Primitive Area was designated as the Sawtooth Wilderness Area with the passage of the Sawtooth National Recreation Area Act; and

WHEREAS, the Hemingway-Boulders, Cecil D. Andrus-White Clouds, and Jim McClure-Jerry Peak Wilderness areas were designated pursuant to the Sawtooth National Recreation Area and Jerry Peak Wilderness Additions Act in 2015; and

WHEREAS, the Sawtooth National Recreation Area consists of 756,000 acres, including more than 700 miles of hiking trails, and more than 300 high-elevation alpine lakes, providing recreational opportunities for hiking, backpacking, fishing, boating, canoeing, rafting, wildlife watching, OHV riding, snowmobiling, photography, hunting, and bicycling to Idahoans and visitors from around the world; and

WHEREAS, the protections established by Congress have permitted millions of Americans to enjoy the natural beauty of the Sawtooth National Recreation Area and have resulted in additional visitation and tourism that contribute significantly to Idaho's economy; and

WHEREAS, Idaho's river outfitters and guides rely on the intact habitats and clean water within the Sawtooth National Recreation Area, which contribute significantly toward the economy of rural communities in the region; and

WHEREAS, the Sawtooth National Recreation Area includes the Sawtooth, White Cloud, Boulder, Pioneer, and Smoky mountain ranges, providing vital habitat, seasonal ranges, and migration corridors for ungulates, as well as ample hunting opportunities; and

WHEREAS, the Sawtooth National Recreation Area provides important habitat for steelhead, Snake River sockeye salmon, Chinook salmon, and multiple species of trout, including bull trout, which are important for recreational and tribal fisheries alike; and

WHEREAS, the Sawtooth National Recreation Area is home to the headwaters of the Big Wood, Salmon, Boise, and Payette rivers; and

WHEREAS, the Shoshone-Bannock Tribes have developed the Pettit Lake Weir facility to promote recovery of sockeye salmon; and

WHEREAS, sockeye salmon are tied to the history of the Shoshone-Bannock Tribes and are an integral part of their history and culture; and

WHEREAS, sockeye salmon migrate more than 900 miles from the Pacific Ocean to the headwaters of the Sawtooth Basin, marking one of the longest fish migrations in the United States; and

WHEREAS, the Sawtooth National Recreation Area and related wilderness areas provide significant economic benefits to local communities, many of which are almost solely dependent on visitors to these designated lands; and

WHEREAS, the State of Idaho recognizes the dedicated effort of the U.S. Forest Service and countless volunteers for 50 years of work to maintain the integrity and preservation of the land, water, and wildlife in the Sawtooth National Recreation Area and related wilderness areas; and

WHEREAS, the State of Idaho encourages the federal government to work with state partners and stakeholders to resolve potential disputes associated with the management of the Sawtooth National Recreation Area in a transparent and collaborative manner.

NOW, THEREFORE, BE IT RESOLVED by the members of the Second Regular Session of the Sixty-sixth Idaho Legislature, the Senate and the House of Representatives concurring therein, that the State of Idaho recognizes the 50th anniversary of the Sawtooth National Recreation Act and celebrates the contributions that Idahoans have made to protect and appreciate this iconic landscape in Idaho.

BE IT FURTHER RESOLVED that as land management agencies consider changes to future public land designations, those changes should be considered only through a transparent process that includes input from Idahoans, including those most impacted by new designations.

BE IT FURTHER RESOLVED that the federal land management agencies with responsibility over Idaho's Sawtooth National Recreation Area direct adequate financial resources and expertise to ensure the ongoing protection, management, utilization, and enjoyment of this designated national recreation area in Idaho.

#### **SCR 118**

##### **BY EDUCATION COMMITTEE A CONCURRENT RESOLUTION**

STATING FINDINGS OF THE LEGISLATURE AND CONDEMNING DIVISIVE CURRICULUM IN IDAHO SCHOOLS AND ENCOURAGING IDAHO SCHOOLS TO TEACH A FULL AND ACCURATE HISTORY OF THE UNITED STATES ALONG WITH THE PRINCIPLES OF FREEDOM AND INDIVIDUAL LIBERTY.

Be It Resolved by the Legislature of the State of Idaho:

WHEREAS, divisive content is appearing in school curriculum across the nation; and

WHEREAS, this divisive content seeks to disregard the history of the United States and the nation's journey to becoming a pillar of freedom in the world; and

WHEREAS, theories taught under "critical race theory" and writings in "The 1619 Project" attempt to re-educate children into the belief that they are to be ashamed of or limited by their race and ethnicity; and

WHEREAS, the 1776 Commission was created to help the children understand the full history and the founding principles

that established the United States and what its people must continue to strive for: all were created equal; and

WHEREAS, the Declaration of Independence asserted that individual rights are rights inherent in everyone and that they must be secured; and

WHEREAS, the principles and history of the United States can be learned through the rich historical documentation available to everyone; and

WHEREAS, the faults of this great nation have been addressed throughout our history; and

WHEREAS, unity in the nation can be strengthened through the rising generation and the generations to come when they are given the knowledge of the United States' founding principles, societal duties, and personal responsibility.

NOW, THEREFORE, BE IT RESOLVED by the members of the Second Regular Session of the Sixty-sixth Idaho Legislature, the Senate and the House of Representatives concurring therein, that we encourage the schools of Idaho to provide children with the knowledge, strength, and virtue of a free people by viewing the history both clearly and wholly, not only the offenses but also the triumphs. It is imperative that children are taught about mistakes as well as unprecedented accomplishments toward freedom and fairness for all.

**SCR 117** and **SCR 118** were introduced, read at length, and referred to the Judiciary and Rules Committee for printing.

On request by Senator Anthon, granted by unanimous consent, the Senate advanced to the Eleventh Order of Business.

#### BY STATE AFFAIRS COMMITTEE

#### A CONCURRENT RESOLUTION

STATING FINDINGS OF THE LEGISLATURE AND REAFFIRMING THE STATE OF IDAHO'S COMMITMENT TO A STRONG AND DEEPENING RELATIONSHIP WITH TAIWAN AND SUPPORTING TAIWAN'S MEANINGFUL PARTICIPATION IN APPROPRIATE INTERNATIONAL ORGANIZATIONS.

Be It Resolved by the Legislature of the State of Idaho:

WHEREAS, Taiwan, the United States, and, in particular, the State of Idaho share a historical and close relationship marked by the common values of democracy, human rights, and rule of law; and

WHEREAS, Taiwan and Idaho established a close relationship in the 1980s and found expanded relations through strong and bilateral trade, educational and cultural exchange, scientific and technological interest, and tourism; and

WHEREAS, Taiwan was the second largest export market for Idaho goods in 2017, 2018, 2019, 2020, and 2021, with a yearly average of \$540 million in sales of items such as semiconductors, computers and capital equipment, and food and agriculture; and

WHEREAS, the Office of the United States Trade Representative and the International Trade Administration reports Taiwanese entities invested nearly \$13.7 billion in 2020 in the United States, up 13.6% from 2019, supporting 19,000 American jobs; and

WHEREAS, Idaho and Taiwan signed a joint Memorandum of Education Cooperation in 2018, and Idaho's universities, colleges, and all levels of educational institutions are encouraged to build cooperative ties with counterparts in Taiwan in the areas of academics, Mandarin learning, and research exchange; and

WHEREAS, Idaho welcomes all opportunities for an even closer economic and educational relationship with Taiwan and supports increased trade and investment through a bilateral free and fair trade agreement, support of the United States-Taiwan Global Cooperation and Training Framework, and building programs for regional experts in the areas of public health, empowerment of women, energy efficiency, and e-commerce; and

WHEREAS, Idaho recognizes Taiwan's contribution to a broad range of global issues, including humanitarian assistance, disaster relief, safeguarding of cyber security, antiterrorism initiatives, and fights against transnational crime.

NOW, THEREFORE, BE IT RESOLVED by the members of the Second Regular Session of the Sixty-sixth Idaho Legislature, the Senate and the House of Representatives concurring therein, that the State of Idaho reaffirms its commitment to the strong and deepening relationship between the State of Idaho and Taiwan and supports Taiwan's meaningful participation in appropriate international organizations.

Senator Lee, Chairman of the Committee of the Whole, reported out **S 1330**, **S 1239**, and **S 1285**, without recommendation, amended as follows:

#### SENATE AMENDMENT TO S 1330 AMENDMENT TO THE BILL

On page 1 of the printed bill, delete lines 13 through 40; and delete pages 2 through 8, and insert:

"SECTION 1. That Title 54, Idaho Code, be, and the same is hereby amended by the addition thereto of a NEW CHAPTER, to be known and designated as Chapter 59, Title 54, Idaho Code, and to read as follows:

#### CHAPTER 59 NATUROPATHIC DOCTOR LICENSING AND NATUROPATH REGISTRATION

54-5901. DECLARATION OF POLICY. (1) The legislature finds and declares that the licensing of naturopathic doctors and the registration of lay naturopaths will improve access to natural health care for Idahoans and promote the health of all Idahoans, including the underserved population. The licensing of naturopathic doctors and registration of lay naturopaths will promote the public health interest by aiding in the delivery of naturopathic medical services of high quality to the people of Idaho. To fulfill these purposes, this chapter provides for the optional licensure of naturopathic doctors as well as for the optional registration of laypersons who are naturopaths.

(2) This chapter shall not restrict unlicensed practice lawfully provided pursuant to section 54-1804(1)(l), Idaho Code.

54-5902. DEFINITIONS. As used in this chapter:

(1) "Board" means the Idaho board of naturopathic health care.

(2) "License" means a license to practice as a licensed naturopathic doctor.

(3) "Licensed naturopathic doctor" means an individual licensed as a medical doctor, doctor of osteopathy, doctor of podiatric medicine, doctor of chiropractic, doctor of dental medicine, or doctor of nursing practice who has obtained an

approved naturopathic doctoral degree, as set forth in rule, and who voluntarily elects to seek and receives licensure under this chapter to practice naturopathic health care in Idaho.

(4) "Minor procedure" means the use of operative, electrical, or other methods for repair and care incidental to superficial lacerations, abrasions, superficial lesions, the removal of foreign bodies located in the superficial tissues, and the use of antiseptics and local topical anesthetics in connection with such methods.

(5) "Naturopathic health care" means the delivery of a distinct primary health care emphasizing prevention, treatment, and optimal health using therapeutic methods and substances that encourage an individual's inherent self-healing process by a naturopathic practitioner.

54-5903. BOARD OF NATUROPATHIC HEALTH CARE CREATED – MEMBER APPOINTMENT – TERMS. (1) The Idaho board of naturopathic health care is hereby created in the division of occupational and professional licenses. The board shall consist of five (5) members.

(a) For the initial board:

(i) One (1) member shall be a public member;

(ii) One (1) member shall be either a doctor of osteopathy or a doctor of medicine who is not licensed under this chapter but who is licensed pursuant to chapter 18, title 54, Idaho Code;

(iii) Two (2) members shall be eligible for licensure under this chapter; and

(iv) One (1) member shall be eligible for registration as a naturopath under this chapter.

(b) After the initial board:

(i) One (1) member shall be a public member;

(ii) One (1) member shall be either a doctor of osteopathy or a doctor of medicine who is not licensed under this chapter but who is licensed pursuant to chapter 18, title 54, Idaho Code;

(iii) Two (2) members shall be licensed under this chapter; and

(iv) One (1) member shall be registered under this chapter.

(2) The governor shall appoint all members of the board. Of the initial members, two (2) shall be appointed for four (4) year terms and three (3) shall be appointed for three (3) year terms. After the initial appointments, all terms of appointment shall be for four (4) years. Each member shall serve until a successor is appointed and qualified. No member shall serve more than two (2) consecutive full terms.

(3) The board shall, within thirty (30) days after its appointment, and at least annually thereafter, hold a meeting and elect a chair and a vice chair and may hold additional meetings at the call of the chair or at the written request of any two (2) members of the board. A majority of the board shall constitute a quorum. The vote of a majority of members present at a meeting wherein a quorum is present shall determine the action of the board. The chair and vice chair shall each serve for a two (2) year term. No chair or vice chair may serve more than two (2) consecutive terms.

(4) In the event of the death, resignation, or removal of any board member before the expiration of the term to which the member is appointed, the vacancy shall be filled for the unexpired portion of the term in the same manner as the original appointment.

(5) Board members shall serve at the pleasure of the governor.

(6) Each member of the board shall be compensated as provided in section 59-509(p), Idaho Code.

54-5904. BOARD DUTIES AND POWERS. The board shall have the authority and the responsibility to:

(1) By July 1, 2023, in accordance with this chapter and by using the American naturopathic medical certification board as the primary resource, determine the qualifications needed by each person applying for licensure pursuant to this chapter and, in addition to the requirements of this chapter, define by rule the criteria for determining the appropriate scope of practice for each individual seeking licensure; provided, however, the board may authorize a scope of practice only on an individual basis for each individual seeking licensure. The board may modify the authorized scope of practice based on its assessment of an individual's education, training, and experience;

(2) Consult with the American naturopathic medical certification board to define and set by rule any additional qualifications for licensure that are consistent with this chapter. Any such qualifications shall be in addition to those required by this chapter;

(3) Authorize prescriptive rights or surgical authority only for an applicant who demonstrates sufficient education and training in accordance with an active Idaho license in good standing pursuant to section 54-5905(1), Idaho Code. Notwithstanding the provisions of this subsection, all licensees shall be permitted by the board to practice according to the scope of practice pursuant to section 54-5906, Idaho Code;

(4) Establish, pursuant to chapter 52, title 67, Idaho Code, any such rules consistent with this chapter as are necessary for the administration of this chapter, including but not limited to rules pertaining to discipline, continuing education, and standards for professional conduct that reflect current practice standards and promote inclusion of evidence-based innovations and advances in naturopathic health care;

(5) Conduct investigations and examinations and hold hearings;

(6) Collect fees and other funds only to the extent necessary to carry out the provisions of this chapter. All fees received under the provisions of this chapter shall be paid to the division of occupational and professional licenses and deposited in the state treasury to the credit of the occupational licenses fund, and all costs and expenses incurred under the provisions of this chapter shall be a charge against and paid from said fund;

(7) Conduct legal proceedings, including those regarding contracts and litigation;

(8) Provide such other services and perform such other functions as are necessary and desirable to fulfill its purposes; and

(9) Establish rules that provide for naturopaths to practice in Idaho through registration rather than licensure. In order to protect public health, the scope of practice for a registered naturopath shall be no broader than as provided for in section 54-1804(1)(l), Idaho Code.

(a) The board shall establish a method of registration and a reasonable fee for registration and collect such fee for registration.

(b) No registration shall be granted until the board has approved a reasonable fee and a method of collecting such fee for registration.

54-5905. VOLUNTARY NATUROPATHIC DOCTOR LICENSURE – REQUIREMENTS – LIMITATIONS. (1) An applicant shall be qualified for voluntary licensure as a naturopathic doctor pursuant to this chapter if such applicant:

(a) Possesses current, valid, and unrestricted licensure in any state, district, or territory of the United States in at least one (1) of the following medical professions:

(i) Medical doctor or doctor of osteopathy;

(ii) Podiatrist;

(iii) Dentist;

(iv) Chiropractor, if such applicant possesses an accredited doctoral degree in chiropractic medicine as required pursuant to chapter 7, title 54, Idaho Code; or

(v) Nurse, if such applicant possesses a level of training and education equivalent to an advanced practice registered nurse pursuant to chapter 14, title 54, Idaho Code, and has achieved an accredited doctorate degree in nursing;

(b) Has a valid doctoral degree in naturopathy as approved by the board from an institution accredited by the United States department of education;

(c) Has not pled guilty to or been convicted of a crime that is deemed relevant in accordance with section 67-9411(1), Idaho Code, unless such applicant demonstrates that he has been sufficiently rehabilitated to warrant the public trust; and

(d) Completes any one (1) of the following:

(i) Two (2) years of experience in the practice of naturopathic health care acceptable to the board, one (1) year of which may include predoctoral practicum or internship and one (1) year of which must be postdoctoral;

(ii) Passage of an Idaho state examination proving minimum competency and skills, to be developed and approved by the board by rule and the American naturopathic medical certification board pursuant to this chapter; or

(iii) Passage of any accredited national board examination that certifies the individual has achieved minimum competency and skills in the practice of naturopathic health care as approved by the board by rule.

(2) A license issued under this chapter shall:

(a) Be issued in the name of the licensed naturopathic doctor;

(b) State the issue and expiration date; and

(c) Always be displayed in a conspicuous manner in the place of business or employment of the licensee.

(3) A licensed naturopathic doctor may also use the title "licensed doctor of natural health" or "licensed naturopathic practitioner."

(4) All applications for licensing shall be reviewed and approved by the board on an individual basis.

(5) A person who is not licensed pursuant to this chapter shall not:

(a) Hold himself out as a naturopathic doctor licensed under this chapter;

(b) Use or advertise using the title of licensed naturopathic doctor (LND), licensed naturopathic practitioner (LNP), or any variant thereof; or

(c) Use any words, abbreviations, figures, configuration of letters, titles, signs, cards, or devices tending to imply that the person is a naturopathic doctor licensed in the state of Idaho.

(6) Notwithstanding the provisions of subsection (5) of this section, a person who is a licensed naturopathic medical doctor pursuant to chapter 51, title 54, Idaho Code, may use the title "licensed naturopathic doctor."

(7) No license shall be issued by the board until the board has finalized and approved licensure requirements by rule as provided by this chapter and the legislature has approved all rules governing licensure adopted by the board.

54-5906. LICENSED NATUROPATHIC DOCTORS – SCOPE OF PRACTICE. (1) A naturopathic doctor licensed pursuant to this chapter may engage only in the scope of practice provided for in this section.

(2) A person who does not possess a current, valid, and unrestricted license pursuant to title 54, Idaho Code, that permits such person to prescribe legend drugs or to perform minor procedures shall not be authorized to do so under a license issued pursuant to this chapter.

(3) If a licensed naturopathic doctor receives licensure in Idaho to practice any profession identified in section 54-5905(1)(a), Idaho Code, then the board may allow the licensed naturopathic doctor to incorporate any additional scope of practice provided for in this section or prescriptive rights as provided for in section 54-5907, Idaho Code. However, the board shall not approve an expanded scope of practice pursuant to this subsection if such additional licensure does not authorize such scope of practice.

(4)(a) The scope of practice for a licensed naturopathic doctor shall be established by rule of the board and shall be limited to the following:

(i) Diagnosis and treatment of conditions affecting the human body, including vitamins, minerals, or other natural methods;

(ii) Diagnosis and care of patients using a system of practice that bases treatment of physiological functions and abnormal conditions on natural laws governing the human body, including utilizing physiological, psychological, and mechanical methods, electromagnetism, therapeutic exercise, homeopathic medicine, decompression, traction, biofeedback, electrotherapy, physiotherapy, mechanotherapy, naturopathic corrections, neurofeedback, natural methods and substances that support hormonal and cellular health, phytotherapy, and food and herb therapies; and

(iii) Physical examination procedures and laboratory procedures, including ordering imaging and diagnostic tests for purposes of diagnosis.

(b) Other practices that are consistent with this chapter may be allowed pursuant to the rules of the board.

(5) Minor procedures using local anesthetics may be performed only if a licensed naturopathic doctor has had postgraduate surgical training in residency, possesses relevant board certification, is licensed under another chapter of title 54, Idaho Code, that authorizes minor procedures, and is expressly authorized by the board to perform minor procedures.

(6) No licensed naturopathic doctor shall perform minor procedures, prescribe legend drugs, or perform any other action unless otherwise expressly authorized by this chapter and such action is pursuant to the rules of the board.

54-5907. PRESCRIPTIVE RIGHTS. (1) Licensed naturopathic doctors may be granted certain prescriptive rights as part of their scope of practice. However, prescriptive rights for licensed naturopathic doctors shall be granted and maintained only if the licensed naturopathic doctor:

(a) Currently possesses and maintains a full federal drug enforcement agency (DEA) registration that is in good standing prior to seeking prescriptive rights under his license;

(b) Has completed at least forty-five (45) credit hours of pharmacology from an institution accredited by the United States department of education; and

(c) Possesses a current, valid, and unrestricted license issued pursuant to title 54, Idaho Code, that permits such person to prescribe legend drugs.

(2) Licensed naturopathic doctors' individual prescriptive rights pursuant to this section shall be limited to all medications, treatments, or any other item to be prescribed as outlined and approved by the board. However, the board shall not approve any medication, treatment, or any other similar item that is not approved by the formulary committee.

(3) This section shall not and is not intended to authorize group licensure for all individuals licensed under this chapter. Each licensed naturopathic doctor must, on an individual basis, receive approval from the board to prescribe legend drugs as a licensed naturopathic doctor.

(4) The board, by rule, shall ensure that any approval of a licensed naturopathic doctor's request to prescribe as a licensed naturopathic doctor does not exceed the prescriptive scope the licensed naturopathic doctor previously possessed prior to licensure under this chapter.

54-5908. REGISTERED NATUROPATHS. (1) Naturopaths who are not licensed naturopathic doctors may, but shall not be required to, obtain registration under the provisions of this chapter and pursuant to the rules of the board.

(2) The scope of practice for a registered naturopath under this chapter shall be limited to practices permitted pursuant to section 54-1804(1)(l), Idaho Code.

54-5909. LICENSE AND REGISTRATION ISSUANCE, REVOCATION, AND RENEWAL. (1) The board shall issue and renew licenses or issue and renew registrations to persons who have qualified for such license or registration pursuant to the provisions of this chapter.

