

REVISED

## STATEMENT OF PURPOSE

RS30210 / H0097

This legislation amends the duties of the State Controller's Office to account for and store agreements entered into by state officers and agencies of the three branches of government. It also requires state officers and agencies to report these agreements as defined by the Controller. This allows for transparency of all agreements outside the normal financial business of state. This will not affect counties, cities or local governments.

## FISCAL NOTE

This legislation will not affect the General Fund because these tasks are accomplished with existing resources. The State Controller may re-evaluate the costs if additional manipulation of the data is required in the future.
