

IN THE HOUSE OF REPRESENTATIVES

HOUSE BILL NO. 481

BY HEALTH AND WELFARE COMMITTEE

AN ACT

1 RELATING TO THE RIGHT TO TRY ACT; AMENDING TITLE 39, IDAHO CODE, BY THE AD-
2 DITION OF A NEW CHAPTER 93, TITLE 39, IDAHO CODE, TO PROVIDE A SHORT TI-
3 TLE, TO PROVIDE LEGISLATIVE INTENT, TO DEFINE TERMS, TO PROVIDE THAT A
4 PATIENT MAY TRY AND A MANUFACTURER MAY PROVIDE AN INVESTIGATIONAL DRUG,
5 BIOLOGICAL PRODUCT OR DEVICE UNDER CERTAIN CIRCUMSTANCES, TO PROVIDE
6 THAT COVERAGE OF COSTS ASSOCIATED WITH AN INVESTIGATIONAL DRUG, BIOLOG-
7 ICAL PRODUCT OR DEVICE IS NOT REQUIRED OF CERTAIN ENTITIES AND TO PRO-
8 VIDE THAT HOSPITALS OR FACILITIES ARE NOT REQUIRED TO OFFER CERTAIN SER-
9 VICES, TO PROVIDE THAT A PATIENT'S HEIRS ARE NOT RESPONSIBLE FOR CERTAIN
10 DEBT, TO PROVIDE PROHIBITIONS, TO PROVIDE LIMITATIONS ON CAUSES OF AC-
11 TION AND TO PROVIDE THAT CERTAIN HEALTH CARE COVERAGE IS NOT AFFECTED BY
12 THIS ACT.
13

14 Be It Enacted by the Legislature of the State of Idaho:

15 SECTION 1. That Title 39, Idaho Code, be, and the same is hereby amended
16 by the addition thereto of a NEW CHAPTER, to be known and designated as Chap-
17 ter 93, Title 39, Idaho Code, and to read as follows:

18 CHAPTER 93
19 RIGHT TO TRY ACT

20 39-9301. SHORT TITLE. This chapter shall be known and may be cited as
21 the "Right to Try Act."

22 39-9302. LEGISLATIVE INTENT. It is the intent of the legislature to
23 provide the opportunity for terminally ill patients to have access to cer-
24 tain investigational treatments without requiring another party, including
25 a physician, manufacturer, insurer or government agency, to offer, provide
26 or pay for such treatments. By enacting this chapter, the legislature in-
27 tends only to permit these treatments to terminally ill patients in Idaho.
28 It is not the intent of the legislature to create an obligation but to ensure
29 that all persons or parties availing themselves of this chapter do so volun-
30 tarily. Due to the experimental nature of these treatments, it is further
31 the intent of the legislature to protect physicians and other parties from
32 civil, criminal or professional liability relating to the treatments.

33 39-9303. DEFINITIONS. As used in this chapter:
34 (1) "Eligible patient" or "patient" means an individual who has a ter-
35 minal illness and has:
36 (a) Considered all other treatment options currently approved by the
37 United States food and drug administration;

1 (b) Received a recommendation from the patient's treating physician
2 for an investigational drug, biological product or device for purposes
3 related to the terminal illness;

4 (c) Given written, informed consent for the use of the recommended in-
5 vestigational drug, biological product or device; and

6 (d) Received documentation from the eligible patient's treating physi-
7 cian that the eligible patient meets the requirements of this subsec-
8 tion.

9 (2) "Investigational drug, biological product or device" means a drug,
10 biological product or device that has successfully completed phase 1 of a
11 clinical trial but has not yet been approved for general use by the United
12 States food and drug administration and remains under investigation in a
13 United States food and drug administration-approved clinical trial.

14 (3) "Terminal illness" means a progressive disease or medical or surgi-
15 cal condition that:

16 (a) Entails functional impairment that significantly impacts the pa-
17 tient's activities of daily living;

18 (b) Is not considered by a treating physician to be reversible even with
19 administration of current United States food and drug administration-
20 approved and available treatments; and

21 (c) Without life-sustaining procedures, will soon result in death.