(2) The board may deny an application for licensure or registration, revoke a license or registration, or place restrictions on a license or registration if the holder of such license or registration or applicant for licensure or registration:

(a) Is a current health care professional whose licensure is or previously has been revoked, suspended, placed on probation, reprimanded, limited, restricted, or conditioned, or if such person has been or is currently subject to disciplinary action with respect to professional licensure;

(b) Engages in conduct prohibited by this chapter;

(c) Obtains or attempts to obtain the issuance or renewal of a license or registration pursuant to this chapter by means of fraud, misrepresentation, or concealment of material facts;

(d) Has at any time failed to maintain the confidentiality of records or other information pertaining to an identifiable client, except as required or authorized by law;

(e) Engages in any conduct that constitutes an abuse or exploitation of a client arising out of the trust and confidence placed in the licensed naturopathic doctor or registered naturopath by the client;

(f) Fails to, or has previously failed to, adhere to the limitations set forth in section 54-1804(1)(l), Idaho Code;

(g) Is convicted of, or in the past was convicted of, a crime deemed relevant in accordance with section 67-9411(1), Idaho Code;

(h) Engages in conduct that violates the provisions of this chapter, the rules of the board, or the terms of any license or registration issued by the board; or

(i) Fails to comply with a board order entered in any disciplinary matter.

(3) In making a determination under subsection (2) of this section, the board shall take into consideration the rehabilitation of the applicant and other mitigating circumstances.

(4) An applicant for a license or registration under this chapter shall submit any fee established pursuant to board rules.

(5) All licenses issued under the provisions of this chapter shall be subject to annual renewal and shall expire unless renewed in the manner prescribed by the board. License renewal and reinstatement shall be in accordance with section 67-2614, Idaho Code.

54-5910. IMMUNITY OF BOARD MEMBERS AND PERSONS REPORTING INFORMATION TO BOARD. Any member or agent of the board, any member who has served on the board, or any person under oath shall not be subject to a civil action for damages as a result of reporting information in good faith, without fraud or malice, relating to alleged violations or vindictive violations of this chapter or board rules.

54-5911. OBSERVATION OF PUBLIC HEALTH LAW. Each individual licensed or registered under this chapter shall observe and be subject to all state, federal, and municipal regulations relating to the control of contagious and infectious diseases and all matters pertaining to public health. Failure to comply with these requirements shall constitute grounds for disciplinary action pursuant to the provisions of this chapter and the laws of the state of Idaho.

54-5912. FORMULARY COMMITTEE. (1) The board shall appoint a formulary committee consisting of one (1) member who is licensed under chapter 18, title 54, Idaho Code, to practice in Idaho as a pharmacist (PharmD), two (2) members who are either a doctor of osteopathy or a doctor of medicine and who are not licensed under this chapter but are licensed pursuant to Idaho Code, and two (2) members who are licensed under this chapter and possess full federal drug enforcement agency (DEA) registration in good standing.

(2) All members of the formulary committee shall possess a valid and active DEA number and be authorized to prescribe within the United States.

(3) Initially, three (3) members shall serve for three (3) years and two (2) members shall serve for two (2) years. After the initial appointments, all terms of appointment shall be for three (3) years. No member may serve for more than two (2) consecutive terms.

(4) The formulary committee shall act in an advisory role in evaluating prescriptive authority for applicants or other similar issues as called upon by the board. However, the formulary committee shall first approve the scope of prescriptive rights that individuals licensed under this chapter may use before the board approves the scope of prescriptive rights.

SECTION 2. An emergency existing therefor, which emergency is hereby declared to exist, this act shall be in full force and effect on and after July 1, 2022."

##### AMENDMENT TO SECTION 1

On page 1 of the printed bill, in line 40, following "apply," insert: "Consistent with the governing documents, written notice"

of the fine must be sent to the member within three (3) days of the board's vote. Notwithstanding this exception, the board or the board's agent shall make a reasonable effort to contact the member prior to imposition of the fine. Any member who is assessed a fine under this paragraph may petition the board for a hearing to dispute or appeal the fine within thirty (30) days after the day on which the member receives notice that the fine has been assessed."

#### CORRECTION TO TITLE

On page 1, delete line 3; and in line 4, delete "CERTAIN VIOLATIONS" and insert: "TO ESTABLISH PROVISIONS REGARDING FINES FOR VIOLATIONS OF COVENANTS AND RESTRICTIONS THAT INVOLVE ENDANGERMENT TO THE SAFETY OF OTHERS, DESTRUCTION OF COMMON PROPERTY, DISTURBING OF THE PEACE, OR DESTRUCTION OF ANOTHER MEMBER'S PROPERTY".

#### SENATE AMENDMENT TO H 515

##### AMENDMENT TO SECTION 1

On page 2 of the printed bill, following line 4, insert:

"(7) Notwithstanding any other provision of law, a public health district may elect to participate in the comprehensive liability plan authorized by section 6-919, Idaho Code. A public health district making such election shall be considered a state department for purposes of risk management pursuant to chapter 57, title 67, Idaho Code, and the department of administration shall treat it as such. However, participation shall be subject to compliance with loss control policies adopted by the department of administration."

#### AMENDMENT TO THE BILL

On page 2, delete lines 5 through 7, and insert:

"SECTION 2. That Section 39-422, Idaho Code, be, and the same is hereby amended to read as follows:

39-422. PUBLIC HEALTH DISTRICT FUND – ESTABLISHMENT – DIVISIONS – FISCAL OFFICER – EXPENDITURES. (1) There is hereby authorized and established in the state treasury a special fund to be known as the public health district fund for which the state treasurer shall be custodian. Within the public health district fund there shall be seven (7) divisions, one (1) for each of the seven (7) public health districts. Each division within the fund will be under the exclusive control of its respective district board of health and no moneys shall be withdrawn from such division of the fund unless authorized by the district board of health or its authorized agent.

(2) The procedure for the deposit and expenditure of moneys from the public health district fund will be in accordance with procedures established between all district boards and the state controller. All income and receipts received by the districts shall be deposited in the public health district fund.

(3) Claims Except for claims eligible for payment from the retained risk account established by section 67-5776, Idaho Code, claims against the divisions of the public health district fund are not claims against the state of Idaho. Claims against an individual health district are limited to that district's division moneys and losses eligible for payment from the retained risk account established by section 67-5776, Idaho Code.

#### AMENDMENT TO THE BILL

On page 6, following line 29, insert:

"SECTION 3. That Section 63-904, Idaho Code, be, and the same is hereby amended to read as follows:

63-904. SPECIAL PROVISIONS FOR COLLECTION OF PROPERTY TAXES ON PERSONAL PROPERTY. (1) If a personal property owner fails to make timely payment on the first one-half (1/2) provided for, the unpaid portion of the entire tax shall immediately become due and payable and a late charge as provided in section 63-201, Idaho Code, and interest as provided in section 63-1001, Idaho Code, on the unpaid portion of the first half shall be added. Interest shall be calculated from January 1 of the year following the year for which the taxes were assessed.

(2) All personal property taxes are due and payable upon demand. If no demand is made, taxes may be paid in part or in full until the tax collector issues a warrant of distraint for collection of said taxes.

(3) Whenever the county assessor notifies the tax collector of personal property that has been listed on a property roll, the tax collector may demand immediate payment of any property taxes due from the owner. Property taxes due shall be calculated using the previous year's levies, unless current year's levies are known.

(4) In lieu of demanding immediate payment of property taxes due, the county tax collector may require a surety bond adequate to secure the payment and collection of property taxes that may be due to that county.

(5) ~~Property taxes on transient personal property shall be payable on demand, or in full on the due date stated on the notice. No extensions shall be granted on transient personal property.~~

(6) In the event a taxpayer is unable to pay his personal property tax due on or before December 20, he may appeal to the county commissioners prior to the property tax becoming delinquent. If sufficient information is given to satisfy the county commissioners that the property taxes will be paid, the county commissioners may grant an extension of time for the payment of the property taxes, late charges and interest, not to exceed four (4) months. A warrant of distraint shall not be issued until the expiration of the extended time. No extensions shall be granted on the second one-half (1/2) of the property tax.";  
and renumber the subsequent section accordingly.

#### CORRECTION TO TITLE

On page 1, in line 5, following "TAX;," insert: "AMENDING SECTION 63-904, IDAHO CODE, TO REMOVE A PROVISION REGARDING THE TAXATION OF TRANSIENT PERSONAL PROPERTY;"

"SECTION 3. That Section 39-4116, Idaho Code, be, and the same is hereby amended to read as follows:

39-4116. LOCAL GOVERNMENT ADOPTION AND ENFORCEMENT OF BUILDING CODES. (1) Local governments enforcing building codes shall do so only in compliance with the provisions of this section. Local governments that have not previously instituted and implemented a code enforcement program prior to the effective date of this act may elect to implement a building code enforcement program by passing an ordinance evidencing the intent to do so. Local governments may contract with a public or private entity to administer their building code enforcement program.

(2) Local governments that issue building permits and perform building code enforcement activities shall, by ordinance effective January 1 of the year following the adoption by the Idaho building code board, adopt the following codes as published by the International Code Council together with any amendments or revisions set forth in section 39-4109, Idaho Code, including subsequent versions of the International Building Code as adopted and amended by the Idaho building code board through the negotiated rulemaking process provided in this chapter:

(a) International Building Code, including all rules promulgated by the board to provide equivalency with the provisions of the Americans with disabilities act accessibility guidelines and the federal fair housing act accessibility guidelines;

(b) Idaho residential code, parts I-III and IX; and

(c) 2018 Idaho energy conservation code, pursuant to chapter 97, title 39, Idaho Code.

Local governments are not required by this chapter to adopt the other referenced codes in the International Building Code. Local jurisdictions shall not adopt provisions, chapters, sections or parts of subsequent versions of the International Residential Code or residential provisions of the International Energy Conservation Code, or subsequent versions in their entirety, that have not been adopted by the Idaho building code board except as provided in subsection (4) of this section.

(3) All single family homes and multiple family dwellings up to two (2) units are hereby exempted from the provisions of the International Fire Code, the International Building Code and the Idaho residential code that require such dwellings to have automatic fire sprinkler systems installed. Nothing in this section shall prevent any person from voluntarily installing an automatic fire sprinkler system in any residential dwelling.

(4) Except as provided in this subsection, local governments may amend by ordinance the adopted codes or provisions of referenced codes to reflect local concerns, provided such amendments establish at least an equivalent level of protection to that of the adopted building code. A local jurisdiction shall not have the authority to amend any accessibility provision pursuant to section 39-4109, Idaho Code, except as provided in this subsection.

(a) A local jurisdiction shall not have the authority to amend any accessibility provision pursuant to section 39-4109, Idaho Code.

(b) A local jurisdiction shall not adopt any provision, chapter, section or part of the International Residential Code or residential provisions of the International Energy Conservation Code, or subsequent versions in their entirety, that have not been adopted or that have been expressly rejected or exempted from the adopted version of those codes by the Idaho building code board through the negotiated rulemaking process as provided in section 39-4109, Idaho Code.

(c) Local jurisdictions may amend by ordinance the following provisions of the Idaho residential code to reflect local concerns:

(i) Part I, Administrative;

(ii) Part II, Definitions;

(iii) Part III, Building Planning and Construction, Section R 301, Design Criteria; and

(iv) Part IX, Appendices.

(d) ~~Local jurisdictions may amend by ordinance the following provisions of the Idaho energy conservation code to reflect local concerns:~~

~~(i) Chapter 1, Scope and Application; and~~

~~(ii) Chapter 2, Definitions.~~

(e) Local jurisdictions may amend the remainder of Part III of the Idaho residential code if they find that good cause for building or life safety exists for such an amendment to such codes and that such amendment is reasonably necessary. Amendments shall be adopted by ordinance in accordance with the provisions of chapter 9, title 50, Idaho Code, or chapter 7, title 31, Idaho Code, and provided further that such local jurisdiction shall conduct a public hearing and, provided further, that notice of the time and place of the public hearing shall be published in the official newspaper

or paper of general circulation within the jurisdiction and written notice of each of such public hearing and the proposed language shall be given by the local jurisdiction to the local chapters of the entities identified in section 39-4109(5), Idaho Code, not less than thirty (30) days prior to such hearing. In the event that there are no local chapters of such entities identified in section 39-4109(5), Idaho Code, within the local jurisdiction holding the hearings, the notice shall be provided to the state associations of the respective entities.

(5) Local governments shall exempt agricultural buildings from the requirements of the codes enumerated in this chapter and the rules promulgated by the board. A county may issue permits for farm buildings to assure compliance with road setbacks and utility easements, provided that the cost for such permits shall not exceed the actual cost to the county of issuing the permits.

(6) Permits shall be governed by the laws in effect at the time the permit application is received.

(7) The division shall retain jurisdiction for in-plant inspections and installation standards for manufactured or mobile homes and for in-plant inspections and enforcement of construction standards for modular buildings and commercial coaches."

The Honorable Janice McGeachin  
President of the Senate  
Idaho State Senate

Dear Madam President:

I have the honor to inform you that I have signed on March 23, 2022 and am transmitting to the Secretary of State the following Senate Bills, to wit:

**S 1309 and S 1358**

I stand in solidarity with all Idahoans who seek to protect the lives of preborn babies. That is why I signed into law last year the Fetal Heartbeat Preborn Child Protection Act, the very act this legislation now seeks to amend. It is also why I joined other pro-life governors last summer in an amicus brief requesting the U.S. Supreme Court overturn *Roe v. Wade* and *Planned Parenthood v. Casey*. I firmly believe those decisions were incorrectly decided and that federalism mandates the regulation of abortion be returned to the states.

Yet, until our nation's highest court invalidates *Roe* and *Casey*, those rulings remain the law of the land and inseparable from the very Constitution I swore an oath to uphold. While I support the pro-life policy in this legislation, I fear the novel civil enforcement mechanism will in short order be proven both unconstitutional and unwise. Deputizing private citizens to levy hefty monetary fines on the exercise of a disfavored but judicially recognized constitutional right for the purpose of evading court review undermines our constitutional form of government and weakens our collective liberties. None of the rights we treasure are off limits. How long before California, New York, and other states hostile to the First and Second Amendments use the same method to target our religious freedoms and right to bear arms?

I also have significant concerns with the unintended consequences this legislation will have on victims of sexual assault. I appreciate the exception provided for victims of rape and incest, but the challenges and delays inherent in obtaining the requisite police report render the exception meaningless for many. I am particularly concerned for those vulnerable women and children who lack the capacity or familial support to report incest and sexual assault. Ultimately, this legislation risks retraumatizing victims by affording monetary incentives to wrongdoers and family members of rapists.

I remain committed to protecting the lives of preborn babies and strongly encourage the legislature to promptly rectify any unintended consequences with this legislation to ensure the state sufficiently protects the interests of victims of sexual assault.

Sincerely,  
/s/ Brad Little  
Governor of Idaho

The correspondence was ordered filed in the office of the Secretary of the Senate.

The Senate advanced to the Ninth Order of Business.

March 24, 2022

The Honorable Janice McGeachin  
President of the Senate  
Idaho State Senate

Dear Madam President:

I hereby advise you that I have returned without my approval, disapproved, and vetoed, the following Senate Bill, to wit:

### S 1400

within the time limited by law, the same having arrived in the Office of the Governor at the hour of 11 a.m. on March 23, 2022.

Since day one, I have made cybersecurity and resilience a top priority of my administration. Through the efforts of the Office of Information Technology Services we have made great progress in protecting our state's critical infrastructure, though this work is ongoing and constantly evolving.

The executive branch shares the goals with the legislature on better communication, Service Level Agreements, and a thorough technical audit to ensure Idahoans are safe and secure. We remain committed to ensuring these goals are carried out.

The intent language in section 4 is overly restrictive and hamstrings the state's ability to effectively respond to present and emerging threats. The "notwithstanding" language attempts to sidestep Section 67-827, Idaho Code, and could, as a result, increase the state's vulnerability to cyberattacks or weaken the response to such.

Sincerely,  
/s/ Brad Little  
Governor of Idaho

On request by Senator Anthon, granted by unanimous consent, **S 1400** was recommitted to the Finance Committee.

The correspondence was ordered filed in the office of the Secretary of the Senate.

The Senate advanced to the Ninth Order of Business.

### Reading of Communications

March 31, 2022

The Honorable Janice McGeachin  
President of the Senate  
Idaho State Stenat

Dear Madam President,

I am writing this letter to provide notification, in letter form, that I transmitted to the Idaho Senate in February 2022, a copy of the Legislative redistricting plan submitted to this office by the Commission for Reapportionment. This report included the plan adopted by the Commission in November, which was later upheld by the Idaho Supreme Court.

Thank you, and please feel free to contact me if you have any questions.

Sincerely,  
/s/ Lawrence Denney  
Secretary of State

Pursuant to Section 72-1508, Idaho Code, the President Pro Tempore ordered the Final Report of the Commission for Reapportionment spread upon the pages of the Journal. (See Appendix)

On request by Senator Anthon, granted by unanimous consent, the Senate advanced to the Sixth Order of Business.

On request by Senator Anthon, granted by unanimous consent, the Senate advanced to the Eighth Order of Business.

### Messages from the Governor

March 26, 2022

The Honorable Janice McGeachin  
President of the Senate  
Idaho State Senate

Dear Madam President:

I hereby advise you that I have returned without my approval, disapproved, and vetoed, the following Bill, to wit:

### S 1301

within the time prescribed by law, the same having arrived in the Office of the Governor at the hour of 8:10 a.m. on March 22, 2022.

I recognize there may be a problem with property tax assessments for self-storage facilities, but I am reluctant to perform surgery on a wound that may only require a band aid.

This is undoubtedly a complex issue that has resulted in protracted administrative and legal challenges. Self-storage properties are inherently difficult to assess; however, I am disinclined to require county assessors to cap self-storage assessments using just the cost approach when no other commercial property type would be subject to the same standard. I am concerned this may open a Pandora's Box of other types of commercial properties seeking similar treatment. This concern is particularly heightened during a time when home prices in Idaho are skyrocketing and much of this legislative session has been focused on addressing rising property taxes, particularly for homeowners. As we all are aware, any reduction in value of one property type results in a shift of tax burden to other property tax payers.

If this is, as the proponents say, a clarification of the existing law, then I encourage the bill proponents, the county assessors, and other stakeholders to attempt to resolve the issue. If this cannot be done, it may be appropriate to clarify in rule or bring legislation in the future.

Sincerely,  
/s/Brad Little  
Governor of Idaho

On request by Senator Anthon, granted by unanimous consent, **S 1301** was recommitted to the Local Government and Taxation Committee.

The correspondence was ordered filed in the office of the Secretary of the Senate

March 28, 2022

The Honorable Janice McGeachin  
President of the Senate  
Idaho State Senate

Dear Madam President:

I have the honor to advise you that I have signed on March 25, 2022 and am transmitting to the Secretary of State the following Senate Bills, to wit:

**S 1297, S 1421, S 1424, S 1425, S 1426, and  
S 1427**

Sincerely,  
/s/ Brad Little  
Governor of Idaho

The correspondence was ordered filed in the office of the Secretary of the Senate.

March 28, 2022

The Honorable Janice McGeachin  
President of the Senate  
Idaho State Senate

Dear Madam President:

I hereby advise you that I have returned without my approval, disapproved and vetoed, the following Senate Bill, to wit:

**S 1381**

within the time prescribed by law, the same having arrived in the Office of the Governor at the hour of 3:25 p.m. on March 22, 2022.

I am vetoing this legislation because I am a lifelong advocate of limited government, and Senate Bill 1381 significantly expands government overreach into the private sector.

I kept Idaho open while other states were on lockdown, never issued any mask or vaccine mandates, and banned "vaccine passports." I am committed to working through the rule of law to keep Idaho the strongest state in the nation.

I have been consistent in stating my belief that businesses should be left to make decisions about the management of their operations and employees with limited interference from government. For the same reason, I sued to stop President Joe Biden's vaccine mandates three times, successfully challenging his unprecedented government overreach into the lives of American workers and the decisions of free businesses.

Throughout my time in public service, I have advocated for and championed fewer government regulations and mandates on businesses. As Governor, I have worked effectively with Idahoans and my legislative partners to make Idaho the least regulated state and to maintain the strongest economy and state budget in the nation. It is a big part of the reason we are able to provide Idahoans historic tax relief and make record investments in schools, roads, water, and other areas important to the people we serve.

Sincerely,  
/s/ Brad Little  
Governor of Idaho

The question being, "Shall **S 1381** become law, the Governor's veto notwithstanding?"

Roll call resulted as follows:

AYES—Agenbroad, Anthon, Bayer, Cook, Crabtree, Den Hartog, Grow, Harris, Lakey, Lee, Lent, Martin, Rice, Ricks, Riggs, Souza, Thayn, VanOrden (Bair), Vick, Winder, Zito. Total - 21.

NAYS—Blair (Johnson), Burgoyne, Burtenshaw, Guthrie, Heider, Lodge, Nelson, Nye, Patrick, Semmelroth, Stennett, Ward-Engelking, Wintrow, Woodward. Total - 14.

Total - 35.

Less than two-thirds having voted in the affirmative, the President Pro Tempore declared that **S 1381** has failed to become law, the Governor's veto sustained. **S 1381** and the Governor's message will be filed in the office of the Secretary of the Senate.

TOPICAL INDEX  
[ALPHABETICALLY ARRANGED]

This Topical Index alphabetically lists subject matter for **ALL** Senate bills, and **ONLY** those House bills introduced in the Senate. Nonlegislative subject matter is included and referred to by page number only.

