

STATEMENT OF PURPOSE

RS28401 / S1077

This legislation amends the Idaho Uniform Probate Code to adopt the Uniform Electronic Wills Act that authorizes the use of electronic wills. A will becomes effective when a person passes away. The law needs to protect the interest of that person in disposing of their property in a manner consistent with their expressed intent. The concept of authorizing the use of electronic wills follows the trend of creating documents electronically.

FISCAL NOTE

There is no fiscal impact to the State of Idaho or to counties or cities. This legislation simply adds another alternative for the creation of wills.
