Mr. Speaker, Mr. Pro Tem, Madam President, honored legislators, my fellow constitutional officers, Mr. Chief Justice and members of the judiciary, my family, friends, and my fellow Idahoans.

What a year! I could not have accomplished as much in the past year - or most of my life - without the support of my family, especially my wife and your First Lady, Teresa. It is rewarding for me to watch so many people learn more about her. Teresa is selfless and thoughtful. She loves our family and our state. I'm proud of you, Teresa, and I'm grateful to have you by my side.

The celebration of an important milestone is upon us in 2020 - the 100th anniversary of women's voting rights. We've come a long way. The faces in this chamber looked a lot different 100 years ago. Please join me in acknowledging all the women - elected, appointed, and serving across state government - for your contributions to Idaho.

After being in this position for a year, I can say with certainty that there is a lot of passion in Idaho for making our state the best it can be. We have much to be proud of. And much to work toward.

I have learned that progress requires pushing the boundaries of what's comfortable in government. It requires a strong desire to get things done.

And I have learned you cannot do it alone. I am proud of my partnership with you - the Idaho Legislature - for your collaboration in working with me to do the People's work.

From the beginning, I stated my goal - to make Idaho the place where we all have the best possible opportunity to thrive, where our children and grandchildren choose to stay, and for the ones who have left to choose to return.

In America, we get to choose our faith, our jobs, where we live. I would like to acknowledge the role our veterans and military members and their families play in making that a reality.

This spring, the Idaho Army National Guard will mobilize more than 4,000 soldiers to Germany in support of a large-scale exercise to demonstrate U.S. military readiness. The Idaho Air National Guard will deploy more than 400 airmen to several locations throughout Southwest Asia in support of combat operations.

We wish them well and pray for their safety.

As we enter the year 2020, my priorities are sharp, clear, and in focus. My goal reflects the need for us to make Idaho strong today and prepared for tomorrow.

I am committed to working with you to invest in education, continue reducing regulatory burdens, and increase all Idahoans' prosperity and quality of life. I want us to champion affordable health care, make Idaho safer, and promote healthy lands and waters. I want Idahoans to be confident in their state government.

Just last month, I was joined by many of you - my partners in the Legislature - in announcing Idaho surpassed South Dakota, and we are now the least-regulated state in the nation.

Together, we cut and simplified 75-percent of all regulations in less than a year.

How did we achieve the largest regulatory cuts in Idaho history?

Through a combination of efforts. I issued two executive orders aimed at scaling back and streamlining Idaho's administrative code. And the Legislature made it possible for us to examine the entirety of our administrative code in one sweeping step.

When the Legislature chose not to reauthorize the administrative code, I didn't know what to expect. But working together, we seized the opportunity before us and made history in the process.

Our agencies held 150 public meetings throughout Idaho to ensure transparency and public involvement in the evaluation of all proposed changes.

I would like to recognize my budget chief, Alex Adams, and his team, along with many people in the agencies who were a driving force behind our progress. Their intense focus helped get us here.

Thank you for working so hard for the people of Idaho.

So, what does this all mean to Idahoans?

It means small businesses can now easily understand the regulations they are required to follow, without having to hire a lawyer or call a state agency for help interpreting them.

It means Devin Trone, a small business owner in Meridian, was able to expand and open a tele-pharmacy in Garden Valley, creating jobs and making health care more accessible in rural Idaho.

When we reduce regulatory friction, good jobs follow.

Last month, I was honored to visit with President Donald Trump and Vice President Mike Pence in the White House. President Trump has taken on meaningful regulatory reform, and he is looking to the states for help in achieving it. Guess who President Trump held up as the shining example of how to get it done? Idaho.

Folks, this is what Idahoans expect. They expect the executive and legislative branches to work together to make government work for them.

And we're not done yet.

My first executive order this year will make it a routine practice for Idaho state government to undergo the kind of successful regulatory review we saw in 2019. I am calling it "Zero-Based Regulation."

We are determined to have the administrative code remain clear and user-friendly.

We must also knock down barriers to prosperity by continuing to advance the Licensing Freedom Act. Last year, we were successful in fast-tracking licensing processes for veterans, members of the military, and their spouses, making it easier for them to start work after relocating here. Building on that success, I pledge to work with the Legislature this session and broaden those processes so that individuals moving to Idaho from another state can start working as quickly as possible.

Idaho's statutes could use a good scrub, too.

This year, my administration will bring forth more than 30 pieces of legislation that repeal outdated statutes. From a wagon road in Neal, Idaho, to laws governing trespassing hogs, it's time to put obsolete sections of Idaho Code - like the non-existent Board of Cemeterians - in the grave.

Just as regulatory restraint encourages investment and reduces the cost of doing business, a lean and efficient budget does the same.

My budget for Fiscal Years 2020 and 2021 cuts spending, leaves a surplus, and bolsters our rainy-day funds. It focuses on conservative growth and transparent budgeting.

Sound budgeting starts with sound economic forecasts. That is why we started a new practice. We are tapping the expertise of business leaders and economists in the private sector to help us achieve revenue forecasts that are as accurate as possible.

Idaho has experienced tremendous growth in recent years. But nationally and internationally, the pace of economic growth is expected to slow.

Last fall, I asked all state entities that receive General Funds to undergo a spending reset - except my highest priority area, public education.

The time to prepare for a potential downturn is now, when times are good.

The spending reset also forces a closer examination of spending.

We cannot lose our focus on the taxpayer.

I understand it is difficult for state agencies and our universities to tighten things up, but it must be done habitually and willingly because it is the right thing to do.

My budget leaves an appropriate cash balance and shores up our rainy-day funds, which have helped us weather economic storms that forced other states to raise taxes.

Idaho is ranked in the top 10 states nationally for the balance of our budget reserves, but a credible stress test showed we have more work to do to prepare for a recession. That is why I am also calling for us to raise the cap on our main rainy-day fund, so that we can better position our state for any economic condition.

Overall, my budget for Fiscal Year 2021 limits true General Fund spending growth to a conservative 3.75-percent.

From now on, it will be easier for the public to discern true spending growth in the executive budget because I instructed my budget office not to rely on one-time transfers or other budget gimmicks. We are increasing transparency in state budgeting.

One of the staples of conservative governing is to put money back into taxpayers' pockets.

I have long supported tax relief for Idahoans on the most basic of needs - groceries.

My budget leverages 35 million dollars from the dedicated Tax Relief Fund to provide Idaho families with grocery tax relief without competing against our General Fund priorities.

I believe our people have greater opportunities to prosper when government limits regulatory hurdles, respects taxpayers by spending their money as efficiently as possible, and focuses as much on the needs of tomorrow as the needs of today.

That conservative approach aligns perfectly with my number one priority - education.

As state elected leaders, our constitutional obligation to K-12 public education is clear. Article 9 Section 1 states it is our duty "to establish and maintain a general, uniform and thorough system of public, free common schools."

But we also have a moral obligation to all our youngest citizens.

I subscribe to the view that it is better to prepare children today than to repair them later.

I want to thank the Legislature for joining me last year in passing significant investments in public education. We raised starting teacher pay. We increased funds available for Opportunity Scholarships. We doubled funding for one of my highest priority areas - literacy.

Every district determined the best way to use the additional literacy dollars, from hiring reading coaches to conducting summer reading programs and providing full-day Kindergarten.

Parts of the state are surging ahead in their progress on reading proficiency.

At Betty Kiefer Elementary in Rathdrum - where 37-percent of students come from low-income families - we saw incredible overall fall-to-spring improvements. Reading proficiency among children rose an astounding 32-percent. More than 85-percent of third graders at Betty Kiefer Elementary were reading proficiently by the end of the school year. This is also the first school I saw doing monthly assessments so teachers can personalize reading instruction to each student.

At Chief Joseph Elementary in Meridian - where 40-percent of students are low-income, and a high portion are learning English as a second language - full-day Kindergarten became an option to help students get on track with reading. About half of the school's incoming Kindergarteners couldn't read at grade level last fall. By spring, they saw a 30-percent improvement.

When we commit to giving students a strong start and provide local schools the flexibility to determine how best to achieve it, we see progress.

But still too many students across the state are falling behind. About 12,000 Kindergarteners are not on track to read when they show up on day one.

My budget keeps our foot on the gas and makes our historic investment in literacy ongoing.

The push for literacy was a recommendation that came out of my "Our Kids, Idaho's Future" task force. The task force was made up of teachers, school administrators, education stakeholders, business leaders, and a bipartisan group of legislators from every corner of the state. I want to voice my appreciation to every member of the task force for taking on this important job, especially the co-chairs, Debbie Critchfield and Bill Gilbert.

The task force also identified the need to continue investing in our teachers.

A child's progress in all subjects - especially reading - depends on the attention and instruction of a good teacher.

We cannot simply rely on the good hearts of teachers any longer to retain an effective teaching workforce in Idaho. We must pay them competitively.

Your property taxes shoulder a growing share of teacher salaries and operating expenses in our school districts. It's out of balance and not sustainable.

I propose we put an additional \$30 million in ongoing General Fund as a down payment to continue increasing teacher pay over the next several years. Performance criteria will ensure accountability.

These investments have been ongoing for the past several years, and I commend the Legislature for stepping up to support our educators.

Our efforts should elevate the profession and help us keep good teachers in Idaho classrooms.

We have the perfect example of an excellent teacher with us today. She is a health and P.E. teacher at Timberlake Junior High School in Spirit Lake who focuses on the "whole child." She goes beyond teaching subject matter and helps her students build the skills they need to be successful in life, not just school.

Please help me congratulate our 2020 Idaho Teacher of the Year, Stacie Lawler. Stacie will use her role as Teacher of the Year to combat the stigma around mental health.

Teachers are on the front lines of all kinds of challenges. I am advancing another recommendation from my task force, which should be good news to Stacie and all who are concerned about the safety and wellbeing of our children.

My budget provides teachers additional training and resources so they can identify and better serve students facing trauma and mental illness, giving parents peace of mind when they send their children to school each day.

As students get older, our focus in education shifts to college and career readiness.

We have new presidents at all our four-year universities - President Scott Green at University of Idaho, President Marlene Tromp at Boise State University, and President Kevin Satterlee at Idaho State University - as well as President Cynthia Pemberton at Lewis-Clark State College.

I have directed our universities, community colleges, and the State Board of Education to adopt a fresh, bold approach to meeting the needs of Idaho students and businesses by breaking down silos and working together more as an interconnected higher education system.

To that end, I am recommending the development of cybersecurity programs that will be offered jointly by Boise State University, Idaho State University, and University of Idaho. This increased level of collaboration across Idaho's higher education institutions will offer Idahoans a path to earn a degree in a high-demand profession by partnering with Idaho employers, including the Idaho National Laboratory.

We are identifying what employers need in a workforce, and we are responding.

High schools across the state are offering more and more Career Technical Education programs, hand in hand with local businesses. This is especially important for businesses in rural Idaho, which are more susceptible to a talent shortage.

I am recommending \$6 million in the capital budget for new CTE facilities at the College of Eastern Idaho, Lewis-Clark State College, and the Department of Juvenile Corrections to strengthen our commitment to CTE in Idaho.

Our community colleges are a growing resource for traditional and non-traditional students alike.

In fact, I am recommending ongoing funds for Idaho Job Corps, a three-year project to connect 16- to 24-year-olds to in-demand jobs. In its first year, the program will serve up to 150 students through the College of Western Idaho, with resources expanding to other community colleges in subsequent years.

In addition, the Workforce Development Council and Idaho Department of Labor are facilitating and promoting more and more internships and apprenticeships because, after all, the best way to learn is by doing.

It is also imperative that we make college accessible to more Idahoans.

I commend our university presidents and the State Board of Education for freezing tuition for resident undergraduate students in 2020.