Since the Senate Journal **only** covers the actions of House bills transmitted to the Senate, this topical index does not refer to every House bill introduced in the House. Separate indices in this volume list, in numerical order, all House bills, memorials, resolutions, and proclamations received by the Senate and show action taken by the Senate thereon. If a particular subject matter does not appear in this index, refer to the House Journal Alphabetical Index. Session law numbers for legislation passing both Senate and House, and becoming law, are included for all Senate bills within the Numerical Index Section V.

## NUMERICAL INDEX OF SENATE BILLS

The following index lists in numerical order all bills which were introduced in the Senate, together with the name of the author and a brief description of the subject matter. The numbers in the Introduction column cite the page where the complete title may be found and the date of introduction of the bill. The numbers in the Vote or Disposition columns cite the page where the Senate's Final Vote or Final Disposition can be found. Amendments to a bill are noted at the bottom of the subject matter and the number opposite is the page in the Journal where the Senate amendments are recorded. Session Law chapter numbers for bills which became law are also noted. House amendments to Senate bills can be found in the House Journal.

## Order

### Establishing Commission for Reapportionment

WHEREAS, Article III, Section Two of the Idaho State Constitution provides for the establishment of a Commission for Reapportionment under certain conditions; and

WHEREAS, the official results of the 2020 federal census have been received by the state of Idaho; and

WHEREAS, the census figures indicate that the current legislative and congressional districts are not within constitutional parameters;

WHEREAS, the appointing authorities specified in Article III, Section Two of the Idaho State Constitution have submitted their designations;

NOW, THEREFORE, I, Lawrence Denney, Secretary of the State of Idaho, by the authority vested in me under Article III, Section Two of the Idaho State Constitution, and Section 72-1501, Idaho Code, do hereby establish the Commission for Reapportionment. The members of the commission are as follows:

Bart Davis	of Garden City, Idaho
Tom Dayley	of Boise, Idaho
Nels Mitchell	of Boise, Idaho
Amber Pence	of Teton, Idaho
Eric Redman	of Spirit Lake, Idaho
Dan Schmidt	of Moscow, Idaho

IN TESTIMONY WHEREOF, I have hereunto set my hand and affixed the Great Seal of the State of Idaho. Done at Boise, the Capital of Idaho, This Twelfth day of August, in the year of our Lord, Two Thousand and Twenty-one, and of the Independence of the United States of America, the Two Hundred and Forty-sixth.

  
Secretary of State

Order Establishing Commission for Reapportionment

## Introduction

Idaho law<sup>1</sup> requires the Secretary of State to establish a Commission for Reapportionment when the results of a new federal census are available. The State of Idaho received the results of the 2020 census on August 12, 2021.<sup>2</sup> That same day, Secretary of State Lawrence Denney issued an Order Establishing Commission for Reapportionment,<sup>3</sup> which named the following individuals<sup>4</sup> to the Commission:

Bart Davis, appointed<sup>5</sup> by Chuck Winder, President Pro Tempore of the Idaho Senate;

Tom Dayley, appointed by Scott Bedke, Speaker of the Idaho House of Representatives;

Nels Mitchell, appointed by Fred Cornforth, Chair of the Idaho Democratic Party;

Amber Pence, appointed by Ilana Rubel, Minority Leader of the Idaho House of Representatives;

Eric Redman, appointed by Tom Luna, Chair of the Idaho Republican Party; and

Dan Schmidt, appointed by Michelle Stennett, Minority Leader of the Idaho Senate.

The Commission convened on September 1, 2021, and elected Commissioners Davis and Schmidt as co-chairs. During business meetings<sup>6</sup> held in Boise in the first and second weeks of September, the Commission adopted rules<sup>7</sup> regarding organization, procedure, and other matters, and drafted redistricting plans<sup>8</sup> for discussion and consideration by the public. Over the next four weeks, the Commission toured the state, holding in-person public hearings at seventeen different locations,<sup>9</sup> during which public testimony was taken on matters pertinent to redistricting, including the Commission's draft

<sup>1</sup> See Idaho Const. art. III, § 2, and I.C. § 72-1501.

<sup>2</sup> Ordinarily, the state would have received these results by April 1, but census activities were delayed by the COVID-19 pandemic.

<sup>4</sup> Commissioner biographies appear in Appendix I of this report.

<sup>5</sup> The appointing authorities — individuals who nominate members of the Commission — are designated in I.C. § 72-1502.

<sup>6</sup> The Commission's meeting and hearing schedule appears in Appendix II of this report, and the meeting and hearing minutes appear in Appendix III of this report.

<sup>7</sup> The Commission's rules appear in Appendix IV of this report.

plans and draft plans submitted by the public through the Commission's website.<sup>10</sup> The Commission held an eighteenth public hearing on October 12, 2021. This was a remote testimony session, during which residents from around the state testified using video conferencing technology, to accommodate individuals who wished to testify but could not or preferred not to do so in person. The Commission also accepted written public comments submitted through its website.

In the last week of October and the first week of November, the Commission held business meetings in Boise to finalize legislative and congressional redistricting plans, having taken into consideration applicable redistricting law and the testimony, written comments, and draft plans submitted by the public. Sixty-five days after convening, on November 5, 2021, the Commission adopted **Plan L03** and **Plan C03** as Idaho's legislative and congressional redistricting plans, respectively. For reasons described below, on November 10, the Commission reaffirmed its adoption of **Plans L03** and **C03**, adopted this report, and adjourned.

## Process

To draft an initial legislative redistricting plan, the Commission divided itself into three subcommittees that focused on specific regions of the state. Each subcommittee was composed of a Democratic appointee and a Republican appointee who were familiar with the regions of the state to which they were assigned. Cochair Schmidt and Commissioner Redman formed the North Idaho Subcommittee; Cochair Davis and Commissioner Pence formed the East Idaho Subcommittee; and Commissioners Dayley and Mitchell formed the Treasure Valley Subcommittee.

The Commission assigned counties that each subcommittee would work with<sup>11</sup> and agreed that no district should deviate more than five percent, either over or under, from the ideal district size,

---

<sup>10</sup> <http://redistricting.idaho.gov>

<sup>11</sup> For the North Idaho Subcommittee: Boundary, Bonner, Kootenai, Shoshone, Benewah, Clearwater, Latah, Nez Perce, Lewis, Idaho, and Adams. For the Treasure Valley Subcommittee: Ada, Canyon, and Owyhee, and later Washington, Payette, and Gem. For the East Idaho Subcommittee: all remaining counties.

unless there was a compelling reason for such deviation. The Commission also agreed to “meet in the middle” when drafting a plan for the entire state, with the understanding that the subcommittees could work with counties adjacent to their regions if necessary to get closer to the ideal district size.

Once the regional maps were finished, the Commission merged them to create **Plan L01**, the discussion draft that was presented to the public during the Commission’s tour of the state. The Treasure Valley Subcommittee, focused primarily on Ada, Canyon, and Owyhee Counties, also produced two draft congressional plans, C01 and C02. **Plan C01** depicted congressional districts similar to what Idaho has had in the past, with Ada County divided, while **Plan C02**, with no counties divided, created a southwestern congressional district and united the rest of the state in another district. Both draft congressional plans were presented to the public for discussion as well. At public hearings, the Commission distributed a handout<sup>12</sup> describing the legal criteria for both legislative and congressional redistricting, so that the public would have an understanding of the requirements that must be weighed in creating a valid redistricting plan.

The Commission spent the next four weeks touring the state and wrapped up its public hearing schedule with the remote testimony session on October 12. Following a business meeting on October 13, the commissioners took the next two weeks to consider the testimony and written comments they had received, as well as the proposed draft plans submitted by the public. Reconvening in Boise, the Commission published **Plan L02**<sup>13</sup> on October 28 and invited the public to take the next week to provide feedback. The Commission also announced an intended timeline for the next two weeks:

- By November 4, a new draft congressional plan would be posted for public consideration;
- By November 10, the Commission would make final adjustments to the legislative and

<sup>12</sup> This handout is included in Appendix II of this report.

<sup>13</sup> Draft Commission plans appear in Appendix XI of this report.

congressional redistricting plans; and

- On November 10, the Commission would vote on the final plans as well as the Final Report.

On November 2, the Treasure Valley Subcommittee met with staff to incorporate changes to **Plan L02**, having received considerable feedback from the public. Over the next two days, the other subcommittees made adjustments to **Plan L02** as well. On November 3, at a noticed business meeting, the full Commission discussed various options for congressional redistricting. Cochair Schmidt and Commissioner Mitchell supported a no-county-split plan such as **Plan C036**,<sup>14</sup> while Cochair Davis proposed a plan that would split Ada County with a 0% population deviation. Cochair Davis's plan would be published the next day as **Plan C03**, and this was ultimately the plan adopted by the majority of the Commission.

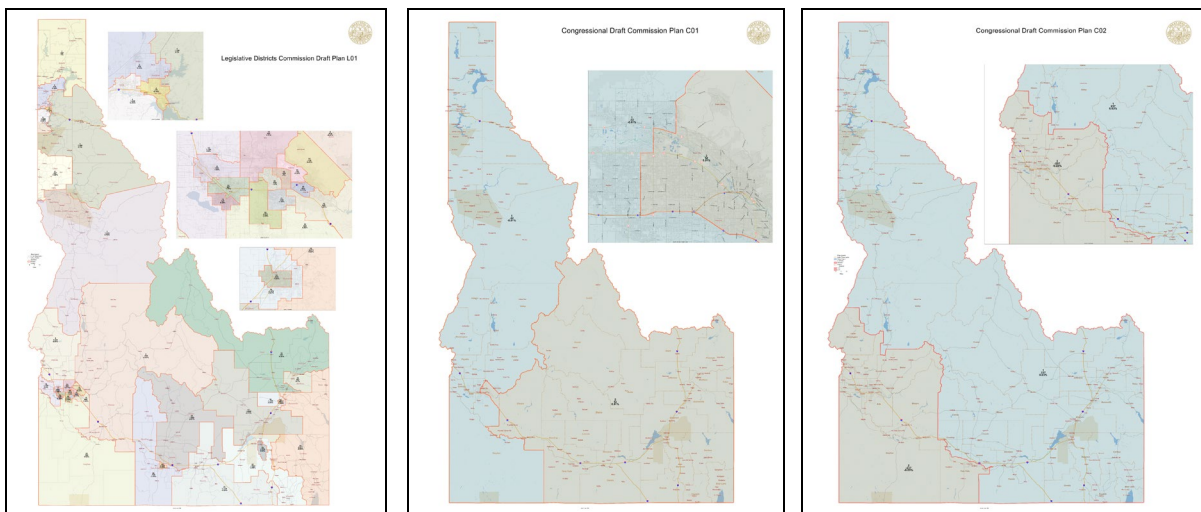

Commissioner Dayley was not feeling well on November 3 and participated in the business meeting by video conference. On the morning of November 4, he informed the other commissioners and staff that he had tested positive for COVID-19. Commissioner Mitchell, as well as three staffers, had been with Commissioner Dayley most of the day on November 2 during the Treasure Valley Subcommittee's meeting and had therefore been potentially exposed.

At this point, the Commission had less than a month to conclude its business. Believing it necessary under the circumstances to proceed expeditiously, and having sought counsel from the Office of the Attorney General, the Commission announced on the record at the November 4 business meeting that votes on the final plans would be taken at a 3:30 p.m. special meeting the next day. An agenda for the special meeting was posted on the Commission's website and in the State Capitol at 2:13 p.m. on November 4, more than 24 hours before the special meeting was to take place.

---

<sup>14</sup> All proposed plans submitted by the public as well as the comments accompanying the plans may be found in Appendix XII.

At the meeting on November 5, after preliminary votes to set aside certain redistricting criteria described in I.C. § 72-1506(7) and (9), the Commission voted to adopt **Plans L03** and **C03**. The vote on the Final Report remained scheduled for November 10. Following the November 5 meeting, it was brought to the attention of the Commission that the agenda posted for the special meeting on November 5 might not have complied with the provisions of the Open Meetings Law. To cure any potential violation, the Commission repeated the votes of November 5 at the November 10 meeting and concluded its business after adopting this report and delivering it to the Secretary of State.

### **Legal Criteria for Legislative Redistricting**

The Fourteenth Amendment of the United States Constitution prohibits a state from denying “to any person within its jurisdiction the equal protection of the laws.”<sup>15</sup> This clause, the Equal Protection Clause, “guarantees the opportunity for equal participation by all voters in the election of state legislators” and requires that seats in both houses of a state legislature be apportioned on a population

---

<sup>15</sup> U.S. Const. amend. XIV, § 1.

basis.<sup>16</sup> A person's right to vote for state legislators is unconstitutionally impaired when the weight of that person's vote is "in a substantial fashion diluted" compared to the votes of citizens in other parts of the state.<sup>17</sup> For this reason, the districts from which legislators are elected must be substantially equal in population, "so that the vote of any citizen is approximately equal in weight to that of any other citizen in the [s]tate."<sup>18</sup>

This constitutional requirement for substantial equality does not demand an "unrealistic overemphasis on raw population figures" or a "mere nose count in the districts."<sup>19</sup> A state, in creating districts, may "legitimately desire to maintain the integrity of various political subdivisions" and take into account other valid considerations, such as "natural or historical boundary lines."<sup>20</sup> In fact, not allowing the state to consider geographical factors "may be little more than an open invitation to partisan gerrymandering."<sup>21</sup> However, while maintaining county or other political subdivision boundaries "can justify small deviations, it cannot be allowed to negate the fundamental principle of one person, one vote."<sup>22</sup> Using political subdivision boundary lines in establishing state legislative districts is "constitutionally valid, so long as the resulting apportionment [is] one based substantially on population and the equal population principle [is] not diluted in any significant way."<sup>23</sup>

In general, a redistricting plan with a maximum population deviation under 10% is permissible, while a plan with larger disparities in population is *prima facie* unconstitutional.<sup>24</sup> Maximum population deviation:

expresses the difference between the least populous district and most populous district in terms of the percentage those districts deviate from the ideal district size. (The ideal district size is calculated by dividing the total population by the number of districts.) For

<sup>17</sup> *Reynolds*, 377 U.S. at 568.

<sup>18</sup> *Reynolds*, 377 U.S. at 579.

<sup>19</sup> *Brown v. Thomson*, 462 U.S. 835, 843 (1983).

<sup>20</sup> *Reynolds*, 377 U.S. at 578-579.

<sup>24</sup> *Brown*, 462 U.S. at 842-843, and *Bonneville County v. Ysursa*, 142 Idaho 464, 467 (2005).

example, if among thirty-five districts, the least populous district is four percent below the ideal, and the most populous district is four percent above the ideal, the maximum population deviation would be 4-(-4), or eight percent.<sup>25</sup>

A maximum population deviation under 10% is no safe harbor, however.<sup>26</sup> A redistricting plan with a maximum population deviation under 10% may be found unconstitutional if the deviation “results from some unconstitutional or irrational state purpose.”<sup>27</sup> Additionally, a redistricting plan with a maximum population deviation under 10% will be held unconstitutional if the individual right to vote in one part of the state is substantially diluted compared to the individual right to vote in another part of the state.<sup>28</sup> In other words, a redistricting plan is unconstitutional under the Equal Protection Clause, regardless of the maximum population deviation, if the weight of a person’s vote depends substantially on where in the state that person lives. The votes of citizens in one part of the state should not be given “two times, or five times, or 10 times the weight of votes of citizens in another part of the [s]tate,” as that would dilute the vote of those living in the “disfavored areas.”<sup>29</sup>

Essentially, in considering whether a redistricting plan violates the Equal Protection Clause, it is not enough to consider the mere size of the population disparities between districts; the “consistency of application and the neutrality of effect of the nonpopulation criteria” must also be considered, to ensure that the right to vote is not being diluted for some citizens based on the area in which they live.<sup>30</sup> Inconsistent application of nonpopulation criteria will not justify population deviation.<sup>31</sup>

The Idaho Constitution provides nonpopulation criteria for the Commission to consider in the redistricting process. A county must remain whole unless it is “reasonably determined” that counties

must be divided to comply with the United States Constitution.<sup>32</sup> When a county must be divided to create legislative districts, *internal divisions*, which create districts wholly contained within a county, are favored over *external divisions*, which create districts that combine part of the county with another county.<sup>33</sup> A county may not “be divided and aligned with other counties to achieve ideal district size if that ideal district size may be achieved by internal division of the county.”<sup>34</sup> When it is necessary to combine counties to create a district, the counties in the district must be contiguous.<sup>35</sup>

Idaho statute provides additional nonpopulation redistricting criteria, some of which echo or expand on federal and state constitutional criteria. These statutory criteria are either mandatory or advisory.<sup>36</sup> Under the mandatory criteria, a redistricting plan shall:

- Be based on population data reported by the United States Census Bureau. This census data shall be the exclusive permissible data;
- Preserve traditional neighborhoods and local communities of interest to the maximum extent possible;
- Create districts that are substantially equal in population;
- Avoid dividing counties;
- Include districts composed of contiguous counties when counties must be divided;
- Retain local voting precinct boundaries, unless this requirement is waived by Commission vote;
- Not divide counties to protect a political party or an incumbent; and
- Include districts that, when containing more than one county or a portion of a county, are directly connected by an interstate, a U.S. highway, or a state highway, unless this

requirement is waived by Commission vote.<sup>37</sup>

Under the advisory criteria, a redistricting plan should:

- Avoid oddly shaped districts; and
- Keep divisions per county to a minimum.<sup>38</sup>

When the various redistricting criteria conflict with each other, there is a hierarchy of applicable law in creating a redistricting plan.<sup>39</sup> First, the United States Constitution — its requirement for substantially equal population — must be satisfied; following that, the requirements of the Idaho Constitution must be met; and only then may statutory criteria be considered, with mandatory criteria ranking above advisory criteria.<sup>40</sup> “A lower ranking source of law in this hierarchy is ineffective to the extent that it conflicts with a superior source of law.”<sup>41</sup>

The effect of this hierarchy is to place the prohibition on unnecessary county division above all criteria except equal protection. A redistricting plan must

begin with the premise that the counties will not be split unless it is necessary to meet standards of equal protection. If it is necessary to go outside county boundaries to form a district, considerations in § 72-1506 come into play, such as joining communities of interest and avoiding oddly shaped districts. These are factors to be considered, but they are subordinate to the [c]onstitutional standard of voter equality and the restrictions in the Idaho Constitution upon splitting counties except to achieve that voter equality.<sup>42</sup>

In other words, the prohibition on unnecessary county division is a threshold standard and the “baseline for consideration within the state system — trumped only by the [c]onstitutional need for equal protection.”<sup>43</sup> To the “extent possible, counties should not be split, or the splits should be kept to the minimum possible while meeting equal protection standards.”<sup>44</sup>

With this legal hierarchy in place, the Commission, in drafting potential redistricting plans and in evaluating proposed plans submitted by the public, treated as threshold standards both substantially equal population and minimum county divisions. Only after these standards were satisfied did the Commission consider and weigh the criteria provided in statute.

### **Equal Protection and County Division**

While numeric equality between districts is not the only redistricting criterion the Commission is obliged to consider, it is the first and most important one. In creating legislative districts, the Commission must “make an honest and good faith effort to construct districts, in both houses of its legislature, as nearly of equal population as practicable.”<sup>45</sup> This principle, known as the “one person, one vote” principle, allows small deviations from a strict population standard only if the deviations are based on “legitimate considerations incident to the effectuation of a rational state policy.”<sup>46</sup>

Idaho’s total state population, as determined by the 2020 census, is 1,839,106. The ideal district size — the quotient of the total state population divided by the total number of districts, 35 — is 52,546. That number — 52,546 — must serve as the Commission’s polestar, and each deviation in each district from that number must result from service to a rational state policy, legitimately applied.

As discussed above, plans with a maximum population deviation less than 10% are generally constitutional but are unconstitutional if the deviation results from an irrational purpose or if the individual right to vote in some parts of the state is diluted as compared to others. Even a deviation meant to serve a rational state policy is impermissible if the application of the policy is inconsistent, arbitrary, or discriminatory. Nonpopulation criteria may justify deviation from the ideal district size only if they are applied consistently and neutrally.

The Commission determined that a good faith effort to achieve voter equality — the standard

<sup>45</sup> *Reynolds*, 377 U.S. at 577.

<sup>46</sup> *Reynolds*, 377 U.S. at 579.

mandated by the United States Supreme Court in *Reynolds* — requires staying as close as possible to the ideal district size while still effectuating state policy. The Commissioners agreed that in no instance would they craft a district that deviated more than 5% over or under the ideal district size, unless the district was an outlier and there was an extraordinarily compelling reason for the larger deviation.

The Commission's rationale here was threefold. First, any district deviation that was over or under 5% from the ideal district size would put pressure, perhaps significant, on other districts to have a minimal deviation. Otherwise, the plan might violate the 10% guideline for constitutionality. If, for example, one district was very underpopulated, with a deviation of -7.5%, then every other district in the state would require a deviation less than +2.5%. The Commission did not believe, absent an extraordinary reason, that the people in one district deserved such preferential treatment at the expense of the people in the rest of the state.

Second, the Commission believed that a lopsided deviation might well represent an arbitrary and inconsistent application of state policy, especially if an exception were made for multiple districts, instead of one outlier district with unique geographical challenges.

