* * * * *

Mr. Speaker, Mr. Pro Tem, Mr. President, honored legislators, my fellow constitutional officers, Mr. Chief Justice and members of the judiciary, my family, friends, and my fellow Idahoans.

The Constitution of the great State of Idaho requires me to report to you, our Legislature, on the condition of our state.

This is my sixth opportunity to address you, and I'm struck by how much has changed in six years. But, for all the change, I can confidently stand before you for the sixth straight year and say - the state of our state is strong, stronger than ever before.

What we're doing is working.

Over the past year, I have traveled 25,000 miles across the State of Idaho, at times with your First Lady, Teresa. Teresa, thank you for your love and support.

One of the best and most important parts of my job is visiting with parents, veterans, seniors, teachers, law enforcement officers, business leaders, faith leaders, farmers, and of course our young people.

Idaho is diverse but one quality about Idaho's people is consistent - they continue to fight to keep our great state a special place for this generation and the next.

That's always been my goal, also - never settle, keep improving.

Even though we're leading the country in so many ways, we can always do better because we want Idaho to be the place where we all can have the opportunity to thrive, where our children and grandchildren choose to stay, and for the ones who have left to choose to return.

The leaders in this room have helped Idaho surge ahead of the competition.

Of note:

We are the least regulated state.

We are one of the safest states in the union.

We rank first for income growth.

We have delivered more tax relief per capita than any other state.

Idaho is one of the most fiscally responsible states, and we're recognized for our ability to withstand any economic downturn.

We're number one for economic momentum.

We're a top ten state for best economy, rivaling Florida and Texas.

In fact, Florida, Texas, and Idaho are the top three best states for small businesses.

And on issues where it's important to take a stand, Idaho has led the charge.

Idaho was the first state to ban critical race theory in our schools. We're taking a stand that we should NOT divide our children.

We introduced a new history curriculum for Idaho schools, one that teaches students to appreciate and respect our country.

And we are a leader in education freedom. Idaho is a top ten state for charter schools, and I'm bringing a bill this session to cut more red tape to support charter schools while providing taxpayers the transparency they deserve. We get more bang for our buck as the number one state for return on investment in education. We offer parents resources to support their children's education outside the classroom. And Idaho came in first for best new open enrollment law because we expanded opportunities for parents to choose the public school that is best for their child regardless of their zip code.

I will continue to support a fair, responsible, transparent, and accountable approach to expanding school choice in Idaho - one that does not draw resources away from our public schools.

We also banned diversity statements in university hiring. Our academic freedom policies protect free speech on campus while barring hateful, dangerous threats against the Jewish people.

And we're pushing back on China. I banned Tik Tok in state government to protect our information from the Chinese government's sinister motives, and Idaho land cannot be sold to foreign governments that want to do us harm.

We successfully ended an illegal encampment on public property, right across the street from the People's House, a scene where drug use, sexual assault, violence, and destruction of property took place. We are showing Left Coast states how to

stand up to activists who take advantage of the homeless and vulnerable.

I was also the first Governor to sign a bill defending integrity in women's sports, and we will keep up the fight.

All of these steps have been a collective effort between the executive and legislative branches, and I am proud to be a part of it.

Folks, what we are doing in Idaho is WORKING.

You've heard me say it before and I'll say it again and again - we are on a tremendous path, a powerful trajectory, and we need to keep it going.

We must continue to lead the nation in fiscal responsibility, tax relief, and strategic investments to keep up with record growth.

Idaho's record population growth and in-migration comes with both opportunities and challenges, and I get why people are flocking here from other places.

In fact, I can think of 3.7 billion reasons why people are coming here.

We are on pace to deliver \$3.7 billion in tax relief, and we're not done yet.

With the surplus eliminator passed last session, our budget this year includes up to \$150 million in new property tax relief, on top of the hundreds of millions in property tax relief we've already deployed to date.

People are coming here because what we are doing is WORKING.

Let me show you some of what we have gotten done together. TOGETHER.

Start video.

Governor Little narration:

One of the basic roles of government is to ensure a safe, connected system of roads and bridges. The continued prosperity of our businesses, including our farmers, ranchers, and loggers in rural Idaho, depends on their ability to get their products to market.

Unwilling to put the time and safety of Idahoans - and the maintenance of our state's roads and bridges - at the whims of the feds, in Idaho, we have taken control of transportation.

Instead of looking to Washington, D.C., to solve our problems, we are funding known gaps with NO NEW TAXES, and providing long-term funding for long-term needs.