Combined with our increased commitments to the Advanced Opportunities Program - which enables students to earn college credit while in high school - and the Opportunity Scholarship, college is becoming more affordable and obtainable for an entire generation of Idahoans.

Last month, the country took a critical step toward helping us secure future jobs and economic prosperity in Idaho. Congress finally ratified President Trump's trade agreement with two of Idaho's biggest export markets - Canada and Mexico.

I strongly supported the deal because it preserves and enhances critical gains made in previous trade agreements for Idaho products. Our farmers and agriculture industry have good reason to rejoice for this important agreement making it across the finish line.

Over the past year, I visited with a lot of businesses across the state. A few stood out to me because they embody my goal to make Idaho the place where our children and grandchildren choose to stay.

In the Ditch Towing Products in Mountain Home is a homegrown business selling products worldwide, built by workers trained in local CTE programs.

StanCraft Boat Company in Hayden is a fourth generation Idaho company that makes world class wooden boats and continues to expand and provide good jobs for Idahoans.

Robb Bloem at StanCraft and Chuck Ceccarelli at In the Ditch are Idaho kids who made good. They found ways to pursue their passions while creating opportunity for others.

Prescient Security in Salmon is a technology company that relocated to Idaho and offers apprenticeships that help train in-demand cyber specialists. It is the kind of business that is helping to diversify and strengthen the economy in our rural communities.

Carl Hagan with AFC Finishing Systems moved his company to Weiser after getting frustrated with the lack of business-friendliness in California. He plans on creating over 40 jobs and investing \$2 million in Weiser. Welcome to Idaho, Carl!

We must continue to seek investments in infrastructure if companies like these can continue to succeed in Idaho.

One thing I consistently hear about is our transportation system. In a growing state, we must move people and products as safely and efficiently as possible.

The Association of Idaho Cities and Associated General Contractors are working on a study of Idaho's transportation needs. After it's complete, I'll work closely with the Legislature and others to formulate a sustainable funding plan.

In the meantime, I am recommending that we direct close to \$100 million to maintain and improve the state's highway system.

I am also pursuing another strategic investment - improvements in Idaho's broadband infrastructure.

For both urban and rural Idaho to attract business and enhance our citizens' quality of life, Idaho must be connected. I am adopting a recommendation from my Broadband Task Force, led by Idaho Department of Commerce Director Tom Kealey, to establish a State Broadband Office. We will utilize existing resources at Commerce and unite the efforts taking place across the state to ensure all areas of Idaho are connected.

Improving broadband will also expand tele-health and pharmacy access in rural Idaho, where the distance to a doctor or pharmacy can be overly burdensome to entire communities of people.

To further address the shortage of physicians in Idaho, I am seeking legislative approval for ongoing General Funds for 25 new medical residents.

These efforts build on previous investments, including those in our behavioral crisis centers. I am happy to report that as of last summer, all regions of the state now operate a behavioral crisis center nearby, serving thousands of Idahoans and providing effective alternatives to hospitalization and incarceration.

Those recovering from substance use disorders need the resources to stay in recovery. My budget supports community-based recovery centers and connects those individuals with the support system they need.

Another scourge afflicting our society is addiction to opioids.

Because of the misuse of prescription pain killers and illegal drugs, for the first time in decades Americans' life expectancy has actually dropped.

There's hope for a better future for these individuals, though. Idaho has made great progress with the Prescription Drug Monitoring Program. Use of the database has increased from 530,000 searches a few years ago to a staggering 21 million searches last year. This is part of the reason opioid use has dropped since 2016, despite a growing population.

But there is more we can and must do. I am recommending more than \$30 million to arm physicians and pharmacists with the tools to identify and prevent opioid abuse.

Last year, we began implementing Medicaid Expansion.

My budget implements a full year of Medicaid Expansion with a net-zero impact on the General Fund.

We have identified offsets in the budgets for the Idaho Department of Health and Welfare, the Department of Correction, the courts, and the Catastrophic Health Care Fund. I am also proposing that we tap the Millennium Fund to help cover our share. And I am asking the counties to bring the offsets in their budgets to the table, as Medicaid Expansion begins to pay for services the counties used to cover.

We are bending the cost curve of health care in Idaho.

Starting this year, Idaho became the first state in the nation to make "enhanced short-term plans" available, offering more options to individuals and families priced out of the market by Obamacare. Two insurance carriers have signed up to offer the plans, creating competition and coverage to help drive down the cost of health care for Idaho families.

One of the many reasons new residents tell me they moved to Idaho is our low crime rate.

But as our state continues to grow, so must investments in public safety.

To help the men and women in our state police force meet their mission, I am recommending the replacement of dozens of vehicles in our Idaho State Police fleet, additional investigators to assist in the daily fight against drugs, and additional dispatchers - our "first" first responders.

We must also acknowledge that our communities are put at risk when we simply warehouse those who break the law. Our safety is maintained when those returning home from a period of incarceration can become productive citizens.

Two-thirds of Idaho inmates are in prison because of probation and parole violations - more than any other state in the country. Idaho taxpayers pay 110 million dollars per year to incarcerate this population.

This is a taxpayer issue as well as a public safety issue. We must address our growing prison population in new ways.

My budget calls for a new resource called Connection and Intervention Stations. They will offer support, treatment, and accountability for the people on community supervision who need it most.

Meanwhile, I am seeking continued investments in community reentry centers, where inmates returning to our neighborhoods can learn job and life skills.

The cost of investing in proven interventions that help inmates turn their lives around before they reoffend is fractional to the cost of incarceration.

We have a choice.

We can either invest in measures designed to reduce the demand for prison beds and promote safer communities, or we can do nothing and ensure the next check we write is larger than the last.

In addition to feeling safe, our children and grandchildren will choose to stay in Idaho if they can maintain a high quality of life, including the ability to get out and enjoy Idaho's open spaces.

We have an obligation to keep our public lands and waterways healthy, so that future generations can enjoy them as well.

Idaho has chosen to lead in public land management.

We have established a model of heightened collaboration with our federal land management partners under the Good Neighbor Authority and Shared Stewardship - two related initiatives that aim to reduce fire risk and create jobs in rural communities and proactively address the ongoing forest health crisis.

I am seeking continued investments in these important efforts to propel us forward and show the rest of the country, yet again, that Idaho knows how to bring together diverse interests in a common pursuit - the health of our natural resources.

I want to stretch that commitment to our natural resources even further.

I am recommending the creation of a position at the Office of Species Conservation to work with federal agencies on public lands issues.

Just as we approach our budgets prudently, we must also approach water management with an eye for efficiency and preparation for dry years. We are doing that through aquifer recharge and other innovative approaches.

And for the past several years, because of forethought from the Legislature, we have positioned Idaho for success by setting aside funds for water infrastructure projects. We have also made investments in flood management and water quality, which is as important as water quantity.

From Lake Coeur d'Alene to Bear Lake and Priest River to the Snake River, we are all working together - the state, tribes, local government, citizens, stakeholders, and others - to ensure our waterbodies are safe and clean.

One very big accomplishment that serves to protect Idaho's environment and jobs involves the nation's leading center for nuclear energy research and development right here in Idaho - the Idaho National Laboratory.

Attorney General Lawrence Wasden and his staff worked hard over the past several years - and closely with my office - to revise and strengthen the 1995 Settlement Agreement with the Department of Energy to clean up legacy waste at the INL.

We could not have reached this achievement without the support of Idaho's Congressional Delegation.

Our former Governors Cecil Andrus and Phil Batt left an astounding legacy for Idaho with the 1995 Settlement Agreement. We are grateful for their steadfast commitment to Idaho.

Our updated agreement is a remarkable milestone. It reinforces the 1995 agreement by incentivizing the federal government to carry out remaining clean up obligations. Our updated agreement also paves the way for more groundbreaking research at the INL. It will bring high-tech jobs to eastern Idaho and promote cleaner and safer carbon-free nuclear energy for America.

Any organization - including and especially state government - functions best when it earns the confidence and trust of the public.

I want to thank Lt. Governor Janice McGeachin for taking on an important task for me - identifying where we can achieve efficiencies in state government. Her leadership on the Regional Efficiency Working Group is already showing results and will continue this year.

We must also advance our progress in protecting citizen data.

Last year, we made significant investments in IT modernization to reduce our exposure to a cyberattack and promote consistent security across state agencies. My budget furthers these efforts and strengthens the state's IT infrastructure to meet the needs of a growing state.

I am also borrowing a page from the private sector and creating a new hotline where state employees can turn to report instances of fraud, waste, or abuse within state government. I am putting the Division of Human Resources in charge of implementing a new State Employee Hotline this year, which should give state employees a secure, anonymous outlet to report concerns.

When I stood before you last year at this time, I pledged to make decisions through one lens - the lens of ensuring the best possible opportunities for us, our children and grandchildren, to remain in Idaho and enjoy an unparalleled quality of life.

That vision guides me every single day.

My friends, governing is about meeting the needs of today, while not losing sight of the state we want our children and grandchildren to inherit. It is about making Idaho strong today and prepared for tomorrow.

I want to thank the citizens of Idaho for their trust in me. And I thank the Idaho Legislature for working with me to do the People's work.

God bless you, and may God continue to bless the people of Idaho and our great country.

### HOUSE JOINT MEMORIAL NO. 11

#### BY RESOURCES AND CONSERVATION COMMITTEE

#### A JOINT MEMORIAL

TO THE PRESIDENT OF THE UNITED STATES, THE SECRETARY OF AGRICULTURE, THE SECRETARY OF THE INTERIOR, THE ADMINISTRATOR OF THE ENVIRONMENTAL PROTECTION AGENCY, AND THE CONGRESSIONAL DELEGATION REPRESENTING THE STATE OF IDAHO IN THE CONGRESS OF THE UNITED STATES.

We, your Memorialists, the House of Representatives and the Senate of the State of Idaho assembled in the Second Regular Session of the Sixty-fifth Idaho Legislature, do hereby respectfully represent that:

WHEREAS, the 43rd state in the United States was named the "Gem State" because of the fertile mountains and the profound history mining has played in Idaho and the settlement of the American West; and

WHEREAS, the State of Idaho has regions that specialize in specific ore, with southeastern Idaho being one of the world's largest reserves of phosphate and having the ideal ecosystem to produce this specific mineral; and

WHEREAS, the supply of phosphate produced at the Itafos Conda facility located north of Soda Springs, Idaho, is used to fertilize millions of acres of land across Idaho, the United States, and the world by assisting in the conversion of other nutrients needed to help crops grow; and

WHEREAS, Itafos Conda is committed to returning the area that is mined back to its original landscape; and

WHEREAS, Itafos Conda plays a vital role in providing economic stability to the region through high-paying jobs, taxes, direct and indirect economic impacts, donations, and community sponsorships; and

WHEREAS, once permitted, Itafos Conda's Husky 1/North Dry Ridge project will significantly benefit Idaho's economy by employing a total of 500 employees, bringing in \$180 million to the local economy, totaling \$335 million statewide, and \$3.5 to \$5.5 million in federal royalty payments, with an additional \$27

million in state and local taxes for a total economic impact in the range of \$367 million per year; and

WHEREAS, the United States' dependency on foreign minerals has doubled in the last 20 years, and southeastern Idaho possesses one of the world's largest phosphate ore deposits. The Itafos Conda facility would be one of only a few domestic sources of phosphate, a critical nutrient in the production of agricultural crops; and

WHEREAS, modern regulations require that companies like Itafos Conda set aside adequate financial assurances to cover the cost of environmental restoration, ensuring that reclamation is completed; and

WHEREAS, Itafos Conda is committed to being good stewards to the environment and dedicated members of the community where the plant resides as well as surrounding communities during the life of this project and beyond.

