Introduction

The Second Regular Session of the 66th Idaho Legislature began on January 10, 2022, and adjourned Sine Die on March 31, 2022. The state's economy continued to strengthen, which allowed the Legislature again to address areas of vital interest to Idahoans.

A few comments regarding statewide General Fund budget matters: The Economic Outlook and Revenue Assessment Committee (EORAC) recommended and JFAC adopted General Fund revenue forecasts of \$5.19 billion for FY 2022 and \$5.46 billion for FY 2023, a 5.3% increase. These forecasts were used to finish setting the FY 2022 budget and for FY 2023 original appropriations.

To address the FY 2022 projected record General Fund ending balance of \$1.9 billion, the Legislature acted on several measures such as H 436 that provided a combination of \$601 million ongoing income tax relief and a onetime income tax rebate; transferred \$614.5 million to the Permanent Building Fund for new construction and deferred maintenance on state buildings; and provided \$552.9 million for transportation projects.

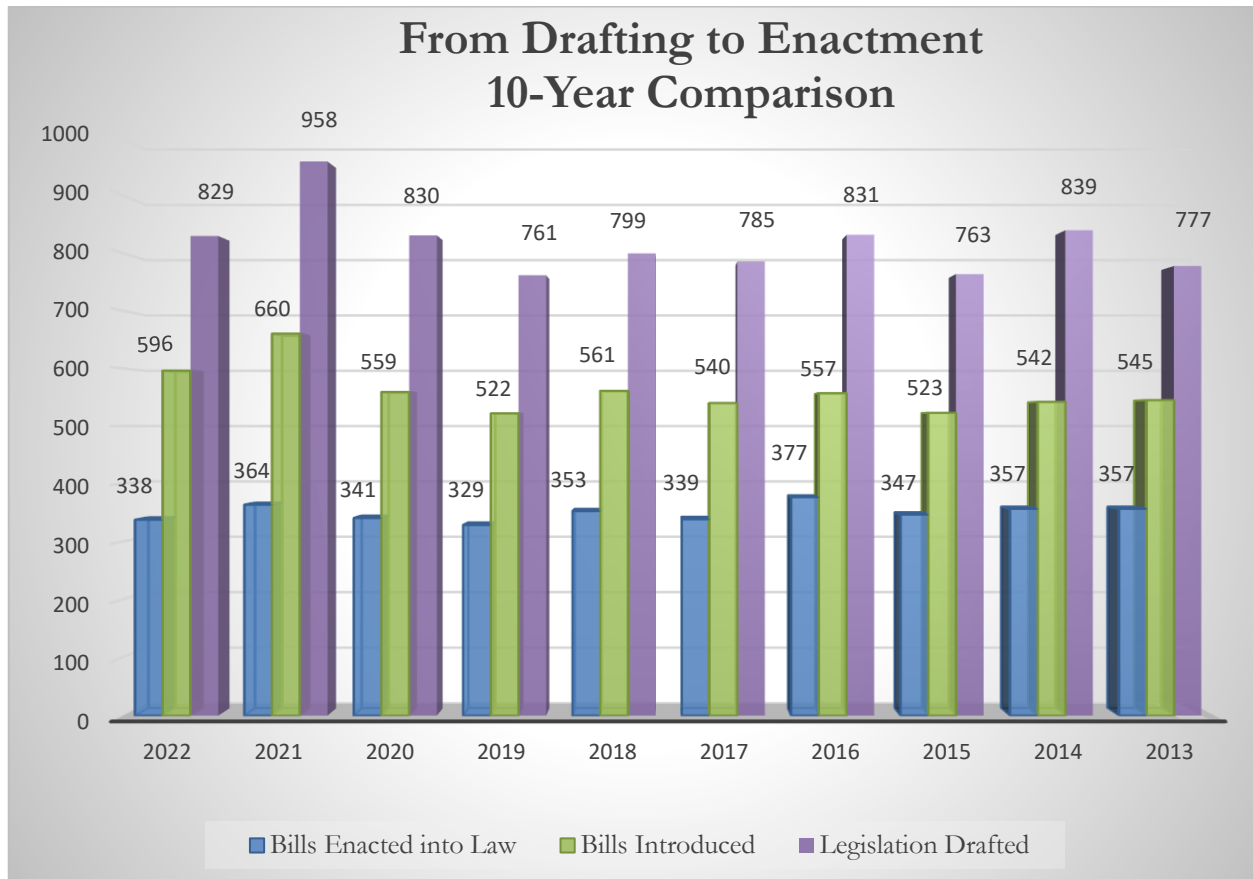

Other noteworthy actions included \$175.7 million to pay off all current state bond debt; \$241 million to fill the Budget Stabilization Fund and the Public Education Stabilization Fund - the state's two primary rainy day accounts; and \$181 million for school district health insurance. The projected General Fund ending balance for FY 2023 is \$235.2 million. Other key budget actions on dedicated funds and federal funds are included in this report.

Legislators wrote approximately 2,024 pieces of draft legislation. 979 of those drafts became RSeS, of which over 60% were introduced as bills, resolutions, memorials or proclamations. The following pages are a summary of selected key actions that successfully made their way through the legislative process during the 2022 legislative session.

Other information provided in this report: volume of legislation and length of the session; interim committees; legislation vetoed by the Governor; and General Fund budget detail.

Volume of Legislation and Length of Session

During the 2022 legislative session, 829 proposed pieces of legislation were prepared for legislative committees and individual legislators. From that initial group of draft proposals, 596 bills were actually introduced, along with another 65 resolutions, memorials, and proclamations. 344 bills were passed. After legislative action, and following the Governor’s review, 338 introduced bills became law, with the majority of the new laws to become effective July 1, 2022. Six bills were vetoed by the Governor.

Length of Session

