

STATEMENT OF PURPOSE

RS24529

The purpose of this legislation is to ensure that Idaho public school students with Type 1 Diabetes have the right to medical self-management of their disease on school property or at school-related activities. The legislation directs boards of trustees of each school district, including charter districts, to adopt policy permitting the self-monitoring of blood glucose levels and administration of diabetes medication at all times.

FISCAL NOTE

There is no fiscal impact to the General Fund.
