

## STATEMENT OF PURPOSE

RS29746 / S1379

Under current Idaho law, when political subdivisions contemplate an expenditure to purchase or lease personal property or procure services, they must solicit no less than three bids if the project exceeds certain monetary thresholds. This legislation maintains all protections for Idaho taxpayers in the public bidding process. It also makes adjustments for inflation in the personal property procurement process.

## FISCAL NOTE

This legislation would have no impact on the general fund because it only changes when political subdivisions must submit procurement of personal property or services to bid.