When the Legislature adjourned Sine Die on March 31, it had been in session for 81 days. The 2022 legislative session followed a more traditional time frame than the past two sessions.

Rules Review

At the beginning of each legislative session, the Legislature takes up the important task of reviewing all pending fee, pending non-fee, and temporary rules that have been promulgated by state agencies. The Legislature can prevent pending rules from going into effect, as well as prevent final rules from remaining in effect, by rejecting them. Pending fee rules go into effect only if the Legislature approves them.

The Senate and House of Representatives were each asked to review 104 individual rulemaking dockets of pending fee and pending non-fee rules, totaling 6,332 pages during the 2022 legislative session. The Legislature reviewed 134 dockets, totaling 3,146 pages, during the 2021 legislative session.

The Legislature rejected parts of eight pending non-fee rule dockets as follows:

- Part of a State Board of Education docket regarding Idaho content standards, rejected as of July 1, 2022 (HCR39);
- Parts of three State Board of Education dockets regarding Rules Governing Administration, Rules Governing Uniformity, and Rules Governing Thoroughness (HCR45);
- Parts of two Department of Health and Welfare dockets regarding Medicaid Basic Plan Benefits and Developmental Disabilities Agencies (SCR120);
- Part of a State Tax Commission docket regarding Administration and Enforcement (SCR121); and
- Part of a Department of Parks and Recreation docket regarding State and Federal Grant Funds (SCR122).

The Legislature approved the majority of the pending fee rules via concurrent resolutions, but pending fee rules of the Division of Occupational and Professional Licenses were not approved.

General Fund Revenue Collections and Estimates

The Economic Outlook and Revenue Assessment Committee (EORAC), appointed by leadership and made up of nine members from the Senate and nine members from the House, convened before the session and heard testimony from economists and key industry representatives from throughout the state. The committee then reviewed the FY 2022 and FY 2023 General Fund revenue forecasts presented to the Second Regular Session of the 66th Idaho Legislature in the Governor's State of the State speech. The committee concluded that total General Fund revenues available for appropriation be \$5,190.4 million for FY 2022 and \$5,464.0 million for FY 2023. The committee's median forecast was more than the executive forecast by 1.7%, or \$85.8 million, for FY 2022, and more than the executive forecast by 0.9%, or \$51.1 million, less for FY 2023.

