* * * * *

Mr. Speaker, Mr. President, Honorable Justices and Judges, my fellow constitutional officers, distinguished legislators and members of my Cabinet, honored guests, friends, my family and our First Lady, my fellow Idahoans.

I'm pleased to report today that the State of Idaho is healthy and strong. The people are optimistic. Our communities are vibrant. Our public institutions are running more efficiently and are better prepared than ever to tackle our challenges head on. Idaho citizens are bringing all the energy, enthusiasm and independence that characterize our history to the work of building an even better state for our children and our grandchildren.

And speaking of grandchildren, I'm also pleased to report that the Otter family is expanding. Our son John and his wife Molly are expecting a new grandchild for us to enjoy. I'm excited about the arrival! Of course, all my children and grandchildren are dear to me - a family sentiment and an Idaho value that I'm sure we all share. Our families inspire us to keep working hard to provide them with a legacy of lifelong learning, an appreciation for honest effort, and abiding compassion for those less fortunate.

One of the most inspiring and energizing parts of my job is visiting towns all over Idaho to hold Capital for a Day. It's a chance for local folks who might not often come to Boise to get answers to their questions about State government directly from me and my agency directors. I want to thank all the legislators across Idaho who join us for these monthly public gatherings.

My favorite part of Capital for a Day is meeting students in towns like Kamiah and Albion. They represent their schools, families and communities with great civic pride. And that's no accident. It's a product of engaged parents, committed educators, and public officials from local school trustees to State leaders who embrace the goal of preparing Idaho's schoolchildren for an increasingly complex and competitive world.

Capital for a Day has strengthened my belief that Idaho's character reflects the aspirations of our children and families from generation to generation.

And just as families are the foundation of our communities and our culture, so too can education provide a foundation for stronger families and a brighter future for all of us.

We are entrusted with the singular constitutional responsibility of providing for a "general, uniform and thorough system of public, free common schools" throughout Idaho. Frankly, I'm convinced that we would see this as our highest priority even if it wasn't in our Constitution. So promoting and constantly improving education for the people of Idaho must be the foundation of our work together.

We made promises during the Great Recession that we are duty-bound to fulfill. We have priorities for Idaho's future that require world-class K-12 schools and an advanced, responsive post-secondary education system. And now, we have the financial means.

My legislative agenda for 2016 and my budget recommendations for fiscal 2017 reflect the priority that I place on living within the people's means while making responsible, sustainable and data-driven investments in our K-through-Career education system.

My focus is on supporting student achievement by continuing to responsibly implement the 20 recommendations of our School Improvement Task Force.

Along with insisting on transparency and robust local accountability, the foundation we're building will advance our goal of ensuring that 60 percent of Idaho citizens between the ages of 25 and 34 have a college degree or professional-technical certification by 2020.

Let me impress upon you once again the urgent need to address the cornerstone of successful lifelong learning - reading proficiency. Last year in this chamber I called on Idaho's business community to help us address the clear need for improving the attainment of that basic skill among our youngest students. Pro-active parents start that process at home before kindergarten, and students refine their reading skills in those early school years.

Through the third grade, they learn to read. But from the fourth grade on, they read to learn. So if we're serious about wanting long-term improvement in school outcomes, we must intensify our efforts to provide the kind of proven support that works for students who struggle to develop reading skills.

I want to thank Idaho Business for Education and other stakeholders and practitioners who developed recommendations for addressing our early reading challenges.

My budget includes \$10.7 million to pay for intervention support for students in kindergarten through third grade who are not yet proficient on the state reading indicator. That will improve the chances for more Idaho students to succeed through high school and beyond.

Overall, I'm calling for a 7.9-percent increase in public school funding, including more than \$38 million to continue putting the teacher career ladder in place.

And I'm asking for almost \$1.8 million to move such non-instructional school staff as counselors, nurses and speech pathologists onto the career ladder. I believe implementing the career ladder - based on specific student success measures - is essential to attracting and retaining the best teachers for Idaho schools.

Success in teacher retention also means continuing investment in their professional development. I know from Miss Lori just how demanding those early years in the classroom can be. So I'm asking for an investment of \$5 million for professional development aimed specifically at mentoring new teachers.

I also support Superintendent Ybarra's request to fully restore pre-recession levels of operating funds to school districts. Our Task Force recommended a five-year plan for that process. But the timeline can be cut to three years by approving my recommendation for nearly \$30 million.

Properly applied, technology also is an increasingly necessary factor in 21st century classroom success. That's why I'm recommending that we continue investing not only in devices but also in teacher training and software to make the most of the opportunities that technology affords.

But with or without the latest technology, the most important learning resource our students have is the classroom teacher.

With that in mind, the Task Force recommended moving Idaho to a voluntary "mastery-based" education system. That's one in which teachers are encouraged to provide individualized learning focused on mastery of subject-matter content and concepts rather than classroom "seat time."

I appreciate the Legislature's investment to start implementing mastery-based education, as well as Superintendent Ybarra's focus on achieving that goal. My fiscal 2017 budget includes \$1.1 million to support up to 20 school districts in developing model programs for others to follow throughout Idaho.

I had the chance last month to experience a little of what innovative, mastery-focused learning looks like in our classrooms. I participated in an "Hour of Code" exercise with fifth-graders at Boise's Garfield Elementary. Immersing myself in that environment and watching students do the same, I saw firsthand the difference that individualized learning can make in comprehension, application and ultimately mastery.

From reading proficiency to mastering concepts and from our community colleges to our universities, our emphasis must be on going the extra mile to prepare students to succeed in a complex and competitive global economy. That preparation in turn will support and advance the economic growth and increased prosperity that we are all striving to achieve.

So let's talk for a moment about the connections we're building between "K-12" and "Career."

First, there's the STEM Action Center that's been up and running since July. An executive director, a program manager and a board of directors have been named.

Now it's ready for the next step, and our industry partners throughout Idaho are eager to join us in supporting its work.

My budget recommendation includes \$2 million in ongoing operating funds for the center, as well \$10 million in one-time funds for starting up STEM programs. Those include a K-through-Career program in computer science to help meet the high demand for those workplace skills.

Ensuring that students are college and career ready is as critical to employers as it is to Idaho's young people. I hear it every day from businesses large and small and in every industry sector.

That's why higher standards, more individualized learning, more dual-credit offerings, and more professional-technical options are high priorities in my budget recommendation.

Of course, taking the fullest advantage of the investments we're making will require students and parents to have more and better information about post-secondary and career opportunities. So I'm recommending that \$5 million go toward implementing more college and career counseling in our high schools. Local districts must have the flexibility to use that money to create systems that best fit students' needs for course counseling, career exploration and preparing for life after high school.

Indeed, Idaho offers many choices for those who "Go On." They include enrolling at one of our technical schools to study in such subject areas as health occupations, Web design, machine tooling, welding, or aircraft maintenance. But many of those programs have long waiting lists. And with our statewide jobless rate now at a level that used to be considered "full employment," too many of our citizens remain underemployed.

Meanwhile, Idaho businesses are struggling to find qualified workers. That's especially true of companies in the high-tech and industrial manufacturing fields. So my budget recommendation includes \$3.8 million to address those training backlogs in industry areas where graduates will find more high-wage jobs.

I'm also advancing three initiatives that hold great promise for creating a financial foundation that students can use to reach their own and our state's post-secondary education goals.

First, I'm proposing a "tuition lock" for our colleges and universities. It will ensure the rate that Idaho undergraduates pay

when they first enroll in a post-secondary program will remain constant for at least four academic years. That brings greater financial predictability for Idaho students and their families while also providing an incentive for timely completion of a degree or professional certification program.

Second, I'm recommending a \$5 million increase in funding for our Opportunity Scholarship so more Idaho students can afford to go beyond high school.

And third, I'm proposing that another \$5 million be allocated for the new "Completion Scholarship." It's designed to encourage Idaho citizens who have some post-secondary education to return to the classroom and finish up. It will provide a real benefit for financially strapped adults who are trying to upgrade their job skills.

The Completion Scholarship is aimed at improving access and affordability to career-oriented education programs while helping to address our pressing workforce development needs.

Ladies and gentlemen, I just can't emphasize enough how important improving our K-through-Career education system is to providing the tens of thousands of skilled workers we need to meet the increasingly technical demands of Idaho employers. This truly is an investment in the future of all our citizens.

Talent pipelines to address the challenges ahead are being developed by the Department of Labor, the Division of Professional-Technical Education, our post-secondary schools and a number of private-sector partners. Dynamic new online resources such as the college and career Web site NextSteps.Idaho.gov and the construction trades portal WeBuildIdaho.org show the power of collaboration in achieving our shared goals.

There also is an important place for communities in this effort. Nine years ago, the Legislature approved my request to provide \$5 million in startup funds to help any counties that want to join together in establishing a community college district. With that promise of support in hand, the people of Ada and Canyon counties voted to create the College of Western Idaho. Since then, CWI has grown faster than any community college in American history.

That speaks to a huge pent-up demand for the kind of lower-cost, relevant and responsive education and training programs that have been created at CWI. Now the people of southwestern, south-central and northern Idaho have exciting, first-rate local opportunities to advance their career readiness aspirations.

So today I'd like to invite the people of eastern Idaho to advance their ongoing discussions about making Eastern Idaho Technical College a full-featured community college. I encourage serious public consideration of the benefits and opportunities that a local community college can provide to that region of Idaho. My budget recommendation includes \$5 million to support such a plan for making less-costly and more-flexible education beyond high school accessible to more citizens on that side of our state.

Overall, I'm seeking a 9.6-percent increase in funding for our community colleges and an 8.8-percent increase for our four-year institutions.

Besides additional funding for our college completion and high-demand academic and professional-technical programs, I recommend expanding Boise State University's materials science program, the University of Idaho's "Go On" initiative to increase enrollment, and Idaho State University's health science programs.

That brings me to healthcare. First, from an education standpoint: I'm recommending that in the coming year we follow through on our plan for providing more physician training to meet Idaho's needs. Adding five more seats to our medical school partnership with the University of Washington will reach the Board of Education's 2009 goal of having 40 seats available for Idaho students.

That's a great investment in our students and an important step toward addressing our community healthcare needs. But it also is a pipeline from which it takes years to realize benefits. There are quicker ways to address our shortage of primary care physicians. So I encourage you to keep funding our physician residency slots. And we must keep attracting healthcare professionals by providing medical loan reimbursement incentives for primary care doctors who agree to serve our rural communities.