NOW, THEREFORE, BE IT RESOLVED by the members of the Second Regular Session of the Sixty-fifth Idaho Legislature, the House of Representatives and the Senate concurring therein, that the State of Idaho supports actions by the Bureau of Land Management and other federal agencies, in partnership with agencies of the great State of Idaho and Caribou County, to move forward to approve the Itafos Conda project in a timely and cost-effective manner to permit the development of the site.

BE IT FURTHER RESOLVED that we believe in Itafos Conda's commitment to mining in a way that will serve as a model for modern mining practices.

BE IT FURTHER RESOLVED that the federal government agencies should commit adequate, experienced, and knowledgeable personnel and sufficient financial resources to complete the National Environmental Policy Act (NEPA) analysis and issue the Notice to Proceed.

BE IT FURTHER RESOLVED that the Chief Clerk of the House of Representatives be, and she is hereby authorized and directed to forward a copy of this Memorial to the President of the United States, the Secretary of Agriculture, the Secretary of the Interior, the Administrator of the Environmental Protection Agency, and the congressional delegation representing the State of Idaho in the Congress of the United States.

#### HOUSE CONCURRENT RESOLUTION NO. 28 BY STATE AFFAIRS COMMITTEE

A CONCURRENT RESOLUTION

STATING FINDINGS OF THE LEGISLATURE AND RECOGNIZING AND DESIGNATING JANUARY 16 AS RELIGIOUS FREEDOM DAY, SUPPORTING IDAHO'S CONSTITUTIONAL GUARANTY OF RELIGIOUS LIBERTY AND THE PRINCIPLES SET FORTH THEREIN THAT THE EXERCISE AND ENJOYMENT OF RELIGIOUS FAITH AND WORSHIP SHALL FOREVER BE GUARANTEED, THAT NO PERSON SHALL BE DENIED ANY CIVIL OR POLITICAL RIGHT, PRIVILEGE, OR CAPACITY ON ACCOUNT OF HIS RELIGIOUS OPINIONS, THAT NO PERSON SHALL BE REQUIRED TO ATTEND OR SUPPORT ANY MINISTRY OR PLACE OF WORSHIP, RELIGIOUS SECT, OR DENOMINATION, OR PAY TITHES AGAINST HIS CONSENT, AND THAT NO PREFERENCE BE GIVEN BY LAW TO ANY RELIGIOUS DENOMINATION OR MODE OF WORSHIP.

Be It Resolved by the Legislature of the State of Idaho:

WHEREAS, Congress designated January 16 as Religious Freedom Day in 1992, stipulating that it be commemorated by a presidential proclamation, to celebrate the enactment of the Virginia Statute for Religious Freedom on January 16, 1786. Written by Thomas Jefferson and championed by James Madison, this legislation was the forerunner to the approach to religion and government taken by the framers of the Constitution in 1787 and the First Amendment in 1789. The Virginia statute declared: "... all men shall be free to profess, and by argument to maintain, their opinions in matters of religion, and that the same shall in no wise diminish, enlarge, or affect their civil capacities." Jefferson later said that religious freedom encompasses "the Jew and the Gentile, the Christian and Mahometan, the Hindoo, and infidel of every denomination"; and

WHEREAS, Section 4, Article I, of the Constitution of the State of Idaho, guarantees religious liberty and provides in part: "The exercise and enjoyment of religious faith and worship shall forever be guaranteed; and no person shall be denied any civil or political right, privilege, or capacity on account of his religious opinions; ... No person shall be required to attend or support any ministry or place of worship, religious sect or denomination, or pay tithes against his consent; nor shall any preference be given by law to any religious denomination or mode of worship."; and

WHEREAS, today religious freedom is a fundamental American and human right and a cornerstone of democracy. It is not a privilege for the few, but a right for all that applies to people of all and of no religious affiliations or beliefs; and

WHEREAS, religious freedom encompasses equality as a guiding and governing principle. It requires that one's religious identity should be neither an advantage nor a disadvantage under the law; and

WHEREAS, these principles are not only foundational but remain essential to the health and future of our republic. To that end, these principles should guide and inform judicial decisions, legislation, and public policy-making at all levels of government.

NOW, THEREFORE, BE IT RESOLVED by the members of the Second Regular Session of the Sixty-fifth Idaho Legislature, the House of Representatives and the Senate concurring therein, that the Legislature recognizes and designates January 16 as Religious Freedom Day.

BE IT FURTHER RESOLVED that we support Idaho's constitutional guaranty of religious liberty and that we support the principles set forth therein that the exercise and enjoyment of religious faith and worship shall forever be guaranteed, that no person shall be denied any civil or political right, privilege, or capacity on account of his religious opinions, that no person shall be required to attend or support any ministry or place of worship, religious sect, or denomination, or pay tithes against his consent, and that no preference be given by law to any religious denomination or mode of worship.

BE IT FURTHER RESOLVED that we recall the centrality of the Virginia statute in shaping one of the highest aspirations of the American experiment: religious freedom. We call on our fellow citizens to do the same.

**A CONCURRENT RESOLUTION**

STATING FINDINGS OF THE LEGISLATURE, ACKNOWLEDGING THE CONTRIBUTIONS OF NATIVE AMERICANS TO THE STATE, AND RECOGNIZING THAT THE LEGISLATURE DISCOURAGES REMOVAL OF NAMES, IMAGES, OR SYMBOLS OF NATIVE AMERICANS FROM SCHOOLS OR OTHER PLACES.

Be It Resolved by the Legislature of the State of Idaho:

WHEREAS, Idaho has a long history of positive contributions of Native Americans and American Indian tribes in the state; and

WHEREAS, there are schools or other places within the state that use names, images, or symbols of Native Americans or other indigenous people; and

WHEREAS, use of these names, images, or symbols can be authentic, appropriate, and accurate when used carefully with cultural sensitivity; and

WHEREAS, there are over 500 different tribes in the nation with varied cultures, histories, beliefs, languages, and dialects that should be accurately reflected when names, images, or symbols are used by schools or places in the state; and

WHEREAS, there are Native Americans who want to preserve positive names, images, or symbols that give tribute to American Indian culture; and

WHEREAS, a national Native American entity, the Native American Guardian's Association, represents the sentiment of the silenced majority of individual native peoples whose voices have been suppressed and ignored by activist forces; and

WHEREAS, the Native American Guardian's Association supports the appropriate use of Native American names, imagery, or symbols and promotes the phrase "educate not eradicate"; and

WHEREAS, as demonstrated by a 2019 survey of individual Native Americans, which complements a 2016 poll conducted by the Washington Post finding that 90% of Native Americans are not offended by the Redskins nickname, a significant number of individual Native Americans have no problem with or support the respectful use of Native American names and imagery in sports; and

WHEREAS, schools or others using names, images, or symbols of Native Americans or other indigenous people can be educated, including by local Native American tribes, on how to use these names, images, or symbols in inoffensive, culturally appropriate ways; and

WHEREAS, the contributions of Native Americans to the state should be acknowledged.

NOW, THEREFORE, BE IT RESOLVED by the members of the Second Regular Session of the Sixty-fifth Idaho Legislature, the House of Representatives and the Senate concurring therein, that the Legislature supports the appropriate use of names, images, or symbols of Native Americans or other indigenous people by schools or other places.

BE IT FURTHER RESOLVED that the Legislature discourages removal of names, images, or symbols of Native Americans or other indigenous people by schools or other places unless, after a careful and effective public process, the appropriate government entity determines that there is a consensus among the affected individual Native American or other indigenous people that a name, image, or symbol should be removed.

BE IT FURTHER RESOLVED that the Chief Clerk of the House of Representatives be, and she is hereby authorized and directed to forward a copy of this resolution to the Native American Guardian's Association, the Association of Idaho Cities, and the Idaho Association of Counties for distribution to all their constituents, as well as to each school district and public college and university in the state.

**HOUSE JOINT MEMORIAL NO. 12**  
**BY HEALTH AND WELFARE COMMITTEE**  
A JOINT MEMORIAL

TO THE PRESIDENT OF THE UNITED STATES, THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE UNITED STATES IN CONGRESS ASSEMBLED, AND THE CONGRESSIONAL DELEGATION REPRESENTING THE STATE OF IDAHO IN THE CONGRESS OF THE UNITED STATES.

We, your Memorialists, the House of Representatives and the Senate of the State of Idaho assembled in the Second Regular Session of the Sixty-fifth Idaho Legislature, do hereby respectfully represent that:

WHEREAS, the Centers for Disease Control and Prevention estimates that from August 2017 through August 2018 more than 48,000 people in the United States died from an opioid overdose, with synthetic opioids (excluding methadone) contributing to a record 31,900 overdose deaths. While drug overdose deaths from methadone, semisynthetic opioids, and heroin have decreased in recent months, overdose deaths from synthetic opioids have continued to increase; and

WHEREAS, the People's Republic of China is the world's largest producer of illicit fentanyl, fentanyl analogues, and their immediate precursors. From the People's Republic of China, those substances are shipped primarily through express consignment carriers or international mail directly to the United States, or, alternatively, shipped directly to transnational criminal organizations in Mexico, Canada, and the Caribbean; and

WHEREAS, in 2015, Mexican heroin accounted for 93% of the total weight of heroin seized in the United States, transported to the United States by transnational criminal organizations that maintain territorial influence over large regions in Mexico and remain the greatest criminal drug threat to the United States; and

WHEREAS, insufficient regulation of synthetic opioid production and export and insufficient law enforcement efforts to combat opioid trafficking in the People's Republic of China and Mexico continue to contribute to a flood of opioids into the United States; and

WHEREAS, Congress recently passed, and the President of the United States signed, the Fentanyl Sanctions Act, as part of the National Defense Authorization Act for fiscal year 2020, Public Law 116-92, with the entire delegation representing Idaho voting in favor; and

WHEREAS, the Fentanyl Sanctions Act enacts bipartisan ideas to impose direct sanctions on: (1) foreign manufacturers that knowingly provide synthetic opioids to traffickers and other transnational criminal organizations; and (2) financial institutions that aid the manufacturers. These traffickers and criminal organizations mix fentanyl with other drugs and smuggle these dangerous substances into the United States.

NOW, THEREFORE, BE IT RESOLVED by the members of the Second Regular Session of the Sixty-fifth Idaho Legislature, the House of Representatives and the Senate concurring therein, that the Idaho Legislature expresses gratitude to the President of the United States and the United States Congress, especially

the delegation representing the State of Idaho, for working together to enact legislation that imposes sanctions on: (1) foreign manufacturers that knowingly provide synthetic opioids to traffickers and other transnational criminal organizations; and (2) financial institutions that aid the manufacturers.

BE IT FURTHER RESOLVED that the President of the United States is respectfully requested to continue diplomatic efforts with partners and allies to establish multilateral sanctions against foreign opioid traffickers.

BE IT FURTHER RESOLVED that the President of the United States is respectfully requested to use any lawful powers he has to publicly identify foreign suppliers and traffickers of opioids, impose sanctions on them to cripple their operations, deny their access to markets in the United States, and freeze their assets and block transactions with financial institutions in the United States to protect Idahoans and all Americans from this scourge.

BE IT FURTHER RESOLVED that the Chief Clerk of the House of Representatives be, and she is hereby authorized and directed to forward a copy of this Memorial to the President of the United States, the President of the Senate and the Speaker of the House of Representatives of Congress, and the congressional delegation representing the State of Idaho in the Congress of the United States.

**7TH ORDER**  
**Motions, Memorials, and Resolutions**

**HOUSE CONCURRENT RESOLUTION NO. 30**  
**BY COMMERCE AND HUMAN RESOURCES**  
**COMMITTEE**

A CONCURRENT RESOLUTION

STATING LEGISLATIVE FINDINGS AND AMENDING THE RETROACTIVE COST OF LIVING ADJUSTMENT APPROVED BY THE PUBLIC EMPLOYEES RETIREMENT SYSTEM BOARD AT ITS DECEMBER 2019 MEETING.