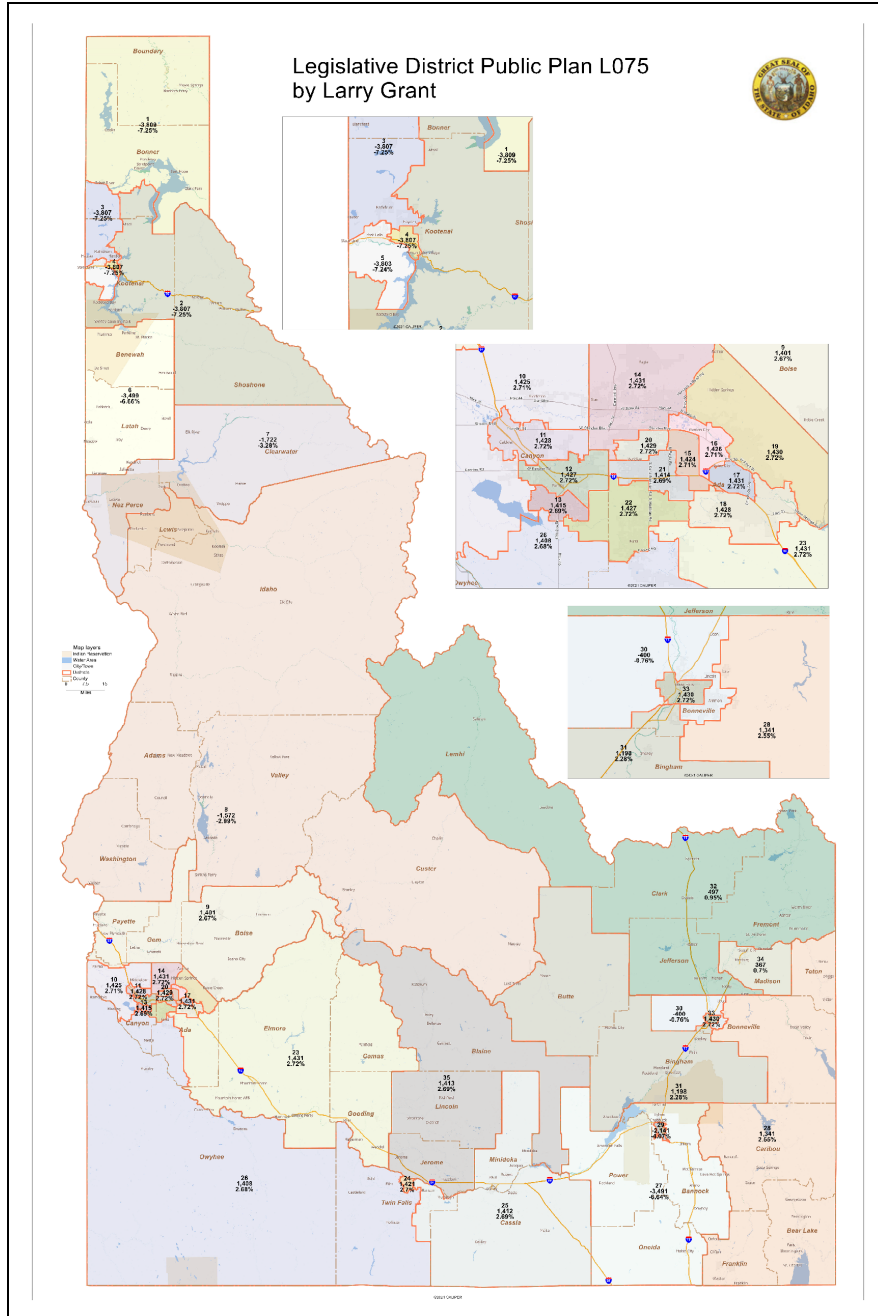

Finally, the Commission suspected that a lopsided deviation, which would represent significant overpopulation or underpopulation of a district — a difference of thousands of people — could result in dilution of the individual right to vote and the diminishment of effective representation. Constituents in a heavily overpopulated district, for example, could not be said to enjoy approximately the same access to their legislators as constituents in more underpopulated districts.

The Commission's approach ultimately yielded **Plan L03**, which has a 5.84% maximum population deviation and divides eight counties. The Commission's detailed rationale for dividing eight counties is explained in the General Legislative Plan Findings below. However, five proposed plans<sup>47</sup>

---

<sup>47</sup> Proposed plans submitted by the public and the comments accompanying those plans appear in Appendix XII of this report.

submitted by the public divided only seven counties. After closely analyzing the plans, the Commission finds that each would likely violate the Equal Protection Clause and that they are also inconsistent with other principles applicable to the redistricting process.

**Figure 3**  
Plan L075

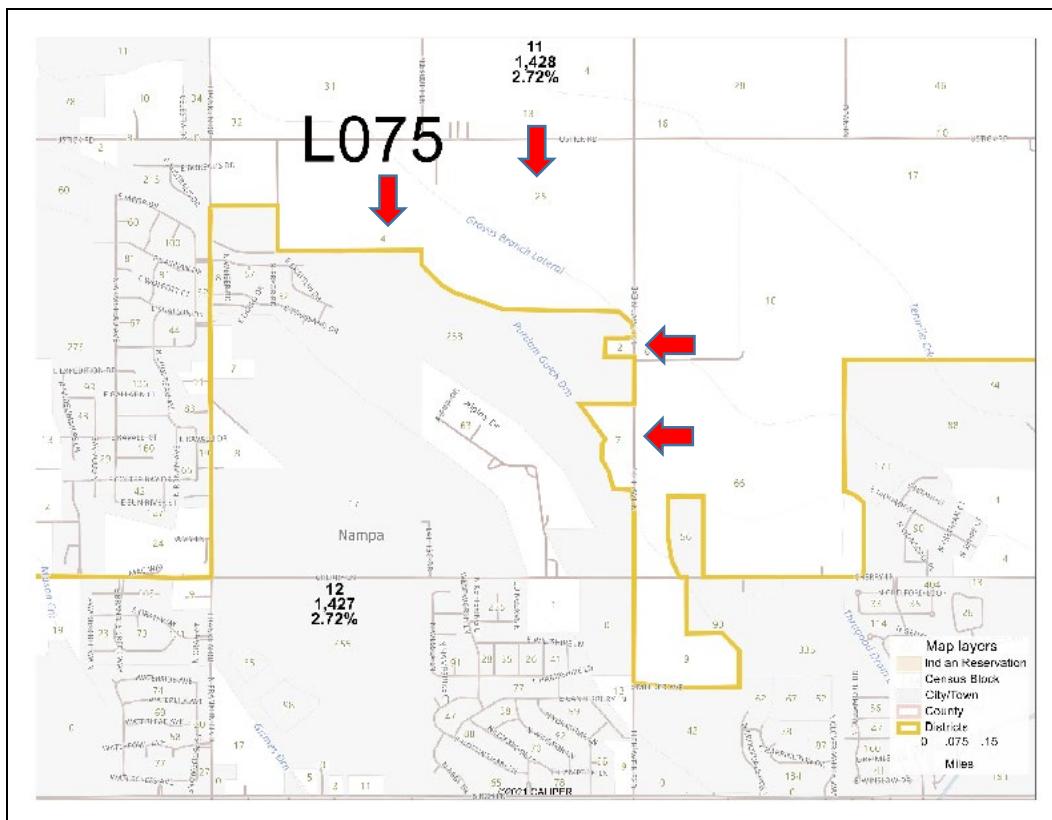

Two of the plans, **L071** and **L077**, both have maximum population deviations of 12.72%, which means they are *prima facie* unconstitutional. Two more, **L075** and **L076**, have a maximum population deviation of 9.97%, and the last one, **L079**, has a maximum population deviation of 10%. These last three plans have significant defects and stand on dubious equal protection grounds.

**L075** and **L076** are presumptively constitutional, if barely. But that is not the end of the analysis. As mentioned above, the 10% guideline is not a safe harbor; a plan with a presumptively constitutional deviation may still be found unconstitutional if the deviation results from an unconstitutional, irrational, inconsistent, or discriminatory state purpose.

The plain purpose of **L075** is to achieve a seven-county-split plan. This is not a plan one would draw if equal protection were the primary purpose being served. The five northernmost districts in the state are all underpopulated to an extreme degree, with deviations of either -7.25% (Districts 1, 2, 3, and 4) or -7.24% (District 5). District 6 is also significantly underpopulated, with a -6.6% deviation. Outside of North Idaho, Districts 10 through 26, along with 28, 31, and 33, are all overpopulated, with ten districts — 11, 12, 14, 17, 18, 19, 20, 22, 23, and 33 — at the top end of the deviation range, +2.72%. Three more districts, 10, 15, and 16, have a deviation of +2.71%; one district, 24, has a deviation of +2.7%; two districts, 13 and 21, have a deviation of +2.69%; and one district, 26, has a deviation of +2.68%. There is a difference of over 5,200 people between the least and most populated districts in **L075**. In legislative districts, that is a significant disparity.

If the Commission adopted **L075** as its redistricting plan, the Commission could not sincerely claim that it attempted, in good faith, to achieve voter equality. This becomes obvious when the district boundary lines in some of the overpopulated districts are examined. Consider the boundary line between Districts 11 and 12 in Figure 4 on the next page. The yellow line is the district boundary, while the straight horizontal line running above it is Ustick Road — a major thoroughfare and therefore an attractive prospect for a district boundary. One common theme that emerged in the public testimony

and comments submitted to the Commission is that roads, especially major roads, make for good district boundaries.<sup>48</sup> But the district boundary in Figure 4 does not follow the obvious straight line. Rather, the boundary meanders about on no set course, carving out census blocks here and there, following no logic or reason except this: to ensure that the people in the white, unshaded census blocks stay in District 11, so that District 12's population does not increase. If the boundary were cleaned up even slightly, so that the 38 people in the census blocks marked by red arrows were moved to District 12 instead of District 11, then that would raise the deviation of District 12 to +2.79%, making the maximum population deviation of **L075** 10.04% and the plan *prima facie* unconstitutional.

**Figure 4**  
Boundary Line between Districts 11 and 12  
Plan L075

<sup>48</sup> See e.g. the testimony of Phil McGrane, Ada County Clerk, in the Meridian Public Hearing Minutes, September 16, which may be found in Appendix III.

In the opinion of the Commission, a sincere commitment to equal protection — a *good faith* commitment to equal protection — requires more than drawing an irregular line so that 38 people fall on one side of the line instead of the other. If a plan requires irrational boundary manipulation to fall just under the 10% guideline, then the plan is, at the very least, constitutionally suspect.

In making this analysis, the Commission does not mean to imply that anyone who submitted a seven-county-split plan did so for improper purposes. The Commission sincerely appreciates the efforts and participation of all the Idahoans who submitted maps and provided guidance to the Commission.

But if equal protection is to mean anything, it must mean more than drawing irregular lines to capture 38 people for one district instead of another. Commitment to equal protection requires aiming for 0% deviation, not 10%. Commitment to equal protection requires being able to justify deviations with a rational state policy, consistently and neutrally applied.

It is undoubtedly a rational state policy to preserve county integrity as much as possible. But that interest must be served consistently and in a way that complies with both the federal and state constitutions, and the Commission finds that **L075** does neither. In addition to the equal protection problems discussed above, the plan fails to preserve county integrity. Though it does indeed divide only seven counties, it accomplishes this by dividing Bonner County — population 47,110 — into three separate legislative districts. In District 1, part of Bonner is combined with Boundary County; in District 2, part of Bonner is combined with Shoshone County and part of Kootenai County; and in District 3, part of Bonner is combined with part of Kootenai.

The reason this is problematic is that Article III, Section 5 of the Idaho Constitution provides that a county may be divided for only one reason: to comply with the United States Constitution. As the Idaho Supreme Court stated in *Twin Falls County v. Idaho Commission on Redistricting*, the word “only”

means “solely.”<sup>49</sup> “A county can be divided *solely* for one reason” — to comply with equal protection.<sup>50</sup> Thus, a county cannot be divided, once or more than once, just to spare another county from being divided. The protection of counties is a provision of the Idaho Constitution, not the United States Constitution.

If a redistricting plan divides a county, such as Bonner, for a reason other than equal protection, then the plan is invalid under the Idaho Constitution. And there is no equal protection standard that justifies dividing Bonner County more than once. Mathematically, Bonner County is smaller than the ideal district size and should not be divided at all. As explained in General Legislative Plan Finding 4.A., the Commission found it necessary, due to the population distribution in North Idaho, to split Bonner once, but finds no equal protection justification for splitting Bonner twice. Indeed, the division of Bonner into three districts might not even be necessary to produce a map that divides only seven counties. **Plan L079**, another seven-county-split plan, divides Bonner into two districts, not three.

Based on the analysis above — because **Plan L075** significantly underpopulates one region of the state at the expense of other regions, thus making the weight of a citizen’s vote dependent on where in the state the citizen lives, and because Bonner County is divided for reasons unrelated to equal protection — the Commission finds that **Plan L075** is constitutionally unviable and should not be adopted as Idaho’s legislative redistricting plan.

**Plan L076** shares many of the same problems that **L075** has. Six of the North Idaho districts are, again, significantly underpopulated. Bonner County is, again, unnecessarily divided into three districts. The systematic underpopulation of North Idaho puts so much pressure on the rest of the plan that 26 districts — almost 75% of them — are overpopulated. Seven of them — 11, 12, 14, 17, 18, 19, 20, and 33 — are at the top end of the maximum population deviation. Many district boundaries are similar to

---

<sup>49</sup> *Twin Falls County*, 152 Idaho at 349.

<sup>50</sup> *Twin Falls County*, 152 Idaho at 349 (emphasis in original).

those in **L075**, and similarly arbitrary; again, these boundaries seem to have been manipulated specifically to keep the maximum population deviation just under 10%. The Commission therefore finds that **Plan L076** is constitutionally unviable, for the same reasons that L075 was.

**Plan L079** is in some ways a more attractive plan than either **L075** or **L076**. The district boundary lines seem cleaner and less arbitrary. Bonner County is divided into two districts, not three. But **L079** has a maximum population deviation of exactly 10%.

Courts have been somewhat imprecise in describing how a maximum population deviation of exactly 10% should be viewed. The United States Supreme Court observed in *Brown v. Thomson*, 462 U.S. 835, 843 (1983), that plans with a maximum population deviation under 10% generally fall within the category of permissible minor deviations, while “a plan with larger disparities in population...creates a *prima facie* case of discrimination and therefore must be justified by the state.”<sup>51</sup> This would imply that a deviation of exactly 10% is *prima facie* unconstitutional. However, at other times, the United States Supreme Court has described plans with a maximum population deviation *above* 10% as being *prima facie* unconstitutional.<sup>52</sup>

Assuming *arguendo* that no presumption applies to a plan with a maximum population deviation of exactly 10%, or that a plan with a maximum population deviation of exactly 10% is presumptively constitutional, the Commission nevertheless finds that **Plan L079** does not satisfy equal protection standards for much the same reason that **L075** and **L076** did not: the significant underpopulation of the North Idaho districts at the expense of much of the rest of the state does not serve the cause of voter equality.

What all five seven-county-split plans demonstrated to the Commission is this: in order for the Commission to adopt such a plan, it would have to significantly underpopulate several North Idaho

---

<sup>51</sup> *Brown*, 462 U.S. at 842-843.

<sup>52</sup> See e.g. *Evenwel v. Abbott*, 578 U.S. 54 (2016).

districts, and furthermore, it would have to draw irregular district boundary lines to achieve a presumptively acceptable maximum population deviation. Drawing more regular boundary lines to avoid voter confusion would likely put the state in the position of having to justify a plan with a maximum population deviation of more than 10%. In light of existing precedent from both the United States Supreme Court and the Idaho Supreme Court, the Commission did not believe it could justify a seven-county-split plan.

To the Commission's knowledge, the Idaho Supreme Court has never upheld a legislative redistricting plan with a maximum population deviation of 10% or more. In three cases — *Bingham County v. Idaho Commission for Reapportionment*,<sup>53</sup> *Smith v. Idaho Commission on Redistricting*,<sup>54</sup> and *Hellar v. Cenarrusa*<sup>55</sup> — the Idaho Supreme Court invalidated plans with deviations of, respectively, 11.79%, 10.69%, and 32.94%.

However rational Idaho's policy of maintaining county integrity might be, the Idaho Constitution itself makes clear that the policy is subordinate to the requirements of equal protection, and the Commission is skeptical of its ability to justify any plan that appears to systematically underpopulate, to a significant degree, six districts in one region of the state. In coming to this conclusion, we have found the case *Larios v. Cox*<sup>56</sup> instructive. In that case, a federal court found Georgia's legislative redistricting plan unconstitutional. The plan had a maximum population deviation of 9.98% but "intentionally and systematically" underpopulated districts in certain parts of the state while overpopulating districts in other parts of the state. The federal court took a dim view of how the plan drafters, rather than making an effort to equalize districts throughout the state, only shifted "as much population...as they thought necessary to stay within a total population deviation of 10%."<sup>57</sup> The decision was affirmed without

comment by the United States Supreme Court, but in a concurring opinion, Justice Stevens remarked that “regionalism is an impermissible basis for population deviations.”<sup>58</sup>

Whether the underlying purpose of a seven-county-split map is a sincere effort to effectuate Idaho’s policy against county division or a discriminatory effort to give people in one region more voting power than people in the rest of the state, the effect is the same: North Idaho voters are favored and voters in other parts of the state are disfavored. Either way, the Commission does not believe these maps reflect the application of equal protection as the primary principle in redistricting.

Based on the analysis above, and for the reasons explicated in the General Legislative Plan Findings below, the Commission finds that the minimum number of counties that must be divided to comply with equal protection standards is eight.

## **General Legislative Plan Findings**

Having reviewed Idaho’s 2020 population data provided by the United States Census Bureau pursuant to Public Law 94-171, having considered the law, testimony, and public comments pertinent to legislative redistricting in Idaho, and having considered the proposed legislative redistricting plans<sup>59</sup> submitted by members of the public, the Commission unanimously makes the following findings:

1. **Number of Districts.** Article III, Section 4 of the Idaho Constitution provides that the “members of the legislature following the decennial census of 2020 and each legislature thereafter shall be apportioned to thirty-five legislative districts of the state.” As this is a constitutional mandate, the Commission has adopted a plan with 35 districts.

2. **Population and Ideal District Size.** The total state population, as determined by the 2020 decennial census, is 1,839,106. The ideal district size — the quotient of the total state population divided by the total number of districts — is 52,546.

---

<sup>58</sup> *Cox v. Larios*, 542 U.S. 947, 949 (2004, J. Stevens concurring).

<sup>59</sup> Proposed plans submitted by the public, and any comments accompanying such plans, may be reviewed in Appendix XII.

3. **County Divisions — Population.** Seven counties — Ada, Bannock, Bonneville, Canyon, Kootenai, Madison, and Twin Falls — have a population exceeding the ideal district size. Six of these counties must be divided to satisfy equal protection standards.

A. **Ada County.** Ada is the state’s most populous county, with 494,967 people.

Mathematically, this predicts nine internal districts, with a remainder of 22,053. Evenly dividing 22,053 people among nine districts would result in districts with a population of 54,996. This would be 2,450 above the ideal district size, for a +4.7% deviation.<sup>60</sup> If Ada were divided into ten internal districts, each with a population of 49,497, then the population of each district would be 3,049 below the ideal district size, for a deviation of -5.8%. It is mathematically possible to draw only internal districts in Ada County, but either nine or ten internal districts would deviate a great deal from the ideal district size.

Because lower deviations are possible with external divisions of Ada County, and because the Commission is obligated, under the Equal Protection Clause and the *Reynolds* line of cases, to make a good faith effort to achieve ideal district size, the Commission finds that Ada County should be externally split.

B. **Bannock County.** Bannock’s population is 87,018. Mathematically, this predicts one internal district, with a remainder of 34,472. If Bannock were made into one self-contained district, the population of the district would be 34,472 above the ideal district size, for a +65.6% deviation. If Bannock were divided into two internal districts, each with a population of 43,509, then the population of each district would be 9,037 below the ideal district size, for a -17.2% deviation. It is mathematically impossible to create a

---

<sup>60</sup> To find the percentage of deviation: (1) subtract the ideal district size from the actual district size; (2) divide the difference by the ideal district size; and (3) multiply the quotient by 100. For example, if the actual district size is 55,000 and the ideal district size is 50,000, then the deviation would be 10%:  $55,000 - 50,000 = 5,000$ ;  $5,000/50,000 = 0.1$ ;  $0.1 \times 100 = 10$ .

redistricting plan that presumptively satisfies equal protection standards without externally splitting Bannock County. Therefore, Bannock County must be externally split.

C. **Bonneville County**. Bonneville's population is 123,964. Mathematically, this predicts two internal districts, with a remainder of 18,872. Evenly dividing 18,872 people between two districts would result in districts with a population of 61,982. This would be 9,436 above the ideal district size, for a +18% deviation. If Bonneville were divided into three internal districts, each with a population of 41,321, then the population of each district would be 11,225 below the ideal district size, for a deviation of -21.4%. It is mathematically impossible to create a redistricting plan that presumptively satisfies equal protection standards without externally splitting Bonneville County. Therefore, Bonneville County must be externally split.

D. **Canyon County**. Canyon is the second most populous county in the state, with 231,105 people. Mathematically, this predicts four internal districts, with a remainder of 20,921. Evenly dividing 20,921 people among four internal districts would result in districts with a population of 57,776. This would be 5,230 above the ideal district size, for a +10% deviation. If Canyon were divided into five internal districts, each with a population of 46,221, then the population of each district would be 6,325 below the ideal district size, for a deviation of -12%. It is mathematically impossible to create a redistricting plan that presumptively satisfies equal protection standards without externally splitting Canyon County. Therefore, Canyon County must be externally split.