In the meantime, I'm asking the Board of Education to work with our medical community and higher education institutions to develop a new plan for addressing future demand for healthcare providers.

Right now I want to recognize and applaud a member of my Cabinet who has worked tirelessly for years to develop meaningful Idaho-based alternatives to Medicaid expansion under the Affordable Care Act. Health and Welfare Director Dick Armstrong and his team - as well as such legislative leaders as Representative Fred Wood and Senator Lee Heider - have gone above and beyond in developing the plan we unveiled last week. I look forward to our discussions on that option.

Folks, making healthcare in our communities more accessible and affordable has been a pillar of my policy agenda since I took office in 2007. That's why I'm so proud of the progress we're making in addressing local crisis intervention needs for those with acute substance abuse or mental health issues.

With your support we now have behavioral health crisis centers in Idaho Falls and Coeur d'Alene. The response in those communities has been more than encouraging. During the first nine months that the Idaho Falls center was open, it had more than 1,100 admissions and diverted 47 people from more expensive in-patient psychiatric care - all while saving an estimated 860 hours of law enforcement officers' time.

I expect to see similar results from the northern Idaho crisis center. So my budget recommendation for fiscal 2017 includes funding for a third crisis center, this time in southern Idaho. I appreciate the Legislature's continued backing of our efforts to improve local access to care while reducing costs to the community. It remains our goal to engage local leaders, businesses and non-profits in supporting long-term sustainability.

I'm sure you will agree that sustainability is a significant goal and a key metric of success for much of our public policy, including our management of Idaho's precious water resources.

Mr. Speaker, Senator Bair and Chairman Chase of the Idaho Water Resource Board, I want to personally thank you for your efforts in bringing two water-user groups together to finally settle delivery calls from the Eastern Snake Plain Aquifer.

This historic settlement between the Surface Water Coalition and groundwater users will help ensure that the aquifer is a healthy and reliable resource now and well into the future. In fact, I would encourage others who are at odds over apportioning

scarce resources to use this agreement as a template for addressing their own conflicts.

Sustainability is a central value throughout Idaho, from the Treasure Valley to the Rathdrum Prairie and from Bear Lake to Hells Canyon. That's why I'm proud to announce that the Water Resource Board has drafted a statewide sustainability policy. The Board will conduct public meetings throughout Idaho in the coming year to gather suggestions on incorporating its findings into our Comprehensive State Water Plan.

Preserving and protecting Idaho's water is crucial to our continued economic growth and increased prosperity. Our renewable and "green" hydroelectric resources alone make Idaho the envy of other states in the West and a magnet for businesses that put a premium on environmental sustainability.

Promoting Idaho as a place where employers can get things done because government moves at the speed of business has been a centerpiece of Commerce Director Jeff Sayer's work for the past four years.

As you know, Jeff has returned to the private sector. But the team he's built and the programs he's launched will continue to have a great impact on Idaho's bottom line. From IGEM to the Tax Reimbursement Incentive and from international trade to local economic development, Jeff has been a champion for the people of Idaho. Please join me in thanking him for helping Idaho rank first in the nation for job growth, sixth among states for economic outlook, and among the top states for starting a small business.

There is one additional responsibility that Jeff took on. He chaired my Leadership in Nuclear Energy or LINE Commission. Its continuing task is to identify how Idaho can leverage our partnership with the U.S. Department of Energy at the Idaho National Laboratory to the economic advantage of Idaho citizens. Our LINE Commission efforts are not limited to eastern Idaho. Instead, they are aimed at making the state-of-the-art facilities and research at the INL into a truly global resource.

The State of Idaho remains committed to helping the INL live up to its potential as the nation's premier research facility while building a stronger partnership with the Department of Energy based on communication, accountability and shared goals.

That's why I was encouraged in November to hear that a team at the INL will lead the new Gateway for Accelerated Innovation in Nuclear. The GAIN program will provide a one-stop-shop for private developers to find federal experts and facilities to help them create safer, cleaner and more efficient reactors to reduce the emission of greenhouse gasses.

Ladies and gentlemen, having shared goals does not eliminate the need for us to remain vigilant in protecting the health and safety of Idaho citizens. But we have spent years overcoming past challenges in our relationship with the Department of Energy, and I'm proud of our progress.

The scientists, engineers and technology experts at the Lab also run one of the world's pre-eminent cybersecurity programs. Idaho is fortunate that the INL and its higher education and industry partners are providing technical assistance to the cybersecurity task force I created last year.

Led by Lieutenant Governor Little, it is developing responses to the growing threat of hackers exploiting our State computer systems. I am committed to implementing the best strategies possible to protect the privacy of our citizens.

Our task force is working to identify what more the State can do to detect vulnerabilities, prevent cyberattacks, mitigate damages and educate the people of Idaho on how to fight this global tool of crime and terror. To help with that effort, my budget includes a request for \$1 million to establish a cybersecurity program at Boise State University in partnership with the Idaho National Laboratory.

The State also will benefit from our own Idaho military being engaged in this fight. I'm pleased to announce today that the Idaho Air National Guard recently was among 13 Guard commands nationwide to be designated as "cyber units." That means personnel trained to military standards in the latest and most advanced technology will be helping detect and stop online attacks before they damage our cyberspace capabilities.

The Idaho Cyber Operations Squadron will include 71 Air Guard personnel, including 15 who will be working full-time on this important new mission. The Squadron also will be a great resource for our efforts to protect a vital piece of our State infrastructure.

It's encouraging that we are tackling this modern threat with such unity of purpose. But there is another area of our public policy for which a united and deliberate effort must now be made for Idaho to meet its responsibilities to the rule of law.

As many of you know, the State has been sued over the constitutionality of our public defense system. The lawsuit alleges that Idaho's public defenders are overworked and under-trained. It claims that the system provides a disincentive for attorneys in less-populated counties to spend enough time with indigent clients.

Let me say that Idaho historically has been a leader in recognizing and ensuring the right to legal counsel. It was part of our territorial law and was put in the Idaho Constitution at statehood.

A legislative interim committee has been reviewing our system and considering options for three years. As a result, many of us now have a better understanding of its shortcomings and what needs to be changed. It's not a cheap or easy fix. But I stand with the Idaho Criminal Justice Commission and the State Public Defense Commission in calling on the Legislature to address the issue this year.

Please join me in a commitment to ensuring that all Idaho citizens in every one of our 44 counties can avail themselves of this fundamental constitutional right. My budget recommends \$5 million to implement the changes that you approve.

The past year saw a number of changes on the ground across Idaho as wildfire continued to wreak havoc on our forests and rangelands. A total of 742,000 acres burned, and firefighting costs reached almost \$61 million in 2015. State, federal and local authorities have identified several training, resource and coordination needs that we must address before the start of a 2016 fire season that figures to be just as bad or worse. That's why I'm advancing the Land Board's request for almost \$920,000 in additional funding to beef up the Idaho Department of Lands' wildfire program with a focus on improving initial response.

I also want to thank the Legislature for approving my past funding requests for creation of Rangeland Fire Protection Associations, which enable ranchers to help fight fires on both private and public range. We have six of them now protecting 951,000 acres of private rangeland and providing secondary

protection on 4.8 million acres of federal and State land. Their knowledge of the landscape has proven to be an invaluable asset to the Department of Lands, the Bureau of Land Management and the Forest Service in quickly suppressing wildfires. Now more groups around the state are seeing the results and are ready to get involved. So I'm requesting \$140,000 to create additional RFPAs in anticipation of another rough fire season.

People all over the world - and maybe even a few in Washington, D.C. - know that wildfire is a far greater threat to Idaho's sage-grouse population than livestock grazing. But that reality has largely eluded the U.S. Department of Interior, the BLM and the Forest Service. Instead of taking the reasonable step of supporting local conservation and Idaho stewardship measures, Interior imposed harsh new restrictions on land use within the bird's habitat - in some cases where they don't even exist!

That left me with no choice but to file a lawsuit against the federal agencies last September. It's simply aimed at ensuring that sage-grouse conservation and management responsibilities remain with Idaho. I'm grateful to the Legislature for joining me in that effort.

In the meantime, we will continue working more broadly to protect the Idaho habitat on which sage-grouse depend. My budget request calls for allocating \$500,000 for fire prevention, suppression, and habitat monitoring and restoration efforts on non-federal lands. I appreciate your continued support of our collaborative efforts to put in place a reasonable, responsible and effective species protection plan - with the customs, culture and economic vitality of our citizens in mind.

Let me also express my deep and sincere appreciation to our incredible State employees throughout Idaho. I enjoy visiting our agency offices from time to time, and I'm consistently impressed with the commitment and civic virtue with which our employees do their jobs. They take great pride in being public servants and in being responsive to the needs of Idaho citizens. That's why I'm so pleased to be able to announce today that my budget request includes funding for agency directors and administrators to retain and reward their personnel. It's a step in the right direction toward attracting and keeping great public servants.

We have a lot to appreciate here in Idaho, and we are building the foundation for even better things to come. I hope you will join me in choosing gratitude for what we have and hope for our path forward over frustration and cynicism at what we have yet to achieve.

In fact, I believe Idaho now is closer than anywhere in our nation to what America was meant to be.

Finally, it is my sincere wish that we undertake our work together in this legislative session without keeping one eye on the upcoming election. Instead, let us proceed with a focused commitment to applying government's proper role to our current challenges and to improving the lives of generations to come.

Thank you for your time and attention. Godspeed in your deliberations, and may He continue to bless the great State of Idaho and the United States of America.

BE IT FURTHER RESOLVED that 2016 be recognized throughout the State of Idaho as the Year of Idaho Military Families.

**HOUSE CONCURRENT RESOLUTION NO. 29
BY STATE AFFAIRS COMMITTEE
A CONCURRENT RESOLUTION**

STATING FINDINGS OF THE LEGISLATURE AND
COMMEMORATING AND RECOGNIZING THE 130TH
ANNIVERSARY OF THE STATUE OF LIBERTY.