The Joint Finance-Appropriations Committee used the EORAC for FY 2022 and FY 2023 for the purposes of setting budgets. Budget Issues Summary

FY 2022 General Fund Revenues

In January 2022, the Division of Financial Management (DFM) revised the FY 2022 August forecast upward by \$423.1 million to \$5,190,432,800, which changed revenue expectations from 4.8% less revenue collected than in FY 2021 to 3.6% more revenue than FY 2021 collections. The Economic Outlook and Revenue Assessment Committee (EORAC) concurred with the revised January recommendation, which was \$786 million more than estimated last year at Sine Die.

For the purposes of budgeting, the Governor slightly reduced the revenue forecast by \$19,100,300 using a weighted average methodology, resulting in a revenue forecast of \$5,171,332,500, or a 3.2% increase from FY 2021 actual collections. The Joint Finance-Appropriations Committee (JFAC) formally adopted the EORAC number of \$5,190,432,800 for setting budgets. The Legislature reduced the amount of available ongoing revenues downward with four pieces of legislation:

- \$256,000,000 reduction from **H436** which provided a tax rebate in FY 2022;
- \$8,658,100 reduction from **H472**, which was the annual tax conformity bill;
- \$400,000 reduction from **H714** allowing taxpayers to make certain adjustments for bonus depreciation; and
- \$1,000,000 reduction from **H715** which extends the time taxpayers may claim overpaid taxes.

After accounting for legislation affecting General Fund revenues, the adjusted revenue forecast for FY 2022 is \$4,924,374,700 and represents a 1.7% decrease from FY 2021 actual revenue collections. To finalize budgeted General Fund revenues for FY 2022, the Legislature relied on a beginning balance of \$889.5 million accumulated from the previous year, \$1.6 million for reappropriations, and \$69.2 million for after-year-end reversions for total one-time surplus revenues of \$960,340,200. Combining the one-time surplus with the adjusted revenue forecast leaves a total of \$5,884,714,900 to finalize budgets for FY 2022.

FY 2022 General Fund Deficiency Warrants and FY 2022 Transfers

The Legislature addressed deficiency warrants appropriating and transferring \$405,400 through **H449**, of which \$368,400 went to the Pest Control Deficiency Fund for deficiency warrants to address exotic and invasive species monitoring and control, including Japanese Beetles and exotic pest treatment; \$12,000 went to the Hazardous Substance Emergency Response Fund to address the cleanup of hazardous materials paid for in FY 2020; and \$25,000 went to address Waste Tire Storage Sites found in Section 39-6502, Idaho Code, for the disposal of thousands of waste tires.

In total, the Legislature provided \$1,159,917,600, including deficiency warrants, to partially address the revenue surplus carried over from fiscal year 2021 into 2022 by transferring from the General Fund into various dedicated funds. Of this amount, \$94,246,400 was transferred out during the 2021 session for water projects, and other various dedicated funds including the Fire Suppression Deficiency Fund, POST, Permanent Building Fund, the 27th Payroll Fund, the Business Information Infrastructure Fund, and the Tax Rebate Fund. Additionally, through Emergency Proclamation 02-2021, the Governor transferred \$25 million to the Disaster Emergency Fund in July for the National Guard to help fight fires during the historic fire season. The remaining \$1,040,265,800 transferred from the General Fund during the 2022 legislative session was as follows:

The FY 2022 Total General Fund Appropriation of \$4.4 billion resulted in an estimated ending balance of \$305.2 million to be carried over as the beginning balance for FY 2023. However, General Fund revenue collections continue to outpace the revenue number used by JFAC and most likely will result in an ending balance that exceeds \$305.2 million. These actions will be tracked and documented in LSO's monthly Budget Monitor that is found at <https://legislature.idaho.gov/lso/bpa/highlights/>

FY 2023 General Fund Revenues

In January 2022, the Division of Financial Management released the FY 2023 original forecast of \$5,464,002,100 which is a 5.3% increase over the FY 2022 revised forecast. For the purposes of budgeting, the Governor used the pessimistic revenue forecast, which had the effect of reducing the forecast by \$131.4 million, leaving \$5,332,634,000 available for budgeting. The Economic Outlook and Revenue Assessment Committee (EORAC) recommended that the Legislature use DFM revenue forecast of \$5,464,002,100 or 5.3% over the FY 2022 estimate, which JFAC formally adopted for setting budgets. The estimate was then adjusted downward by a net amount of \$281.6 million by several pieces of legislation. These included:

