

## STATEMENT OF PURPOSE

RS28435 / S1087

The purpose of this legislation is to ensure uniform laws on the sale of tobacco products and electronic cigarettes across the state by preventing local authorities from implementing varying regulations that are more restrictive than state law. It would not interfere with or limit any local unit of government from regulating public use or planning and zoning ordinances related to these products. It also changes the definition of “minor” in Section 39-5702, Idaho Code, to mean a person under twenty-one years of age, consistent with federal law.

### FISCAL NOTE

This legislation will have no impact on the General Fund or local units of government.