Be It Resolved by the Legislature of the State of Idaho:

WHEREAS, the 130th anniversary of the unveiling of the Statue of Liberty will take place on October 28, 2016; and

WHEREAS, it is an excellent opportunity for all Americans to remember her history and meaning to the United States of America and to the world; and

WHEREAS, in 1865, upon the conclusion of the Civil War ending slavery in the United States, Edouard de Laboulaye, a French historian and admirer of American democracy, was inspired to propose a generous gift from France to the United States in the form of a statue representing liberty; and

WHEREAS, the sculptor Frederic Auguste Bartholdi was commissioned for the project. Bartholdi and Laboulaye agreed that their monument should not be seen as instigating an uprising but rather as lighting the way with her torch to democracy, peacefully and lawfully. They named the statue "Liberty Enlightening the World"; and

WHEREAS, in 1877, President Ulysses S. Grant signed a bill designating Bedloe's Island in New York Harbor as the intended site for the statue; and

WHEREAS, on October 28, 1886, ten years after the centennial celebration of the United States, the statue was at last unveiled at a dedication ceremony on Bedloe's Island, and one million New Yorkers braved wet and foggy weather that day to throw the first ever ticker-tape parade in New York City, where President Grover Cleveland welcomed her, saying, "We will not forget that Liberty has here made her home; nor shall her chosen altar be neglected"; and

WHEREAS, the Statue of Liberty still stands proudly today, having been designated a National Monument by President Calvin Coolidge in 1924, and placed under the jurisdiction of the National Park Service by President Franklin D. Roosevelt in 1933; and

WHEREAS, over the course of her 130-year history, the Statue of Liberty has welcomed more than twelve million immigrants to American shores and is visited by millions of admirers from all corners of the earth each year; and

WHEREAS, the millions of people who passed through New York Harbor under the watchful eyes of the Statue of Liberty were important to America for their contribution in making the United States of America the world leader it is today; and

WHEREAS, the American poet Emma Lazarus wrote about the Statue of Liberty and America's dream in her inspirational sonnet "The New Colossus," which was inscribed on a bronze

plaque and hung inside the pedestal of the Statue of Liberty: "Give me your tired, your poor, Your huddled masses yearning to breathe free, The wretched refuse of your teeming shore. Send these, the homeless, tempest-tost to me, I lift my lamp beside the golden door!"; and

WHEREAS, the Statue of Liberty is a symbol to the world of the dreams and aspirations which have drawn so many millions of immigrants to America; and

WHEREAS, to all Americans the Statue of Liberty stands eternal as the symbol of the freedom which has been made a living reality in the United States for men and women of all races, creeds and national origins who have united in allegiance to the Constitution of the United States and to the imperishable ideals of our free society.

NOW, THEREFORE, BE IT RESOLVED by the members of the Second Regular Session of the Sixty-third Idaho Legislature, the House of Representatives and the Senate concurring therein, that we do honor and commemorate the history of the Statue of Liberty and urge all Idahoans to recognize and celebrate the symbol of freedom and democracy which she represents to all of the world.

**HOUSE CONCURRENT RESOLUTION NO. 32
BY AGRICULTURAL AFFAIRS COMMITTEE**

A CONCURRENT RESOLUTION
STATING LEGISLATIVE FINDINGS AND
COMMEMORATING THE PULSE CROP.

Be It Resolved by the Legislature of the State of Idaho:

WHEREAS, the Idaho Pea and Lentil Commission was established July 1, 1965, to manage the funds collected from the assessment on dry peas, lentils and chickpeas. The seven-person commission allocates funding for research, domestic and international marketing, government affairs and education; and

WHEREAS, the USA Dry Pea & Lentil Council was also established in 1965 as a nonprofit organization to promote and protect the interests of growers, processors, warehousemen and sellers of dry peas, lentils and chickpeas in the United States; and

WHEREAS, both the Idaho Pea and Lentil Commission and the USA Dry Pea & Lentil Council are headquartered in Moscow, Idaho, also known as the "Pea and Lentil Capital of the World"; and

WHEREAS, the Idaho Bean Commission was created in 1957 to promote Idaho's quality dry and green beans and promote their nutritional and health benefits and is headquartered in Boise. The eight-member commission allocates funding for research, domestic and international marketing, government affairs and education; and

WHEREAS, Idaho has almost 200,000 acres planted annually into beans, dry peas, lentils and chickpeas; and

WHEREAS, pulse crops such as lentils, beans, peas and chickpeas are a vital source of plant-based proteins and amino acids for people around the globe and should be eaten as part of a healthy diet to address obesity, as well as to prevent and help manage chronic diseases such as diabetes, coronary conditions and cancer; and

WHEREAS, pulses are also an important source of plant-based protein for animals; and

WHEREAS, pulses are leguminous plants that have nitrogen-fixing properties that can contribute to increasing soil fertility and have a positive impact on the environment; and

WHEREAS, more than two-thirds of the United States adult population are overweight or obese, with diabetes being one of the leading causes of death. Pulses are a healthy option that are nutrient-dense with fewer calories, have more fiber and protein, deliver great flavor, are gluten-free with low allergen and with low glycemic responses; and

WHEREAS, childhood obesity affects one in every six American youth. Pulses can be a healthy alternative as they are low in fat but high in fiber and protein. Pulses are also rich in zinc, which is crucial to building a healthy immune system.

NOW, THEREFORE, BE IT RESOLVED by the members of the Second Regular Session of the Sixty-third Idaho Legislature, the House of Representatives and the Senate concurring therein, that we commemorate the mighty Pulse for singular recognition.

BE IT FURTHER RESOLVED that we recognize and thank the Idaho Pea and Lentil Commission and the USA Dry Pea & Lentil Council for their tireless work ensuring this historic and singular recognition of the pulse, bringing honor and respect to the great State of Idaho.

Be It Resolved by the Legislature of the State of Idaho:

WHEREAS, the current public school funding formula was enacted in 1994 and implemented in the 1994-95 school year; and

WHEREAS, the current formula did not contemplate a variety of different learning modalities, the increasing mobility of students and the state's move toward mastery-based education; and

WHEREAS, the evolving needs of exceptional and at-risk students make this an appropriate time for the state to review how the current funding formula meets the educational needs of these student populations; and

WHEREAS, the current formula should be evaluated to assess the level of predictability and stability that are needed by school districts in order to efficiently and effectively budget and educate students; and

WHEREAS, the Governor's Task Force for Improving Education recommended a change to the public school funding formula from Average Daily Attendance (ADA) to Average Daily Enrollment/Membership; and

WHEREAS, a Public School Funding Subcommittee of the Governor's Task Force concluded that rather than focus solely on funding based on attendance or enrollment, the entire formula needs a thorough review.

NOW, THEREFORE, BE IT RESOLVED by the members of the Second Regular Session of the Sixty-third Idaho Legislature, the House of Representatives and the Senate concurring therein, that the Legislative Council is authorized to appoint a committee to undertake and complete a study of and make recommendations for the state's public school funding formula. The Legislative Council shall determine the number of legislators and membership from each house appointed to the committee and shall authorize the committee to receive input, advice and

assistance from interested and affected parties who are not members of the Legislature.

BE IT FURTHER RESOLVED that the Superintendent of Public Instruction and another member of the Idaho State Board of Education shall serve as voting non-legislative members of the committee.

BE IT FURTHER RESOLVED that non-legislative, voting or nonvoting members of the committee may be appointed by the cochairs of the committee who are appointed by the Legislative Council. BE IT FURTHER RESOLVED that the Legislative Services Office, Office of the State Board of Education including the Public Charter School Commission, State Department of Education, Office of the Governor and Division of Financial Management shall provide staff support to the committee.

WHEREAS, the Centers for Disease Control and Prevention has proclaimed community water fluoridation as one of the ten great public health achievements of the twentieth century; and

WHEREAS, studies prove water fluoridation continues to be effective in reducing dental decay by at least twenty-five percent in children and adults, even in the era of widespread availability of fluoride from other sources, such as fluoride toothpaste; and

WHEREAS, water fluoridation has been improving the health of American communities for over seventy years.

NOW, THEREFORE, BE IT RESOLVED by the members of the Second Regular Session of the Sixty-third Idaho Legislature, the House of Representatives and the Senate concurring therein, that the Idaho Legislature recognizes community water fluoridation as a vitally important public health initiative.

Motions, Memorials, and Resolutions

HOUSE CONCURRENT RESOLUTION NO. 37

BY STATE AFFAIRS COMMITTEE

A CONCURRENT RESOLUTION

STATING FINDINGS OF THE LEGISLATURE AND RECOGNIZING AND COMMENDING THE LONG-STANDING TRADITIONS OF INTERFAITH TOLERANCE, INCLUSION AND HARMONY IN AZERBAIJAN, AND APPLAUDING THE EFFORTS BY AZERBAIJAN TO FOSTER THESE TRADITIONS.

Be It Resolved by the Legislature of the State of Idaho:

WHEREAS, the Republic of Azerbaijan is a staunch ally and partner of the United States in the strategically important South Caucasus region bordering Iran, Russia, Turkey and Central Asia; and

WHEREAS, having ancient traditions of interfaith tolerance, inclusion and positive multiculturalism, the secular nation of Azerbaijan offers an environment where Muslims, Jews and Christians enjoy peaceful coexistence and live in dignity, harmony and respect for each other; and

WHEREAS, Azerbaijan was home to one of the earliest Christian nations in the world, and the Christian community has helped to shape Azerbaijan's history throughout the ages, and today this 450,000 people strong community remains an important and vibrant part of Azerbaijani culture and society; and

WHEREAS, living alongside of the Christian and Muslim communities is a thriving Jewish community of about 30,000 that also has a long heritage in Azerbaijan dating back more than two thousand years, and when, over the centuries, Jews in the surrounding regions found themselves persecuted, they found Azerbaijan as a haven, and during World War II many European Jews escaping Nazi persecutions found shelter in Azerbaijan; and

WHEREAS, the Jewish community is an integral part of Azerbaijan's economic, cultural and political life, and today synagogues and Jewish schools flourish in the country; and

WHEREAS, it is no coincidence that Azerbaijan is one of the very few secular countries in the wider Middle East and Eurasia with a predominately Muslim population that maintains close, friendly ties with the State of Israel; and

WHEREAS, the three major religions have prospered because of the age-old respect and tolerance of the Azerbaijani people, but also because of an important role the government of the Republic of Azerbaijan has played in constantly fostering the environment of interfaith tolerance, mutual acceptance and respect in the country; and

WHEREAS, since the very beginning of independence, Azerbaijan has created an environment that nurtures and

promotes the ancient tradition of religious tolerance, and rejects radicalism, extremism and hatred; Azerbaijan sees diversity as one of the country's great strengths and virtues and has worked to ensure that this diversity continues to blossom; and

WHEREAS, Azerbaijan has recently built and rebuilt churches and synagogues and created new cultural centers for different faiths; the country has financially supported all three religions without discrimination, all the while making sure that Christians and Jews are represented in all three branches of the government in Azerbaijan; and

WHEREAS, Azerbaijan has repeatedly, over the course of the last decade, brought together religious leaders from the region and around the world to promote interfaith dialogue—an example that is sorely needed—and in April 2016 Azerbaijan will host the United Nations Alliance of Civilizations Forum; and

WHEREAS, 2016 has been proclaimed a Year of Multiculturalism by Azerbaijan; and

WHEREAS, the United States of America also has an interest in such a success story, since Azerbaijan, secular, tolerant, and inclusive, is crucial to a region ridden with hatred and strife; and

WHEREAS, given the rising levels of radicalism, terrorism, hate, xenophobia and intolerance in the world, it is important for the United States of America to support its tolerant and secular allies and consider the Azerbaijani model of interfaith acceptance and community engagement as a functioning example, and to encourage this policy around the globe.