This means we are tackling projects that have been on the wait list for years.

Senate President Pro Tempore Chuck Winder narration:

I'm here to attest to the historic investment the Legislature has provided for our local and state system.

Transportation projects are needs, not merely wants.

Working with Governor Little, ITD, and each of you as members of the Legislature, we have met most of these needs without raising taxes.

Let's continue our good work while protecting our loved ones and helping Idaho's economy to grow.

Idaho is working, together.

Governor Little narration:

Water is the foundation of public health, economic prosperity, outdoor recreation, a strong agricultural sector, and Idahoans' overall quality of life.

Idaho must maintain our water sovereignty and not turn out like other western states in the Colorado River Basin, such as California, where the federal government stepped in to supersede the state's control of its water.

Since I took office, I have recommended and the Legislature has approved more than \$1 billion in additional funding for water-related infrastructure projects.

We've dedicated roughly half of that to improve drinking water and wastewater treatment systems at the local level so Idahoans have safe water to drink and use.

We put the other half of the \$1 billion to modernize water infrastructure statewide - much of which is a century old and in dire need of replacement or repair.

We've made a lot of progress but we still have work to do, and I appreciate all the partners who continually demonstrate that IDAHO, not the feds, can best determine the fate of our water.

There is perhaps no greater responsibility of the State of Idaho than providing a strong system of public schools for Idaho families.

Why?

Because it's one of the duties most plainly written in the Idaho Constitution.

As elected leaders, it is not just our constitutional obligation but our moral obligation as well to prioritize and strengthen public schools.

In 2019, I assembled a task force to provide recommendations on what the State of Idaho can do to better to meet the needs of our public schools.

In just five years, we have delivered.

We increased funding for literacy 500 percent because there is no better investment in a child than establishing early on the fundamentals of reading.

We also provided a record level of flexible funds so local schools can meet local needs.

And we made the teaching profession more competitive by increasing starting teacher pay. We brought Idaho up from the bottom 10 nationally five years ago to now the top 10 for starting teacher pay.

We increased pay for teachers at all levels of experience and boosted health insurance benefits so teachers and staff can keep more of their earnings in their pockets.

As state leaders, we cannot ignore this fact: the people of Idaho strongly support public schools.

We must continue to prioritize and improve public schools not just because the constitution requires it but because the people we serve demand it.

Beyond K through 12 education, we are also taking unprecedented steps to prepare our young people for a lifetime of prosperity.

The State of Idaho has always offered support for the careers that require a four-year university degree, but we've historically fallen short in providing equal support to other skilled workers, jobs like trucking, linemen, firefighters, welders, plumbers, and a host of other professions that make the world go 'round. These are good paying jobs that require specialized training.

Our new LAUNCH grants cover 80 percent of the cost, up to \$8,000, to enroll in an education or training program after high school that aligns with an in-demand career. There are hundreds of career paths to choose from.

We want IDAHO kids to STAY in Idaho and WORK in Idaho.

We don't want our employers to import workers from other places when we can train our own kids right here at home.

LAUNCH has been extremely popular so far, blowing away everyone's expectations. Many of these kids would never have considered going on to a training program after high school.

Let's hear from a few of them.

Eight students on camera sharing how they will use their LAUNCH grant.

Governor Little narration:

I am so darn proud of all these kids for taking the initiative to apply for LAUNCH. It is a real game changer for so many young Idahoans.

So, how is that Idaho is able to provide RECORD tax relief while making so many meaningful investments in our future?

Simple.

It's how we manage our budget.

We often talk about "kitchen table economics."

But what does that mean?

We live within our means, just like any Idaho family must.

We maintain a structurally balanced budget, meaning there aren't costs in our budget that we cannot sustain, and we pass budgets on time, not at the 11th hour like Congress, creating certainty, not instability.

We have ample money in reserves so we can weather any economic uncertainty.

We make investments where they count.

And we give back whatever we can to the taxpayers to keep families and businesses thriving.

It's that easy.

So easy, in fact, that it makes you wonder why Washington, D.C., can't figure it out!

Our hardworking Idaho Congressional Delegation persistently stands up for reining in federal spending and using Idaho as the example for the feds to follow.

U.S. Representative Russ Fulcher narration:

When I came to Washington, I quickly learned that Congress had a bad habit of "legislating by crisis," where critical work gets delayed, leading to 11th hour bills packed with unrelated policies.

It's not the way to do business, and I'll continue to fight to change the practice.

