PRESENTATION:**

**BOARD OF LAND COMMISSIONERS - IDL - TRUST LAND  
MANAGEMENT PROGRAM SEASONAL STAFF HOUSING IN  
KAMIAH - FY 2023 SUPPLEMENTAL; Janet Jessup, Principal Budget  
and Policy Analyst, LSO Budget and Policy Analysis**

**Ms. Jessup** explained this supplemental request was to construct seasonal housing at the Maggie Creek supervisory area in Kamiah, and would include seasonal staffing for that area.

**UNANIMOUS  
CONSENT:**

Requested by **Representative Raybould**, granted by unanimous consent, the FY 2023 budget for the IDL was reopened.

**MOTION:**

Moved by **Representative Raybould** for FY 2023 for the Department of Lands in the Trust Land Management Program, a one time appropriation of \$1,250,000 from the General Fund for seasonal housing; seconded by **Senator Burtenshaw**.

**DISCUSSION:**

**Representative Raybould** explained this particular area has proven difficult to secure housing facilities during the fire season, and in consultation with IDL have made this compromise over the original recommendation that involved building seasonal housing. She stated this supplemental purchases an existing facility and remodels it, which is a more cost effective solution to meet an immediate need for the upcoming fire season.

In response to Committee questions, **Dustin Miller**, IDL Director, stated IDL had been looking for property for a while since the absence of Maggie Creek housing greatly affects their ability to recruit, hire, and retain wildland and timber firefighters. He explained this request was a FY 2023 supplemental request due to the hurdle of acquiring the property and remodeling it in time to house the seasonal employees for the upcoming fire season.

**UNANIMOUS  
CONSENT:**

**Representative Tanner** requested unanimous consent to hold the two IDL FY 2023 supplementals in Committee at the call of the chair. **Senator Burtenshaw** and **Representative Raybould** objected.

**MOTION:**

Moved by **Representative Tanner** to hold the two IDL FY 2023 supplementals at the call of the chair; seconded by **Senator Herndon**.

PRESENTATION:**

**BOARD OF LAND COMMISSIONERS - IDL - FOREST AND RANGE  
FIRE PROTECTION - PREVENTATIVE FIRE MEASURES - FY 2023  
SUPPLEMENTAL; Janet Jessup, Principal Budget and Policy Analyst,  
LSO Budget and Policy Analysis**

**Ms. Jessup** briefed this supplemental pertains to the use of funds for phosphate-based, ground applied, long term fire retardant.

**MOTION:**

Moved by **Senator Burtenshaw** for FY 2023, for the IDL in the Forest and Range Fire Protection Program a one time appropriation of \$750,000 from the General Fund for equipment for statewide fire protection; seconded by **Representative Raybould**.

**DISCUSSION:**

**Senator Burtenshaw** explained the applied retardant is able to suppress fires when one crests a mountain or is in a range land, and is sprayed on the sides of roads, and spread upon structures, buildings, and telephone poles. He stated last year over \$70 million was spent on fire suppression, and the U.S. government spent \$320 million in our state, therefore this supplemental is a small investment to protect structures, homes, buildings, and along highways.