NOW, THEREFORE, BE IT RESOLVED by the members of the Second Regular Session of the Sixty-third Idaho Legislature, the House of Representatives and the Senate concurring therein, that we do hereby recognize and commend the long-standing traditions of interfaith tolerance, inclusion and harmony in Azerbaijan, and we applaud the efforts by Azerbaijan to foster these traditions, which can be a model and functioning example in these troubled times.

HOUSE JOINT MEMORIAL NO. 13

BY RESOURCES AND CONSERVATION COMMITTEE

A JOINT MEMORIAL

TO THE SENATE AND HOUSE OF REPRESENTATIVES OF THE UNITED STATES IN CONGRESS ASSEMBLED, AND TO THE CONGRESSIONAL DELEGATION REPRESENTING THE STATE OF IDAHO IN THE CONGRESS OF THE UNITED STATES.

We, your Memorialists, the House of Representatives and the Senate of the State of Idaho assembled in the Second Regular Session of the Sixty-third Idaho Legislature, do hereby respectfully represent that:

WHEREAS, the State of Idaho is committed to the conservation of greater sage-grouse (*Centrocercus urophasianus*) and its present habitat located within the state; and

WHEREAS, the state has produced a statewide sage-grouse conservation plan in support of this commitment; and

WHEREAS, Idaho's Department of Fish and Game and Office of Species Conservation possess significant expertise in the management of greater sage-grouse and its habitat and whose experts have attempted to work in full cooperation with the federal agencies managing federal lands within the borders of the state; and

WHEREAS, the Secretary of the Interior has determined that the species is neither endangered nor threatened under the Endangered Species Act; and

WHEREAS, the Congress and the President are to be commended for recognizing the unprecedented collaboration among the various states regarding greater sage-grouse conservation and the need to continue on-the-ground conservation and monitoring activities as recognized through the enactment of Section 117 of the Consolidated Appropriations Act of 2016 (Pub. L. 114-113); and

WHEREAS, implementation of the state's conservation plan will produce scientific data related to disease or predation of the species, the adequacy of existing regulatory mechanisms, and other natural or manmade factors affecting the species' existence, all of which must be considered when conserving the species; and

WHEREAS, the State of Idaho wishes to continue its collaboration with other states possessing current habitat for greater sage-grouse; and

WHEREAS, time is needed to continue to implement the state conservation plan over a period of multiple, consecutive sage-grouse life cycles to determine the efficacy of the plan and the need for modification, if any; and

WHEREAS, the Governor and Legislature of the State of Idaho have been compelled to seek redress in federal court from the onerous, unnecessary, and ill-conceived federal land use plan amendments recently adopted by the U.S. Departments of Agriculture and of the Interior.

NOW, THEREFORE, BE IT RESOLVED by the members of the Second Regular Session of the Sixty-third Idaho Legislature, the House of Representatives and the Senate concurring therein, that Congress should by legislative enactment, provide protections for adoption and implementation of state sage-grouse conservation plans by, among other things, making no funds available for use by either the Secretary of the Interior or the Secretary of Agriculture to implement recent federal land use plan amendments if they are inconsistent with the state's sage-grouse conservation plan for a period of 10 years through and including fiscal year 2026; and provide a mechanism for the Governor of a state to ensure state sage-grouse plans can be implemented on lands operated by the Bureau of Land Management and the U.S. Forest Service; furthermore that such Congressional legislation should provide a mechanism to ensure that any federal resource management plans are consistent with state sage-grouse plans and that any inconsistencies of the federal resource management plans should be resolved by the Governor of the affected state to ensure federal resource management plans are consistent with state management plans for a period of at least 10 years.

BE IT FURTHER RESOLVED that Congress should continue to make no funds available for use by the Secretary of the Interior to consider, prepare, write, or issue pursuant to

Section 4 of the Endangered Species Act of 1973 (16 U.S.C. Section 1533) a petition finding or proposed regulation for greater sage-grouse for a period of 10 years through and including fiscal year 2026.

BE IT FURTHER RESOLVED that during this 10-year period, that Congress should provide a litigation safe-harbor protecting (a) the state sage-grouse management plans from litigation by private activist organizations that would interfere with implementation of state sage-grouse management plans and (b) the status of sage-grouse as "not-warranted" pursuant to Section 4 of the Endangered Species Act of 1973 (16 U.S.C. Section 1533), such that neither the state plans nor the "not-warranted" status is subject to judicial review.

BE IT FURTHER RESOLVED that during this 10-year period, the State of Idaho will continue to implement its sage-grouse conservation plan, thereby establishing and enhancing its efficacy over time.

BE IT FURTHER RESOLVED that Congress should by legislation recognize and encourage state primacy in the long-term management of sage-grouse and its habitat to ensure an effective and balanced approach that seeks to recover and protect sage-grouse populations while protecting state economic interests, educational funding from state lands, and valid existing rights including private property rights.

BE IT FURTHER RESOLVED that the Chief Clerk of the House of Representatives be, and she is hereby authorized and directed to forward a copy of this Memorial to the President of the Senate and the Speaker of the House of Representatives of Congress, and the congressional delegation representing the State of Idaho in the Congress of the United States.

**HOUSE CONCURRENT RESOLUTION NO. 41
BY STATE AFFAIRS COMMITTEE**

A CONCURRENT RESOLUTION

STATING LEGISLATIVE FINDINGS AND CELEBRATING THE ONE HUNDRED TWENTY-FIFTH ANNIVERSARY OF THE ADOPTION OF THE GREAT SEAL OF THE STATE OF IDAHO.

Be It Resolved by the Legislature of the State of Idaho:

WHEREAS, the State of Idaho was admitted into the United States on July 3, 1890, and a great seal was needed for the new state, the First Legislature of the State of Idaho adopted House Concurrent Resolution 1, creating a legislative committee to grant a prize of one hundred dollars for the best design of a great seal; and

WHEREAS, Emma Edwards Green, a highly educated woman who stopped in Idaho on her way home to California from art school in New York, decided to stay in Idaho for the rest of her life teaching art. Having recently arrived in Idaho, she submitted a design for the competition, which had entrants from all over the country, and the legislative committee unanimously accepted her design; and

WHEREAS, Governor Norman B. Willey delivered the one hundred dollar honorarium to Emma Edwards Green on March 4, 1891, and on March 14, 1891, the Idaho Legislature officially adopted her design; and

WHEREAS, the Great Seal of the State of Idaho is the only great seal in the United States designed by a woman. At the time of the adoption of Emma Edwards Green's design the issue of women's suffrage was hotly debated and her design features a woman in the foreground with a male laborer, symbolizing equality; and

WHEREAS, Idaho would later become the fourth state to guarantee a woman's right to vote by amending the Idaho Constitution in 1896, twenty-four years before the adoption of the Nineteenth Amendment to the United States Constitution guaranteed that right to all women in the country; and

WHEREAS, the woman on the great seal also signifies justice, as denoted by the scales of justice in her hand. The woman further signifies liberty, as denoted by the liberty cap, a common artistic motif for freedom and the pursuit of liberty, placed on the end of a spear in the woman's other hand. The woman stands next to ripened wheat with wild Syringa, the state flower, growing at her feet. The liberty cap and woman's robes are white because Idaho was a virgin state; and

WHEREAS, mining was the chief industry in the State of Idaho in early statehood, represented by the male miner in the foreground who is dressed in grayish brown clothing typical of the time and standing on a rocky ledge with ore scattered at his feet, with his pick on his shoulder and his shovel at his side; and

WHEREAS, between the woman and the man is a shield, featuring the image of large trees to celebrate the immense timber industry in Idaho. A farmer plowing on the shield, as well as a sheaf of grain and a horn of plenty below the shield, are emblematic of Idaho's agricultural resources. Because Idaho had a law protecting large game, the head of a bull elk rises from the top of the shield. Coursing through the center of the shield is the majestic Snake River, the lifeblood of the State of Idaho, in the shadow of mountains in the rosy glow before sunrise;

NOW, THEREFORE, BE IT RESOLVED by the members of the Second Regular Session of the Sixty-third Idaho Legislature, the House of Representatives and the Senate concurring therein, that we commemorate the adoption of the Great Seal of the State of Idaho for capturing the natural beauty, the varied industry, and the pioneering spirit of this great state.

BE IT FURTHER RESOLVED that we honor the memory of Emma Edwards Green for memorializing forever the equality of men and women by her historic and singular accomplishment of being the only woman to design a great seal.

HOUSE CONCURRENT RESOLUTION NO. 50 BY EDUCATION COMMITTEE A CONCURRENT RESOLUTION

STATING FINDINGS OF THE LEGISLATURE AND REQUESTING THAT THE STATE BOARD OF EDUCATION ADOPT RULES TO PROVIDE FOR IDAHO STATE GOVERNMENT AND IDAHO HISTORY QUESTIONS FOR THE CIVICS TEST GIVEN TO HIGH SCHOOL SENIORS STARTING WITH THE 2017-18 SCHOOL YEAR.