Be It Resolved by the Legislature of the State of Idaho:

WHEREAS, the Board of the Public Employees Retirement System of Idaho (PERSI) at its December 2019 meeting considered cost of living adjustments to retired members' retirement allowance payments; and

WHEREAS, as a result of positive investment returns in 2019, the board was required to grant a 1.0% mandatory cost of living adjustment pursuant to Section 59-1355, Idaho Code; and

WHEREAS, in light of positive investment returns, the board additionally chose to grant a 0.7% discretionary cost of living adjustment pursuant to section 59-1355, Idaho Code; and

WHEREAS, in addition to these mandatory and discretionary cost of living adjustments, the board also approved four retroactive cost of living adjustments to retired members' retirement allowance payments, including a 1.77% adjustment from fiscal year 2011, a 0.69% adjustment from fiscal year 2012, a 0.52% adjustment from fiscal year 2013, and a 1.7% adjustment from fiscal year 2018; and

WHEREAS, cost of living adjustments are intended to protect retiree purchasing power, but this intent must be balanced against protection of the fund; and

WHEREAS, pursuant to the method of calculating cost of living increases, the total cost of living increase recommended by the board increased substantially from 1.7% to 6.54% due to the four retroactive cost of living adjustments; and

WHEREAS, during the 2019 legislative session, PERSI's executive director estimated that each 1.0% cost of living increase would cost the fund approximately \$100 million dollars; and

WHEREAS, even with historically high contribution rates and several straight years of strong economic growth, the fund is presently only 92.5% funded; and

WHEREAS, market volatility and changing demographics within the plan may present difficulties in the future, including ever-increasing employer and employee contribution rates; and

WHEREAS, national and state economic conditions require a responsible and cautious approach with public funds; and

WHEREAS, in light of an uncertain economic forecast for the state, the Governor has called for state agencies to adopt a 1.0% rescission to the fiscal year 2020 budget and a 2.0% base reduction to the fiscal year 2021 budget; and

WHEREAS, an economic downturn would bring more pressure to bear not only on active employees to further increase contribution rates, but also on state and local government financial resources with respect to the plan; and

WHEREAS, the Legislature, as the plan sponsor pursuant to section 59-1301, Idaho Code, is responsible for determining the system's benefit structure and is the only entity authorized to change retirement benefits; and

WHEREAS, Section 59-1355(7), Idaho Code, gives the Legislature the authority to amend or reject a cost of living adjustment by adoption of a concurrent resolution; and

WHEREAS, the Legislature approves of the mandatory 1.0% and discretionary 0.7% cost of living adjustments but, due to economic uncertainty and a need to protect the fund, does not support the four retroactive cost of living adjustments.

NOW, THEREFORE, BE IT RESOLVED by the members of the Second Regular Session of the Sixty-fifth Idaho Legislature, the House of Representatives and the Senate concurring therein, that the retroactive cost of living adjustment approved by the PERSI Board at its December 2019 meeting to become effective March 1, 2020, be and the same is hereby amended to 1.7%.

#### HOUSE CONCURRENT RESOLUTION NO. 31 BY ENVIRONMENT, ENERGY AND TECHNOLOGY COMMITTEE

##### A CONCURRENT RESOLUTION

STATING FINDINGS OF THE LEGISLATURE, RECOGNIZING NUCLEAR POWER AS A SIGNIFICANT EMISSIONS-FREE ENERGY RESOURCE AND A NECESSARY CONTRIBUTOR TO THE UNITED STATES' ELECTRICITY SUPPLY, AND RECOGNIZING THE OUTSTANDING WORK AND SIGNIFICANT CONTRIBUTIONS OF THE IDAHO NATIONAL LABORATORY.

Be It Resolved by the Legislature of the State of Idaho:

WHEREAS, nuclear power production is an established and growing global industry and contributes greatly to the United States' carbon-free electricity supply; and

WHEREAS, according to the Governor's Office of Energy and Mineral Resources, nuclear power supplies nearly 20% of the nation's electricity; and

WHEREAS, a March 2015 national poll found that 69% of Americans favor the use of nuclear energy; and

WHEREAS, the Office of Energy and Mineral Resources also highlights that there are 96 nuclear reactors operating in 29 states and that, over the past two decades, the operational performance of these reactors has improved, as demonstrated by an increase in operational capacity factor from approximately 53% in 1980 to over 90% today; and

WHEREAS, although Idaho has no commercial nuclear power plant, the Idaho National Laboratory (INL), as the U.S. Department of Energy's laboratory for nuclear energy, has had a significant influence on reactor designs across the globe; and

WHEREAS, Idaho has designed, constructed, operated, and decommissioned more nuclear reactors than anywhere in the world; and

WHEREAS, the INL works in each of the strategic goal areas of the Department of Energy: energy, national security, science, and environment; and

WHEREAS, advanced nuclear reactor designs such as small modular reactors and micro reactors represent the future of nuclear energy and are at the core of INL's nuclear research; and

WHEREAS, the INL conducts vital research that allows it to sustain and develop nuclear energy technologies, scale other clean energy technologies, protect critical infrastructure, support national defense and homeland security, bolster cybersecurity, and ensure nuclear materials do not fall into the wrong hands.

NOW, THEREFORE, BE IT RESOLVED by the members of the Second Regular Session of the Sixty-fifth Idaho Legislature, the House of Representatives and the Senate concurring therein, that we recognize nuclear power as a significant emissions-free energy resource and a necessary contributor to the United States' electricity supply and further recognize the outstanding work and significant contributions of the Idaho National Laboratory.

Members elected pursuant to this rule shall sit on the ethics and House policy committee. The ethics and House policy committee shall consist of five members of the House, three of whom shall be members of the majority party and two of whom shall be members of the minority party. House members holding leadership positions shall not serve on the ethics and House policy committee. Committee Chairmen may serve on the ethics and House policy committee. Committee members shall not have been previously sanctioned by the House for an ethics violation pursuant to this rule.

(2) The Caucus Chairman of each party shall conduct the election of ethics and House policy committee members as follows:

(b) Phase II: By silent ballot, each member of the majority party shall vote for three and of the minority party for two nominees on their respective ballots. The caucus chairman and the two elected at-large legislative council members for the caucus shall count the votes and prioritize the members from greatest to least number of votes received. Others receiving votes shall serve in order of priority as committee alternates for their respective party.

(c) Committee members may be reelected to a subsequent committee. A vacancy on the committee shall be filled with the highest priority alternate available to the party entitled to fill the vacancy. When no elected alternates are available to fill a vacancy, such vacancy shall be filled by majority vote of the House members of the party entitled to fill the vacancy. Except as otherwise provided in subsection (9) of this rule, a member filling a vacancy shall serve for the remainder of the unexpired term.

(d) The Speaker of the House shall appoint one of the members of the committee as chairman of the committee.

(3) (a) The chairman of the ethics and House policy committee shall receive complaints from any member of the House.

(b) The complaint shall be in writing, signed and contain one or more of the following allegations:

(c) The complaint shall be specific and provide:

- (i) The name of the member of the House of Representatives alleged to be in violation;
- (ii) Reference to the House rule and/or applicable state law supporting the alleged violation;
- (iii) A description of the facts and circumstances supporting each alleged violation; and
- (iv) The evidence the complainant has at the time of making the complaint supporting the facts and violation alleged in the complaint.

- (i) Does not comply with this rule; or
- (ii) Alleges violations that occurred either before the accused member was first elected to the House of Representatives or for which an applicable statute of limitation has run.

(e) Written complaints shall remain confidential until such time as the ethics and House policy committee finds

probable cause that such member has committed misconduct as provided in this rule.

(4) The committee shall notify the person against whom the complaint was brought and shall provide such person with a copy of the complaint and evidence submitted supporting the complaint. The person complained against may submit a written answer to the committee. The member complained against shall provide such written answer to the chairman of the committee no later than fourteen days following the date that the copy of the complaint was provided to the member complained against. Following receipt of the answer or if no answer to the complaint is provided to the chairman within the time period provided, the committee shall meet and conduct a preliminary investigation of the complaint. Notwithstanding the provisions of Rule 26, such meeting shall be held in executive session. At the preliminary investigation, the committee shall determine, based upon the complaint, other relevant information and the answer to the complaint, whether probable cause exists that the member committed misconduct as provided in this rule. If, at the conclusion of the preliminary investigation, the committee determines no probable cause exists that misconduct has occurred, the complaint shall be dismissed and the written complaint shall remain confidential. If, at the conclusion of the preliminary investigation, the committee determines probable cause exists that misconduct may have occurred, the committee shall so notify the person complained against and the written complaint against the member shall no longer be confidential but shall become a public document.

(5) Following a finding of probable cause and in a timely fashion, the committee shall conduct a public hearing before which the member shall be entitled to appear, present evidence, cross-examine witnesses, and be represented by counsel. The complainant or authorized agent of the complainant shall first present the complaint and supporting evidence and testimony to the committee. The committee shall have the power to take testimony under oath and to issue subpoenas and subpoenas duces tecum in the manner provided in Section 67-407, Idaho Code, and make inquiry and discover evidence relevant to the allegation. Formal rules of evidence are not applicable; however, evidence shall be weighed according to its reliability, and the accused may raise objection to any evidence. The accused may defer presentation of any defense until all of the evidence has been presented in support of the complaint. The accused shall have a full and fair opportunity to obtain and review all of the evidence in support of the complaint.

(6) If after investigation and hearings held pursuant to this rule, the committee finds by clear and convincing evidence that a violation of the standards contained in this rule occurred, the committee shall make appropriate recommendations to the House of Representatives. By four-fifths vote of the committee, the committee shall recommend dismissal of the charges, reprimand, censure or expulsion, provided that a recommendation for expulsion shall only be based upon a finding beyond reasonable doubt that misconduct involves commission of a felony or use of public office for pecuniary gain under subsection (3)(b)(iii) of this rule. The sanction of censure may be with or without conditions or restrictions placed upon the member. The committee shall prepare a report setting forth its findings, recommendation and reasons for such recommendation. The House of Representatives shall vote on the recommendation of the committee, as set forth in the report, during the regular session of the Legislature in which the committee reports. If the committee meets and reports during the interim when the Legislature is not in session, then the House of Representatives shall vote on the committee recommendation during the next regular session of the Legislature. If the committee does not

issue a recommendation within thirty days of the conclusion of the public hearing, the complaint shall be deemed dismissed. Expulsion of a House member shall require the affirmative vote of two-thirds of the members elected to the House, as provided by Section 11 of Article III of the Constitution. Reprimand or censure of a member shall require the affirmative vote of a majority of the members elected to the House. Action of the House pursuant to this rule is final and not subject to court review.

(7) The committee may retain such counsel and may hire such investigators as it deems necessary for the performance of its duties under this rule. All expenditures incurred pursuant to this subsection shall be approved by the Chairman and paid by vouchers and warrants drawn as provided by law from appropriations made to the Legislative Account.

(8) The committee may adopt rules of procedure for the orderly conduct of committee meetings, investigations and hearings, which rules shall be consistent with this rule and other applicable rules and statutes.

(9) If the written signed complaint concerns misconduct of a member of the ethics and House policy committee, then that member shall be disqualified and shall not serve on the committee for any purpose relating to such complaint. A vacancy on the committee created as a result of this subsection shall be filled by an alternate in accordance with the provisions of subsection (2)(c) of this rule, except that the fulfillment of any such vacancy shall only be for purposes relating to such complaint.