22 (4) "Written, informed consent" means a written document that is signed
23 by the eligible patient and, if the patient is a minor, a parent or legal
24 guardian, which document is attested to by the patient's physician and a wit-
25 ness and that includes the following:

26 (a) An explanation of the currently approved products and treatments
27 for the disease or condition from which the patient suffers;

28 (b) An attestation that the patient concurs with the patient's physi-
29 cian in believing that all currently approved and conventionally recog-
30 nized treatments are unlikely to prolong the patient's life;

31 (c) Clear identification of the specific proposed investigational
32 drug, biological product or device that the patient is seeking to use;

33 (d) A description of the potentially best and worst outcomes of using
34 the investigational drug, biological product or device and a realistic
35 description of the most likely outcome. The description shall include
36 the possibility that new, unanticipated, different or worse symptoms
37 might result and that death could be hastened by the proposed treatment.
38 The description shall be based on the physician's knowledge of the pro-
39 posed treatment in conjunction with an awareness of the patient's con-
40 dition;

41 (e) A statement that the patient's health plan or third-party adminis-
42 trator and provider are not obligated to pay for any care or treatments
43 consequent to the use of the investigational drug, biological product
44 or device unless specifically required to do so by law or contract;

45 (f) A statement that the patient's eligibility for hospice care might
46 be withdrawn if the patient begins curative treatment with the investi-
47 gational drug, biological product or device and that care may be rein-
48 stated if the treatment ends and the patient meets hospice eligibility
49 requirements; and

1 (g) A statement that the patient understands that the patient is re-
2 sponsible for all expenses consequent to the use of the investigational
3 drug, biological product or device and that this liability extends to
4 the patient's estate unless a contract between the patient and the manu-
5 facturer of the drug, biological product or device states otherwise.

6 39-9304. INVESTIGATIONAL DRUGS -- RIGHT TO TRY AND PROVIDE. (1) An el-
7 igible patient may request, and a manufacturer may make available to an eli-
8 gible patient under the supervision of the patient's treating physician, the
9 manufacturer's investigational drug, biological product or device, which
10 drug, product or device shall be clearly labeled as investigational; pro-
11 vided however, that this chapter does not require that a manufacturer make
12 available an investigational drug, biological product or device to an eligi-
13 ble patient.

14 (2) A manufacturer may:

15 (a) Provide an investigational drug, biological product or device to an
16 eligible patient without receiving compensation; or

17 (b) Require an eligible patient to pay the costs associated with the
18 manufacture of the investigational drug, biological product or device.

19 39-9305. NO COVERAGE OBLIGATION. (1) This chapter does not expand the
20 coverage required of an insurer under the laws of this state.

21 (2) A health plan, third-party administrator or government agency may,
22 but is not required to, provide coverage for the cost of an investigational
23 drug, biological product or device or the cost of services related to the use
24 of an investigational drug, biological product or device.

25 (3) This chapter does not require any health plan, third-party adminis-
26 trator or government agency to pay costs associated with the use of an inves-
27 tigational drug, biological product or device.

28 (4) This chapter does not require a hospital or facility licensed in
29 this state to provide new or additional services unless such services are ap-
30 proved by the hospital or facility.

31 39-9306. HEIRS NOT LIABLE FOR TREATMENT DEBT. If a patient dies while
32 being treated by an investigational drug, biological product or device under
33 the terms of this chapter, the patient's heirs are not liable for any out-
34 standing debt related to the treatment or lack of insurance due to the treat-
35 ment.

36 39-9307. PROHIBITIONS. (1) A licensing board or disciplinary body
37 of this state shall not revoke, fail to renew, suspend or take any action
38 against a health care provider's license based solely on the provider's rec-
39 ommendations to an eligible patient regarding access to or treatment with
40 an investigational drug, biological product or device as allowed under this
41 act.

42 (2) An entity responsible for medicare certification shall not take ac-
43 tion against a health care provider's medicare certification based solely
44 on the health care provider's recommendation that a patient have access to
45 an investigational drug, biological product or device as allowed under this
46 act.

1 (3) An official, employee or agent of this state shall not block or at-
2 tempt to block an eligible patient's access to an investigational drug, bio-
3 logical product or device as allowed under this act.

4 39-9308. LIMITATIONS. (1) This chapter does not create a private cause
5 of action against a manufacturer of an investigational drug, biological
6 product or device or against a physician or any other person or entity in-
7 volved in the care of an eligible patient using an investigational drug,
8 biological product or device for any harm done to the eligible patient
9 resulting from the investigational drug, biological product or device, pro-
10 vided that the manufacturer, physician, or person or entity has exercised
11 reasonable care and complied in good faith with the terms of this chapter.

12 (2) This chapter does not create a private cause of action against a
13 treating physician who refuses to recommend an investigational drug, bio-
14 logical product or device to a patient with a terminal illness.

15 39-9309. MANDATORY COVERAGE NOT AFFECTED. This chapter does not af-
16 fect any mandatory health care coverage for participation in clinical trials
17 provided elsewhere by law.