That's just one of many ways that Washington, D.C., needs to be more like Idaho.

Here's another: The United States carries nearly \$34 trillion in debt and has no meaningful monetary reserves.

But thanks to you all, Idaho balances its budget annually, with responsible levels of reserves in the event of an economic downturn.

Unbridled federal spending is crippling American families with high inflation and unsustainable energy prices.

But in Idaho, leaders are looking for and delivering tax relief, while sustainably meeting the needs of a growing state.

For these and other reasons, many of my congressional colleagues envy what I have in Idaho. I

I am so proud to represent this state and appreciate your commonsense approach to budgeting and governance.

Washington, D.C., can learn from what is RIGHT in Idaho. Idaho is winning!

Governor Little narration:

Russ is right. Idaho is setting the example not just for Washington, D.C., but every other state.

And one area where we shine is tax relief.

Idaho is in the top 10 for the lowest taxes in the nation.

We have the third lowest property taxes in the country, and we just deployed another \$300 million in relief to Idaho property owners last year.

No other state in the country has given more tax relief per capita than Idaho.

House Speaker Mike Moyle narration:

The historic tax relief we have championed in each of the past few years is helping thousands of Idaho families and small businesses across our state.

But crushing inflation and skyrocketing interest rates under the Biden administration are holding Idahoans back.

And the Idaho Legislature year after year stepped up to provide meaningful tax relief.

This is not our money. It's yours. And we need to understand that and remember it.

And it's because of this and other reasons such as our historic investments in education and roads, many people continue to move to Idaho to live the kind of lives that they used to be able to live in other parts of the country.

What we are doing in Idaho is working.

And we want your help to keep it that way.

Governor Little narration:

What Idaho is doing IS WORKING, and we're just getting started.

End video.

Before we get too far, I would like to congratulate the more than 12,500 students who applied for LAUNCH.

Lt. Governor Scott Bedke and I traveled the state extensively over the past year to visit with many of these students.

The interest in LAUNCH far exceeded everyone's expectations, and we're excited for these young Idahoans.

Looking ahead, we have a plan to keep Idaho strong - it is called IDAHO WORKS.

What we're doing is working and the results speak for themselves, but we must never get complacent.

IDAHO WORKS is all about taking what we know has contributed to our state's tremendous success and not just prioritizing its continuation but ramping up our efforts.

We will work to raise the bar even higher because it's what our citizens expect and it's what they deserve from their elected leaders.

But we must do so responsibly.

We all see the trend - the economy is returning to normal.

Idaho is still seeing revenue growth but at pre-pandemic levels.

That means we can't do it all.

This session should be about priorities.

We must invest in those matters that are most pressing for Idahoans.

And keeping up with the transportation needs of a growing state are among the most pressing for our people.

Other states think their transportation infrastructure has been "solved" by one-time federal funds.

Idahoans know, however, that we must take control of our own transportation needs. We cannot put the federal government in the driver's seat.

And we will not raise taxes or fees to clear out our transportation backlog.

Building off of what we've done in recent years, let's go big!

Our IDAHO WORKS plan proposes another \$50 million ongoing to bond for an additional \$800 million in new transportation infrastructure so we can save Idahoans their precious time on the road.

We'll put the \$800 million toward the highest priority, highest value projects that have been in the queue for way too long.

Our IDAHO WORKS plan also calls for the repair or replacement of the last one-third of dilapidated bridges throughout our state.

Nine hundred bridges in Idaho have been rated poor or predate the moon landing.

We have put \$400 million into this effort in the past few years, and it's time to buckle up and finish the job!

Let's continue to facilitate commerce with added transportation investments, especially in rural Idaho, and remember, this is property tax relief, too.

Let's prioritize the transportation projects that will benefit generations of Idahoans so we can keep Idahoans safe and enjoy more of what we love.

Speaking of infrastructure, we put \$1 billion to improve water quality and quantity in recent years, and our IDAHO WORKS plan also calls for the continued expansion of water infrastructure so we can ensure a stable water supply during both the good water years and the bad ones.

This is especially important now.

We have been blessed with "good" water years of late but we may be headed into prolonged drought again, and prudence dictates we prepare.

We had quite a scare this year when we discovered invasive quagga mussels in the Snake River. Quagga mussels clog pipes that deliver water for drinking, energy, agriculture, and recreation, debilitating our state's economy and costing taxpayers hundreds of millions of dollars annually.

The team at the State Department of Agriculture put 15 years of preparation into action and deployed a treatment plan quickly and effectively to protect our water.

