

STATEMENT OF PURPOSE

RS25597

This is a trailer appropriation to House Bill 315. H315 adds language to Section 67-5708, Idaho Code, that allows the Director of the Idaho Department of Administration to authorize the Division of Public Works to accept existing leases incidental to the acquisition of a facility by the Idaho State Building Authority. The Department of Administration is working with the Idaho State Building Authority to purchase the Hewlett Packard Campus. If the purchase is made, the director needs statutory authority to allow the Division of Public Works to accept management of tenant leases. HP, Inc currently has tenants leasing space on the campus and will lease-back space as part of the purchase and sale agreement. The Department of Administration will use the lease fees to maintain the campus. The department estimates property management costs of \$5.5 million for campus maintenance in FY 18.

FISCAL NOTE

Appropriates \$5,500,000 from the dedicated Administration and Accounting Services Fund to the Division of Public Works in the Department of Administration for FY 2018.