E. **Kootenai County**. Kootenai's population is 171,362. Mathematically, this predicts three internal districts, with a remainder of 13,724. Evenly dividing 13,724 people among three internal districts would result in districts with a population of 57,121. This would be 4,575 above the ideal district size, for a +8.7% deviation. If Kootenai were

divided into four internal districts, each with a population of 42,841, then the population of each district would be 9,705 below the ideal district size, for a -18.5% deviation. It is mathematically impossible for a redistricting plan to presumptively satisfy equal protection standards if it includes four internal districts in Kootenai County. While it might be mathematically possible, if unlikely, for a redistricting plan to satisfy equal protection standards if it includes three internal districts in Kootenai County, the Commission finds that a +8.7% deviation is unacceptably high. Because lower deviations are possible with external divisions of Kootenai County, and because the Commission is obligated, under the Equal Protection Clause and the *Reynolds* line of cases, to make a good faith effort to achieve ideal district size, the Commission finds that Kootenai County should be externally split.

F. **Madison County**. Madison's population is 52,913. This is only 367 above the ideal district size, for a deviation of +0.7%. This deviation is constitutionally insignificant. Madison County should be a self-contained district.

G. **Twin Falls County**. The population of Twin Falls is 90,046. Mathematically, this predicts one internal district, with a remainder of 37,500. If Twin Falls were made into one self-contained district, the population would be 37,500 above the ideal district size, for a deviation of +71.4%. If Twin Falls were divided into two internal districts, each with a population of 45,023, then the population of each district would be 7,523 below the ideal district size, for a deviation of -14.3%. It is mathematically impossible to create a redistricting plan that presumptively satisfies equal protection standards without externally splitting Twin Falls County. Therefore, Twin Falls County must be externally split.

4. **County Divisions — Other**. Two counties, Bonner and Nez Perce, must be divided to satisfy

equal protection standards, even though they do not, by themselves, have a large enough population to justify division.

A. **Bonner County**. For the following reasons, Bonner County must be divided so that part of it forms a district with Boundary County and part of it joins with a district to the south. Boundary is the state's northernmost county, with a population of 12,056. This is too low for Boundary to be a self-contained district. To satisfy equal protection standards, Boundary must be joined with another county, and to satisfy Article III, Section 5 of the Idaho Constitution, Boundary must be joined with a contiguous county. To the north, west, and east, Boundary borders other jurisdictions — British Columbia, Washington, and Montana. The only county in Idaho that borders Boundary is Bonner, with a population of 47,110. One legislative district containing the whole of both counties would have a population of 59,166 — 6,620 above the ideal district size, for a deviation of +12.6%. It is mathematically impossible for a redistricting plan with such a district to presumptively satisfy equal protection standards. Therefore, Bonner County must be divided, part of it combining in a district with Boundary, and part of it combining with counties to the south. Like Boundary, Bonner has a limited number of potential partners in a district, as its western and eastern neighbors, Washington and Montana, are other jurisdictions.

B. **Nez Perce County**. Six contiguous northern counties — Boundary, Bonner, Kootenai, Shoshone, Benewah, and Clearwater — together have a population of 261,961. Dividing that number by the ideal district size predicts five districts for these six combined counties, and **Plan L03**, adopted by the Commission, in fact allots five districts to these six counties.

The next three counties — Latah, Nez Perce, and Lewis — have a combined

population of 85,140, which mathematically predicts 1.62 districts. A district containing all three counties would exceed the ideal district size by 32,594, for an unconstitutional deviation of +62%. Each county is too small to be a self-contained district. Nez Perce, the most populous, has a population of 42,090, which deviates -19.9% from the ideal district size; Latah has a population of 39,517, which deviates -25% from the ideal district size; and Lewis has a population of 3,533, which deviates -93.3% from the ideal district size. No district combining two counties of the three would comply with constitutional requirements: Latah and Nez Perce are contiguous, but their combined population is 81,607, which deviates +55.3% from the ideal district size; Latah and Lewis are not by themselves contiguous, and even if they were, their combined population would deviate -18.1% from the ideal district size; and Nez Perce and Lewis, while contiguous, would together deviate -13.2% from the ideal district size. Combining these two counties together would also leave Latah stranded, with no contiguous county to combine it with.

What the Commission finds in this part of the state is a Gordian knot that must be untangled or cut through. Equal protection and the command in the Idaho Constitution to keep counties whole are in tension, but the Idaho Constitution resolves the dilemma by providing that its requirements must yield to those of the United States Constitution.

To create districts of acceptable population including these counties, Latah, Nez Perce, and Lewis Counties must be combined with counties farther south. Idaho County is contiguous with both Nez Perce and Lewis, and Adams County is contiguous with Idaho County. The five counties together have a population of 106,060; dividing that by the ideal district size would predict 2.02 districts. However, the only one of these

counties adjacent to Latah is Nez Perce. Therefore, Latah can form a district with one or more of the counties farther south only if part of Nez Perce County acts as a bridge between them. Based on this analysis, the Commission finds that Nez Perce County must be split.

5. **County Joinder**. Thirty-seven counties have populations lower than the ideal district size and must be joined with contiguous counties to form districts.

6. **Traditional Neighborhoods and Local Communities of Interest**. I.C. § 72-1506(2) does not define “traditional neighborhood” or “local community of interest.” Case law also does not provide any clarity on what constitutes a “traditional neighborhood;” therefore, the Commission has applied the common understanding of the term “neighborhood”: that is, an area, typically residential, within a larger community that shares common characteristics.

Case law does offer some guidance on what a community of interest is, including “whether the residents in the district regard themselves as a community, whether the residents in the district live in urban or rural areas, and whether the tentacles, appendages, or parts of the district share common transportation lines and media sources.”<sup>61</sup>

Public testimony focused almost exclusively on communities of interest, not neighborhoods. Based on court guidance and public testimony, the Commission finds that communities of interest include, but are not limited to, cities, tribal reservations, and, at times, neighboring cities or counties. More generally, the Commission finds that a community of interest is a group of people who share similar legislative concerns. Where possible, the Commission has attempted to keep communities of interest<sup>62</sup> together. However, the strict legal hierarchy governing legislative redistricting, which

<sup>61</sup> *Bingham County*, 137 Idaho at 877.

<sup>62</sup> The Commission sincerely wished to accommodate the request of the Shoshone-Bannock Tribes to combine most of the reservation in a district with Bingham County but found it impracticable for both equal protection and county integrity reasons. The Commission details the problem for possible consideration by Idaho policymakers in the Letter to Appointing Authorities, Appendix XV.

prioritizes equal population and maintaining whole counties, limits the Commission’s capacity to do so.

7. **Oddly Shaped Districts**. I.C. § 72-1506(4) does not define “oddly shaped.” Case law offers some guidance in determining what constitutes an oddly shaped district, including whether the district is distorted or elongated, has shoestring connections, disperses urban populations into rural areas, or splits up established areas, such as political subdivisions.<sup>63</sup> Idaho’s unique shape, unusually shaped counties, uneven population distribution, and rugged topographic features limit the Commission’s ability to draw compact square or rectangular districts — i.e., districts that appear to be normally shaped. However, the Commission has avoided the hallmarks of oddly shaped districts where possible.

8. **Precincts**. Under I.C. § 72-1506(7), a redistricting plan is required to retain local precinct boundary lines, unless the Commission finds that it cannot complete its duties by fully complying with this requirement. The Commission makes this finding by a unanimous vote and describes below, in the Specific Legislative Plan Findings, where precincts have been divided and the reasons for doing so.

9. **Political Parties and Incumbents**. I.C. § 72-1506(8) prohibits dividing counties to protect political parties or incumbents. The Commission explained its rationale for dividing counties in General Legislative Plan Findings 3 and 4, and the Commission specifically notes that it has not divided any county to protect a political party or an incumbent. When adopting a plan, the Commission declined to consider public testimony or public submissions regarding partisan interests or the home addresses of incumbents. Additionally, the Commission declined to include political or incumbent data in the Maptitude software program it used for redistricting.

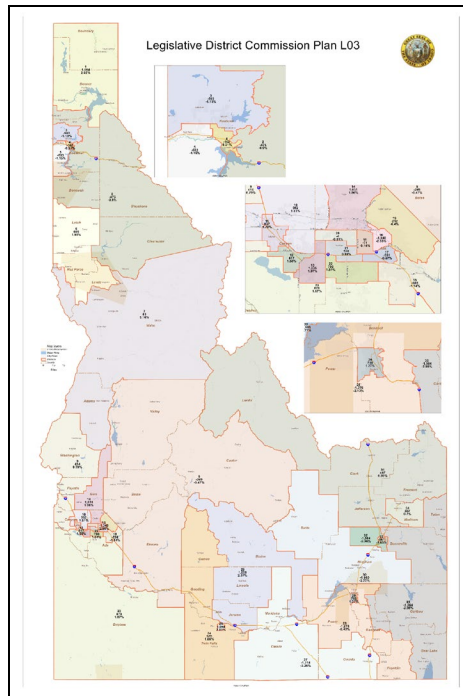

10. **Highway Connection**. Under I.C. § 72-1506(9), if a district contains more than one county or a portion of a county, then the counties or the portion must be directly connected by an interstate or by a federal or state highway. As with the requirement to keep voting precincts intact, this requirement may be waived if the Commission finds that it cannot complete its duties by fully complying with this

---

<sup>63</sup> *Bingham County*, 137 Idaho at 876.

requirement. The Commission makes this finding by a unanimous vote and describes below, in the Specific Legislative Plan Findings, the districts that do not comply with this requirement.

11. **Discretion.** In something as inherently political and controversial as legislative redistricting, it is common for well-informed, well-meaning people to ardently disagree. The Commission, as the decision-making body, has tried in good faith to honor public opinion where possible, but “public opinion” is not always uniform. Even when a request is popular, granting the request might not be feasible.<sup>64</sup> Apportioning the legislature is a matter of discretion and judgment.<sup>65</sup> In the “high-wire act that is legislative district drawing,” many people have sincere, strongly held opinions about how districts should be drawn, and many of those sincere, strongly held opinions conflict with each other. In trying to balance conflicting requests, the Commission’s discretion and judgment were most influenced by what would best serve the interests of equal protection.

## Specific Legislative Plan Findings

12. **Plan L03.** The Commission hereby adopts, by a unanimous vote, **Plan L03** as Idaho's legislative redistricting plan.

13. **Data.** The population data used in drafting Plan L03 was exclusively<sup>66</sup> census data. The plan was drafted using the Maptitude software program, purchased by the Commission from the Caliper Corporation.

14. **Maximum Population Deviation.** The maximum population deviation for Plan L03 is 5.84%. The least populated district, 30, has a deviation of -3.77%. The most populated district, 26, has a deviation of +2.07%. Both districts are composed entirely of whole counties: Bingham and Butte in District 30, and Blaine, Lincoln, and Jerome in District 26. These deviations are justified by the requirement, provided in the Idaho Constitution, to keep counties whole as allowed by equal protection. None of these five counties is populous enough to justify division for equal protection purposes, and the district deviations are not great enough to dilute or otherwise negatively impact the individual right to vote in any part of the state. The Commission finds that a 5.84% maximum population deviation is permissible under the Equal Protection Clause.

15. **District Deviations.** Twelve districts in Plan L03 deviate less than 1%, either plus or minus, from the ideal district size. Fourteen districts in Plan L03 deviate between 1% and 1.99%, either plus or minus, from the ideal district size. Seven districts have a deviation between 2% and 3%, either plus or minus, from the ideal district size. Only two districts deviate more than 3% from the ideal district size. Seventy-four percent of the districts in Plan L03 are within 2% of the ideal district size. These deviations arose out of the Commission's effectuation of rational state policies, specifically those provided in

---

<sup>66</sup> At the remote testimony hearing on October 12, 2021, Lauren Bramwell, representing the ACLU of Idaho, urged the Commission to apportion incarcerated individuals to their home districts, rather than to the district in which they were confined. The Commission respects this request but finds it legally infeasible. Home addresses of incarcerated individuals are not provided in the census data, and the Commission is statutorily limited to using census data exclusively. We find that granting the ACLU of Idaho's request would require a change in Idaho law.

Article III, Section 5 of the Idaho Constitution and I.C. § 72-1506. The Commission finds that all district deviations from the ideal district size are minor and permissible under the Equal Protection Clause.

16. **County Divisions.** The Commission has determined that the minimum number of counties that need to be divided to satisfy equal protection requirements is eight. As discussed above, evidence in the Commission’s record suggests that seven-county-split plans are discriminatory under the Equal Protection Clause, as they consistently and significantly underpopulate districts in North Idaho at the expense of voters in other parts of the state, such that the weight of a person’s vote depends on the location in the state where that person lives.

17. **District Boundaries.** The following findings for each district include a general description of the district’s boundaries. A detailed report listing the census blocks in each district may be found in Appendix VI.

**Figure 6**  
District 1, Plan L03

18. **District 1.** This district consists of Boundary County and most of Bonner County. It has a population of 53,610, deviating +2.02% from the ideal district size.

A. **Traditional Neighborhoods and Local Communities of Interest.** Residents of communities around and near Lake Pend Oreille, particularly residents of Sagle, testified

to the Commission about feeling connected to Sandpoint, the area's economic hub. Many of these people felt they had been disconnected from their community of interest during the past ten years, having been included in a district that excluded Sandpoint but included Idaho County, much farther south.<sup>67</sup> Based on this testimony, the Commission strove to keep these communities in the same district as Sandpoint to the extent possible. The Commission finds that this district preserves traditional neighborhoods and local communities of interest to the maximum extent possible.

**B. District Boundaries.** The western, northern, and eastern boundaries of District 1 are determined by political geography, being partly coterminous with Idaho's borders with Washington and Montana and wholly coterminous with Idaho's border with British Columbia. Part of the southern boundary is Bonner County's boundary with Kootenai County. The remaining portion of the southern boundary is drawn to exclude 5,556 Bonner County residents from District 1 and apportion them to District 2. This was done to ensure that District 1 had a population that was permissible under equal protection standards.

**C. County Division, Joinder, and Contiguity.** This district contains all of Boundary County and most of Bonner County. As explained in General Legislative Plan Finding 4.A. above, the division of Bonner County was found necessary for equal protection purposes. Boundary County is too small to constitute its own district and must be combined with part of Bonner to form a district of acceptable size. Boundary County and the portion of Bonner County combined with it in District 1 are contiguous.

**D. Precinct Boundary Retention.** One Bonner County precinct, Edgemere, was divided in

<sup>67</sup> See e.g. Sandpoint Public Hearing Minutes, September 22, 2021, Appendix III; and Written Testimony of Susan Drumholler (September 20, 2021), Judy Meyers (September 20, 2021), and Barbara Schriber (September 20, 2021), Appendix XIII.

the creation of this district. The Commission determines, by a vote of 6-0, that it cannot complete its duties for this district by fully complying with the requirements of I.C. § 72-1506(7). Edgemere Precinct has a population of 2,934. In apportioning more than 5,000 Bonner County residents to District 2 to comply with equal protection requirements, the Commission found it necessary to allocate 1,892 Edgemere residents to District 2.

**E. Political Parties and Incumbents.** The Commission specifically affirms that it has neither divided Bonner County for the purpose of protecting a political party or an incumbent nor taken any other action in the creation of this district to protect a political party or an incumbent.

**F. Highway Connection.** Boundary County and the portion of Bonner County included in this district are connected by U.S. Route 95, which is part of the United States highway system.

**Figure 7**  
District 2, Plan L03

19. **District 2.** This district consists of a portion of Bonner County, a portion of Kootenai County, and all of Beneawah, Shoshone, and Clearwater Counties. The district has a population of 52,071,

deviating -0.9% from the ideal district size. In addition to the total populations of Benewah, Shoshone, and Clearwater Counties, 5,556 Bonner County residents and 15,082 Kootenai County residents are included in this district.

A. **Traditional Neighborhoods and Local Communities of Interest**. As a geographically large, multicounty district, District 2 does not in itself constitute a neighborhood or a true community of interest. The Commission finds that equal protection standards and the Idaho Constitution's requirement to keep counties whole where possible will at times necessitate the creation of geographically large districts that combine multiple communities of interest, as in the case of District 2. However, the Commission finds that the areas included in District 2 — primarily rural or small communities — share similar legislative concerns. The Commission further finds that this district preserves traditional neighborhoods and local communities of interest to the maximum extent possible.

B. **District Boundaries**. The boundaries of District 2 are determined largely by political geography. The western boundaries are coterminous with part of Idaho's border with Washington, with precincts in Kootenai County, and with Shoshone and Clearwater's boundaries with Latah County. The eastern boundary of the district is coterminous with part of Idaho's border with Montana. The southern boundaries of the district are coterminous with Benewah's boundary with Latah County and with Clearwater's boundaries with Idaho and Lewis Counties.

C. **County Division, Joinder, and Contiguity**. This district contains a portion of Bonner County, a portion of Kootenai County, and all of Benewah, Shoshone, and Clearwater Counties. The latter three counties are all too small to form self-contained districts and must be combined with other counties to form districts of acceptable size. The rationale for dividing Bonner and Kootenai was described in General Legislative Plan Findings 3.E.

and 4.A. The portion of Bonner County in District 2 is contiguous with the portion of Kootenai County, which in turn is contiguous with Benewah and Shoshone Counties. Shoshone County is contiguous with Clearwater County. The Commission finds that this district complies with the requirements of equal protection while minimizing county divisions to the maximum extent possible.

D. **Precinct Boundary Retention**. One Bonner County precinct, Edgemere, was divided in the creation of this district, for the reason explained in Specific Legislative Plan Finding 18.D. Two Kootenai County precincts were also divided in the creation of this district. Asa Gray, Kootenai County elections manager, advised the Commission that Kootenai County intends to redraw precinct boundary lines after redistricting concludes.<sup>68</sup> These precinct divisions were warranted in creating a district of acceptable size, and the Commission determines, by a vote of 6-0, that it cannot complete its duties for this district by fully complying with the requirements of I.C. § 72-1506(7).

E. **Political Parties and Incumbents**. The Commission specifically affirms that it has neither divided Bonner County or Kootenai County for the purpose of protecting a political party or an incumbent nor taken any other action in the creation of this district to protect a political party or an incumbent.

F. **Highway Connection**. This district is not directly connected by roads and highways that are part of the interstate system, the U.S. highway system, or the state highway system. The Commission determines, by a vote of 6-0, that it cannot complete its duties for this district by fully complying with the requirements of I.C. § 72-1506(9).

---

<sup>68</sup> See Testimony of Asa Gray, Coeur d'Alene Public Hearing Minutes, September 22, 2021, Appendix III.

**Figure 8**  
District 3, Plan L03

**A. Traditional Neighborhoods and Local Communities of Interest.** District 3 includes the communities of Rathdrum, Hayden, Hayden Lake, and Dalton Gardens, which, as cities, are communities of interest. They are also neighboring cities, and the Commission finds that they share a community of interest and legislative interests with each other. The Commission further finds that this district preserves traditional neighborhoods and local communities of interest to the maximum extent possible.

**B. District Boundaries.** The district boundaries include political boundaries, roads, and a railroad. The western boundary is coterminous with part of Idaho’s border with Washington. The northern boundaries and eastern boundaries follow precinct boundary lines, and the southern boundaries are the railroad and several roads.

**C. County Division, Joinder, and Contiguity.** The internal division of Kootenai County is necessary for equal protection purposes, as explained in General Legislative Plan Finding

3.E. The Commission finds that this district complies with the requirements of equal protection while minimizing county divisions to the maximum extent possible.

D. **Precinct Boundary Retention**. Several Kootenai County precincts were divided to create this district. These divisions were warranted in creating a district of acceptable population, and Asa Gray, Kootenai County elections manager, advised the Commission that Kootenai County intends to redraw precinct boundary lines after redistricting concludes. The Commission determines, by a vote of 6-0, that it cannot complete its duties for this district by fully complying with the requirements of I.C. § 72-1506(7).

E. **Political Parties and Incumbents**. The Commission specifically affirms that it has neither divided Kootenai County in the creation of this district for the purpose of protecting a political party or an incumbent nor taken any other action in the creation of this district to protect a political party or an incumbent.

F. **Highway Connection**. This district is connected by U.S. Route 95, part of the United States highway system.

**Figure 9**  
District 4, Plan L03

52,384, which deviates -0.31% from the ideal district size.

A. **Traditional Neighborhoods and Local Communities of Interest**. District 4 includes most of Coeur d'Alene as well as Fernan Lake Village. Coeur d'Alene, as a city, is a community of interest, and public testimony reflected a strong conviction that Fernan Lake Village shares a community of interest with Coeur d'Alene.<sup>69</sup> The Commission finds that this district preserves traditional neighborhoods and local communities of interest to the maximum extent possible.

B. **District Boundaries**. The boundaries of this district are influenced by but do not entirely adhere to the city limits of Coeur d'Alene, which has a population of 54,628<sup>70</sup> and is therefore larger than the ideal district size. The district boundary lines consist of several roads.

C. **County Division, Joinder, and Contiguity**. The internal division of Kootenai County is necessary for equal protection purposes, as explained in General Legislative Plan Finding 3.E. The Commission finds that this district complies with the requirements of equal protection while minimizing county divisions to the maximum extent possible.

D. **Precinct Boundary Retention**. Several Kootenai County precincts were divided to create this district. These divisions were warranted in creating a district of acceptable population, and Asa Gray, Kootenai County elections manager, advised the Commission that Kootenai County intends to redraw precinct boundary lines after redistricting concludes. The Commission determines, by a vote of 6-0, that it cannot complete its duties for this district by fully complying with the requirements of I.C. § 72-1506(7).