Idaho got done in six weeks what took other states six months to get done.

And we must finish the fight.

Our IDAHO WORKS plan continues our state's response to this highly destructive invasive species.

Our plan also further expands access to outdoor recreation because we know Idahoans' quality of life depends greatly on their ability to explore and unwind in our vast open spaces.

We all agree the safety and protection of our children is paramount.

Protecting our youth and communities from harm is all our responsibility, especially when it comes to the scourge of fentanyl.

In the past year, Idaho began a successful public education campaign that reached people in Idaho 60 million times in a few short months.

And now, teens and young adults are more aware of fentanyl. They're more concerned about their peers using it than ever before and, importantly, they are talking about it more with their friends.

As we march on, armed with better information about fentanyl, we've taken many other steps to reduce the supply and distribution of drugs on our streets.

Much of our fentanyl battle grew out of Operation Esto Perpetua, our crime-fighting crew that has helped us stay laser-focused on strategies to combat this deadly drug.

And now, it is time for us to expand its focus.

In the coming weeks, I will issue an executive order to formally establish Operation Esto Perpetua, and I am adding another directive for the group - to assess the threat of human trafficking and our open border.

We will work even harder to address the open border and its impacts because of the failure of the Biden-Harris administration to admit it's even a problem.

Human trafficking is modern day slavery. The cartel and other bad actors are taking advantage of our open border to manipulate and abuse the most vulnerable, including children.

To help curb human trafficking, my IDAHO WORKS plan calls for sending two more teams of Idaho State Police troopers to train and act as a force multiplier at our lawless southern border, as we did with fentanyl twice before.

Only now, the troopers will learn the best tactics to respond to those who smuggle and abuse vulnerable people.

They will come back to Idaho with better knowledge to stop these perpetrators in our state and, as they did before, our troopers will debrief and train their law enforcement colleagues around the state when they return.

Our children need our protection in all aspects of their lives, including their personal lives.

We know young people today face greater levels of distress and isolation than any other generation before them.

To help keep our children well, IDAHO WORKS doubles the funding for school advisors. These are the professionals on the front lines in talking to students about their futures as well as their current personal struggles.

IDAHO WORKS also proposes a new Statewide Student Behavioral Health Initiative for additional suicide prevention.

We know prevention measures work.

Here's an example from juvenile corrections - the progress we've made in standing up youth crisis centers and safe teen assessment centers around the state has contributed to a reassuring trend. Over the last five years, even with a growing population, the number of juveniles in state custody has dropped by half.

This goes to show that when we invest in prevention and intervention efforts to support every kid's success, we improve lives.

And there's more we can do to protect our kids online.

The dominance of social media in the past decade is an obvious reason for the decline in youth mental health.

Social media is addicting. It creates a forum for cyberbullying. It replaces quality time with kids' friends and loved ones, and it makes them compare themselves to impossible, artificial standards for looks and lifestyles.

To that end, I am asking my partners in the Legislature to pass meaningful reforms this session - like the legislative bodies in Arkansas, Utah, and other states have done - to better protect our children from the harms of social media.

Of course, one subject has taken up the largest share of our attention - public education.

Together, we've improved teacher take home pay and boosted literacy.

The improvements are making a difference, but we are far from meeting our obligation to "maintain a general, uniform and thorough system of public, free common schools," as required by the Idaho Constitution.

One area in particular needs work - and that's school facilities.

We've all seen the pictures and videos of some Idaho schools that are neglected - crumbling, leaking, falling apart.

In one school I visited, raw sewage is seeping into a space under the cafeteria.

Folks, we can do better.

The can we're kicking is getting heavier and we're running out of road.

Let's make this priority number one.

My IDAHO WORKS plan proposes the largest investment EVER in school facility construction and our maintenance match - \$2 billion.

Not only will we make learning environments more productive for students, but we get a two-fer!

This \$2 billion investment in school facilities is \$2 billion in long term property tax relief.

Let me say that again - let's pass \$2 billion in long-term property tax relief!

While other states are digging themselves into record deficits and grabbing another shovel, we can invest \$2 billion to modernize and improve school facilities in every district in every corner of the state while delivering another \$2 billion in property tax relief to Idaho citizens.

But we must do it right.

We must provide for both new facility construction and the maintenance needs for existing facilities.

We should not punish those that have stepped up and invested in their facilities locally nor should we disproportionately reward those communities that have chosen not to upkeep their school buildings.

