

**STATEMENT OF PURPOSE**

**RS24868**

Section 33-602, Idaho Code authorizes school buildings or vacant land owned by a school district to be used as a community center or for other public purposes. School districts already have this ability through their management of the school district and the school districts assets making it unnecessary to specifically authorize it through this statute. The proposed legislation would repeal the section of Idaho Code.

**FISCAL NOTE**

The section this bill repeals currently has no fiscal impact on the state general fund nor to the school districts, therefore, the repeal of this section will result in no fiscal impact.
