

STATEMENT OF PURPOSE

RS27368 / H0356

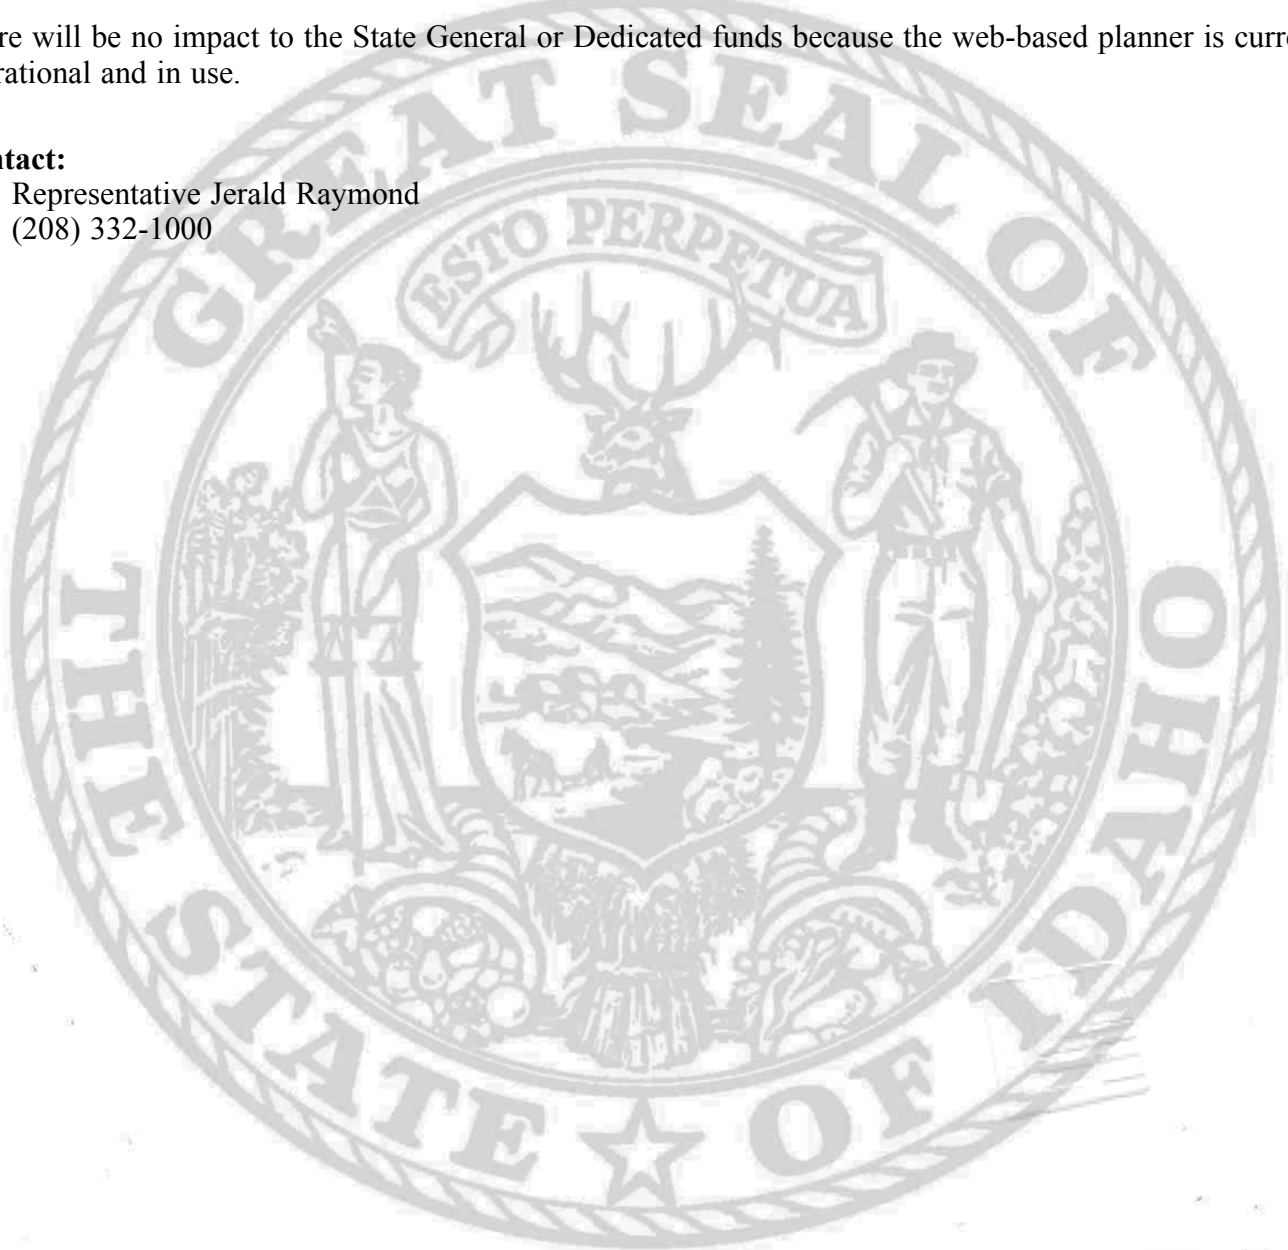

All beef cattle feeding operations are required to submit a "Nutrient Management Plan" to the Idaho State Department of Agriculture for approval. There are many avenues to create a plan, one being a web-based planner housed at ISDA. This bill provides the ability to use the ISDA planner while protecting proprietary information.

FISCAL NOTE

There will be no impact to the State General or Dedicated funds because the web-based planner is currently operational and in use.