And we can't wait years or decades.

The cost of construction is skyrocketing, and the deferred maintenance backlog grows daily.

Let's also ensure we include ALL public schools - my proposal includes record funding for our charter school facilities, too.

Let's dedicate the \$2 billion in school facilities NOW to modernize school infrastructure and address unmet critical maintenance.

In my speech before you last year, I mentioned that one of my friends told me I used the word "historic" more than any other word to describe what we've accomplished.

It's true.

When we look back at what we've done over the past six years, I can't believe it was ever possible.

We made decisions that positioned our state to propel ahead in our economic performance. We strategically and thoughtfully deployed relief funds and we balanced the needs of our growing state with returning more money back to the people of Idaho than ever before.

And we did it all while passing a balanced budget every year.

As revenue normalizes from pandemic highs, our IDAHO WORKS plan continues fiscal prudence so that we're ready for any economic conditions that come our way.

IDAHO WORKS outlines the most fiscally conservative budget since the Great Recession.

It bolsters rainy-day funds to the max.

It leaves a surplus in both budgeted years for added cushion in case the economy slows.

More importantly, we are proposing to spend LESS this year than last - about 200 million fewer dollars to be exact.

Let me repeat that - my IDAHO WORKS budget proposed spending about \$200 million LESS this year than last year.

And, as I said earlier, we are on track to deliver even MORE property tax relief this year - up to \$150 million this year PLUS the \$2 billion for school facilities over the next decade.

If Idaho can do it, Washington, D.C., SHOULD do it.

To that end, I am signing on as a member of the Governors Debt Council for a Balanced Budget Amendment to the U.S. Constitution.

The runaway freight train of federal spending has got to stop.

It's not right.

It's not what the founders envisioned for our great country.

The U.S. Constitution gives the states the power to propose a Balanced Budget Amendment, and in the coming weeks I will announce new steps we'll take to force Congress to live within the people's means.

Folks, what Idaho is doing is WORKING.

There's no need to change course.

But we must raise the bar and never rest on our laurels.

History may not remember all our names and faces but we have an opportunity while we're here to create a lasting legacy of good government.

I'd like to end by quoting one of my good friends and mentors.

Perhaps not known for his patience, he recounted his first week as a legislator in this chamber, in which he reportedly stood and said, "Mr. Speaker, let's get this show on the road."

That, of course, was Governor Phil Batt.

We lost Phil last year.

He was the epitome of a public servant.

His legacy is distinguished by his unrelenting human rights leadership, determined fiscal conservatism, and enduring love of Idaho.

So let me close with an ode to Governor Batt and say emphatically, "Let's get this show on the road."

Let's get to work for the people of Idaho.

Let's focus on the big things.

And let us all aspire to leave a legacy like Governor Batt - a legacy that will outlive us all.

God bless Idaho.

A HOUSE RESOLUTION

STATING FINDINGS OF THE HOUSE OF REPRESENTATIVES, SUPPORTING TEXAS IN SECURING ITS BORDERS, AND CONDEMNING PRESIDENT BIDEN'S BORDER SECURITY POLICIES.

Be It Resolved by the House of Representatives of the State of Idaho:

WHEREAS, Texas Governor Greg Abbott has voiced great concern regarding the federal government's failure to enforce immigration laws and protect the states, leading to record levels of illegal immigration; and

WHEREAS, Governor Abbott has taken steps to protect Texas and secure its southern border; and

WHEREAS, President Biden has violated his constitutional duty to enforce federal laws protecting states, specifically immigration laws, as outlined in the letters delivered by Governor Abbott; and

WHEREAS, President Biden's actions include instructing agencies to ignore federal statutes, suing the state of Texas for securing the border, and spending taxpayer dollars to open Texas's border security infrastructure, contributing to the influx of illegal immigrants; and

WHEREAS, the lawless border policies under President Biden's administration have resulted in over six million illegal immigrants crossing the southern border in just three years, causing unprecedented harm to people across the United States; and

WHEREAS, Governor Abbott has invoked Article I, Section 10, Clause 3 of the United States Constitution in declaring an invasion and utilizing Texas's constitutional authority to defend and protect itself.

NOW, THEREFORE, BE IT RESOLVED by the members of the House of Representatives, assembled in the Second Regular Session of the Sixty-seventh Idaho Legislature, that the House supports the concerns raised by Texas Governor Greg Abbott regarding the federal government's failure to enforce immigration laws and protect the states. The House condemns President Biden's violations of his constitutional duty to faithfully execute immigration laws enacted by Congress and to protect and secure the borders and citizens of the United States.