Be It Resolved by the Legislature of the State of Idaho:

WHEREAS, in 2015 the Legislature passed Senate Bill No. 1071, which requires graduating seniors from high school to pass a civics test starting with the 2016-17 school year and requires that school districts or public charter schools must use the one hundred questions from the test taken by naturalized citizens or a test of their own design; and

WHEREAS, sadly, only two out of the one hundred questions on the citizenship test relate specifically to Idaho government or history; and

WHEREAS, since we are citizens of both the United States and the sovereign State of Idaho, it seems appropriate that any such test should also contain questions relating to Idaho, as state and local governments are generally closest to the people; and

WHEREAS, we encourage the State Board of Education through rulemaking to add at least twenty-five questions, or at least twenty percent of the test, specifically relating to Idaho government or history to the civics test beginning with the 2017-18 school year; and

WHEREAS, it is hoped that by adding these questions about Idaho government and history, teachers will be encouraged to teach more about Idaho, her culture, her history, her diversity, her beauty, her resources and her greatness.

NOW, THEREFORE, BE IT RESOLVED by the members of the Second Regular Session of the Sixty-third Idaho Legislature, the House of Representatives and the Senate concurring therein, that the State Board of Education is requested to adopt rules to provide that at least twenty-five questions, or at least twenty percent of the test, relating specifically to Idaho state government or history be included with the civics test beginning in the 2017-18 school year, and we request that such rules allow school districts or public charter schools, if they conduct their own test, to develop their own questions, provided that at least twenty-five

questions, or at least twenty percent of the test, is based on specific questions that relate to Idaho government and history.

BE IT FURTHER RESOLVED that the State Board of Education shall give a report to the First Regular Session of the Sixty-fourth Idaho Legislature as to the questions included in its rules and other matters regarding this important topic.

HCR 50 was introduced, read the first time by title, and referred to the Judiciary, Rules, and Administration Committee for printing.

Motions, Memorials, and Resolutions

HOUSE CONCURRENT RESOLUTION NO. 52

BY WAYS AND MEANS COMMITTEE

A CONCURRENT RESOLUTION

STATING FINDINGS OF THE LEGISLATURE AND AUTHORIZING THE LEGISLATIVE COUNCIL TO APPOINT A COMMITTEE TO UNDERTAKE AND COMPLETE A STUDY OF THE FOSTER CARE SYSTEM IN IDAHO.

Be It Resolved by the Legislature of the State of Idaho:

WHEREAS, studies have shown that children who enter foster care systems endure numerous traumatic experiences, including the initial trauma of being separated from their parents, the trauma of being separated from their siblings, the trauma of bouncing from one foster care placement to another, never knowing when their lives will be uprooted next and the trauma of languishing for years in foster homes; and

WHEREAS, the trauma experienced by children who enter foster care systems leads to multiple attachment disorders, as well as emotional and behavioral issues; and

WHEREAS, many young people age out of foster care without permanent families, and research has shown that those who leave care without being linked to forever families have a higher likelihood than youth in the general population of experiencing homelessness, unemployment and incarceration as adults; and

WHEREAS, a significant number of children who enter the foster care system in Idaho, also enter the Idaho juvenile corrections system; and

WHEREAS, during a Joint Senate and House Health and Welfare Committee meeting held during the Second Regular Session of the Sixty-third Idaho Legislature, there was a plethora of consistent testimony given illustrating major concerns with the foster care system in Idaho; and

WHEREAS, the concerns expressed during the meeting included: foster children being moved for punitive reasons against the foster parents, rather than to effectuate the best interest of the child; a chilling effect experienced by foster parents who are afraid to speak out for fear of being blacklisted by the Department of Health and Welfare; moving children from foster family to foster family, which augments the traumatic experiences for the children; moving children into homes of questionable standards; the lack of clear standards and guidelines for what constitutes appropriate and fit homes for children, both in state and out of state; and the lack of understanding by the

State of Idaho that the damage done to these children lasts a lifetime, not just for the period of time the child is in foster care.

NOW, THEREFORE, BE IT RESOLVED by the members of the Second Regular Session of the Sixty-third Idaho Legislature, the House of Representatives and the Senate concurring therein, that the Legislative Council is authorized to appoint a committee to undertake and complete a study of the foster care system in Idaho, and to make recommendations for changes to state statutes. The Legislative Council shall determine the number of legislators and membership from each house appointed to the committee and shall authorize the committee to receive input, advice and assistance from interested and affected parties who are not members of the Legislature.

BE IT FURTHER RESOLVED that nonlegislative members of the committee may be appointed by the cochairs of the committee who are appointed by the Legislative Council. Nonlegislative members of the committee shall not be reimbursed from legislative funds for per diem, mileage or other expenses and shall not have voting privileges regarding the committee's recommendations or proposed legislation.

BE IT FURTHER RESOLVED that the committee shall report its findings, recommendations and proposed legislation, if any, to the First Regular Session of the Sixty-fourth Idaho Legislature.

HOUSE CONCURRENT RESOLUTION NO. 53

BY WAYS AND MEANS COMMITTEE

A CONCURRENT RESOLUTION

STATING FINDINGS OF THE LEGISLATURE OPPOSING ANY PROPOSALS THAT BAR IDAHO HUNTERS, ANGLERS AND TRAPPERS FROM ACCESSING STATE ENDOWMENT TRUST LAND ON THE BASIS OF EXCLUSIVITY, ENCOURAGING THE STATE BOARD OF LAND COMMISSIONERS TO PRESERVE AND PROMOTE REASONABLE AND EQUITABLE ACCESS TO STATE ENDOWMENT TRUST LAND FOR THE BENEFIT OF ALL IDAHOANS, URGING THE STATE BOARD OF LAND COMMISSIONERS TO PROVIDE YEAR-ROUND ACCESS TO LEGALLY ACCESSIBLE STATE ENDOWMENT TRUST LAND FOR OUTDOOR RECREATION, INCLUDING HUNTING, FISHING, TRAPPING AND CAMPING AND URGING THE STATE BOARD OF LAND COMMISSIONERS TO DENY ANY EXCLUSIVE HUNTING OR FISHING LEASES ON STATE ENDOWMENT TRUST LAND.

Be It Resolved by the Legislature of the State of Idaho:

WHEREAS, hunting, fishing and trapping are central to Idaho's western heritage; and

WHEREAS, hunting, fishing and outdoor recreation contribute more than \$6 billion annually to the Idaho economy; and

WHEREAS, more than 77,000 Idahoans are employed in hunting, fishing and outdoor recreation jobs; and

WHEREAS, the Idaho Department of Lands manages more than 2.4 million acres of state endowment trust land for the State of Idaho pursuant to Section 8, Article IX, of the Constitution of the State of Idaho; and

WHEREAS, hunters and anglers, as taxpaying citizens of Idaho, expect reasonable and equitable access to state endowment trust land; and

WHEREAS, the Idaho Department of Lands has received written proposals that would grant exclusive hunting and fishing access on state endowment trust land and lock Idahoans out. The Idaho Department of Lands is obligated to consider these

proposals pursuant to Section 8, Article IX, of the Constitution of the State of Idaho; and

WHEREAS, hunters and anglers enjoy abundant access to state endowment trust land; and

WHEREAS, hunters and anglers are allowed year-round access to state endowment trust land; and

WHEREAS, hunters and anglers are allowed to camp, with limited exception, anywhere on lands managed by the Idaho Department of Lands.

NOW, THEREFORE, BE IT RESOLVED by the members of the Second Regular Session of the Sixty-third Idaho Legislature, the House of Representatives and the Senate concurring therein, that we are opposed to any proposals that bar Idaho hunters, anglers and trappers from accessing state endowment trust land on the basis of exclusivity.

BE IT FURTHER RESOLVED that we encourage the State Board of Land Commissioners to preserve and promote reasonable and equitable access to state endowment trust land for the benefit of all Idahoans.

BE IT FURTHER RESOLVED that to ensure the greatest amount of public access to state endowment trust land, the State Board of Land Commissioners is urged to provide year-round access to all legally accessible state endowment trust land for outdoor recreation, including hunting, fishing, trapping and camping.

BE IT FURTHER RESOLVED that to prevent the erosion of Idaho's outdoor heritage, the State Board of Land Commissioners is urged to deny any exclusive hunting or fishing leases on state endowment trust land.

**HOUSE CONCURRENT RESOLUTION NO. 54
BY HEALTH AND WELFARE COMMITTEE**
A CONCURRENT RESOLUTION
STATING FINDINGS OF THE LEGISLATURE AND
REQUESTING A REPORT FROM THE DEPARTMENT OF
HEALTH AND WELFARE ON THE STRATEGIC PLAN FOR
IMPROVING BEHAVIORAL HEALTH TREATMENT IN THE
STATE OF IDAHO.

Be It Resolved by the Legislature of the State of Idaho:

WHEREAS, Idaho is experiencing high rates of suicide among adults, children and adolescents; and

WHEREAS, mental health services and resources in Idaho are provided in multiple departments and divisions of the state government, resulting in fragmentation of service delivery; and

WHEREAS, the number of involuntary detentions for people experiencing mental health crises is increasing; and

WHEREAS, service needs for inpatient care of mentally ill adolescents have increased significantly over the last decade; and

WHEREAS, persons being admitted to the state hospitals are exhibiting increased acuity, requiring more seclusion, restraint and one-on-one monitoring; and

WHEREAS, Idaho prisons and jails have high percentages of inmates with serious mental illness; and

WHEREAS, a report of the Western Interstate Commission for Higher Education found in 2008 that Idaho's public behavioral health system was overly reliant on high-cost inpatient care, crisis care and incarceration to meet demands for community-based services; and

WHEREAS, Idaho has entered into a settlement agreement in the *Jeff D. v. Otter* case, which requires significant changes to children's mental health services in Idaho; and

WHEREAS, the Department of Health and Welfare is the mental health authority for Idaho pursuant to section 39-3123, Idaho Code, and is responsible for overseeing Idaho's behavioral health system of care; and

WHEREAS, the department is required by section 39-3123, Idaho Code, to "report utilization, performance, outcome and other quality assurance data ... on an annual basis"; and

WHEREAS, the Legislature recognizes that the department has already taken several critical steps to transform Idaho's behavioral health system, including:

- (1) Creation of local authorities and boards that may serve as transformational catalysts in their communities;
- (2) Initiation, at the direction of the Legislature, of managed care for Medicaid behavioral health to improve the quality of the provider network and availability of evidence-based outpatient services;
- (3) Development of behavioral health community crisis centers in multiple regions across the state to more humanely and efficiently care for Idahoans suffering from behavioral health crises;
- (4) Formation of a partnership with a research institution to evaluate the behavioral needs of Idahoans;
- (5) Creation of multiple behavioral health recovery centers to support Idahoans in recovery from mental health and substance use disorders;
- (6) Oversight of Idaho's behavioral health system of care in accordance with legislation; and
- (7) Implementation of a single electronic health record for use across the department's programs on mental health and substance use disorders; and

WHEREAS, the Legislature recognizes the need for the state to continue investing in programs that provide care and treatment to Idahoans with serious behavioral health disorders.

