

## STATEMENT OF PURPOSE

### RS25197

The purposes of this legislation are to: clarify the exclusion fee schedule depending on location and size of parcel proposed for exclusion; clarify that exclusion process-related fees are to be borne by the petitioner and are not potentially apportionable costs shared by the irrigation district; extend the available irrigation district investigation/hearing timeline to allow facility and water availability investigation to occur when weather conditions are more suitable for performing such tasks either close to, or when, water is in the ditch system; and clarify that current and prior year assessments remain due and owing prior to exclusion.

### FISCAL NOTE

This legislation has no fiscal impact on the general fund because it is limited to clarification of the exclusion process for irrigation districts.