BE IT FURTHER RESOLVED that the Ethics and House Policy Committee shall now and in future terms be authorized to sit at the outset of each term, to annually review and recommend to the House body, for formal affirmation, current and proposed House Policies in addition to reviewing any ethics complaints pursuant to House Rule 45.

**7TH ORDER**  
**Motions, Memorials, and Resolutions**

**HOUSE CONCURRENT RESOLUTION NO. 33**  
**BY HEALTH AND WELFARE COMMITTEE**

A CONCURRENT RESOLUTION

STATING FINDINGS OF THE LEGISLATURE, RECOGNIZING MISSING AND MURDERED INDIGENOUS PERSONS AS A CRISIS IN IDAHO, RECOGNIZING AND DESIGNATING MAY 5 AS A DAY OF AWARENESS FOR MISSING AND MURDERED INDIGENOUS PERSONS, AND SUPPORTING EFFORTS TO FURTHER INVESTIGATE RATES OF INCIDENCE, UNDERLYING CAUSES, AND POSSIBLE SOLUTIONS THROUGH COLLABORATIVE EFFORTS.

Be It Resolved by the Legislature of the State of Idaho:

WHEREAS, according to the United States Department of Justice, indigenous, American Indian, and Alaska Native women face alarming levels of violence, including domestic and sexual violence, and experience murder rates that are greater than ten times the national average, while Native men are 1.3 times more likely to experience violence than non-Hispanic white men; and

WHEREAS, according to the Centers for Disease Control and Prevention, homicide is the third leading cause of death among indigenous, American Indian, and Alaska Native women between ten and 24 years of age and the fifth leading cause of death for indigenous, American Indian, and Alaska Native women between 25 and 34 years of age; and

WHEREAS, more than 175 tribal, state, regional, and national organizations have already joined with the National Indigenous Women's Resource Center in support of the resolution to create a national day of awareness for missing Native women and girls; and

WHEREAS, on May 2, 2019, the United States Senate designated May 5, 2019, as the "National Day of Awareness for Missing and Murdered Native Women and Girls," and on May 3, 2019, President Donald J. Trump proclaimed May 5, 2019, as "Missing and Murdered American Indians and Alaska Natives Awareness Day" and called upon "Americans and all Federal, State, tribal and local governments to increase awareness of the crisis of missing and murdered American Indians and Alaska Natives through appropriate programs and activities."

NOW, THEREFORE, BE IT RESOLVED by the members of the Second Regular Session of the Sixty-fifth Idaho Legislature,

the House of Representatives and the Senate concurring therein, that the Legislature recognizes and designates May 5 as a Day of Awareness for Missing and Murdered Indigenous People.

BE IT FURTHER RESOLVED that the Legislature does hereby resolve to call upon the Governor of the State of Idaho, the United States Justice Department, and the five federally recognized tribes in Idaho to, on a collaborative basis, pursue and participate in research efforts to provide information related to the crisis of missing and murdered indigenous persons.

BE IT FURTHER RESOLVED that the Legislature does hereby resolve to raise awareness and advocate for increased safety for indigenous Native communities by addressing the crisis of missing and murdered indigenous people through collaboration with the United States attorney for the District of Idaho, the Idaho State Police, the tribes, local law enforcement agencies, the Federal Bureau of Investigation, the Idaho Council on Domestic Violence, the Idaho Coalition Against Sexual and Domestic Violence, and other appropriate partners, including through actions such as:

- (1) Reviewing, revising, and creating law enforcement and justice recommendations appropriate to missing indigenous Native American people, including inter-jurisdictional issues;
- (2) Providing recommendations for increased victim services to the families and community members of the missing or murdered indigenous Native American people, such as counseling for the children of the disappeared, burial assistance, and community walks and healing ceremonies;
- (3) Providing recommendations on methods for better coordination of efforts between governmental and nongovernmental organizations and agencies to share information;
- (4) Providing recommendations on methods to improve coordination, consultation, and development of protocols between Idaho's federally recognized tribes and federal, state, and local governments to decrease response time and improve investigations into cases of disappeared or murdered indigenous people;
- (5) Providing recommendations on additional data needs, including definitions, methodology, funding, and management of data that is sufficient to track the missing and murdered people of Idaho's tribes; and
- (6) Developing recommendations on public outreach services to tribal communities to bring awareness and develop preventive measures regarding issues related to missing and murdered indigenous people.

BE IT FURTHER RESOLVED that the Legislature does hereby honor the lives of all missing and murdered indigenous people and reaffirms its commitment to protecting the safety and wellbeing of all Idahoans, especially those most vulnerable.

**HOUSE JOINT MEMORIAL NO. 13**  
**BY HEALTH AND WELFARE COMMITTEE**  
A JOINT MEMORIAL

TO THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE UNITED STATES IN CONGRESS ASSEMBLED, AND TO THE CONGRESSIONAL DELEGATION REPRESENTING THE STATE OF IDAHO IN THE CONGRESS OF THE UNITED STATES.

We, your Memorialists, the House of Representatives and the Senate of the State of Idaho assembled in the Second Regular Session of the Sixty-fifth Idaho Legislature, do hereby respectfully represent that:

WHEREAS, each day in the United States, more than 130 people die after an opioid overdose; and

WHEREAS, in 2017, more than 47,000 Americans died from an opioid overdose, representing almost 70% of drug overdose deaths; and

WHEREAS, drug overdose is now the leading cause of accidental death in the United States; and

WHEREAS, as of 2017, it was estimated that 1.7 million Americans have substance use disorders relating to prescription opioids; and

WHEREAS, rural areas have been disproportionately affected by the opioid crisis, with the rate of overdose deaths increasing 325% since 1999, compared to a 198% increase for urban areas; and

WHEREAS, in 2017, 70.3 opioid prescriptions were written for every 100 persons in Idaho; and

WHEREAS, research shows that medication-assisted treatment (MAT) is more effective for treating people with opioid use disorder than non-MAT methods; and

WHEREAS, MAT is most successful when used as an element in "whole person treatment," which also includes appropriate behavioral health interventions such as cognitive behavioral therapy; and

WHEREAS, buprenorphine (Suboxone) is one medication approved for use in MAT; and

WHEREAS, despite the efficacy of MAT, only a third of those with opioid use disorder have access to this kind of treatment; and

WHEREAS, one reason for the lack of access to MAT is the common misconception that drug addiction is best treated using methods other than medication, even though brain chemistry is often altered by the misuse of opioids and can require medication intervention; and

WHEREAS, another critical reason for the lack of access to MAT is a federal law limiting the authority to prescribe buprenorphine. Currently, only about 5% of physicians in the United States, and 414 practitioners in Idaho, may prescribe buprenorphine, many of whom do not practice in rural areas; and

WHEREAS, the number of health care practitioners currently able to prescribe buprenorphine is not sufficient to reach everyone who would benefit from this treatment; and

WHEREAS, it is the belief of the Legislature that any practitioner who may legally prescribe opioids should also be able to prescribe medication treatment for opioid use disorder, because the treatment should be as available as the problem is widespread.

NOW, THEREFORE, BE IT RESOLVED by the members of the Second Regular Session of the Sixty-fifth Idaho Legislature, the House of Representatives and the Senate concurring therein, that the Congress of the United States is requested to take action necessary to make buprenorphine accessible to the patients who need it. Congress is specifically requested to amend 21 U.S.C. 823 and other provisions of federal law as necessary to provide that any health care practitioner with authority to prescribe opioids should likewise have the authority to prescribe drugs or combinations of drugs appropriate for use in medication-assisted therapy, including buprenorphine.

BE IT FURTHER RESOLVED that the congressional delegation representing the State of Idaho in Congress is requested to sponsor and support the legislation necessary to make these amendments.

BE IT FURTHER RESOLVED that the Chief Clerk of the House of Representatives be, and she is hereby authorized and directed to forward a copy of this Memorial to the President of the Senate and the Speaker of the House of Representatives of Congress, and to the congressional delegation representing the State of Idaho in the Congress of the United States.

**7TH ORDER**  
**Motions, Memorials, and Resolutions**

**HOUSE CONCURRENT RESOLUTION NO. 34**  
**BY EDUCATION COMMITTEE**

**A CONCURRENT RESOLUTION**

STATING FINDINGS OF THE LEGISLATURE AND AUTHORIZING THE LEGISLATIVE COUNCIL TO APPOINT A COMMITTEE TO UNDERTAKE AND COMPLETE A STUDY OF STATE FUNDING FOR PUBLIC INSTITUTIONS OF HIGHER EDUCATION.

Be It Resolved by the Legislature of the State of Idaho:

WHEREAS, in recognizing the advantages of having a highly educated and professionally skilled citizenry, the state of Idaho has adopted the following ambitious goal: to see at least 60% of Idahoans earn a postsecondary certificate or degree; and

WHEREAS, since 1989, the cost of attending a college or university has doubled, rising eight times faster than incomes have; and

WHEREAS, public institutions of higher education play a vital role in producing an educated citizenry and a vibrant economy; and

WHEREAS, the modern American higher education system was created by the Morrill Land-Grant Acts of 1862 and 1890 for the purpose of promoting academic and practical "education for the industrial classes in the several pursuits and professions of life," instead of reserving the benefits of higher education to the social and economic elite; and

WHEREAS, American colleges and universities have been described as the "holy grail" of higher education, producing, in the last century, many of the world's breakthrough advances in science, medicine, technology, and other crucial fields of endeavor; and

WHEREAS, changes in technology and instructional delivery methods should make higher education more affordable and accessible, not less; and

WHEREAS, the high cost of public higher education is increasingly dissuading many students from pursuing a degree, even though the purpose of public colleges and universities is to make higher education available to all who seek it.

NOW, THEREFORE, BE IT RESOLVED by the members of the Second Regular Session of the Sixty-fifth Idaho Legislature, the House of Representatives and the Senate concurring therein, that the Legislative Council is authorized to appoint a committee to undertake and complete a study of state funding for public institutions of higher education, with the goal of making higher education more accessible and affordable to Idaho students. The Legislative Council shall determine the number of legislators and membership from each house appointed to the committee and shall authorize the committee to receive input, advice, and assistance from interested and affected parties who are not members of the Legislature.

BE IT FURTHER RESOLVED that the committee consider the findings and recommendations in the Final Report of the Task Force on Higher Education, issued October 13, 2017.

BE IT FURTHER RESOLVED that nonlegislative members of the committee may be appointed by the cochairs of the committee who are appointed by the Legislative Council. Nonlegislative members of the committee shall not be reimbursed from legislative funds for per diem, mileage, or other expenses and shall not have voting privileges regarding the committee's recommendations or proposed legislation.

BE IT FURTHER RESOLVED that the committee shall report its findings, recommendations, and proposed legislation, if any, to the First Regular Session of the Sixty-sixth Idaho Legislature.

**HOUSE CONCURRENT RESOLUTION NO. 35**  
**BY HEALTH AND WELFARE COMMITTEE**

**A CONCURRENT RESOLUTION**

STATING FINDINGS OF THE LEGISLATURE AND RECOGNIZING AUGUST 26, 2020, AS WOMEN'S SUFFRAGE DAY.