NOW, THEREFORE, BE IT RESOLVED by the members of the Second Regular Session of the Sixty-third Idaho Legislature, the House of Representatives and the Senate concurring therein, that the Legislature requests that the Department of Health and Welfare present a report to the First Regular Session of the Sixty-fourth Idaho Legislature on the department's strategic plan for statewide behavioral health services.

BE IT FURTHER RESOLVED that the report be presented in person by a representative of the Department of Health and

Welfare to the Senate and House of Representatives Health and Welfare committees at a time agreed upon by the committee chairmen and the department.

BE IT FURTHER RESOLVED that the report include the following:

- (1) How and when behavioral health services can be coordinated between the departments and divisions of the state government;
- (2) How the Department of Health and Welfare plans to implement a behavioral health system of care with treatment and support services that meets the needs of Idahoans with serious behavioral health disorders;
- (3) How the department will improve behavioral health managed care initiatives, including an analysis of whether Idaho's Medicaid plan should include inpatient and medication treatment and track the total cost of care;
- (4) How the department will monitor the effectiveness of treatment and the data collection methods it will employ; and
- (5) Recommendations to the Legislature on how best to implement the behavioral health strategic plan, which recommendations shall include options for providing health benefits to Idahoans that meet their behavioral health treatment and support needs, changes to law and rule that would be necessary to provide the quality and oversight essential to continuing the transformation of Idaho's behavioral health system of care, and the resources necessary to continue this transformation.

HOUSE CONCURRENT RESOLUTION NO. 56 BY WAYS AND MEANS COMMITTEE

A CONCURRENT RESOLUTION

STATING FINDINGS OF THE LEGISLATURE AND AUTHORIZING THE LEGISLATIVE COUNCIL TO APPOINT A COMMITTEE TO UNDERTAKE AND COMPLETE A STUDY OF THE STATE'S EMPLOYEE GROUP INSURANCE PLAN STRUCTURE AND TOTAL COMPENSATION PACKAGE, INCLUDING SALARY AND BENEFITS, AND TO MAKE RECOMMENDATIONS.

Be It Resolved by the Legislature of the State of Idaho:

WHEREAS, the State of Idaho offers a health insurance benefit to nearly 20,000 individuals employed by the state, of whom 18,600 employees opt into the group health insurance plan that supports an additional 26,900 dependents; and

WHEREAS, the insurance plan structure currently has two enrollment tiers with 210 employees falling into the part-time tier that is defined as employees working between 20 - 29 hours per week, while the remaining employees are enrolled in the full-time tier; and

WHEREAS, Idaho state appropriations for health insurance costs have increased at an annualized rate of 7.4% since fiscal year 2013, or 43% in the last five years, from \$8,850 for each full-time position in fiscal year 2013 to \$12,240 in fiscal year 2017; and

WHEREAS, the plan is currently qualified as "grandfathered" in relation to the federal Patient Provider and Affordable Care Act because it was in effect prior to March 2010, which exempts the plan from certain provisions of that act; and

WHEREAS, insurance is one component of a total compensation package for state employees that includes salary, health insurance and retirement benefits; and

WHEREAS, the salary component of a total compensation package for classified state employees is driven by a salary structure that is, on average, 24% below the private sector and

14% below public sector comparisons, and Idaho policy rates are, on average, 16% below market comparisons; and

WHEREAS, there are also nonclassified state employees whose salaries are not determined by the salary structure, but are eligible for health insurance and retirement benefits.

NOW, THEREFORE, BE IT RESOLVED by the members of the Second Regular Session of the Sixty-third Idaho Legislature, the House of Representatives and the Senate concurring therein, that the Legislative Council is authorized to appoint a committee to undertake and complete a study of the state's group insurance plan to include, but not be limited to, consideration of the costs and benefits of allowing the grandfathered status of the current plans to lapse, as well as the structural plan changes that will be required as a result; consideration of a self-insured plan or a fully insured plan structure; and development of a list of changes to the employee group insurance benefit package, as well as potential statutory changes outlining the minimum employee group insurance benefit plan design that will comply with the Patient Provider and Affordable Care Act should the Legislature adopt structural plan changes. Furthermore, the committee shall undertake and complete a study of the state's existing compensation schedule to include, but not be limited to, consideration of how classified state employee policy pay rates relate to private and public market comparisons and the role, determination, and advisability of a policy pay rate; the minimum and maximum pay rates in each pay grade; and total compensation for both classified and nonclassified employees, and how the state shall continue to actualize its vision for attracting and maintaining a qualified workforce.

BE IT FURTHER RESOLVED that the committee shall report its findings, recommendations and proposed legislation, if any, to the First Regular Session of the Sixty-fourth Idaho Legislature.

WHEREAS, Idaho became a state on July 3, 1890, and the United States became a country on July 4, 1776; and

WHEREAS, throughout the illustrious history of this great state and of these United States, certain symbols and icons of the principles for which this state and nation were founded and continue to stand are held sacred to all citizens; and

WHEREAS, perhaps no symbols hold a more sacrosanct place in the collective thoughts and beliefs of the people of this state than the flag of the United States of America and the State Flag of Idaho; and

WHEREAS, these symbols remind us that being citizens of Idaho and the United States is precious to us; and

WHEREAS, men and women of this state have spilled their blood and given their last full measure of devotion for more than 126 years on battlefields in this country and all over the world to protect these symbols and the principles of democracy, equality and freedom for which they stand; and

WHEREAS, it is incumbent on this Legislature to do everything in its power not only to permit but also to encourage the appropriate display of these venerable symbols of all that is great about this state and this country.

7TH ORDER

Motions, Memorials, and Resolutions

HOUSE JOINT MEMORIAL NO. 14 BY STATE AFFAIRS COMMITTEE A JOINT MEMORIAL

TO THE PRESIDENT OF THE UNITED STATES, THE SECRETARY OF AGRICULTURE, THE SECRETARY OF THE INTERIOR, THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE UNITED

STATES IN CONGRESS ASSEMBLED, AND TO THE CONGRESSIONAL DELEGATION REPRESENTING THE STATE OF IDAHO IN THE CONGRESS OF THE UNITED STATES.

We, your Memorialists, the House of Representatives and the Senate of the State of Idaho assembled in the Second Regular Session of the Sixty-third Idaho Legislature, do hereby respectfully represent that:

WHEREAS, the U.S. Forest Service (Forest Service) and the Bureau of Land Management (BLM) currently administer a trust of more than 640 million acres of land, mostly in western states; and

WHEREAS, in Idaho, more than 61 percent of the land is administered by the federal government, or approximately 34 million acres, 20 million acres of which are administered by the Forest Service; and

WHEREAS, over the last several decades, federal agencies have become encumbered with conflicting federal laws and regulations causing a paralysis of management on these lands leading to adverse effects on the ecosystem such as higher incidence of insect damage, catastrophic wildfire, erosion and damage to watersheds and wildlife habitat; and

WHEREAS, access to federally administered lands has been decreasing steadily for decades. The Forest Service has reported that nearly 2,100 miles of Forest Service roads have been "decommissioned" in Idaho over the past several decades, which, in some cases, has created severe problems in the control of wildfire; and

WHEREAS, this inaction and lack of management has been further exacerbated by a constant stream of legal challenges to any proposed project, which has hindered the ability to effectively harvest timber, forage or extract minerals from our public lands, even in instances when the project's sole purpose is to protect and restore the lands; and

WHEREAS, in the West, the economies of rural communities once relied on the use of natural resources for business and job creation and tax revenues for schools and counties; and

WHEREAS, over the past several decades, timber harvest, mineral extraction and grazing on lands administered by the Forest Service and BLM in Idaho have severely declined, devastating local communities and the environment; and

WHEREAS, eastern states are becoming more resistant to having their tax dollars used to subsidize federal administration of western lands; and

WHEREAS, according to the nonpartisan Property and Environment Research Center in Bozeman, Montana, the Forest Service and BLM lose an average of \$4.38 per acre of land they administer, while western states gain an average of \$34.60 per acre of land they manage; and

WHEREAS, H.R. 2316, the Self-Sufficient Community Lands Act, has been introduced in the United States House of Representatives and has previously been approved by the House in a prior Congress; and

WHEREAS, H.R. 2316 will provide a possible path forward beyond Secure Rural Schools by allowing local communities to generate the revenues necessary to fund local operations by utilizing the natural resources available in their communities instead of relying on payments from Washington, D.C., to compensate for a lack of production on the land; and

WHEREAS, under H.R. 2316, states may request to participate in a demonstration project to show that management of National Forest System lands under state law, by local managers, will not only improve local economies but also will improve local ecosystems; and

WHEREAS, each community forest demonstration area will be comprised of at least 200,000 acres of National Forest System

land. Nationwide, no more than a total of 4 million acres may be included in these demonstration areas, which is only 2 percent of all National Forest System lands; and

WHEREAS, the demonstration projects cannot limit or restrict access for hunting, fishing or other activities in the demonstration areas; and

WHEREAS, all rights regarding National Forest System land included in a demonstration area, including the rights of federally recognized Indian tribes, are maintained; and

WHEREAS, the Secretary of Agriculture shall retain responsibility for fire management upon these demonstration projects; and

WHEREAS, the BLM also administers 12 million acres within Idaho, and H.R. 2316 does not include BLM lands in its current form; and

WHEREAS, the benefits validated within a demonstration project upon Forest Service land may also be shown to be valid upon BLM administered lands if given the opportunity; and

WHEREAS, the United States Senate has yet to introduce and pass a companion bill to H.R. 2316.

