

STATEMENT OF PURPOSE

RS25704

The current statute allows plumbing contractors and specialty contractors to renew their license on an inactive basis annually at a reduced fee of \$36 dollars if they are not actively engaged in plumbing contracting in the state. The Plumbing Board, industry, and the Division of Building Safety feel that after payment of the initial fee for placing a license in an inactive status, there should not be any addition annual fee for continuing to keep the license inactive, until contractors actually re-activate their licenses.

FISCAL NOTE

There would be no significant impact to the dedicated Plumbing Board fund and there would be a positive impact on the plumbing contractors.