Be It Resolved by the Legislature of the State of Idaho:

WHEREAS, in July 1848, Elizabeth Cady Stanton and Lucretia Mott organized America's first women's rights convention in Seneca Falls, New York, where they drafted the Declaration of Sentiments, calling for women's equality and suffrage; and

WHEREAS, the women's suffrage movement attempted to be inclusive and diverse, recruiting allies such as Frederick Douglass, a former slave and leader of the abolition movement who also championed women's suffrage and attended the Seneca Falls Convention in 1848; and other prominent African American suffragists, such as Mary Church Terrell, the first president

and one of the founding members of the National Association of Colored Women; Ida B. Wells-Barnett of Chicago, who courageously fought against lynching; and Adella Hunt Logan, a faculty member at the Tuskegee Institute and an activist for education; and

WHEREAS, in 1869, Susan B. Anthony and Elizabeth Cady Stanton organized the National Woman Suffrage Association (NWSA), and that same year Lucy Stone and her husband Henry Brown Blackwell, along with Julia Ward Howe and Henry Ward Beecher, formed the American Woman Suffrage Association; and

WHEREAS, at the time, the formation of two women's suffrage organizations was necessary given the divide over language of the newly proposed amendment to the U.S. Constitution, today's Fifteenth Amendment, extending suffrage to African American men; and

WHEREAS, in 1870, after the required three-fourths of states ratified the Fifteenth Amendment to the U.S. Constitution, granting African American men the right to vote, Susan B. Anthony, Elizabeth Cady Stanton, and other suffragists signed and sent a voting rights petition to the U.S. Senate and U.S. House of Representatives requesting that suffrage rights be extended to women; and

WHEREAS, the Territorial Legislature of Wyoming and the State Legislatures of Utah, Colorado, and Idaho enfranchised the women of their jurisdictions between 1869 and 1896, becoming the first four states to grant women the vote; and

WHEREAS, Idaho's Territorial Legislature first debated extending women suffrage in 1870 when Malad City Representative Dr. Joseph William Morgan introduced a bill to enfranchise women; and

WHEREAS, in 1879, and again in 1885, Idaho's Territorial Legislature extended partial suffrage to Idaho women, and in 1889 Idaho's Constitutional Convention heard presentations from suffragists Abigail Jane Scott Duniway and Henrietta Skelton in support of women's suffrage, and in 1896, after a unanimous decision by Idaho's Supreme Court, Idaho's constitutional amendment extending suffrage to women became law; and

WHEREAS, between 1896 and 1917, women from suffrage states, including Idaho, advocated for the vote for women across the country by holding parades, rallies, events, and finally picketing campaigns in front of the White House; and

WHEREAS, by 1918, these efforts gained the attention of President Woodrow Wilson and resulted in the Sixty-fifth U.S. Congress's action to bring a proposed women's suffrage amendment to the floor of the U.S. House of Representatives; and

WHEREAS, despite defeat of the 1918 suffrage amendment in the U.S. Senate, the Sixty-sixth Congress introduced the proposed amendment, and on May 21, 1919, the U.S. House of Representatives passed the resolution, 304 to 90, and on June 4, 1919, the Senate concurred, voting with a margin of 56 to 25, thus creating House Joint Resolution No. 1, A Joint Resolution Proposing An Amendment To the Constitution Extending the Right of Suffrage to Women; and

WHEREAS, governors across the country began to call upon their state's legislatures to ratify the proposed amendment, with the result that, between June 1919 and January 1920, 27 states had ratified the proposed women's suffrage amendment; and

WHEREAS, Idaho Governor D. W. Davis called an Extraordinary Session of the Idaho Legislature on February 11, 1920, for the sole purpose of ratifying the proposed amendment to the U.S. Constitution extending the right of suffrage to women; and

WHEREAS, Governor Davis recognized in his address to the Legislature on February 11, 1920, that Idaho had been

"one of the leaders in extending to women that progressive and altogether honorable principle of equal franchise," and that it was therefore "particularly fitting ... that this State which has enjoyed such privilege should now ratify the federal amendment by which women are to be virtually freed from the narrow prejudices of the past"; and

WHEREAS, Governor Davis also recognized that February 11, 1920, was to be recorded "as an epoch-making day," whereby Idaho took "historical action towards the complete enfranchisement of the women of our beloved country"; and

WHEREAS, members of the Idaho Legislature selected Idaho Representative Dr. Emma F. A. Drake, one of two women legislators from that session, to introduce House Joint Resolution No. 1 ratifying the proposed amendment to the U.S. Constitution extending the right of suffrage to women; and

WHEREAS, the Idaho House of Representatives voted unanimously in favor of ratification, whereupon the Speaker declared the resolution passed, the title was approved, and the resolution was transmitted to the Senate, which voted 29 ayes, 6 nays, and 6 members absent and not voting; and

WHEREAS, following this momentous vote, on March 18, 1920, Idaho's Secretary of State, Robert O. Jones, certified a copy of Idaho's "House Joint Resolution No. 1, Passed at The Fifteenth Session of the Legislature of the State of Idaho"; and

WHEREAS, on March 24, 1920, the United States Secretary of State, Bainbridge Colby, acknowledged receipt of the certified copy of Idaho's resolution and noted Idaho as the thirtieth state to ratify the proposed women's suffrage amendment; and

WHEREAS, on August 18, 1920, Tennessee became the thirty-sixth state to ratify the proposed women's suffrage amendment after the mother of 24-year-old legislator Harry Burn insisted that he change his vote; and

WHEREAS, on August 26, 1920, the United States Secretary of State proclaimed that the women's suffrage amendment, the Nineteenth Amendment to the U.S. Constitution, was in effect and had become part of the U.S. Constitution; and

WHEREAS, Native American women were given the right to vote on June 24, 1924, when the government granted citizenship to Native Americans through the Indian Citizenship Act; and

WHEREAS, the year 2020 marks the hundredth anniversary of the ratification of the Nineteenth Amendment to the U.S. Constitution, granting women the right to vote.

NOW, THEREFORE, BE IT RESOLVED by the members of the Second Regular Session of the Sixty-fifth Idaho Legislature, the House of Representatives and the Senate concurring therein, that the Legislature celebrates the profound effect that women's suffrage has had on our state and our nation, impacting policy and programs of great importance to our communities and greater society.

BE IT FURTHER RESOLVED that the Legislature recognizes August 26, 2020, as "Women's Suffrage Day" in honor of the ratification of the Nineteenth Amendment to the U.S. Constitution.

BE IT FURTHER RESOLVED that the Legislature encourages Idahoans to celebrate Women's Suffrage Day with appropriate events and ceremonies.

We, your Memorialists, the House of Representatives and the Senate of the State of Idaho assembled in the Second Regular Session of the Sixty-fifth Idaho Legislature, do hereby respectfully represent that:

WHEREAS, the Idaho Legislature recognizes the profound role mining has played in the settlement of Idaho, its contemporary role, and the role it will play in our future; and

WHEREAS, Idaho, the forty-third state in the Union, was named the "Gem State" because of the immense role played by mining in the settlement of Idaho; and

WHEREAS, the Great Seal of the State of Idaho contains the symbolic representation of the miner because of the historical importance of mining in Idaho; and

WHEREAS, Idaho has diverse geologic and mineral resources within its boundaries, including world-class deposits of silver, phosphate, and cobalt as well as numerous and robust deposits of gold, molybdenum, antimony, rare earth elements, thorium, lead, copper, zinc, and numerous other minerals and gems; and

WHEREAS, the Idaho state song "Here We Have Idaho" references Idaho's vast resources of silver and gold; and

WHEREAS, mining in Idaho has shaped the state's political boundaries, built cities, and supplied the nation with minerals necessary for today's modern lifestyle; and

WHEREAS, the discovery of gold along Canal Gulch near Pierce, Idaho, in 1860 set off one of the largest migrations in American history; and

WHEREAS, the significant discovery of gold in the Boise Basin led to the founding of Boise City as a supply outpost for the Boise and Owyhee mining districts, thereby leading to the establishment of Boise as the capital of Idaho; and

WHEREAS, one hundred years after the discovery of silver in the world-renowned Coeur d'Alene mining district, the one billionth ounce of silver was produced there, as well as vast amounts of lead, zinc, and copper; and

WHEREAS, Idaho's world-class phosphate district plays a significant role in advancing the agricultural needs within our state and nation; and

WHEREAS, the Idaho Legislature recognizes the prevalent role mining plays in our modern lives and will play in our future; and

WHEREAS, Idaho's mining industry has played a significant role in national defense by providing the raw materials necessary to defend our nation in times of conflict; and

WHEREAS, the mining industry is dedicated to modern mining practices that promote the responsible extraction of minerals while being protective of the environment and emphasize land restoration as mine life progresses; and

WHEREAS, the Idaho Legislature recognizes the importance of domestically sourced minerals for national independence and defense, as it buffers reliance on imported minerals; and

WHEREAS, the Idaho Legislature recognizes the necessity and use of mined minerals in virtually every aspect of our modern lives, including computer chips, telephones, automobiles, medical devices, electricity, roads and bridges, public infrastructure, recreation, freight, buildings and dwellings, health and beauty products, recreational equipment, and renewable energy; and

WHEREAS, the Idaho Legislature recognizes the invaluable future the mining industry plays not only in Idaho but also the entire United States of America; and

WHEREAS, the Idaho Legislature recognizes the work that the Bureau of Land Management, the United States Forest Service, and other federal agencies are doing to simplify the permitting process for infrastructure and mining projects.

NOW, THEREFORE, BE IT RESOLVED by the members of the Second Regular Session of the Sixty-fifth Idaho Legislature, the House of Representatives and the Senate concurring therein, that the State of Idaho supports the actions of the Bureau of Land Management and other federal agencies, in partnership with state agencies, to move forward and recognize the importance of mining in the history, development, and future of the Gem State.

We, your Memorialists, the House of Representatives and the Senate of the State of Idaho assembled in the Second Regular Session of the Sixty-fifth Idaho Legislature, do hereby respectfully represent that:

WHEREAS, on January 1, 1970, President Richard Nixon signed the National Environmental Policy Act (NEPA) into law. NEPA created the Council of Environmental Quality (CEQ) within the Executive Office of the President. CEQ oversees implementation of NEPA and recommends policies to the President that promote and improve our nation's goals for environmental quality; and

WHEREAS, NEPA regulations apply to a wide range of vital projects for states such as roads, bridges, traditional and renewable energy projects, transmission lines, timber, mining, grazing, and broadband development just to name a few; and

WHEREAS, NEPA is a procedural statute that requires federal agencies to analyze the impacts of major federal actions and does not mandate substantive outcomes; and

WHEREAS, there are different levels of NEPA review depending on the significance of the project, including a categorical exclusion, environmental assessment (EA), and environmental impact statement (EIS); and

WHEREAS, the spirit and intent behind the adoption of NEPA 50 years ago has been eroded. A 2018 report issued by CEQ stated that the average EIS takes nearly 5 years to complete and exceeds 600 pages in length. The average EIS for a transportation project under the Federal Highway Administration takes well over 7 years; and

WHEREAS, too often NEPA is used as a tool to slow or halt meaningful projects. Agencies are now preparing NEPA documents in preparation of litigation, which increases the time and costs associated with federal projects; and

WHEREAS, in 1978, CEQ issued regulations, set forth in 40 CFR 1500-1508, to guide federal implementation of NEPA. These regulations have not been substantively updated in over 40 years; and

WHEREAS, on April 10, 2019, President Trump issued the Executive Order on Promoting Energy Infrastructure and Economic Growth, which called for "efficient permitting processes and procedures that employ a single point of accountability, avoid duplicative and redundant studies and reviews, and establish clear and reasonable timetables"; and

WHEREAS, on January 10, 2020, the Trump Administration, through CEQ, published a set of proposed reforms aimed at reducing paperwork and inefficiencies related to the NEPA process, while still safeguarding the environment; and

WHEREAS, the proposed reforms would enhance coordination with states, localities, and tribes and would better utilize existing studies, data, and analyses prepared by the states; and

WHEREAS, the proposed reforms would set presumptive time and page limits for NEPA review documents; and

WHEREAS, the proposed reforms would cut down on federal red tape helping to deploy critical projects to advance economic development in a timely manner; and

WHEREAS, NEPA reform has long-standing bipartisan support. The Obama Administration signed into law a reform designating a lead federal agency for certain construction projects that include several different federal decision makers known as the Fixing America's Surface Transportation (FAST) Act; and

WHEREAS, the current NEPA process, including project analysis and subsequent litigation, has oppressed the State of Idaho and caused severe negative economic impacts on our citizens.