E. **Political Parties and Incumbents**. The Commission specifically affirms that it has

neither divided Kootenai County in the creation of this district for the purpose of protecting a political party or an incumbent nor taken any other action in the creation of this district to protect a political party or an incumbent.

F. **Highway Connection.** This district is connected by Interstate 90, part of the interstate highway system, and U.S. Route 95, part of the United States highway system.

**Figure 10**  
District 5, Plan L03

A. **Traditional Neighborhoods and Local Communities of Interest.** District 5 includes most of Post Falls, which, as a city, is a community of interest. The district also includes five rural precincts with a total population of 8,303, which must be combined with a nearby urban population to attain an acceptable district size. The Commission finds that this district preserves traditional neighborhoods and local communities of interest to the maximum extent possible.

B. **District Boundaries.** The district's boundaries are determined largely by political and

natural geography, with the western boundary being coterminous with part of Idaho's border with Washington, the southern boundary being Kootenai County's border with Benewah County, and the eastern boundary being Coeur d'Alene Lake.

C. **County Division, Joinder, and Contiguity**. The internal division of Kootenai County is necessary for equal protection purposes, as explained in General Legislative Plan Finding 3.E. The Commission finds that this district complies with the requirements of equal protection while minimizing county divisions to the maximum extent possible.

D. **Precinct Boundary Retention**. Several Kootenai County precincts were divided to create this district. These divisions were warranted in creating a district of acceptable population, and Asa Gray, Kootenai County elections manager, advised the Commission that Kootenai County intends to redraw precinct boundary lines after redistricting concludes. The Commission determines, by a vote of 6-0, that it cannot complete its duties for this district by fully complying with the requirements of I.C. § 72-1506(7).

E. **Political Parties and Incumbents**. The Commission specifically affirms that it has neither divided Kootenai County in the creation of this district for the purpose of protecting a political party or an incumbent nor taken any other action in the creation of this district to protect a political party or an incumbent.

F. **Highway Connection**. This district is connected by Interstate 90, part of the interstate highway system, and U.S. Route 95, part of the United States highway system.

23. **District 6**. This district (see Figure 11, next page) includes two whole counties, Latah and Lewis, and a portion of Nez Perce County, including Lapwai, Culatesac, Peck, and a small part of Lewiston. The district has a population of 53,431, which deviates +1.68% from the ideal district size.

A. **Traditional Neighborhoods and Local Communities of Interest**. As a geographically large, multicounty district, District 6 does not, in itself, constitute a neighborhood or a

true community of interest, though it includes several communities that are communities of interest. The Commission finds that equal protection standards and the Idaho Constitution’s requirement to keep counties whole where possible will at times necessitate the creation of geographically large districts that combine multiple communities of interest, as is the case with District 6. However, the Commission finds that areas included in District 6, many of them rural or small communities, share similar legislative concerns. Public testimony is consistent with this.<sup>71</sup> Latah, Nez Perce, and Lewis Counties all share a health district, and the economies of the counties are intertwined. Additionally, this is a well-balanced district in which neither urban nor rural interests would dominate. Moscow, the largest city in the district, has a population of 25,435; the remaining district residents live predominantly in small towns or rural communities. The Commission finds that this district preserves traditional neighborhoods and local communities of interest to the maximum extent possible.

---

<sup>71</sup> See e.g. Moscow Public Hearing Minutes, September 23, 2021, Appendix III; and Written Testimony of Gretchen Wissner, October 12, 2021, Appendix XIII.

B. **District Boundaries**. The district boundaries are determined mostly by political geography: the boundaries of Latah and Lewis Counties, along with several precincts in Nez Perce County.

C. **County Division, Joinder, and Contiguity**. The rationale for dividing Nez Perce County was provided in General Legislative Plan Finding 4.B. Latah and Lewis Counties are by themselves too small to form a district of acceptable size and must therefore be combined with other counties. Latah County is contiguous with the portion of Nez Perce County contained in this district, and that portion of Nez Perce County is contiguous with Lewis County. The Commission finds that this district complies with the requirements of equal protection while minimizing county divisions to the maximum extent possible.

D. **Precinct Boundary Retention**. No precincts were divided in the creation of this district.<sup>72</sup>

E. **Political Parties and Incumbents**. The Commission specifically affirms that it has neither divided Nez Perce County in the creation of this district for the purpose of protecting a political party or an incumbent nor taken any other action in the creation of this district to protect a political party or an incumbent.

F. **Highway Connection**. While the component parts of this district are connected by U.S. Route 95, which is part of the United States highway system, the connection is not direct, as it is necessary to briefly leave the district while traveling through Lewiston.

The Commission determines, by a vote of 6-0, that it cannot complete its duties for this

<sup>72</sup> This is consistent with the request of Patty Weeks, Nez Perce County Clerk, who testified to the Commission at the Lewiston hearing on September 24 and submitted written testimony through the Commission's website on October 29, 2021. district by fully complying with the requirements of I.C. § 7-1506(9).

**Figure 12**  
District 7, Plan L03

**A. Traditional Neighborhoods and Local Communities of Interest.** As a geographically large, multicity district, District 7 does not, in itself, constitute a neighborhood or a true community of interest, though it includes several communities that are communities of interest. The Commission finds that equal protection standards and the Idaho Constitution’s requirement to keep counties whole where possible will at times necessitate the creation of geographically large districts that combine multiple communities of interest, as is the case with District 7. However, the Commission finds that this district is fairly well-balanced between urban and rural interests. While Lewiston contributes 31,709 people to this district, Idaho County and Adams County, in which there are primarily small towns and rural communities, contribute 20,920. The Commission finds that this district preserves traditional neighborhoods and local

communities of interest to the maximum extent possible.

B. **District Boundaries**. The district boundaries are determined mostly by political geography: precinct boundary lines in Nez Perce County, along with the boundaries of Idaho and Adams Counties, which in parts are coterminous with portions of Idaho's borders with Washington, Oregon, and Montana.

C. **County Division, Joinder, and Contiguity**. The rationale for dividing Nez Perce County was provided in General Legislative Plan Finding 4.B. Idaho and Adams Counties are by themselves too small to form a district of acceptable size and must therefore be combined with other counties. The portion of Nez Perce County contained in this district is contiguous with Idaho County, and Idaho County is contiguous with Adams County. The Commission finds that this district complies with the requirements of equal protection while minimizing county divisions to the maximum extent possible.

D. **Precinct Boundary Retention**. No precincts were divided in the creation of this district.

E. **Political Parties and Incumbents**. The Commission specifically affirms that it has neither divided Nez Perce County in the creation of this district for the purpose of protecting a political party or an incumbent nor taken any other action in the creation of this district to protect a political party or an incumbent.

F. **Highway Connection**. While the component parts of this district are connected by U.S. Route 95, which is part of the United States highway system, the connection is not direct, as it is necessary to leave the district while traveling through the part of Nez Perce County that is not included in this district. The Commission determines, by a vote of 6-0, that it cannot complete its duties for this district by fully complying with the requirements of I.C. § 72-1506(9).

26. **District 8.** This district (see Figure 13, next page) consists of four counties: Valley, Boise, Elmore, and Custer. The district has a population of 52,297, which deviates -0.47% from the ideal district size.

**Figure 13**  
District 8, Plan L03

**A. Traditional Neighborhoods and Local Communities of Interest.** As a geographically large, multicity district, District 8 does not, in itself, constitute a neighborhood or a true community of interest, though it includes several communities that are communities of interest. The Commission finds that equal protection standards and the Idaho Constitution’s requirement to keep counties whole where possible will at times necessitate the creation of geographically large districts that combine multiple communities of interest, as is the case with District 8. However, the Commission finds that the areas included in District 8, many of them rural or small communities, share similar legislative concerns. The most populous city in the district is Mountain Home, at 15,979, or 31% — nearly a third — of the district’s residents. That is enough for a legislator to be attendant to the interests of Mountain Home, but not so great that the rest of the district will be ignored. The Commission finds that this district preserves

traditional neighborhoods and local communities of interest to the maximum extent possible.

B. **District Boundaries**. The district boundaries are determined by political geography: the northern boundaries are the boundaries of Valley and Custer Counties, the western boundaries are the western boundaries of Valley, Boise, and Elmore Counties, the southern boundaries are the boundaries of Elmore and Custer Counties, and the eastern boundaries are the eastern boundaries of Valley, Custer, and Elmore Counties.

C. **County Division, Joinder, and Contiguity**. The component counties of this district are all too small to constitute self-contained districts and therefore must be combined with other counties. Valley County is contiguous with Boise and Custer Counties, Boise County is contiguous with all three of the other counties, Elmore is contiguous with Boise and Custer Counties, and Custer County is contiguous with all three other counties.

D. **Precinct Boundary Retention**. No precincts were divided in the creation of this district.

E. **Political Parties and Incumbents**. This district contains no divided counties. The Commission nevertheless affirms that it did not attempt to protect a political party or an incumbent in the creation of this district.

F. **Highway Connection**. This district is not directly connected by roads and highways that are part of the interstate system, the U.S. highway system, or the state highway system. The Commission determines, by a vote of 6-0, that it cannot complete its duties for this district by fully complying with the requirements of I.C. § 7-1506(9).

26. **District 9**. This district (see Figure 14, next page) consists of two counties, Washington and Payette, and a portion of Canyon County, including Parma, Notus, Wilder, and Greenleaf. The district has

a population of 52,960, which deviates +0.79% from the ideal district size.

**Figure 14**  
District 9, Plan L03

**A. Traditional Neighborhoods and Local Communities of Interest.** As a geographically large, multicounty district, District 9 does not, in itself, constitute a neighborhood or a true community of interest, though it includes several communities that are communities of interest. The Commission finds that equal protection standards and the Idaho Constitution's requirement to keep counties whole where possible will at times necessitate the creation of geographically large districts that combine multiple communities of interest, as is the case with District 9. However, the Commission finds that the areas included in District 9, many of them rural or small communities, share similar legislative concerns. For example, the populations of Parma, Notus, Wilder, and Greenleaf are, respectively, 2096, 609, 1597, and 812. These are similar in size to companion communities elsewhere in the district, such as New Plymouth, population 1,494. Additionally, the district is well-balanced, with Canyon County contributing 17,074 residents, Payette County, 25,386, and Washington County, 10,500. Each

component county in the district is sizeable enough that its interests should be taken into consideration. Finally, on a historical note, these counties have all been combined together in the last two redistricting cycles, with a portion of Canyon County joining Payette, Washington, and Adams.<sup>73</sup> The Commission finds that this district preserves traditional neighborhoods and local communities of interest to the maximum extent possible.

**B. District Boundaries.** The district boundaries are determined mostly by political geography: the western boundary is coterminous with part of Idaho's border with Oregon, the northern boundary is Washington County's border with Adams County, and the eastern boundary is mostly the eastern boundaries of Washington and Payette Counties. In Canyon County, the district boundaries are roads and part of Canyon County's southern border with Owyhee County.

**C. County Division, Joinder, and Contiguity.** This district combines two counties, Washington and Payette, with 17,074 Canyon County residents. The rationale for splitting Canyon County externally was provided in General Legislative Plan Finding 3.D. Washington and Payette are, by themselves, not populous enough to constitute self-contained districts and must therefore be combined with another county or counties. Washington County is contiguous with Payette County, and Payette County is contiguous with the portion of Canyon County included in the district. The Commission finds that this district complies with the requirements of equal protection while minimizing county divisions to the maximum extent possible.

**D. Precinct Boundary Retention.** Several Canyon County precincts were divided to create this district. These divisions were warranted in creating a district of acceptable

population. The Commission determines, by a vote of 6-0, that it cannot complete its duties for this district by fully complying with the requirements of I.C. § 72-1506(7).

**E. Political Parties and Incumbents.** The Commission specifically affirms that it has neither divided Canyon County in the creation of this district for the purpose of protecting a political party or an incumbent nor taken any other action in the creation of this district to protect a political party or an incumbent.

**F. Highway Connection.** This district is directly connected by U.S. Route 95, which is part of the United States highway system, and by Interstate 84, part of the interstate highway system.

**Figure 15**  
District 10, Plan L03

**A. Traditional Neighborhoods and Local Communities of Interest.** District 10 includes 40,635 Canyon County residents, including the city of Middleton, and 12,863 Ada County residents, including the city of Star, which crosses the Ada-Canyon county line.

The district includes part of the city of Nampa and other parts of Canyon County as well. The Commission finds that Middleton and Star are both communities of interest and that crossing the county line is necessary to keep the city of Star together. Additionally, the Commission finds that Middleton and Star, together, are a community of interest.<sup>74</sup> Two notable proposed plans submitted to the Commission, **L023** and **L072**,<sup>75</sup> combined Middleton and Star in a legislative district. **Plan L023** received a great deal of public support in testimony, and **Plan L072**<sup>76</sup> was endorsed by the Ada and Canyon county commissioners. The Commission finds that this district preserves traditional neighborhoods and local communities of interest to the maximum extent possible.

**B. District Boundaries.** District 10 is bounded on the north by Payette and Gem Counties and to the east by State Highway 16, Can Ada Road, and Idaho Center Boulevard. Southern boundaries of the district include Chinden Boulevard, Interstate 84, State Highway 44, and Ustick Road. On the west, the district is bounded by Interstate 84 and other roads.

**C. County Division, Joinder, and Contiguity.** This district combines a portion of Ada County with a contiguous portion of Canyon County. The Ada County portion has 12,863 residents, and the Canyon County portion has 40,635 residents. In General Legislative Plan Findings 3.A. and 3.D. above, the Commission explained its rationale for dividing Ada and Canyon Counties externally. With regard to this specific district, the Commission finds that the external division is further justified based on the close ties and connection between Middleton and Star, as well as Star's status as a cross-county

city. The Commission finds that this district complies with the requirements of equal protection while minimizing county divisions to the maximum extent possible.

D. **Precinct Boundary Retention**. Several precincts in both counties were divided to create this district. These divisions were warranted in creating a district of acceptable population and to keep communities of interest together. The Commission determines, by a vote of 6-0, that it cannot complete its duties for this district by fully complying with the requirements of I.C. § 72-1506(7).

E. **Political Parties and Incumbents**. The Commission specifically affirms that it has neither divided Ada or Canyon County in the creation of this district for the purpose of protecting a political party or an incumbent nor taken any other action in the creation of this district to protect a political party or an incumbent.

F. **Highway Connection**. This district is directly connected by State Highway 44, which is part of the state highway system.

**Figure 16**  
District 11, Plan L03

28. **District 11**. This district is an internal district in Canyon County. It has a population of 53,483,

which deviates +1.78% from the ideal district size.

A. **Traditional Neighborhoods and Local Communities of Interest**. District 11 includes 83.7% of the city of Caldwell's population, which is a community of interest. Not all of Caldwell could be included in the district, because the city's population of 59,996 exceeds the ideal district size; however, this district includes the urban core of the city. The Commission finds that this district preserves traditional neighborhoods and local communities of interest to the maximum extent possible. The Commission finds that this district complies with the requirements of equal protection while minimizing county divisions to the maximum extent possible.

B. **District Boundaries**. District 11's boundaries are influenced by, but do not precisely conform to, Caldwell's city limits. The district is bounded by major roads including State Highway 44, Farmway Road, Ustick Road, Tenth Avenue, Homedale Road, Montana Avenue, State Highway 55, Lake Avenue, Caldwell Boulevard, Middleton Road, Interstate 84, Linden Road, and U.S. Route 20/26.

C. **County Division, Joinder, and Contiguity**. This internal division of Canyon County is necessary for equal protection purposes, as explained in General Legislative Plan Finding 3.D.

D. **Precinct Boundary Retention**. Several precincts in Canyon County were divided to create this district. These divisions were warranted in creating a district of acceptable population and to keep a community of interest together. The Commission determines, by a vote of 6-0, that it cannot complete its duties for this district by fully complying with the requirements of I.C. § 72-1506(7).

E. **Political Parties and Incumbents**. The Commission specifically affirms that it has neither divided Canyon County in the creation of this district for the purpose of

protecting a political party or an incumbent nor taken any other action in the creation of this district to protect a political party or an incumbent.

F. **Highway Connection.** This district is directly connected by Interstate 84, which is part of the interstate highway system.

**Figure 17**  
District 12, Plan L03

29. **District 12.** This district is an internal district in Canyon County. It has a population of 53,363, which deviates +1.55% from the ideal district size.

A. **Traditional Neighborhoods and Local Communities of Interest.** District 12 includes 46,835 residents of the city of Nampa or 46.74% of the population of the city and residents of Caldwell. The Commission finds that Nampa is a community of interest, but with 100,200 people, Nampa is too populous to be included in one district. The Commission also finds that Nampa and Caldwell, being neighboring cities that share many throughways and economic interests, are a community of interest, and that it is appropriate to combine people from the outskirts of Caldwell into a district with Nampa. The Commission finds that this district preserves traditional neighborhoods and local

communities of interest to the maximum extent possible.

B. **District Boundaries**. District 12's boundaries include major roads, such as Interstate 84, Garrity Boulevard, Greenhurst Road, Midway Road, Orchard Avenue, and Karcher Road.

C. **County Division, Joinder, and Contiguity**. The internal division of Canyon County is necessary for equal protection purposes, as explained in General Legislative Plan Finding 3.D. The Commission finds that this district complies with the requirements of equal protection while minimizing county divisions to the maximum extent possible.

D. **Precinct Boundary Retention**. Several precincts in Canyon County were divided to create this district. These divisions were warranted in creating a district of acceptable population. The Commission determines, by a vote of 6-0, that it cannot complete its duties for this district by fully complying with the requirements of I.C. § 72-1506(7).

E. **Political Parties and Incumbents**. The Commission specifically affirms that it has neither divided Canyon County in the creation of this district for the purpose of protecting a political party or an incumbent nor taken any other action in the creation of this district to protect a political party or an incumbent.

F. **Highway Connection**. This district is directly connected by Interstate 84, which is part of the interstate highway system, and State Highway 55, which is part of the state highway system.

30. **District 13**. This district (see Figure 18, next page) is an internal district in Canyon County. It has a population of 53,581, which deviates +1.97% from the ideal district size.

A. **Traditional Neighborhoods and Local Communities of Interest**. District 13 includes 42,144 residents of the city of Nampa which is 42.06% of the city's population. As stated in Specific Legislative Plan Finding 29.A., the Commission finds that Nampa is a

E. **Political Parties and Incumbents.** The Commission specifically affirms that it has neither divided Canyon County in the creation of this district for the purpose of protecting a political party or an incumbent nor taken any other action in the creation of this district to protect a political party or an incumbent.

F. **Highway Connection.** This district is directly connected by Interstate 84, which is part of the interstate highway system.

**Figure 19**  
District 14, Plan L03

**A. Traditional Neighborhoods and Local Communities of Interest.** District 14 combines 96.35% of the residents of the city of Eagle with Gem County, including the city of Emmett. The Commission finds that Eagle and Emmett, as cities, are communities of interest in and of themselves, and that, as both are cities in the Treasure Valley, an area of the state that shares many throughways, media sources, and economic interests,

Eagle and Emmett are part of a larger Treasure Valley community of interest.

The proposed combination of Gem County with part of Ada was met with the objection of the Ada County commissioners, who decried the combination of “urban, growing communities of interest with rural, sparsely populated neighboring counties.”<sup>77</sup> The Ada County commissioners encouraged instead the adoption of **Plan L072**, which was proposed by them.

The Commission notes at the outset of this discussion that Gem County, which contributes 19,123 people to District 14 — 36% of the district’s residents — is not so “sparsely populated.” The Commission further finds that **Plan L072** would not serve the interests of Idahoans or Ada County residents for the following reasons. First, the plan has a maximum population deviation of 9.58%, considerably higher than **Plan L03**’s maximum population deviation of 5.84%. There is simply not the same commitment to equal protection in **Plan L072** that there is in **Plan L03**.

Second, both **Plan L072** and **Plan L03** divide Ada County into 11 districts. Whatever the Ada County commissioners’ objections to combining parts of Ada County with “rural, sparsely populated neighboring counties,” their own proposed plan combines portions of Ada and Canyon Counties with Owyhee County, just as L03 does.<sup>78</sup>

Third, **L072** divides some Ada County cities unnecessarily, in ways that fail to preserve their urban cores. Garden City is divided into two districts, while Meridian is split among four districts. In response to requests and comments from city officials and other parties, **Plan L03** recognizes communities of interest by minimizing the division of

cities and centering legislative districts around the various cities in Ada and Canyon Counties.

It is true that **Plan L072** creates two external splits for Ada County, while **Plan L03** creates three, but those three external splits, like all county divisions in **Plan L03**, were made in the interest of equal protection. To protect voter equality — to create districts close to the ideal size — we have found it necessary, in parts of the state such as this, to combine “rural, sparsely populated” areas with more urban ones. Where we have done so, we have looked to create districts with relatively balanced populations, so that urban and rural voters are coequals in the districts they share. The Commission finds that this district preserves traditional neighborhoods and local communities of interest to the maximum extent possible.

**B. District Boundaries.** District 14’s boundaries include most of Gem County’s boundaries and, in the Ada County portion of the district, major roads such as State Highway 16, State Highway 55, and Chinden Boulevard. In the southeastern part of the district, the Boise River provides some of the district boundary, as do the city limits of Eagle.