NOW, THEREFORE, BE IT RESOLVED by the members of the Second Regular Session of the Sixty-third Idaho Legislature, the House of Representatives and the Senate concurring therein, that we respectfully request that the United States House of Representatives markup and pass H.R. 2316, that the United States Senate draft and pass a companion bill, and that both bodies draft and pass a similar bill for an opportunity to conduct demonstration projects upon BLM administered lands.

BE IT FURTHER RESOLVED that the Chief Clerk of the House of Representatives be, and she is hereby authorized and directed to forward a copy of this Memorial to the President of the United States, the Secretary of Agriculture, the Secretary of the Interior, the President of the Senate and the Speaker of the House of Representatives of Congress, and the congressional delegation representing the State of Idaho in the Congress of the United States.

**7TH ORDER
Motions, Memorials, and Resolutions**

House of Representatives
State of Idaho

March 17, 2016

The Honorable Jeff Thompson, Chairman
Environment, Energy, and Technology Committee

Dear Representative Thompson:

I hereby designate the Environment, Energy, and Technology Committee a privileged committee on Friday, March 18, 2016, for the purpose of introducing 24776C1 (HCR 60).

Sincerely,
/s/ Scott Bedke
Speaker of the House

**HOUSE CONCURRENT RESOLUTION NO. 59
BY WAYS AND MEANS COMMITTEE
A CONCURRENT RESOLUTION**

STATING FINDINGS OF THE LEGISLATURE AND AUTHORIZING THE LEGISLATIVE COUNCIL TO APPOINT A COMMITTEE TO UNDERTAKE AND COMPLETE A STUDY OF THE FOSTER CARE SYSTEM IN IDAHO AND OF THE IDAHO CODE PROVISIONS GOVERNING THE CONSERVATORSHIP AND GUARDIANSHIP OF ADULTS, MINORS AND PERSONS WITH A DEVELOPMENTAL DISABILITY.

Be It Resolved by the Legislature of the State of Idaho:

WHEREAS, studies have shown that children who enter foster care systems endure numerous traumatic experiences, including the initial trauma of being separated from their parents, the trauma of being separated from their siblings, the trauma of bouncing from one foster care placement to another, never knowing when their lives will be uprooted next and the trauma of languishing for years in foster homes; and

WHEREAS, the trauma experienced by children who enter foster care systems leads to multiple attachment disorders, as well as emotional and behavioral issues; and

WHEREAS, many young people age out of foster care without permanent families, and research has shown that those who leave care without being linked to forever families have a higher likelihood than youth in the general population of experiencing homelessness, unemployment and incarceration as adults; and

WHEREAS, a significant number of children who enter the foster care system in Idaho, also enter the Idaho juvenile corrections system; and

WHEREAS, during a Joint Senate and House Health and Welfare Committee meeting held during the Second Regular Session of the Sixty-third Idaho Legislature, there was a plethora of consistent testimony given illustrating major concerns with the foster care system in Idaho; and

WHEREAS, the concerns expressed during the meeting included: foster children being moved for punitive reasons against the foster parents, rather than to effectuate the best interest of the child; a chilling effect experienced by foster parents who are afraid to speak out for fear of being blacklisted by the Department of Health and Welfare; moving children from foster family to foster family, which augments the traumatic experiences for the children; moving children into homes of questionable standards; the lack of clear standards and guidelines for what constitutes appropriate and fit homes for children, both in state and out of state; and the lack of understanding by the State of Idaho that the damage done to these children lasts a lifetime, not just for the period of time the child is in foster care; and

WHEREAS, Chapter 5, Title 15, Idaho Code, governs the protection of persons under disability and their property and contains provisions relating to conservatorship and guardianship of adults and minors; and

WHEREAS, Chapter 4, Title 66, Idaho Code, governs the treatment and care of the developmentally disabled, including conservatorship and guardianship of persons with a developmental disability; and

WHEREAS, although regulating related subject matter, Chapter 5, Title 15, Idaho Code, and Chapter 4, Title 66, Idaho Code, are not efficiently or meaningfully integrated; and

WHEREAS, it is in the best interests of the State of Idaho and of its citizens to have an effective, coordinated, fair and efficient system for matters governed by Chapter 5, Title 15, Idaho Code, and Chapter 4, Title 66, Idaho Code.

NOW, THEREFORE, BE IT RESOLVED by the members of the Second Regular Session of the Sixty-third Idaho Legislature, the House of Representatives and the Senate concurring therein, that the Legislative Council is authorized to appoint a committee to undertake and complete a study of the foster care system in Idaho and of the Idaho Code provisions governing the conservatorship and guardianship of adults, minors and persons with a developmental disability, and to make recommendations for changes to state statutes. The Legislative Council shall determine the number of legislators and membership from each house appointed to the committee and shall authorize the committee to receive input, advice and assistance from interested and affected parties who are not members of the Legislature.

BE IT FURTHER RESOLVED that nonlegislative members of the committee may be appointed by the cochairs of the committee who are appointed by the Legislative Council. Nonlegislative members of the committee shall not be reimbursed from legislative funds for per diem, mileage or other expenses and shall not have voting privileges regarding the committee's recommendations or proposed legislation.

BE IT FURTHER RESOLVED that the committee shall report its findings, recommendations and proposed legislation,

if any, to the First Regular Session of the Sixty-fourth Idaho Legislature.

**HOUSE CONCURRENT RESOLUTION NO. 60
BY ENVIRONMENT, ENERGY, AND TECHNOLOGY
COMMITTEE**

A CONCURRENT RESOLUTION
STATING FINDINGS OF THE LEGISLATURE AND
URGING IDAHO ATTORNEY GENERAL LAWRENCE
WASDEN TO ALLOW THE IDAHO NATIONAL
LABORATORY THE MATERIALS IT NEEDS TO FULFILL
ITS CLEAN ENERGY RESEARCH AND NATIONAL
SECURITY MISSIONS.

Be It Resolved by the Legislature of the State of Idaho:

WHEREAS, the Idaho National Laboratory (INL) is the nation's lead nuclear research, development and deployment laboratory; and

WHEREAS, the 1995 Settlement Agreement between the State of Idaho and Department of Energy designates INL the nation's lead laboratory for spent fuel; and

WHEREAS, the INL is Idaho's fifth-largest private employer, accounts for nearly 2.5 percent of statewide economic impact, spent nearly \$130 million with Idaho's businesses in 2015 and generated an estimated \$58 million in state and local tax revenues in 2015 while establishing Idaho as a clean energy technology hub; and

WHEREAS, remarkable cleanup progress has been made at the INL site since the Settlement Agreement was signed and ratified by voters, with, according to a 2013 LINE Commission report, 959 of 964 mandated deadlines met and tons of waste shipped out of state; and

WHEREAS, the Settlement Agreement allows the state to issue waivers, including one granted in 2011 to import small quantities of commercial fuel to INL for research; and

WHEREAS, the first shipment, from the North Anna Nuclear Power Station in Virginia, has already been sent to the Oak Ridge National Laboratory in Tennessee; and

WHEREAS, the second shipment, from the Byron Nuclear Generating Station in Illinois, is vital to our national security; and

WHEREAS, the INL is the only place in the nation that contains the infrastructure and personnel necessary to perform this important national security work; and

WHEREAS, loss of the first shipment and continued delay of the second shipment have cost Idaho millions of dollars and threaten the lab's future ability to do the important work the nation's lead nuclear energy research and development lab should be doing; and

WHEREAS, a small shipment of solid rods weighing approximately 100 pounds poses no risk to Idaho's environment, could not under any circumstance threaten the Eastern Snake River Plain Aquifer and furthers clean nuclear energy as a vital part of our national energy mix; and

WHEREAS, the Settlement Agreement was never intended to hurt INL's research and development mission.

NOW, THEREFORE, BE IT RESOLVED by the members of the Second Regular Session of the Sixty-third Idaho Legislature, the House of Representatives and the Senate concurring therein, that the Legislature of the State of Idaho strongly urges Attorney General Lawrence Wasden to issue a waiver allowing research quantities of spent fuel into Idaho for research and development at the INL.

[SCR 152](#), by State Affairs Committee, was introduced, read the first time by title, and referred to the State Affairs Committee.

COMMITTEE

A CONCURRENT RESOLUTION

STATING FINDINGS OF THE LEGISLATURE AND
AUTHORIZING THE LEGISLATIVE COUNCIL TO
APPOINT A COMMITTEE TO UNDERTAKE AND
COMPLETE A STUDY OF THE STATE'S EMPLOYEE
GROUP INSURANCE PLAN STRUCTURE AND TOTAL
COMPENSATION PACKAGE, INCLUDING SALARY AND
BENEFITS, AND TO MAKE RECOMMENDATIONS.

Be It Resolved by the Legislature of the State of Idaho:

WHEREAS, the State of Idaho offers a health insurance benefit to nearly 20,000 individuals employed by the state, of whom 18,600 employees opt into the group health insurance plan that supports an additional 26,900 dependents; and

WHEREAS, the insurance plan structure currently has two enrollment tiers with 210 employees falling into the part-time tier that is defined as employees working between 20 - 29 hours per week, while the remaining employees are enrolled in the full-time tier; and

WHEREAS, Idaho state appropriations for health insurance costs have increased at an annualized rate of 7.4% since fiscal year 2013, or 43% in the last five years, from \$8,850 for each full-time position in fiscal year 2013 to \$12,240 in fiscal year 2017; and

WHEREAS, the plan is currently qualified as "grandfathered" in relation to the federal Patient Protection and Affordable Care Act because it was in effect prior to March 2010, which exempts the plan from certain provisions of that act; and

WHEREAS, insurance is one component of a total compensation package for state employees that includes salary, health insurance and retirement benefits; and

WHEREAS, the salary component of a total compensation package for classified state employees is driven by a salary structure that is, on average, 24% below the private sector and 14% below public sector comparisons, and Idaho policy rates are, on average, 16% below market comparisons; and

WHEREAS, there are also nonclassified state employees whose salaries are not determined by the salary structure, but are eligible for health insurance and retirement benefits.