NOW, THEREFORE, BE IT RESOLVED by the members of the Second Regular Session of the Sixty-fifth Idaho Legislature,

the House of Representatives and the Senate concurring therein, that we support the effort by the Trump Administration, through the Executive Office of the President, to modernize and simplify the NEPA regulations in order to streamline the review process without changing environmental standards.

BE IT FURTHER RESOLVED that the Chief Clerk of the House of Representatives be, and she is hereby authorized and directed to forward a copy of this Memorial to the President of the United States, the Council of Environmental Quality, the President of the Senate and the Speaker of the House of Representatives of Congress, and to the congressional delegation representing the State of Idaho in the Congress of the United States.

#### HOUSE CONCURRENT RESOLUTION NO. 36 BY WAYS AND MEANS COMMITTEE

##### A CONCURRENT RESOLUTION

STATING FINDINGS OF THE LEGISLATURE AND URGING THAT FEDERAL, STATE, LOCAL, AND OTHER BUILDING PROJECTS INCLUDE SAFE, RENEWABLE, AND ENVIRONMENTALLY FRIENDLY WOOD PRODUCTS GROWN AND PRODUCED IN IDAHO IN THEIR BUILDING AND CONSTRUCTION PLANS.

Be It Resolved by the Legislature of the State of Idaho:

WHEREAS, Idaho forests contribute beauty, ecology, economy, and culture to our state; and

WHEREAS, forests are dynamic, move through a predictable cycle, and undergo changes that create the conditions for many different species of plants and animals, with each stage of the cycle laying the groundwork for the next. As trees go through the natural process of growing, from seed to seedling, maturity, and eventually death and decomposition, their forest home evolves; and

WHEREAS, Idaho has 21.5 million acres of forestland spanning from the Canadian border to the southern border of the state, ranking 10th in the nation in forestland, 12th in timberland, and 5th in wilderness. Idaho forests cover 85,557 square miles, which is larger than the states of Vermont, New Hampshire, Massachusetts, Connecticut, and Rhode Island combined; and

WHEREAS, federal, state, and local governments own and manage the majority of forestlands in Idaho. National forests occupy nearly 40 percent of Idaho's land mass, more than any other state. Of the 21.5 million acres of total forestlands in Idaho, 16.5 million acres are designated as timberland. Of that number, only 9.3 million acres are available for harvest; and

WHEREAS, a smaller portion of Idaho's forestlands are owned by thousands of private businesses, Native American tribes, families, and individuals. Forestlands in Idaho and throughout the West present unique challenges because of the large influence of federal ownership and management; and

WHEREAS, forests and their inhabitants face many threats, including natural catastrophic events such as severe wildfires and insect and disease outbreaks. Although such events are natural, and an important aspect of the forest ecosystem, they are often influenced by excessive buildup of fuels and changes in tree species and age, all of which can be the result of human action or inaction; and

WHEREAS, a healthy, growing forest is less susceptible to insects, disease, and devastating fire. Active forest management helps our forests stay resilient; and

WHEREAS, forest management is a simple term for a complex array of activities and experiences that allow landowners to meet specified goals and objectives while maintaining the productivity of their forestland. With good stewardship practices and the incredible advances in technology, Idaho forests can be sustainably managed to meet environmental, economic, and social needs for today and generations to come; and

WHEREAS, studies show that wood is a strong, safe, and environmentally friendly building material that meets building codes and often costs less than other materials. Studies and utilization demonstrate that wood has the structural capability for utilization in a range of low-rise to mid-rise residential and nonresidential buildings. A scientific evaluation by life cycle analysis of the overall impacts of building materials measuring the energy and resources used to create the material and the lifetime emissions to the air, water, and land shows that compared to other building materials wood performs better in many ways, including being renewable and the only building material that captures and stores carbon, keeping it out of the atmosphere indefinitely; and

WHEREAS, there are many types of wood products produced from Idaho timber; lumber and other structural building products such as dimensional lumber, solid beams, laminated beams, shingles, joists, laminated veneer lumber, finger-jointed lumber, and engineered wood products; millwork used for doors, windows, cabinets, furniture, siding, flooring, moldings, fencing, and shipping pallets; panel products such as plywood, particleboard, and hardboard, posts, poles, and timbers such as utility poles, house logs, fence posts, pilings, treated timbers, cross-arms, and railroad ties; wood composite products such as siding, roofing, medium-density fiberboard, and molding; as well as pulp and paper products from wood fiber including packaging for food and products, newsprint, bathroom and facial tissue, and paper toweling; and

WHEREAS, there are over 200 forest product manufacturing and wholesaling businesses in Idaho, including dozens of sawmills, producers of particleboard, clean chips, pulp and paper, bioenergy, and bark and mulch products, producers of pole, log furniture and firewood, log home manufacturers, cedar products mills, and plywood and veneer facilities. Idaho's loggers and truckers do the risky business of harvesting and hauling logs and wood products, and their jobs help to support the economies of rural communities; and

WHEREAS, today's building codes are developed by experts, such as code officials, fire officials, architects, and engineers, through a rigorous three-year process to ensure the safety of all building materials. Building codes recognize the latest advances in technology and allow wood to be used in a range of low-rise to mid-rise residential and nonresidential buildings; and

WHEREAS, the timber industry contributes to healthy forests, healthy communities, and healthy economies.

NOW, THEREFORE, BE IT RESOLVED by the members of the Second Regular Session of the Sixty-fifth Idaho Legislature, the House of Representatives and the Senate concurring therein, that the Idaho Legislature urges that federal, state, local, and other building projects include as much safe, renewable, and environmentally friendly wood products grown and produced in Idaho as possible in their building and construction plans.

[HCR 36](#) was introduced, read the first time by title, and referred to the Judiciary, Rules, and Administration Committee for printing.

(c) ~~Committee members may be reelected to a subsequent committee. A vacancy on the committee shall be filled with the highest priority alternate available to the party entitled to fill the vacancy. The person complained against may submit a written answer to the committee. The member complained against shall provide such written answer to the chairman of the committee no later than fourteen days following the date that the copy of the complaint was provided to the member complained against. Notwithstanding the provisions of Rule 26, such meeting shall be held in executive session. If, at the conclusion of the preliminary investigation, the committee determines no probable cause exists that misconduct has occurred, the complaint shall be dismissed and the written complaint shall remain confidential. If, at the conclusion of the preliminary investigation, the committee determines probable cause exists that misconduct may have occurred, the committee shall so notify the person complained against and the written complaint against the member shall no longer be confidential but shall become a public document.

Formal rules of evidence are not applicable; however, evidence shall be weighed according to its reliability, and the accused may raise objection to any evidence. The accused may defer presentation of any defense until all of the evidence has been presented in support of the complaint. The accused shall have a full and fair opportunity to obtain and review all of the evidence in support of the complaint.

(6) If after investigation and hearings held pursuant to this rule, the committee finds by clear and convincing evidence that a violation of the standards contained in this rule occurred, the committee shall make appropriate recommendations to the House of Representatives. By four-fifths vote of the committee, the committee shall recommend dismissal of the charges, reprimand, censure or expulsion, provided that a recommendation for expulsion shall only be based upon a finding beyond reasonable doubt that misconduct involves commission of a felony or use of public office for pecuniary gain under subsection (3)(b)(iii) of this rule. The sanction of censure may be with or without conditions or restrictions placed upon the member. The committee shall prepare a report setting forth its findings, recommendation and reasons for such recommendation. The House of Representatives shall vote on the recommendation

of the committee, as set forth in the report, during the regular session of the Legislature in which the committee reports. If the committee meets and reports during the interim when the Legislature is not in session, then the House of Representatives shall vote on the committee recommendation during the next regular session of the Legislature. If the committee does not issue a recommendation within thirty days of the conclusion of the public hearing, the complaint shall be deemed dismissed. Expulsion of a House member shall require the affirmative vote of two-thirds of the members elected to the House, as provided by Section 11 of Article III of the Constitution. Reprimand or censure of a member shall require the affirmative vote of a majority of the members elected to the House. Action of the House pursuant to this rule is final and not subject to court review.

(7) The committee may retain such counsel and may hire such investigators as it deems necessary for the performance of its duties under this rule. All expenditures incurred pursuant to this subsection shall be approved by the Chairman and paid by vouchers and warrants drawn as provided by law from appropriations made to the Legislative Account.

(8) The committee may adopt rules of procedure for the orderly conduct of committee meetings, investigations and hearings, which rules shall be consistent with this rule and other applicable rules and statutes.

(9) If the written signed complaint concerns misconduct of a member of the ethics and House policy committee, then that member shall be disqualified and shall not serve on the committee for any purpose relating to such complaint. A vacancy on the committee created as a result of this subsection shall be filled by an alternate in accordance with the provisions of subsection (2)(e) of this rule a member selected by the party of the disqualified member, except that the fulfillment of any such vacancy shall only be for purposes relating to such complaint.

**7TH ORDER**  
**Motions, Memorials, and Resolutions**

**HOUSE CONCURRENT RESOLUTION NO. 38**  
**BY WAYS AND MEANS COMMITTEE**

A CONCURRENT RESOLUTION

STATING FINDINGS OF THE LEGISLATURE AND DIRECTING THE COMMITTEE ON FEDERALISM TO STUDY THE IMPACT OF THE FAILURE OF THE UNITED STATES GOVERNMENT TO MAKE PAYMENTS IN LIEU OF TAXES THAT ARE EQUIVALENT TO THE PROPERTY TAX REVENUE THAT THE STATE OF IDAHO WOULD OTHERWISE GENERATE FROM LANDS UNDER FEDERAL OWNERSHIP OR CONTROL WITHIN IDAHO AND DIRECTING THE COMMITTEE TO PILOT TECHNOLOGIES PROVIDING AN OBJECTIVE STANDARD TO EVALUATE AND APPRAISE FEDERAL LANDS IN REAL TIME TO DETERMINE THE FAIR TAXABLE VALUE OF SUCH FEDERAL LANDS.

Be It Resolved by the Legislature of the State of Idaho:

WHEREAS, the right and authority of state and local governments to promote the highest value and use of land is fundamental to funding education and other essential government services; and

WHEREAS, the federal government still controls more than 62% of all land in the State of Idaho, which is not subject to state or local taxes; and

WHEREAS, under the Federal Land Policy and Management Act (FLPMA) of 1976, federal land policy changed from one of disposal, where it would enter the state tax rolls, to permanent federal retention as untaxable public land; and

WHEREAS, this policy change deprives Idaho of the right and ability to tax more than 62% of all land within our state; and

WHEREAS, recognizing the substantial burden this policy change imposed on the ability of state and local governments to fund education and other essential government services, Congress established the Payment In Lieu of Taxes (PILT) program to compensate for the tax revenue denied; and

WHEREAS, the definition of "in lieu" means a substitute of equal value and importance, something that is just as good as what was given up; and

WHEREAS, by any objective measure, federal PILT payments to Idaho are not "just as good as" the tax revenue the local governments and school districts would otherwise generate but for federal control of Idaho lands; and

WHEREAS, in actuality, PILT amounts are little more than pennies in lieu of taxes; and

WHEREAS, without regard to the long-standing debate over whether the federal government should ever relinquish control of Idaho lands, as long as the federal government does withhold lands from being subject to tax, the federal government should pay the full amount in lieu of tax revenue denied our taxing entities; and

WHEREAS, for more than 10 years, Congress has been erratic in the amount and timeliness of PILT payments to Idaho counties, placing essential government services in jeopardy.