**C. County Division, Joinder, and Contiguity.** Gem County, with a population of 19,123, must be combined with another county or counties in order to form a district of acceptable size. The joinder with a portion of Ada County succeeds in creating such a district. Gem County is contiguous with the portion of Ada County to which it is being joined. The Commission finds that this district complies with the requirements of equal protection while minimizing county divisions to the maximum extent possible.

**D. Precinct Boundary Retention.** Some precincts in Ada County were divided to create this district. These divisions were warranted in creating a district of acceptable

52,475, which deviates -0.14% from the ideal district size.

A. **Traditional Neighborhoods and Local Communities of Interest**. District 15 includes a portion of the city of Boise and a portion of the city of Meridian, which, as cities, are communities of interest. In public testimony, Treasure Valley residents expressed a strong preference for preserving the existing legislative districts to the extent possible, believing that the existing districts include well-defined neighborhoods.<sup>80</sup> District 15 covers most of the same area as the existing District 15 does and has common boundaries such as Eagle Road, Chinden Boulevard, Maple Grove, and Interstate 84. Adjustments to district boundaries have been made to equalize population, as the existing District 15 deviates -12.73% from the ideal district size.<sup>81</sup> The Commission finds that this district preserves traditional neighborhoods and local communities of interest to the maximum extent possible.

B. **District Boundaries**. District 15 is bounded on the west by Eagle Road, on the north by Chinden Boulevard, on the east by Maple Grove Road, in the southeast by Franklin Road, and in the south by Interstate 184 and Interstate 84.

C. **County Division, Joinder, and Contiguity**. The internal division of Ada County is necessary for equal protection purposes, as explained in General Legislative Plan Finding 3.A. The Commission finds that this district complies with the requirements of equal protection while minimizing county divisions to the maximum extent possible.

D. **Precinct Boundary Retention**. Some precincts in Ada County were divided to create this district. These divisions were warranted in creating a district of acceptable population, and Phil McGrane, Ada County Clerk, advised the Commission to ignore

precinct boundary lines, as Ada County intends to redraw precinct boundary lines after redistricting concludes. The Commission determines, by a vote of 6-0, that it cannot complete its duties for this district by fully complying with the requirements of I.C. § 72-1506(7).

**E. Political Parties and Incumbents.** The Commission specifically affirms that it has neither divided Ada County in the creation of this district for the purpose of protecting a political party or an incumbent nor taken any other action in the creation of this district to protect a political party or an incumbent.

**F. Highway Connection.** This district is connected by Interstate 84, which is part of the interstate highway system; State Highway 55, which is part of the state highway system; and U.S. Route 20, which is part of the United States highway system.

**Figure 21**  
District 16, Plan L03

A. **Traditional Neighborhoods and Local Communities of Interest**. District 16 combines Garden City with a portion of the city of Boise. Garden City and Boise, as cities, are communities of interest, and Garden City, surrounded by Boise and closely tied to it, forms a community of interest with Boise. This district closely conforms to the existing District 16, as Treasure Valley residents expressed a strong preference in public testimony to preserve the current districts as possible. District 16 retains many of the same boundaries and even much the same shape. Adjustments have been made to equalize the population, as current District 16 deviates -8.99% from the ideal district size. The Commission finds that this district preserves traditional neighborhoods and local communities of interest to the maximum extent possible.

B. **District Boundaries**. District 16's boundaries include major roads such as State Street, Hill Road, Interstate 184, Maple Grove Road, and Franklin Road.

C. **County Division, Joinder, and Contiguity**. The internal division of Ada County is necessary for equal protection purposes, as explained in General Legislative Plan Finding 3.A. The Commission finds that this district complies with the requirements of equal protection while minimizing county divisions to the maximum extent possible.

D. **Precinct Boundary Retention**. Several precincts in Ada County were divided to create this district. These divisions were warranted in creating a district of acceptable population, and Phil McGrane, Ada County Clerk, advised the Commission to ignore precinct boundary lines, as Ada County intends to redraw precinct boundary lines after redistricting concludes. The Commission determines, by a vote of 6-0, that it cannot complete its duties for this district by fully complying with the requirements of I.C. § 72-1506(7).

E. **Political Parties and Incumbents**. The Commission specifically affirms that it has

neither divided Ada County in the creation of this district for the purpose of protecting a political party or an incumbent nor taken any other action in the creation of this district to protect a political party or an incumbent.

F. **Highway Connection.** This district is connected by U.S. Route 20, which is part of the United States highway system, and State Highway 44, which is part of the state highway system.

**Figure 22**  
District 17, Plan L03

A. **Traditional Neighborhoods and Local Communities of Interest.** District 17 is completely made from residents of the city of Boise. Boise, as a city, is a community of interest. District 17 corresponds greatly with the existing District 17, because Treasure Valley residents expressed a strong preference in testimony to retain current districts as much as possible. Adjustments have been made to equalize the population, as the existing District 17 deviates -5.95% from the ideal district size. The Commission finds

that this district preserves traditional neighborhoods and local communities of interest to the maximum extent possible.

B. **District Boundaries**. District 17's boundaries include major roads such as Interstate 184, Interstate 84, Cloverdale Road, Victory Road, Main Street, Capitol Boulevard, Federal Way, and Vista Avenue. Railroad tracks form part of the boundary in the east, as does the Boise River in the northeast.

C. **County Division, Joinder, and Contiguity**. The internal division of Ada County is necessary for equal protection purposes, as explained in General Legislative Plan Finding 3.A. The Commission finds that this district complies with the requirements of equal protection while minimizing county divisions to the maximum extent possible.

D. **Precinct Boundary Retention**. Some precincts in Ada County were divided to create this district. These divisions were warranted in creating a district of acceptable population, and Phil McGrane, Ada County Clerk, advised the Commission to ignore precinct boundary lines, as Ada County intends to redraw precinct boundary lines after redistricting concludes. The Commission determines, by a vote of 6-0, that it cannot complete its duties for this district by fully complying with the requirements of I.C. § 72-1506(7).

E. **Political Parties and Incumbents**. The Commission specifically affirms that it has neither divided Ada County in the creation of this district for the purpose of protecting a political party or an incumbent nor taken any other action in the creation of this district to protect a political party or an incumbent.

F. **Highway Connection**. This district is connected by Interstate 184 and Interstate 84, both of which are part of the interstate highway system.

35. **District 18**. This district (see Figure 23, next page) is an internal district within Ada County. It

has a population of 51,948, which deviates -1.14% from the ideal district size.

A. **Traditional Neighborhoods and Local Communities of Interest**. District 18 contains a portion of the city of Boise. Boise, as a city, is a community of interest. This district corresponds closely to the existing District 18, as Treasure Valley residents expressed a strong preference for retaining existing districts to the extent possible. Many of the district boundaries remain the same. The Commission finds that this district preserves traditional neighborhoods and local communities of interest to the maximum extent possible.

**Figure 23**  
District 18, Plan L03

C. **County Division, Joinder, and Contiguity**. The internal division of Ada County is necessary for equal protection purposes, as explained in General Legislative Plan Finding 3.A. The Commission finds that this district complies with the requirements of equal

protection while minimizing county divisions to the maximum extent possible.

D. **Precinct Boundary Retention**. Some precincts in Ada County were divided to create this district. These divisions were warranted in creating a district of acceptable population, and Phil McGrane, Ada County Clerk, advised the Commission to ignore precinct boundary lines, as Ada County intends to redraw precinct boundary lines after redistricting concludes. The Commission determines, by a vote of 6-0, that it cannot complete its duties for this district by fully complying with the requirements of I.C. § 72-1506(7).

E. **Political Parties and Incumbents**. The Commission specifically affirms that it has neither divided Ada County in the creation of this district for the purpose of protecting a political party or an incumbent nor taken any other action in the creation of this district to protect a political party or an incumbent.

F. **Highway Connection**. This district is connected by Interstate 84, which is part of the interstate highway system, and State Highway 21, which is part of the state highway system.

**Figure 24**  
District 19, Plan L03

36. **District 19.** This district is an internal district within Ada County. It has a population of 52,334, which deviates -0.4% from the ideal district size.

A. **Traditional Neighborhoods and Local Communities of Interest.** District 19 contains a portion of the city of Boise, the Hidden Springs development, and the Avimor development. Boise, as a city, is a community of interest, and Hidden Springs and Avimor are neighborhoods closely tied to Boise. District 19 closely corresponds to the existing District 19, because Treasure Valley residents expressed a strong preference for retaining current districts to the extent possible. Adjustments have been made to equalize population, as the existing district deviates -3.14% from the ideal district size. The Commission finds that this district preserves traditional neighborhoods and local communities of interest to the maximum extent possible.

B. **District Boundaries.** District 19's boundaries include part of Ada County's border with Boise County, and roads such as Parkcenter Boulevard, Warm Springs Road, State Street, and State Highway 55. The Boise River forms part of the boundary as well.

C. **County Division, Joinder, and Contiguity.** The internal division of Ada County is necessary for equal protection purposes, as explained in General Legislative Plan Finding 3.A. The Commission finds that this district complies with the requirements of equal protection while minimizing county divisions to the maximum extent possible.

D. **Precinct Boundary Retention.** Some precincts in Ada County were divided to create this district. These divisions were warranted in creating a district of acceptable population, and Phil McGrane, Ada County Clerk, advised the Commission to ignore precinct boundary lines, as Ada County intends to redraw precinct boundary lines after redistricting concludes.<sup>82</sup> The Commission determines, by a vote of 6-0, that it cannot

complete its duties for this district by fully complying with the requirements of I.C. § 72-1506(7).

**E. Political Parties and Incumbents.** The Commission specifically affirms that it has neither divided Ada County in the creation of this district for the purpose of protecting a political party or an incumbent nor taken any other action in the creation of this district to protect a political party or an incumbent.

**F. Highway Connection.** This district is connected State Highways 44 and 55, both of which are part of the state highway system, and Interstate 184, which is part of the interstate highway system.

**Figure 25**  
District 20, Plan L03

**A. Traditional Neighborhoods and Local Communities of Interest.** District 20 contains 48,447 residents of the city of Meridian or 41.18% of the total population of the city. As a city, Meridian is a community of interest, though with a population of 117,635, it must

be divided among districts. Public testimony supported putting the bulk of Meridian’s population into two districts, and this district accommodates that request.<sup>83</sup> The Commission finds that this district preserves traditional neighborhoods and local communities of interest to the maximum extent possible.

B. **District Boundaries**. District 20’s boundaries include the border between Ada and Canyon Counties in the west and several major roads: Chinden Boulevard, Eagle Road, Fairview Avenue, Meridian Road, and Ustick Road.

C. **County Division, Joinder, and Contiguity**. The internal division of Ada County is necessary for equal protection purposes, as explained in General Legislative Plan Finding 3.A. The Commission finds that this district complies with the requirements of equal protection while minimizing county divisions to the maximum extent possible.

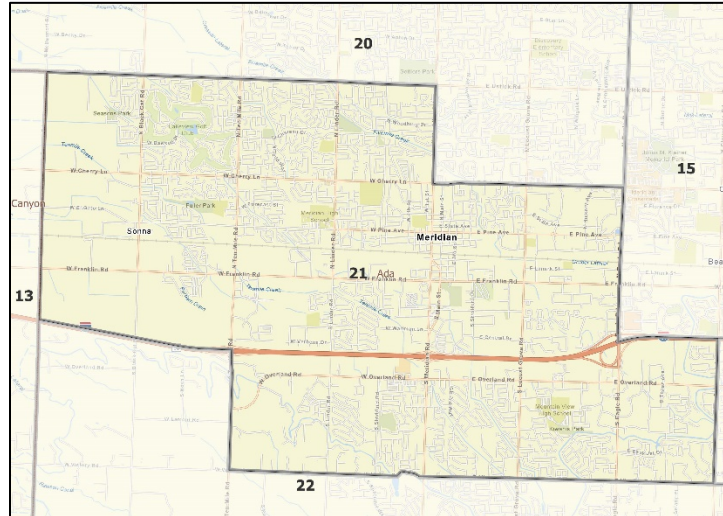

D. **Precinct Boundary Retention**. Some precincts in Ada County were divided to create this district. C. **County Division, Joinder, and Contiguity**. The internal division of Ada County is necessary for equal protection purposes, as explained in General Legislative Plan Finding 3.A. E. **Political Parties and Incumbents**. The Commission specifically affirms that it has neither divided Ada County in the creation of this district for the purpose of protecting a political party or an incumbent nor taken any other action in the creation of this district to protect a political party or an incumbent.

F. **Highway Connection**. This district is connected by Interstate 84, which is part of the interstate highway system.

39. **District 22**. This district (see Figure 27, next page) is an internal district within Ada County. It has a population of 53,342, which deviates 1.51% from the ideal district size.

A. **Traditional Neighborhoods and Local Communities of Interest**. District 22 contains portions of Boise, Meridian, and Kuna. As cities, all three are communities of interest, and this district contains neighborhoods where the three cities intersect. The Commission finds that this district preserves traditional neighborhoods and local

communities of interest to the maximum extent possible.

**Figure 27**

F. **Highway Connection.** This district is connected by Interstate 84, which is part of the interstate highway system, and State Highway 69, which is part of the state highway system.

**Figure 28**  
District 23, Plan L03

40. **District 23.** This district (see Figure 28, next page) combines portions of Ada and Canyon Counties with Owyhee County. District 23 has a population of 53,424, which deviates 1.67% from the ideal district size. Ada contributes 28,542 residents to the district, Canyon contributes 12,969, and Owyhee contributes 11,913.

A. **Traditional Neighborhoods and Local Communities of Interest**. In addition to Owyhee County, District 23 contains most of Kuna and Melba. Kuna and Melba were described as a community of interest in public testimony.<sup>84</sup> The Commission finds that this district preserves traditional neighborhoods and local communities of interest to the maximum extent possible.

B. **District Boundaries**. District 23's boundaries are defined mostly by political geography. The western boundary is coterminous with part of Idaho's border with Oregon, the southern boundary is coterminous with part of Idaho's border with Nevada, the eastern boundary includes Owyhee County's borders with Twin Falls County and Elmore County, and part of the northern boundary is Owyhee County's border with Canyon County. Roads form most of the rest of the northern boundary.

C. **County Division, Joinder, and Contiguity**. Owyhee County requires joinder with another county or counties to form a district with an acceptable population. However, the options for joinder are limited, as Owyhee is contiguous with only four other counties: Canyon, Ada, Elmore, and Twin Falls. This district combines less densely populated areas of Ada and Canyon Counties with Owyhee County, because the areas included in the district, many of them rural or small communities, have similar legislative concerns. The Commission finds that this district complies with the requirements of equal protection while minimizing county divisions to the maximum extent possible.

D. **Precinct Boundary Retention**. Some precincts in Ada and Canyon Counties were divided to create this district. These divisions were warranted in creating a district of acceptable population. The Commission determines, by a vote of 6-0, that it cannot

complete its duties for this district by fully complying with the requirements of I.C. § 72-1506(7).

E. **Political Parties and Incumbents**. The Commission specifically affirms that it has neither divided Ada or Canyon County in the creation of this district for the purpose of protecting a political party or an incumbent nor taken any other action in the creation of this district to protect a political party or an incumbent.

F. **Highway Connection**. This district is not directly connected by roads and highways that are part of the interstate system, the U.S. highway system, or the state highway system. The Commission determines, by a vote of 6-0, that it cannot complete its duties for this district by fully complying with the requirements of I.C. § 7-1506(9).

**Figure 29**  
District 24, Plan L03

41. **District 24**. This district (see Figure 29, next page) combines two counties, Camas and Gooding, with a portion of Twin Falls County. District 24 has a population of 53,121, which deviates

1.09% from the ideal district size.

A. **Traditional Neighborhoods and Local Communities of Interest**. Public testimony was generally supportive of this district, first proposed in Plan L01. Several people who testified or submitted written comments to the Commission expressed that Camas, Gooding, and Twin Falls Counties have similar interests.<sup>85</sup> The Commission finds that this district preserves traditional neighborhoods and local communities of interest to the maximum extent possible.

B. **District Boundaries**. District 24's boundaries are defined externally by the political boundaries of the constituent counties.

C. **County Division, Joinder, and Contiguity**. As discussed in General Legislative Plan Finding 3.G. above, Twin Falls County must be externally split. As neither Camas County nor Gooding County has a large enough population to be a self-contained district, the Commission found it reasonable to combine them with part of Twin Falls County in order to satisfy equal protection requirements. Camas County is contiguous with Gooding County, and Gooding County is contiguous with Twin Falls County. The Commission finds that this district complies with the requirements of equal protection while minimizing county divisions to the maximum extent possible.

D. **Precinct Boundary Retention**. Two precincts were divided in the creation of this district. These divisions were warranted in creating a district of acceptable population. The Commission determines, by a vote of 6-0, that it cannot complete its duties for this district by fully complying with the requirements of I.C. § 72-1506(7).

E. **Political Parties and Incumbents**. The Commission specifically affirms that it has

neither divided Twin Falls County in the creation of this district for the purpose of protecting a political party or an incumbent nor taken any other action in the creation of this district to protect a political party or an incumbent.

F. **Highway Connection.** This district is directly connected by State Highway 46, which is part of the state highway system.

**Figure 30**  
District 25, Plan L03

42. **District 25.** This district is an internal district within Twin Falls County. District 25 has a population of 53,600, which deviates 2.01% from the ideal district size.

B. **District Boundaries.** On the north, District 25 is bounded by the Snake River, while its other boundaries are defined by roads: Eastland Drive, Falls Avenue, N 3200 E, Hankins

Road, Orchard Drive, N 3000 E, E 3600 N, N 2800 E., U.S. Route 93, and Grandview Drive.

C. **County Division, Joinder, and Contiguity.** The internal division of Twin Falls County is necessary for equal protection purposes, as explained in General Legislative Plan Finding 3.G. The Commission finds that this district complies with the requirements of equal protection while minimizing county divisions to the maximum extent possible.

D. **Precinct Boundary Retention.** Two precincts were divided in the creation of this district. These divisions were warranted in creating a district of acceptable population. The Commission determines, by a vote of 6-0, that it cannot complete its duties for this district by fully complying with the requirements of I.C. § 72-1506(7).

E. **Political Parties and Incumbents.** The Commission specifically affirms that it has neither divided Twin Falls County in the creation of this district for the purpose of protecting a political party or an incumbent nor taken any other action in the creation of this district to protect a political party or an incumbent.

F. **Highway Connection.** This district is directly connected by State Highway 46, which is part of the state highway system.

43. **District 26**. This district is composed of three counties: Blaine, Lincoln, and Jerome. The district's population is 53,636, which deviates +2.07% from the ideal district size.

A. **Traditional Neighborhoods and Local Communities of Interest**. Public testimony was generally supportive of this district, first proposed in **Plan L01**. Overall, public testimony agreed with the Commission that Blaine, Lincoln, and Jerome Counties have similar interests.<sup>86</sup> The Commission finds that this district preserves traditional neighborhoods and local communities of interest to the maximum extent possible.

B. **District Boundaries**. District 26's boundaries are determined by the political boundaries of the constituent counties.

C. **County Division, Joinder, and Contiguity**. These counties must each be joined with other counties, as none is large enough to form a district of acceptable population on its own. Blaine is contiguous with Lincoln County, and Lincoln County is contiguous with Jerome County.

D. **Precinct Boundary Retention**. No precincts were divided in the creation of this district.

E. **Political Parties and Incumbents**. This district contains no divided counties. The Commission nevertheless affirms that it did not attempt to protect a political party or an incumbent in the creation of this district.

F. **Highway Connection**. This district is directly connected by U.S. Routes 26 and 93, which are part of the United States highway system, and State Highway 75, which is part of the state highway system.

44. **District 27**. This district (see Figure 32, next page) is composed of three counties: Minidoka,

Cassia, and Oneida. The district's population is 50,832, which deviates -3.26% from the ideal district size.

**Figure 32**  
District 27, Plan L03

A. **Traditional Neighborhoods and Local Communities of Interest.** Public testimony was generally not in favor of combining Oneida County with Minidoka and Cassia.<sup>87</sup> Instead, public testimony overwhelmingly favored combining Oneida with Franklin, Bear Lake, and Caribou Counties.

Bingham, with 44,992 people, is too populous to be added to the Four Counties,

---

<sup>87</sup> See Fort Hall Public Hearing Minutes, October 6, 2021, and Pocatello Public Hearing Minutes, October 6, 2021, Appendix III.

and dividing Bingham would require a ninth county split.

Power's population is 7,878 — too low, on its own, to help the Four Counties reach the ideal district size.

Bannock's population is 87,018, and as discussed in General Legislative Plan Finding 3.B., Bannock must be externally split. However, Bannock's excess population, after providing for one internal district of ideal size, is 34,472 — too many people to be added to the Four Counties, as this would create a district with 66,629 and a deviation of +26.8%. If 20,389 people were taken from Bannock to help the Four Counties attain the ideal district size, then the remaining 14,083 people from Bannock would need to go to another district, either to the north or to the west. The Commission saw no option for where these people could go. Adding them to Bingham was not an option, as the resulting district would be too populous; adding them to Power was not enough to create a district; and adding them to Power, Minidoka, and Cassia would create a district with 68,224 people, much too populous.

Finally, Bonneville County has a population of 123,964, and Bonneville, like Bannock, must be externally split. Assuming that two internal districts of ideal district size could be created in Bonneville, that would leave 18,872 excess residents to add to the Four Counties. Mathematically, this is feasible; adding the excess Bonneville residents to the Four Counties would create a district with 51,029 people, for a -2.89% deviation.