BE IT FURTHER RESOLVED that the Idaho House of Representatives recognizes the constitutional authority of the states, and the moral imperative to defend and protect the states in the face of a failure by the federal government to fulfill its duties under Article IV, Section 4 of the United State Constitution. The Idaho House of Representatives expresses solidarity with the State of Texas in utilizing its constitutional authority to secure the Texas border, including the deployment of the Texas National Guard, the Texas Department of Public Safety, and other Texas personnel. The Idaho House of Representatives calls upon the federal government to fulfill its duty under Article IV, Section 4 of the United States Constitution to protect each state against invasion, including taking any and all actions to secure the borders and to address the challenges posed by illegal immigration.

Motions, Memorials, and Resolutions

HOUSE CONCURRENT RESOLUTION NO. 20 BY STATE AFFAIRS COMMITTEE A CONCURRENT RESOLUTION

STATING FINDINGS OF THE LEGISLATURE AND RECOGNIZING MOTHER'S DAY THROUGH FATHER'S DAY AS AN OPPORTUNITY TO RAISE AWARENESS ABOUT THE CHALLENGES FACING TRADITIONAL FAMILIES AND THE ALARMING RATE AT WHICH THE TRADITIONAL AMERICAN FAMILY IS DECLINING.

Be It Resolved by the Legislature of the State of Idaho:

WHEREAS, traditional families designed by God have been the foundation of societies since creation. As such, traditional families operate as a source of security in their communities, often attending to societal troubles before law enforcement involvement is needed, thereby serving as the cornerstone of a functional society. In a letter entitled *The Crucial Role of Families* submitted to the United Nations by the International Federation for Family Development in consult with the U.N. Economic and Social Council division, the authors state: "Children growing up in healthy, married, two-parent families are more likely to lead happy, healthy and successful lives than those who have not experienced the same level of family security and stability... Governments cannot afford to fully replace the functions families perform for the benefit of their members and for the good of society. The family is the most powerful, the most humane and, by far, the most economical system known for building competence and character."; and

WHEREAS, the freedom to exercise these beliefs and values based in the truth of the laws of nature and nature's God has been protected by the Constitution of the United States since its inception; and

WHEREAS, the International Federation for Family Development has stated: "As basic and essential building blocks of societies, families have a crucial role in social development. They bear the primary responsibility for the education and socialization of children as well as instilling values of citizenship and belonging in the society."; and

WHEREAS, compared to peers in two biological parent married families, children who lived with a single parent with no cohabiting partner were five times more likely to be sexually abused, children who lived in a stepfamily with a married

biological and non-biological parent were eight to nine times more likely to be sexually abused, and children who lived with a single parent with a partner in the home were twenty times more likely to be sexually abused; and

WHEREAS, according to Reverend D. Paul Sullins, Ph.D., "The evidence that children flourish best under the uninterrupted care of their natural mother and father is among the strongest we have for any proposition in the social sciences. If the proliferation of alternative family forms over the past fifty years were a social experiment in parenting arrangements, there would now be more than enough evidence to conclude that it was a failure."; and

WHEREAS, traditional families consisting of a natural mother and father, children, grandparents, and extended family have declined drastically since 1960 when approximately 77.5% of children lived with their two parents, who were married; and

WHEREAS, according to census data, in 1960, just 13% of all households were single-person households. In 2018, that figure was 28%; and

WHEREAS, today, only 17.8% of Americans live in traditional nuclear families; and

WHEREAS, according to Reverend Sullins, "Marriage between same-sex partners also reduced estimated child well-being compared to cohabiting same-sex parents. In these cases, the introduction of marriage that did not reflect increased biological propinquity with the children actually harmed child well-being... There is no substitute for the procreative relationship of man, woman, and their own child."; and

WHEREAS, in 1950, 27% of marriages ended in divorce. Today, about 45% do; and

WHEREAS, in 1960, 72% of Americans were married. In 2017, nearly half of Americans were single; and

WHEREAS, in 1960, approximately 5% of children were born to unmarried women. Now, about 40% are; and

WHEREAS, American children are more likely to live in a single-parent household than children from any other country; and

WHEREAS, according to the International Federation for Family Development, "Those who build stable families have a higher life expectancy, lower risks of mental illness, alcoholism and domestic violence. The children show lower infant mortality rate, lower risk drug addiction, and lower incidences of engaging in criminal activities after puberty, higher academic achievements, lower incidence of mental illnesses and fewer teenage unwanted pregnancies. A stable family is the lowest cost option for both its members and the State."; and