- **H436** – Income Tax Reduction, \$251,232,100 reduction;
- **H469** – Post Fund liquor distribution, \$777,500 reduction;
- **H472** – Federal Tax Conformity, \$7,928,500 reduction;
- **H481** – Property Tax Reduction, \$1,100,000 reduction;
- **H714** – Bonus Depreciation, \$400,000 reduction;
- **H715** – Income Tax Overpaid-Statute of Limitations Extension, \$1,000,000 reduction;
- **H735** – County Indigent Services, \$18,842,800 reduction; and
- **S1259** – Medicaid Income Exemption for Circuit Breaker, \$354,000 reduction.

After accounting for legislation affecting General Fund revenues, the adjusted revenue forecast of \$5,182,367,100 represented a 5.2% increase over the adjusted revenue forecast for FY 2022. Lastly, the adjusted revenue amount, plus the estimated beginning balance of \$305,247,300 carried forward from FY 2022, provided a total of \$5,487,614,400 available for setting FY 2023 budgets.

FY 2023 Transfers and Appropriations

A net amount of \$627.9 million was transferred from the General Fund into various dedicated funds during the 2022 legislative session. The transfers included:

- **H436** – Transferred \$94,000,000 from the Tax Relief Fund to the General Fund to partially offset the impact of the tax rate reductions;
- **H769** – Transferred \$75,000,000 to the Water Management Fund;
- **H772** – Transferred \$200,000,000 to the Strategic Initiatives Fund at ITD;
- **H779** – Transferred \$150,000,000 to the Permanent Building Fund for Deferred Maintenance;
- **H795** – Transferred \$75,500,000 for Public School Support Health Insurance;
- **H803** – Transferred \$2,000,000 to the Idaho Opportunity Fund at the Department of Commerce; and
- **S1428** – Transferred \$20,000,000 to the 27th Payroll Fund, \$120,000,000 to the Budget Stabilization Fund, \$2,399,500 to the Opioid Settlement Fund, and \$77,000,000 to the Public Education Stabilization Fund.

Lastly, the Legislature appropriated \$4,624,520,500 from the General Fund for FY 2023, which is \$402,119,700, or a 9.5% increase, over the FY 2022 original appropriation. This left an estimated \$235.2 million ending balance for FY 2023.

American Rescue Plan Act of 2021 (ARPA)

Like last session, federal funding played a much larger role in Idaho's state budgeting in terms of amounts and purposes than at any time in the past decade. In response to the COVID-19 health emergency, the state of Idaho received federal funding from six different federal acts. The American Rescue Plan Act (ARPA), or Public Law 117-2, was signed into law by the President on March 11, 2021, and played an outsized role this session due to the availability of \$1.09 billion made available to the state from "Coronavirus State and Local Fiscal Recovery Funds (SLFRF)." An additional \$128.5 million was made available to the state from the "Capital Projects Fund," which was made to eligible governments to carry out critical capital projects for high-quality modern infrastructure, including broadband, that directly enable work, education, and health monitoring, including remote options, in response to the public health emergency. The Legislature did not appropriate any funds from the capital projects fund this session.

The SLFRF is made available to the state until 2027, and, according to US Treasury's final rule, can be used for four broad areas:

- 1) Up to \$10 million for revenue replacement, at the discretion of the unit of government
- 2) Public Health and Economic Response
- 3) Premium Pay for Essential Workers
- 4) Water, Sewer, and Broadband Infrastructure

With appropriations, the Legislature has obligated \$544.6 million of the \$1.09 billion available from the State Fiscal Recovery Fund of ARPA. However, **H769**, the appropriation to the Department of Water Resources, obligated approximately \$250 million, which includes the \$100 million found in the table below. Additionally, **H763**, the appropriation to the Department of Environmental Quality, obligated a total of \$300 million, which includes the \$75.1 million in the table below. That brings the grand total of obligated amounts to \$924.2 million, or 84.5% of the State Fiscal Recovery Fund.

The following details as shown in Table 2 on the following page show appropriations by the amount, agency, and purpose.