However, using Bonneville's external split to accommodate the Four Counties left a problem of what to do with Teton County, with a population of 11,630. Excluding Bonneville, the only counties adjacent to Teton are Madison and Fremont. Madison has enough people to be a self-contained district and therefore cannot be combined with

any other county. Fremont, with a population 13,388, is not large enough to create an ideal district when combined with Teton.

Adding counties adjacent to Fremont would not solve the problem. Jefferson County is too populous; combining it with Fremont and Teton would create a district with 55,909 people, deviating +6.4% from the ideal district size. Clark County, with only 790 people, is not populous enough, and therefore more population would have to be added from counties farther west – counties that had already been allotted to other districts.

Having failed in its own efforts to accommodate the Four Counties, the Commission found no solution in the draft plans submitted by the public. Of the maps that grouped the Four Counties together, two, **L011** and **L012**, had maximum population deviations exceeding 10%; eleven — **L014, L015, L016, L026, L042, L044, L047, L055, L056, L060, and L074** — split Bingham County; and two, **L070** and **L078**, split Bannock into four different districts.

Based on its own efforts and the maps submitted by the public, the Commission is not persuaded that there is a viable way to keep the Four Counties together and comply with both equal protection and the Idaho Constitution. While the people in Oneida County might feel more connected to their neighbors to the east, the Commission finds, based on equal protection and the Idaho constitutional requirement to keep counties whole as possible, that the most reasonable placement for Oneida County is in a district with Minidoka and Cassia Counties. The Commission finds that this district preserves traditional neighborhoods and local communities of interest to the maximum extent possible.

**B. District Boundaries.** District 27's boundaries are determined by the political

boundaries of the constituent counties.

C. **County Division, Joinder, and Contiguity.** Cassia, Minidoka, and Oneida Counties must each be joined with other counties, as none is large enough to form a district of acceptable population on its own. Minidoka is contiguous with Cassia, and Cassia is contiguous with Oneida.

D. **Precinct Boundary Retention.** No precincts were divided in the creation of this district.

E. **Political Parties and Incumbents.** This district contains no divided counties. The Commission nevertheless affirms that it did not attempt to protect a political party or an incumbent in the creation of this district.

F. **Highway Connection.** The counties in this district are directly connected by Interstate 84 and Interstate 86, both of which are part of the interstate highway system.

**Figure 33**  
District 28, Plan L03

A. **Traditional Neighborhoods and Local Communities of Interest.** As a multicounty

district, District 28 does not in itself constitute a neighborhood or a true community of interest. The Commission finds that equal protection standards and the Idaho Constitution's requirement to keep counties whole where possible will at times necessitate the creation of districts that combine multiple communities of interest. This is especially true in Eastern Idaho, which has thirteen counties and uneven population distribution.

One county, Madison, cannot be combined with any others, as it by itself is very close to the ideal district size. This limits how counties adjacent to Madison, including Jefferson, Clark, Fremont, and Teton, may be combined into districts.

Bonneville County, adjacent to Jefferson, Bingham, Madison, Teton, and Caribou Counties, must be split.

Bingham County, with 47,992 people, is not populous enough to be its own district, but too populous to be combined with anything other than a much smaller neighbor. This limits the number of counties that might be combined with it.

Power, Oneida, Bear Lake, and Caribou Counties all have populations under 10,000 and must be combined with other counties. Franklin is slightly more populous, with 14,194 people, but it, too, must be combined with other counties.

Bannock, with 87,018 people, must be externally split.

Essentially, the population distribution in this part of the state is such that the most populous counties — Bannock, Bingham, Bonneville, Madison, and Jefferson — are clustered together, while the less populous counties surround them. The two most populous counties, Bonneville and Bannock, may be externally split, and therefore must distribute some of their population to form districts with the counties around them. Bannock, the southernmost of the populous counties, is surrounded on three sides by

much less populous counties. Because of the nature of the population distribution in Eastern Idaho, the Commission finds it necessary to divide Bannock into three different districts, with one internal division and two external splits. One external split — for District 28 — requires that Bannock be combined with Power and Franklin Counties. The Commission finds that this district preserves traditional neighborhoods and local communities of interest to the maximum extent possible.

B. **District Boundaries**. District 28’s boundaries correspond to the boundaries of Power and Franklin Counties and the northern boundary of Bannock. Interstate 15 forms part of the eastern boundary of the district, as do some precinct boundaries and census blocks. District 28 also surrounds District 29, a “doughnut hole” district that includes most of the city of Pocatello.

C. **County Division, Joinder, and Contiguity**. The rationale for dividing Bannock County in this way is discussed in General Legislative Plan Finding 3.B, as well as in Specific Legislative Plan Finding 45.A. Power and Franklin Counties are both too small to constitute self-contained districts and must be combined with other counties. Power County is adjacent to Bannock County, which is adjacent to Franklin County. The Commission finds that this district complies with the requirements of equal protection while minimizing county divisions to the maximum extent possible.

D. **Precinct Boundary Retention**. Several Bannock County precincts were divided in the creation of this district. These divisions were warranted in creating a district of acceptable population. The Commission determines, by a vote of 6-0, that it cannot complete its duties for this district by fully complying with the requirements of I.C. § 72-1506(7).

E. **Political Parties and Incumbents**. The Commission specifically affirms that it has

neither divided Bannock County in the creation of this district for the purpose of protecting a political party or an incumbent nor taken any other action in the creation of this district to protect a political party or an incumbent.

F. **Highway Connection.** While the component parts of this district are connected by Interstate 15 and Interstate 86, both of which are part of the interstate highway system, and U.S. Route 91, which is part of the United States highway system, the connection is not direct, as it is necessary to briefly leave the district while traveling through Pocatello. The Commission determines, by a vote of 6-0, that it cannot complete its duties for this district by fully complying with the requirements of I.C. § 72-1506(9).

**Figure 34**  
District 29, Plan L03

A. **Traditional Neighborhoods and Local Communities of Interest.** This district includes most of Pocatello, which, as a city, is a community of interest. Public testimony favored

keeping Pocatello together in one district.<sup>88</sup> With a population of 56,320, Pocatello could not be entirely included within one district, but the Commission did the best it could to honor this request. The Commission finds that this district preserves traditional neighborhoods and local communities of interest to the maximum extent possible.

B. **District Boundaries**. District 29's boundaries are influenced by but do not entirely conform to the city limits of Pocatello, which exceeds the ideal district size. The district is bounded on the north by Interstate 86 and on the west by Bannock County's border with Power County.

C. **County Division, Joinder, and Contiguity**. The internal division of Bannock County is necessary for equal protection purposes, as explained in General Legislative Plan Finding 3.B. The Commission finds that this district complies with the requirements of equal protection while minimizing county divisions to the maximum extent possible.

D. **Precinct Boundary Retention**. Several Bannock County precincts were divided in the creation of this district. These divisions were warranted in creating a district of acceptable population. The Commission determines, by a vote of 6-0, that it cannot complete its duties for this district by fully complying with the requirements of I.C. § 72-1506(7).

E. **Political Parties and Incumbents**. The Commission specifically affirms that it has neither divided Bannock County in the creation of this district for the purpose of protecting a political party or an incumbent nor taken any other action in the creation of this district to protect a political party or an incumbent.

F. **Highway Connection**. This district is connected by Interstate 86 and Interstate 15, both of which are part of the interstate highway system.

some public testimony was supportive of combining these counties.<sup>89</sup> The Commission finds that equal protection standards and the Idaho Constitution's requirement to keep counties whole where possible will at times necessitate the creation of multicounty districts that combine multiple communities of interest, as is the case with District 30. A. **Traditional Neighborhoods and Local Communities of Interest.** This district contains western Bonneville County, Ammon, Iona, and a portion of Idaho Falls. The latter three, as cities, are all communities of interest, though Idaho Falls is too populous for one district. The Commission finds that this district preserves traditional neighborhoods and local communities of interest to the maximum extent possible.

C. **County Division, Joinder, and Contiguity.** The internal division of Bonneville County is necessary for equal protection purposes, as explained in General Legislative Plan Finding 3.C. The Commission finds that this district complies with the requirements of equal protection while minimizing county divisions to the maximum extent possible.

D. **Precinct Boundary Retention.** No precincts were divided in the creation of this district.

A. **Traditional Neighborhoods and Local Communities of Interest.** As a multicounty district, District 35 does not, in itself, constitute a neighborhood or a true community of interest, though it includes several communities that are communities of interest. The

Commission finds that equal protection standards and the Idaho Constitution's requirement to keep counties whole where possible will at times necessitate the creation of multicounty districts that combine multiple communities of interest, as is the case with District 35. However, the Commission finds that the areas included in District 35, primarily small and rural communities, share similar legislative concerns. The Commission finds that this district preserves traditional neighborhoods and local communities of interest to the maximum extent possible.

B. **District Boundaries**. District 35 is bounded on the east by Wyoming, to the south by Utah, and to the north by Fremont County. The district's western boundary, for the most part, follows county boundaries and roads.

C. **County Division, Joinder, and Contiguity**. Bannock and Bonneville are divided externally for reasons described in General Legislative Plan Findings 3.B. and 3.C. and Specific Legislative Plan Finding 45.A. Based on the population distribution in Eastern Idaho and the need to combine residents of more populous counties with residents in smaller counties, the Commission finds it necessary to split Bannock and Bonneville Counties externally. The whole counties in this district are not by themselves populous enough to be a self-contained district; each must be joined with another county or counties to form a district with an acceptable population. Bear Lake County is contiguous to Caribou County, Caribou County is contiguous to the portions of Bannock and Bonneville Counties contained within this district, and Bonneville County is adjacent to Teton County. The Commission finds that this district complies with the requirements of equal protection while minimizing county divisions to the maximum extent possible.

D. **Precinct Boundary Retention**. Some Bannock and Bonneville County precincts were divided in the creation of this district. These divisions were warranted in creating a

district of acceptable population. The Commission determines, by a vote of 6-0, that it cannot complete its duties for this district by fully complying with the requirements of I.C. § 72-1506(7).

E. **Political Parties and Incumbents**. The Commission specifically affirms that it has neither divided Bannock or Bonneville County in the creation of this district for the purpose of protecting a political party or an incumbent nor taken any other action in the creation of this district to protect a political party or an incumbent.

F. **Highway Connection**. This district is not directly connected by roads and highways that are part of the interstate system, the U.S. highway system, or the state highway system. The Commission determines, by a vote of 6-0, that it cannot complete its duties for this district by fully complying with the requirements of I.C. § 72-1506(9).

### **Legal Criteria for Congressional Redistricting**

The United States Constitution requires proportional representation in Congress.<sup>90</sup> The population of congressional districts in the same state must therefore be as nearly equal as practicable.<sup>91</sup> Even where precise mathematical equality is not possible, the state should make a good-faith effort to draw districts of equal population.<sup>92</sup> However, a small deviation between district populations might be permissible if necessary to achieve a legitimate state objective.<sup>93</sup>

There are no fixed numerical standards under which a population deviation becomes presumptively acceptable.<sup>94</sup> Rather, the state must “justify population differences between districts that could have been avoided by a good-faith effort to achieve absolute equality.”<sup>95</sup> The deviation cannot be

so great that it would result in vote dilution for the more populated district.<sup>96</sup>

Courts will at times defer to state policies that are “consistent with constitutional norms, even if they require small differences in the population of congressional districts.”<sup>97</sup> Idaho policies on congressional redistricting appear in statute. These criteria include, to the extent possible, preserving traditional neighborhoods and local communities of interest,<sup>98</sup> avoiding oddly shaped districts,<sup>99</sup> avoiding division of counties, whether for partisan or other reasons,<sup>100</sup> and retaining local precinct boundary lines.<sup>101</sup>

### **General Congressional Plan Findings**

Having reviewed Idaho’s 2020 population data provided by the United States Census Bureau pursuant to Public Law 94-171, having considered the law, testimony, and public comments pertinent to congressional redistricting in Idaho, and having considered the proposed congressional redistricting plans submitted by members of the public, the Commission, by a 4-2 vote, makes the following findings:

1. **Number of Districts**. Following the 2020 census, Idaho was apportioned two seats in the United States House of Representatives, and I.C. § 34-1901 creates two congressional districts, with one member elected from each district. The Commission has therefore adopted a plan with two congressional districts.

2. **Population and Ideal District Size**. The total state population, as determined by the 2020 census, is 1,839,106. The ideal district size — the quotient of the total state population divided by the total number of districts — is 919,553. Because Idaho has an even number of people, it is possible to achieve precise numeric equality between the congressional districts.

3. **County Division.** Unlike for legislative redistricting, there is no Idaho constitutional provision concerning the division of counties in congressional redistricting. I.C. § 72-1506(5) provides that, “Division of counties shall be avoided where possible.” This criterion applies to both congressional and legislative redistricting. However, the Commission finds that complete avoidance of county division is not possible. As discussed above, the state must make a good-faith effort to achieve absolute numeric equality between congressional districts. Because Idaho has an even-numbered population, and because there are only two congressional districts, it is mathematically possible to achieve precise numeric equality between the districts. To achieve such equality, Ada County, the state’s most populous county, must be split. This conforms to how the state has divided its congressional districts since 1971, and the Commission also finds that maintaining the traditional division of Ada County would be less disruptive and confusing to voters than the creation of entirely new districts.

4. **Other State Criteria.** In congressional redistricting, the dictates of equal protection are paramount. While courts will at times show some deference to legitimate state objectives, the Commission finds that even a small deviation between districts to effectuate state policy is not reasonable in a redistricting year when precise numeric equality can be achieved. The Commission therefore declines to try to justify any deviation based on preservation of counties or other criteria mentioned in I.C. § 72-1506. However, the Commission specifically affirms that it has not divided Ada County or taken any other action in congressional redistricting for the purpose of protecting a political party or an incumbent.

5. **Precincts.** Under I.C. § 72-1506(7), a redistricting plan is required to retain local precinct boundary lines. The Commission finds, by a 5-1 vote, that it cannot complete its duties by fully complying with this requirement.

**Figure 41**  
 Adopted Plan C03  
**Specific Congressional Plan Findings**

6. **Plan C03.** The Commission adopts, by a 4-2 vote, **Plan C03** as Idaho’s congressional redistricting plan.

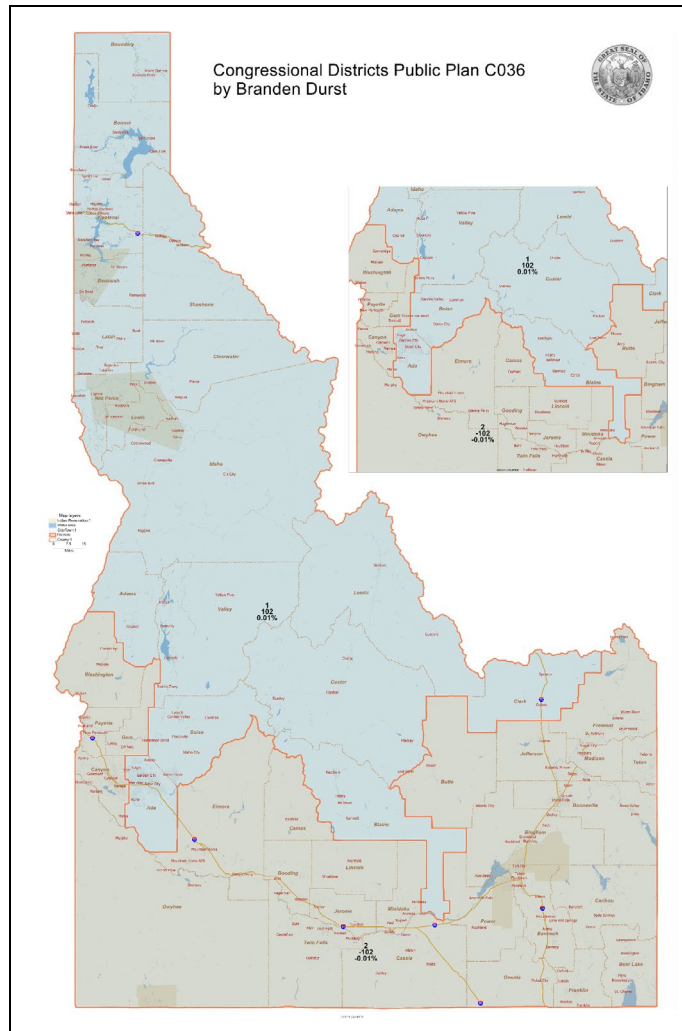

7. **Population Data.** The population data used in drafting Plan C03 was exclusively census data. The plan was drafted using the Maptitude software program, purchased by the Commission from the Caliper Corporation.

8. **Deviation**. There is no population deviation between the districts in Plan C03. Each district is the ideal district size of 919,553.

9. **District 1**. This district includes the following counties: Boundary, Bonner, Kootenai, Shoshone, Benewah, Latah, Clearwater, Nez Perce, Lewis, Idaho, Adams, Valley, Washington, Gem, Boise, Payette, Canyon, Owyhee, and part of Ada. A detailed census block equivalency report for the district is included in Appendix X.

10. **District 2**. This district includes the following counties: Lemhi, Custer, Elmore, Camas, Blaine, Lincoln, Gooding, Jerome, Minidoka, Twin Falls, Cassia, Butte, Clark, Fremont, Jefferson, Madison, Teton, Bonneville, Bingham, Power, Bannock, Caribou, Oneida, Franklin, Bear Lake, and part of Ada. A detailed census block equivalency report for the district is included in Appendix VII.

11. **Division of Ada County**. The portion of Ada County allocated to District 2 includes most of the city of Boise and some of Eagle and Meridian. The boundaries for the Ada County portion of District 2 are: in the northeast, the county line between Ada and Boise Counties up to State Highway 55; in the northwest, State Highway 55 south to State Street; in the west, State Highway 44 to Eagle Road, then Eagle Road south to Victory Road; and in the south, Victory Road, Orchard Street, Gowen Road, and Interstate 84. The southern boundary dips south from Victory Road for a brief distance to include some people in District 2 that are necessary to achieve precise numeric equality.

### **Minority Report on Congressional Redistricting**

Cochair Schmidt and Commissioner Mitchell respectfully dissent in part from General Congressional Plan Findings 1 and 2 and further respectfully dissent from General Congressional Plan Findings 3 and 4, except to note that they agree with their colleagues that the majority of the Commission has not taken action in congressional redistricting to protect a political party or an incumbent. Additionally, Commissioner Mitchell respectfully dissents from General Congressional Plan Finding 5. Cochair Schmidt and Commissioner Mitchell would find the following:

1. **County Preservation**. Maintaining the integrity of counties is a legitimate state objective, as determined by the United States Supreme Court in *Tennant v. Jefferson County Commission*, 567 U.S. 758 (2012). Minor deviations from precise numeric equality may be justified if the deviation results from effectuating a legitimate state objective. The Commission should do its utmost not only to achieve equal protection but also to effectuate state policy. As provided in I.C. § 72-1506(5), it is state policy to avoid the division of counties whenever possible.

2. **Plan C036**. Cochair Schmidt and Commissioner Mitchell would adopt Plan C036 or a similar plan that maintains whole counties with a minimal population deviation. In Plan C036, the difference between the districts is 102 people, or 0.01%. Such a minor deviation — less than the deviation in the congressional redistricting plan upheld in *Tennant* — would not dilute the voting power of any person in the state, and in adopting Plan C036 or something like it, the Commission would be abiding by statute and serving the legitimate state objective of maintaining whole counties.

## Conclusion

Based on the findings, reasons, and analyses described above, the Idaho Commission for Reapportionment reports to the Idaho Secretary of State that it has adopted **Plan L03** as Idaho's legislative redistricting plan, **Plan C03** as Idaho's congressional redistricting plan, and this document as its Final Report.

DATED this 10<sup>th</sup> day of November, on the Commission's 71<sup>st</sup> day of business,

Bart Davis, Cochair  
Dan Schmidt, Cochair  
Tom Dayley, Commissioner  
Nels Mitchell, Commissioner  
Amber Pence, Commissioner

RE: Constituent Redistricting Concerns

Dear Appointing Authorities:

Thank you for the opportunity to serve on the Idaho Commission for Reapportionment. It has been our honor and privilege to fulfill this important function.

As a Commission, we held 18 hearings around the state to take public testimony on redistricting. In the testimony, certain concerns emerged as recurring themes. We wish to emphasize that, in describing these concerns, we are not recommending any specific action. Rather, our purpose is to bring the concerns to the attention of you, your parties, and your caucuses.

First, there is interest among some constituents for communities of interest, such as cities and tribal reservations, to be afforded greater protection than that currently allowed by law. Although I.C. § 72-1506(2) lists preserving communities of interest as a redistricting criterion, this statutory provision is subordinate to the mandate in the Idaho Constitution to keep counties whole. Thus, it is common for communities that cross county boundaries, such as the Fort Hall Reservation, to be divided between legislative districts. Greater legal protection for Idaho's communities of interest would likely require an amendment to Article III, Section 5, of the Idaho Constitution.

Second, some constituents reported feeling disenfranchised in their current districts. They testified that their legislators ignored parts of the district with less population. This feeling of disenfranchisement seemed most common among rural voters. It was suggested by Dr. Gary Moncrief and others that creating 70 representative districts — or two House districts for every Senate district — might help to alleviate this feeling of disenfranchisement, because House members would then be more geographically dispersed throughout the state. But creating 70 House districts would likely require a change to Article III, Section 4, of the Idaho Constitution, which requires 35 *legislative* districts, failing to

distinguish between Senate and House districts.

Again, our purpose in this letter is not to provide specific recommendations on these matters but to bring them to your attention.

Thank you again for the opportunity to serve.

Sincerely,

Bart Davis, Cochair