WHEREAS, the people who suffer the most from the decline in traditional family values and structure are the most vulnerable, especially children; and

WHEREAS, those born into poverty and living with both parents have an 80% chance of climbing out of it. Those born into poverty with a single mother have a 50% chance of remaining stuck in poverty; and

WHEREAS, even in high-crime, inner-city neighborhoods, well over 90% of children from safe, stable homes do not become delinquents. By contrast, only 10% of children from unsafe, unstable homes in these neighborhoods avoid crime; and

WHEREAS, 63% of youth who commit suicide, 90% of all homeless or runaway children, 85% of all children who show behavior disorders, 80% of rapists with anger problems, 71% of all high school dropouts, 75% of all adolescent patients in chemical abuse centers, and 85% of youths in prisons come from fatherless homes; and

WHEREAS, research demonstrates children who grow up in families with traditional values and gender roles are more likely to have traditional values and gender role expectations themselves; and

WHEREAS, according to Reverend Sullins, "traditional, religious marriage norms - a lifelong sexual union, between man and woman, observing chastity outside marriage and fidelity inside it - benefit children by establishing strong conditions for such care, and may add other benefits."; and

WHEREAS, there is an unprecedented attack on these beliefs and the celebration of these beliefs; and

WHEREAS, much remains to be done to ensure that traditional family roles and values are both celebrated and encouraged to provide the most nurturing and healthy environment possible to raise the next generation of American children.

NOW, THEREFORE, BE IT RESOLVED by the members of the Second Regular Session of the Sixty-seventh Idaho Legislature, the House of Representatives and the Senate concurring therein, that the Idaho Legislature:

(1) Supports the designation of Mother's Day through Father's Day as Traditional Family Values Month in the State of Idaho;

(2) Recognizes the value of a traditional family consisting of the natural female mother and male father, children, aunts, uncles, grandparents, and other extended family;

(3) Recognizes the first week of Traditional Family Values Month, including Mother's Day, as a celebration of motherhood;

(4) Recognizes the second week of Traditional Family Values Month as a celebration of sons, brothers, and uncles;

(5) Recognizes the third week of Traditional Family Values Month as a celebration of grandparents;

(6) Recognizes the fourth week of Traditional Family Values Month as a celebration of daughters, sisters, and aunts;

(7) Recognizes the fifth and final period of Traditional Family Values Month, including Father's Day, as a celebration of fatherhood and marriage between a man and a woman;

(8) Recognizes the evidence-based physical and mental health benefits children receive when raised in a home with a traditional family;

(9) Recognizes the evidence-based results that children flourish when raised in a home with an involved biological father;

(10) Recognizes the immeasurable benefits children receive in the development of character, morality, virtue, and spirituality that traditional American family values foster; and

(11) Encourages communities, schools, churches, businesses, corporations, and other stakeholders who all benefit from the cohesiveness, peace, tranquility, and civility of communities built on strong traditional family values, along with the Idaho Department of Health and Welfare whose mission is to strengthen the health, safety, and independence of Idahoans, to take part in celebrating Traditional Family Values Month in the State of Idaho.

HOUSE CONCURRENT RESOLUTION NO. 22 BY RESOURCES AND CONSERVATION COMMITTEE

A CONCURRENT RESOLUTION

STATING FINDINGS OF THE LEGISLATURE AND RESOLVING THAT, CONSISTENT WITH THE PRIOR APPROPRIATION DOCTRINE AS DEFINED BY IDAHO LAW, THE IDAHO DEPARTMENT OF WATER RESOURCES BE DIRECTED TO MANAGE THE EASTERN SNAKE PLAIN AQUIFER IN A MANNER THAT PROTECTS THE INTERESTS OF SENIOR WATER USERS, MINIMIZES THE NEED FOR CURTAILMENTS, PROVIDES PREDICTABILITY AND STABILITY FOR WATER USERS, AND SECURES THE PUBLIC INTEREST IN OPTIMUM USE OF IDAHO'S WATER RESOURCES.

