

STATEMENT OF PURPOSE

RS26078

This legislation amends Idaho Code 67-6519 to require planning and zoning authorities to notify those water delivery entities that have requested notice in writing of any proposed rezoning, subdivision, or any other site-specific land development proposals. By mutual agreement, notice can be provided by email. Notice shall be provided at least 15 days prior to the public hearing date concerning the development proposal. This legislation will aid in assuring that water delivery infrastructure, easements, and rights-of-way are not encroached upon as development occurs, and that the rights of water users are not injured.

FISCAL NOTE

The proposed amendment will have no impact on the state budget, and only minimal impact to local government budgets with the cost of postage.