NOW, THEREFORE, BE IT RESOLVED by the members of the Second Regular Session of the Sixty-third Idaho Legislature, the House of Representatives and the Senate concurring therein,

that the Legislative Council is authorized to appoint a committee to undertake and complete a study of the state's group insurance plan to include, but not be limited to, consideration of the costs and benefits of allowing the grandfathered status of the current plans to lapse, as well as the structural plan changes that will be required as a result; consideration of a self-insured plan or a fully insured plan structure; and development of a list of changes to the employee group insurance benefit package, as well as potential statutory changes outlining the minimum employee group insurance benefit plan design that will comply with the Patient Protection and Affordable Care Act should the Legislature adopt structural plan changes. Furthermore, the committee shall undertake and complete a study of the state's existing compensation schedule to include, but not be limited to, consideration of how classified state employee policy pay rates relate to private and public market comparisons and the role, determination, and advisability of a policy pay rate; the minimum and maximum pay rates in each pay grade; and total compensation for both classified and nonclassified employees, and how the state shall continue to actualize its vision for attracting and maintaining a qualified workforce.

BE IT FURTHER RESOLVED that the committee shall report its findings, recommendations and proposed legislation, if any, to the First Regular Session of the Sixty-fourth Idaho Legislature.

Motions, Memorials, and Resolutions

HOUSE CONCURRENT RESOLUTION NO. 62

BY STATE AFFAIRS COMMITTEE

A CONCURRENT RESOLUTION

STATING FINDINGS OF THE LEGISLATURE AND SUPPORTING THE CONGRESSIONAL PRAYER CAUCUS FOUNDATION, INC., AS WE PRAY FOR OUR COUNTRY AND STATE.

Be It Resolved by the Legislature of the State of Idaho:

WHEREAS, the citizens and residents of the United States, throughout American history, have drawn strength, hope and guidance from prayer; and

WHEREAS, from the First Continental Congress to the present day, through every form of adversity and blessing, Americans have implored and thanked God Almighty for protecting, preserving and healing our families and our land; and

WHEREAS, American civilization was founded on the principle of religious freedom, recognizing the right of all Americans to worship or decline to worship as we see fit; and

WHEREAS, the freedom to worship is not diminished merely because a person is elected to public office, and public servants who believe in the power of prayer will often seek inspiration from prayer in the work of serving the nation and people we love; and

WHEREAS, the Bible records in 2 Chronicles 7:14 that God told King Solomon: "If My people who are called by My Name

will humble themselves and pray and seek My face and turn from their wicked ways, then I will hear from heaven, and will forgive their sin and heal their land."; and

WHEREAS, in early 2005, a small group of members of the United States House of Representatives began meeting in Room 219 of the United States Capitol to pray for our nation, and soon thereafter formed the Congressional Prayer Caucus to vigilantly observe and protect the right of individuals to pray in America; and

WHEREAS, their vision for the caucus inspired them to form the Congressional Prayer Caucus Foundation, Inc., which is a nonpartisan, nonprofit organization designed to support the call of America to prayer; and

WHEREAS, on the 7th of March 2015, members of Congress and state legislators from all across America gathered for the purpose of calling the nation back to prayer, realizing the benefit of turning to God and prayer, not for a single day or a single month, but without ceasing.

NOW, THEREFORE, BE IT RESOLVED by the members of the Second Regular Session of the Sixty-third Idaho Legislature, the House of Representatives and the Senate concurring therein, that we respectfully and humbly invite the people of Idaho to join us in supporting the Congressional Prayer Caucus Foundation, Inc., as we pray for God's continued blessing of our country and our state.

BE IT FURTHER RESOLVED that we respectfully and humbly thank God and the people of Idaho for the opportunity to serve.

HOUSE CONCURRENT RESOLUTION NO. 63

BY HEALTH AND WELFARE COMMITTEE

A CONCURRENT RESOLUTION

STATING FINDINGS OF THE LEGISLATURE AND AUTHORIZING THE LEGISLATIVE COUNCIL TO APPOINT A COMMITTEE TO UNDERTAKE AND PREPARE A MEDICAID WAIVER APPLICATION.

Be It Resolved by the Legislature of the State of Idaho:

WHEREAS, a significant number of Idahoans earning less than 100% of the federal poverty guideline (gap population) are medically underserved, in that their annual income is too high to qualify for Medicaid but too low to qualify for tax credits that would enable them to purchase private health insurance; and

WHEREAS, the existing state system to provide health care to the medically underserved is in many ways inefficient and requires a review of the continuing benefit and viability of the county indigent and CAT fund programs; and

WHEREAS, expanding access to health care to medically underserved Idahoans would improve their health and potentially save lives; and

WHEREAS, the Idaho Department of Health and Welfare is working on transitioning the state Medicaid plan by 2020 to a managed care model, which will result in cost savings to the state and better health outcomes for Medicaid patients; and

WHEREAS, it is the belief of the Legislature that providing health care access to medically underserved Idahoans would best be accomplished through a state-driven managed care model using managed care experience and tools developed from the Medicaid transition to managed care; and

WHEREAS, expansion of traditional Medicaid is not acceptable to the Legislature due to cost, service and outcome inefficiencies, but Medicaid waiver options to use a state-driven managed care option should be explored to evaluate both the availability and benefit of federal funds to provide care to the gap population; and

WHEREAS, it is further the belief of the Legislature that partnerships between the state and health care providers, including community health centers and hospitals, should be explored in order to facilitate the success of a state-driven managed care model using data, resources and delivery systems available through those partnerships; and

WHEREAS, the Legislature would benefit from a detailed study and analysis conducted by its own members in order to craft a state-driven solution for providing effective medical care for the gap population.

NOW, THEREFORE, BE IT RESOLVED by the members of the Second Regular Session of the Sixty-third Idaho Legislature, the House of Representatives and the Senate concurring therein, that the Legislative Council is authorized to appoint a committee to undertake and prepare a Medicaid waiver application for a state-driven plan for delivering health care to the gap population, utilizing a community care organization approach to managed care. The committee shall work with the Department of Health and Welfare to develop a state waiver that clearly articulates best practices for community-based coordinated care, emphasizing outcomes and elimination of the fee-for-service model and using Idaho-based evidence for population management. Specifically, the committee and the department shall look to the outcome-based models for primary care medical homes as currently being demonstrated to improve utilization patterns and outcomes. The committee and the department shall use the best aggregate data available for Idaho's gap population from Idaho's community health centers, current health and welfare data, and data available from the state health innovation plan. Further, the waiver shall clearly articulate accountability for benefit recipients and providers. Using Idaho-based best practices, the waiver application shall clearly articulate risk-bearing, outcome-based incentives for community care organizations to ensure that every effort is made to link Idahoans with primary care providers and reduce inefficient care. Finally, the waiver shall clearly articulate best practices for population management being employed in Idaho community health centers and in coordination with the findings of the state health innovation plan. Care shall be coordinated between primary medical, specialty medical and mental health resources through an outcome-based primary care medical home. The committee shall also make recommendations for actions necessary to eliminate the county medical indigent and CAT fund programs. The Legislative Council shall determine the number of legislators and membership from each house appointed to the committee and shall authorize the committee to receive input, advice and assistance from interested and affected parties who are not members of the Legislature.

BE IT FURTHER RESOLVED that the committee shall report its findings, recommendations and proposed legislation, if any, or a request for reauthorization, if necessary, to the First Regular Session of the Sixty-fourth Idaho Legislature. A waiver application shall not be submitted to the Centers for Medicare and Medicaid Services without legislative approval.

4TH ORDER

Consideration of Messages from the Governor and the Senate

THE OFFICE OF THE GOVERNOR
Boise

March 23, 2016

The Honorable Scott Bedke
Speaker of the House

Dear Mr. Speaker:

I have the honor to advise you that I am transmitting today to the Secretary of State the following House bill which will be allowed to become law without my signature within the time limited by law:

[H 463](#)

as prescribed by the Constitution.

Self-determination and local control - like independence and self-reliance - are Idaho values. So I am philosophically torn by this legislation.

I understand that cities and counties are political subdivisions subject to oversight and regulation by the State. But I also know that the State of Idaho objects strenuously when the federal government oversteps its authority. So I expect local jurisdictions

to feel similarly when legislators decide overwhelmingly that they must not allow local voters to decide for themselves whether to raise the minimum wage.

Resort communities where employees struggle to live in the higher-priced local economy and communities along Idaho's western border competing for employees with higher-paying employers in neighboring Oregon and Washington are just two examples of how this bill could stifle local solutions.

I personally oppose the minimum wage. However, I support the right and ability of local citizens - as well as employers and employees - to act in their own best interest on such vital economic issues. There is no rush to our citizens to bypass the State and raise the local minimum wages unilaterally. And since isolated efforts to do so have gained little traction, I consider this bill to be a solution in search of a problem.

Yet the Legislature made its voice heard, and at the end of the day I understand its intentions. So I submit this letter in recognition of the law of unintended consequences and to respectfully remind legislators of their own reactions when our absentee federal landlords impose restrictions on us.

As Always - Idaho, "Esto Perpetua"

ATTEST:

OFFICE OF THE GOVERNOR
Boise

March 24, 2016

The Honorable Scott Bedke
Speaker of the House

Dear Mr. Speaker:

I hereby advise you that I have transmitted to the Office of the Secretary of State, with my approval, the following House Bill, to wit:

[H 511](#)

within the time prescribed by law, the same having arrived in the Office of the Governor at the hour of 10:56 a.m. on March 21, 2016.

While the legislation was inspired by a particular Valley County property rights dispute between a homeowner and a homeowner's association or HOA, it's important to understand that there is no retroactivity clause in House Bill 511 that would make the policy change it embodies applicable to that specific situation.

But going forward, the legislation addresses a fundamental question of fairness that should be applied in the future: Should an HOA - by amending, adding or enforcing its covenants, conditions and restrictions (CC&Rs) - be able to bar a homeowner from renting out their house if no such restriction existed when the home was purchased?

The answer should be no, and this legislation clarifies what I consider to be a commonsense position in support of private property rights.

I understand concerns about the potential for property values being damaged by rentals and the mission of the HOAs to collectively protect and enhance the property value of its members. However, House Bill 511 does not further restrict the authority of HOAs, and in fact it provides an avenue of redress for HOAs by allowing changes to their CC&Rs regarding rentals with the written consent of the homeowner.

Without that consent, the legislation properly preserves homeowners' freedom to lawfully rent out their property.
