

## STATEMENT OF PURPOSE

RS28863 / H0351

This bill creates Community Councils at each public school in Idaho. Members consist of elected parents, teachers and the principal. Community Councils will provide parents of students an opportunity to participate in decision making at the school level. Councils will study school academic performance and funding, assist in creating continuous improvement plans, and will serve in an advisory capacity to school and district administrators and the school board.

## FISCAL NOTE

There is no impact to the state general fund. School districts may experience minimal fiscal costs to run the election for parent members of the council.