NOW, THEREFORE, BE IT RESOLVED by the members of the Second Regular Session of the Sixty-fifth Idaho Legislature, the House of Representatives and the Senate concurring therein, that the Committee on Federalism, created pursuant to Section 67-9301, Idaho Code, shall study the impact of the failure of the United States government to make payments in lieu of taxes that are equivalent to the property tax revenue that the State of Idaho

would otherwise generate from lands under federal ownership or control within Idaho. The committee shall pilot technologies providing an objective standard to evaluate and appraise federal lands in real time to determine the fair taxable value of such federal lands.

If the committee does not issue a recommendation within thirty days of the conclusion of the public hearing, the complaint shall be deemed dismissed.

Expulsion of a House member shall require the affirmative vote of two-thirds of the members elected to the House, as provided by Section 11 of Article III of the Constitution. Reprimand or censure of a member shall require the affirmative vote of a majority of the members elected to the House. Action of the House pursuant to this rule is final and not subject to court review.

(76) The committee may retain such counsel and may hire such investigators as it deems necessary for the performance of its duties under this rule. ##### A JOINT MEMORIAL

TO THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE UNITED STATES IN CONGRESS ASSEMBLED AND TO THE CONGRESSIONAL DELEGATION REPRESENTING THE STATE OF IDAHO IN THE CONGRESS OF THE UNITED STATES.

We, your Memorialists, the House of Representatives and the Senate of the State of Idaho assembled in the Second Regular Session of the Sixty-fifth Idaho Legislature, do hereby respectfully represent that:

WHEREAS, federal wildlife corridors are intended to become a new federal land designation, including in the State of Idaho, and the federal government has failed to meaningfully consult with cities, counties, local leaders, and Idaho citizens who would be impacted by such designations, including farmers and ranchers; and

WHEREAS, wildlife corridors may be used as justification for wildlife overpasses, underpasses, and tall fencing; and

WHEREAS, on an advisory ballot question presented during the November 2018 general election, 78% of Fremont County residents participating voted against the option to install wildlife overpasses, underpasses, or other structures or fencing along that portion of U.S. 20 located in Fremont County; and

WHEREAS, the designation of wildlife corridors can and will lead to limitations on multiple use of our public lands and may severely limit access to public and private lands; and

WHEREAS, wildlife corridors will lead to limitations on, and closure of, rural roads and restrictions on public highways; and

WHEREAS, wildlife corridors will impact individual property rights, and potential unintended consequences of property damage are possible; and

WHEREAS, wildlife corridors will limit human activity in the vicinity of the designated areas and may lead to private land restrictions and public use restrictions; and

WHEREAS, hunting may be restricted or eliminated for miles in the area of wildlife corridors and access to fishing may be disrupted; and

WHEREAS, livestock grazing may be curtailed or eliminated in the vicinity of wildlife corridors and such corridors may lead to limitations on mining and logging; and

WHEREAS, the establishment of wildlife corridors will cause concentration of wildlife and may lead to habitat destruction; and

WHEREAS, wildlife corridors will "funnel" wildlife to choke points where predators will establish kill zones and such corridors may invite disease and increased predation and depredation due to concentration of wild ungulates; and

WHEREAS, human recreational activity, including but not limited to hiking, camping, trail riding, or any type of summer or winter recreation, may be curtailed or eliminated in wildlife corridors and such corridors may result in the closure of ATV trails, biking trails, hiking trails, and snowmobile trails in the vicinity; and

WHEREAS, wildlife corridors may lead to extensive litigation.

NOW, THEREFORE, BE IT RESOLVED by the members of the Second Regular Session of the Sixty-fifth Idaho Legislature, the House of Representatives and the Senate concurring therein, that we oppose the designation of wildlife corridors along that portion of U.S. 20 located in Fremont County in the State of Idaho.

(a) For an employer to employ an employee, or an employment agency to classify or refer for employment an individual, for a labor organization to classify its membership or to classify or refer for employment an individual, or for an employer, labor organization, or joint labor-management committee controlling an apprenticeship or other training or retraining program, on the basis of his religion, sex, national origin, or age if religion, sex, national origin, or age is a bona fide occupational qualification reasonably necessary to the normal operation of the business or enterprise, or

[H 325](#), as amended in the Senate, as amended in the Senate

Due to the uncertainty in the coming fiscal year and the ongoing COVID-19 crisis, I am vetoing this legislation because it results in a fiscal impact to Idaho's General Fund. The maintenance and growth of our transportation infrastructure remains a vital commitment of the State of Idaho, and I encourage the Idaho Legislature to pursue a comprehensive package when the state is facing a more positive economic outlook.

Dear Mr. Speaker:

I hereby advise you that I have signed on March 25, 2020 and am transmitting to the Secretary of State the following House bill, to wit:

[H 560](#), as amended in the Senate

This legislation has the potential to result in unintended tax shifts as well as a lack of uniformity in the process of agricultural land valuation. This legislation potentially creates a more arbitrary farmland valuation system that lacks uniformity across counties and farmland taxpayers. Without knowing local rates, we can't predict the magnitude of the differences between counties and farmland taxpayers. I encourage the Legislature to follow up on this legislation to ensure that once implemented it works to maintain a fair, simple and predictable tax policy structure within our state.

Sincerely,  
/s/ Brad Little  
Governor of Idaho

Dear Mr. Speaker:

I hereby advise you that I have signed on March 25, 2020 and transmitted to the Office of the Secretary of State, with my approval, the following House bill, to wit:

[H 457](#), as amended

within the time prescribed by law, the same having arrived in the Office of the Governor at the hour of 2:40 p.m. on March 18, 2020.

This bill is an entirely sensible policy choice. However, it is not accurate to say, as the fiscal note does, that this bill has no fiscal impact to the State. The assistance the Idaho Department of Corrections provides for transitional housing for sex offenders upon release from prison is approximately double the cost for all other offenders because of already existing restrictions on where sex offenders can live. Because this bill further prohibits where sex offenders can live, the cost to the department for transitional housing for sex offenders will increase. At a minimum, the money currently appropriated for transitional housing will not be enough to assist as many offenders as the department currently can assist. To account for this policy change, when the department absorbs these new costs fewer offenders will receive transitional housing assistance.

Tax policy should be fair, simple and predictable. This legislation if passed has the potential to result in unintended tax shifts as well as a lack of uniformity in the process of property tax assessment. It is for these reasons that I'm choosing to veto this legislation.

[H 538](#)

The accuracy of fiscal notes is paramount to setting sound budgets and ensuring Idaho meets its Constitutional obligation of maintaining a balanced budget. While the fiscal note states that the new permits will be covered by existing program appropriations, the Department has provided estimates that as much as \$400,000 in ongoing funds may be necessary to carry out the intent of this legislation. We look forward to working with the Legislature on supplemental appropriation next session to ensure the Department can implement the legislation.

Dear Mr. Speaker:

I hereby advise you that I have vetoed on March 26, 2020, and as the session has adjourned, am transmitting to the Secretary of State the following House bill to wit:

[H 487](#), as amended in the Senate

within the time limited by law, the same having arrived in the Office of the Governor at the hour of 2:25 p.m. on March 19, 2020.

I did so reluctantly because I share the intent of the legislation in ensuring negotiated rulemaking for rules wherever feasible. The challenge with H 487aaS is that it mandates negotiated rulemaking, and therefore may preclude temporary rules when necessary. For the second straight year, the Legislature has chosen to not reauthorize fee rules, and as a result, my administration has had to republish rules as temporary to ensure they remain in full force and effect. Thus, the rules promulgated under this statute are currently being republished as temporary rules.

In Executive Order 2020-01, I outlined my requirement that every rule chapter be repromulgated over the next five years. Each agency must hold at least two public hearings that are designed to maximize public participation in the rulemaking process. I believe the intent of H 487aaS will be carried out through my Executive Order.

If a landlord obtains a favorable verdict by a jury or a favorable finding by the judge, it should be clearly stated in code that, on good cause shown for cases of old age, illness, disability, or the like, the judge can delay filing the order for a some short period. That way, in the interest of equity, the judge could give such a renter an additional few days before starting the 72-hour timeline with the filing of the order. Most renters will not be represented by counsel and likely would not know they could even request the judge delay filing the order a few additional days.

I do not oppose standardizing the process statewide for evictions once the order is filed, which is why I will allow this bill to become law. My hope is that better protection for the most vulnerable renters I outlined above can be enacted next year and in the meantime that judges will exercise discretion on the timing of filing the order in cases of old age, illness, disability and the like

I recognize that this bill relates to ongoing questions regarding the leasing of minerals by the Idaho Department of Lands. I believe this legislation is a step in the process of resolving those questions. March 30, 2020

The Honorable Scott Bedke  
Speaker of the House

Dear Mr. Speaker:

I hereby advise you that I have transmitted to the Secretary of State without my approval, disapproved and vetoed, the following House bill to wit:

[H 384](#), as amended in the Senate

within the time prescribed by law, the same having arrived in the Office of the Governor at the hour of 2:25 p.m. on March 19, 2020.

This bill has an admirable objective but establishes a flawed process to recompense the wrongfully convicted. This bill immediately forces the state into an adversarial legal proceeding in court with the claimant. The process will be expensive and time-consuming to pursue and defend, the cost of which is not contemplated in the Fiscal Note. By their very nature these proceedings will involve missing or lost evidence, dead or otherwise unavailable witnesses, constitutional victims' rights issues, and appellate review by the Idaho Supreme Court. In sum,

such a court case will be exceedingly complicated to adjudicate on the abbreviated timeline this bill aspires to establish.

If the goal is to expeditiously compensate the wrongfully accused, that objective is best accomplished by entrusting the decision to grant or deny compensation to an existing board or commission, such as the Commission of Pardons and Parole or the Board of Examiners. This allows for the possibility of expedited compensation or settlement to the claimant, subject to appropriation by the Legislature. If the board or commission denies the claim, then the proceeding could go to the courts for further fact-finding, adjudication, and appellate review.

States vary in how they handle compensation to the wrongly convicted. We should be sure that the amount Idaho makes available to compensate the wrongfully convicted is comparable to the amounts other states give. In addition to financial compensation, this bill creates an unfunded mandate on the state-funded insurance plan and state colleges and universities by granting successful claimants up to eight years of state-funded medical insurance and up to 120 credit hours at state colleges and universities. The total sum of a claimant's compensation should be enough that the successful claimant can purchase insurance and an education if the successful claimant desires. This is a better approach than adding unfunded mandates to other parts of state government.

Again, I admire the intent of this bill and my office will work with the sponsors to hopefully rectify these issues to produce a bill that creates an acceptable process for quickly compensating the wrongfully convicted.

Sincerely,  
/s/ Brad Little  
Governor of Idaho

The Honorable Scott Bedke  
Speaker of the House

Dear Mr. Speaker:

I hereby advise you that I have vetoed on March 30, 2020, and as the legislature has adjourned, transmitted to the Office of the Secretary of State, the following House bill, to wit:

[H 340](#), as amended, as amended in the Senate

within the time limited by law, the same having arrived in the Office of the Governor at the hour of 8:19 p.m. on March 18, 2020.

My time as Governor has been marked by reducing administrative red tape while protecting the health and safety of Idahoans. The safety and well being of Idaho's children is my highest priority. This legislation does not adequately ensure necessary protections for one of our most vulnerable populations, adolescents seeking treatment for substance use disorders. Additionally, I am troubled to implement a pilot program that has no sunset period in place for proper assessment.

Sincerely,  
/s/ Brad Little  
Governor of Idaho

(e) In all other respects, the Committee will be governed by the rules of the House of Representatives.

(6) The Committee may adopt any of the following as part of the hearing procedures:

The Parties must also provide a proof of service as provided by Idaho Rules of Civil Procedure 5(e). The committee shall prepare a report setting forth its findings, recommendation and reasons for such recommendation.
