

STATEMENT OF PURPOSE

RS27420C1 / S1253

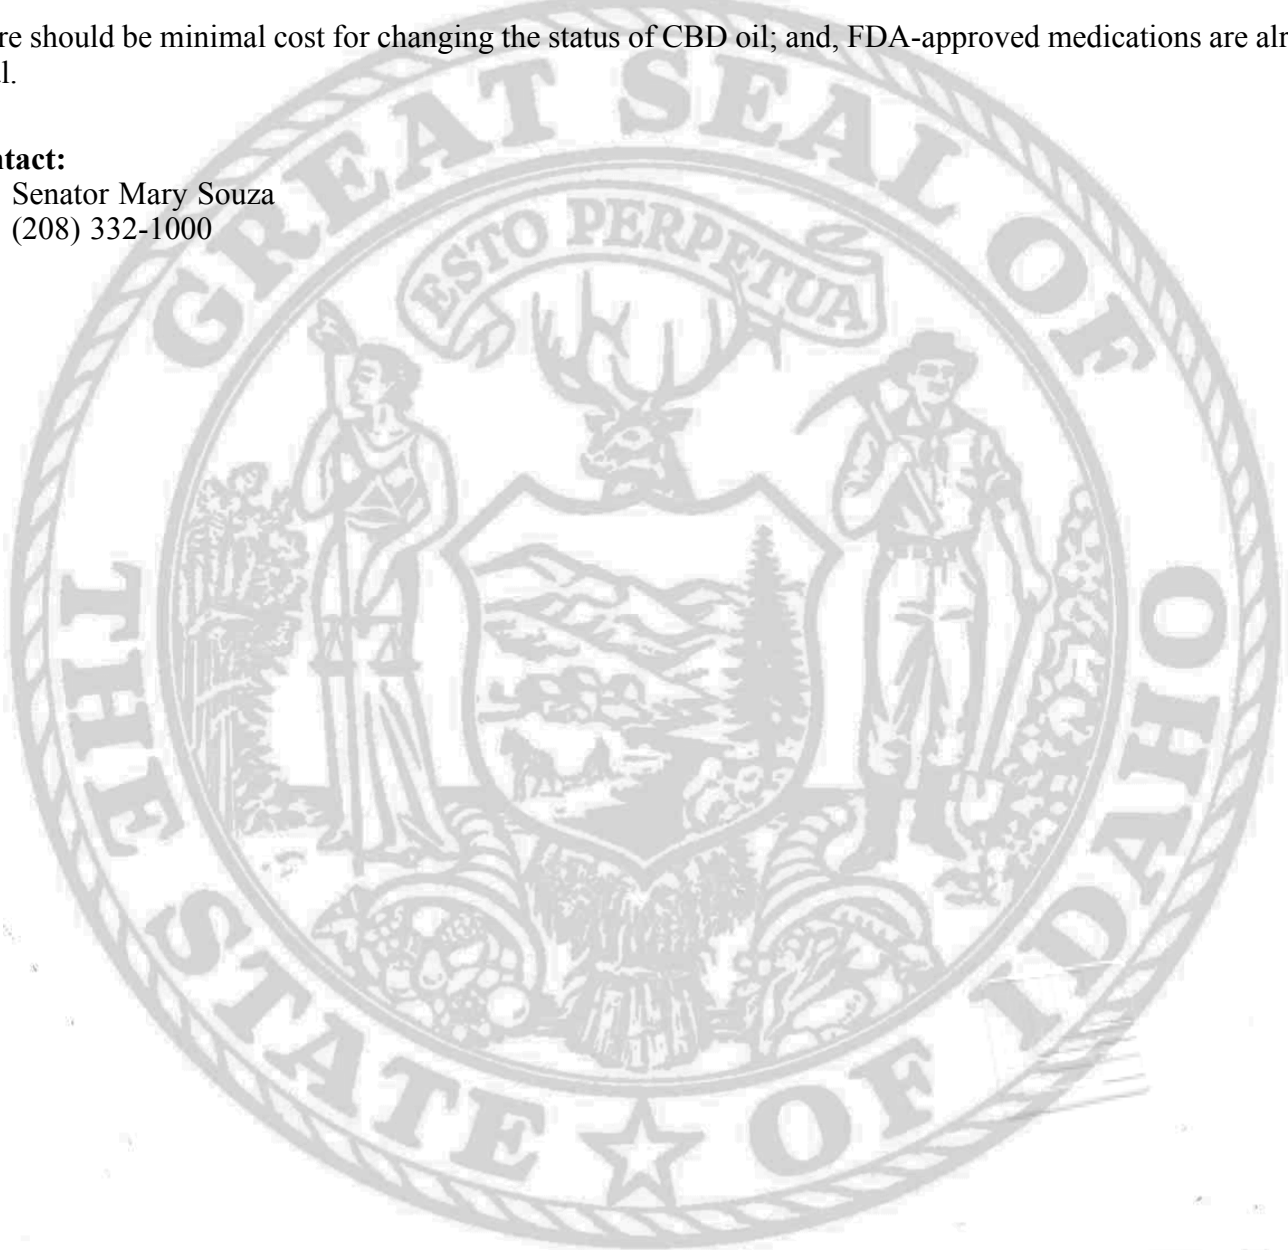

This bill allows for cannabidiol (CBD) oil with 0.3 percent tetrahydrocannabinol (THC) or less, a derivative of hemp, that Idahoans may use for possible pain relief. It also recognizes that there are currently available in Idaho, by prescription, several legal, FDA-approved, cannabinoid medications offering high levels of THC or CBD for the treatment of various conditions.

FISCAL NOTE

There should be minimal cost for changing the status of CBD oil; and, FDA-approved medications are already legal.
