

## STATEMENT OF PURPOSE

### RS27600C1 / SCR132

This concurrent resolution would establish a legislative interim committee to recommend new standards for Idaho schools. The committee should consider and recommend a process for adopting new content standards, which process should take into account the time necessary for standards review and implementation, including the preparation of instructional materials and testing of the new standards. The committee may appoint a non-legislative advisory committee which may give input, advice, and assistance, but will not have voting privileges. The committee shall report its findings, recommendations, and proposed legislation to the First Regular Session of the Sixty-Sixth Idaho Legislature.

### FISCAL NOTE

If this resolution is adopted, any necessary legislator travel expenses would be paid from the existing legislative appropriation by the Senate and House of Representatives. Funding for staff support and other expenses would be provided by the same existing appropriation in the Legislative Account. The amount of this funding should not exceed \$10,000. Non-legislative members of the advisory committee will not receive reimbursement from legislative funds.