Be It Resolved by the Legislature of the State of Idaho:

WHEREAS, the waters of the State of Idaho are owned by the state; and

WHEREAS, the prior appropriation doctrine as set forth in Idaho's Constitution consists of the "bedrock principles of priority of right and beneficial use"; and

WHEREAS, priority of right represents the principle that "first in time is first in right"; and

WHEREAS, beneficial use represents "(t)he policy of the law of this state to secure the maximum use and benefit, and least wasteful use, of its water resources"; and

WHEREAS, section 7, Article XV, of the Constitution of the State of Idaho affirms the policy that Idaho's waterways should be managed to achieve "optimum development of water resources in the public interest"; and

WHEREAS, section 42-226, Idaho Code, provides: "The traditional policy of the state of Idaho, requiring the water resources of this state to be devoted to beneficial use in reasonable amounts through appropriation, is affirmed with respect to the ground water resources of this state as said term is hereinafter defined and, while the doctrine of 'first in time is first in right' is recognized, a reasonable exercise of this right shall not block full economic development of underground water resources"; and

WHEREAS, the Idaho Supreme Court has acknowledged that "(t)he entire water distribution system under title 42, Idaho Code, is to further the state policy of securing the maximum use and benefit of its water resources"; and

WHEREAS, Idaho's prior appropriation doctrine can and should be applied in a manner that honors both bedrock principles of the prior appropriation doctrine by protecting the interests of senior users while also securing the public interest in maximum beneficial use of Idaho's water resources; and

WHEREAS, Idaho continues to experience periods of drought that, when combined with widespread changes in water use practices over time, have led to reduced spring flows and severe conflict over the use and management of the vast Eastern Snake Plain Aquifer (ESPA), and the Idaho Department of Water Resources (IDWR) has threatened to shut off water to hundreds of thousands of acres of farmland along with cities and businesses; and

WHEREAS, the threat of large-scale water rights curtailment has created instability and harmed Idaho's agricultural economy, and actual curtailment would cause enormous economic harm to Idaho's communities, businesses, lending institutions, and the state as a whole; and

WHEREAS, section 42-101, Idaho Code, provides: "Water being essential to the industrial prosperity of the state, and all agricultural development throughout the greater portion of the state depending upon its just apportion to, and economical use by, those making a beneficial application of the same, its control shall be in the state, which, in providing for its use, shall equally guard all the various interests involved."

NOW, THEREFORE, BE IT RESOLVED by the members of the Second Regular Session of the Sixty-seventh Idaho Legislature, the House of Representatives and the Senate concurring therein that, consistent with the prior appropriation doctrine as defined by Idaho law, IDWR be directed to manage the ESPA in a manner that protects the interests of senior water users, minimizes the need for curtailments, provides predictability and stability for water users, and secures the public interest in optimum use of Idaho's water resources.

BE IT FURTHER RESOLVED that in conjunctively managing the ESPA, IDWR be directed to optimize the available water supply through efforts such as increased storage capacity, the use of modern technology to more effectively manage water supplies, geologic research in the ESPA, targeted recharge, and infrastructure projects that facilitate an increased capacity for drought resilience and flood control through proactive conjunctive management of water resources, thereby keeping as much farmland in production and as many businesses in operation as possible within the context of priority right administration.

HOUSE CONCURRENT RESOLUTION NO. 24

BY TRANSPORTATION AND DEFENSE COMMITTEE

A CONCURRENT RESOLUTION

STATING FINDINGS OF THE LEGISLATURE AND AUTHORIZING THE LEGISLATIVE COUNCIL TO APPOINT A COMMITTEE TO UNDERTAKE AND COMPLETE A STUDY OF CERTAIN TRANSPORTATION CORRIDORS IN IDAHO.

Be It Resolved by the Legislature of the State of Idaho:

WHEREAS, State Highway 55 is a vital road that provides the primary vehicular travel connection between central Idaho and the Treasure Valley; and

WHEREAS, as the population of Idaho has increased, so too has vehicle traffic on State Highway 55, resulting in significant traffic congestion on State Highway 55 during high-volume periods, including the months of June, July, and August; and

WHEREAS, with increased traffic congestion comes increased vehicle accidents and fatalities. According to the Idaho transportation department, in the period from 2018-2022 there were 900 accidents and 25 fatalities on State Highway 55; and

WHEREAS, State Highway 55, particularly that portion running along the west side of the Payette River between Horseshoe Bend and Rainbow Bridge, affords views of a uniquely scenic and beautiful portion of the Gem State that is unquestionably worthy of protection; and

WHEREAS, the route followed by State Highway 55, although scenic and beautiful, does not offer sufficient additional width for meaningful enlargement of the roadway absent significant earthmoving activity, which could greatly increase the incidence of geologic instability adjacent to a major vehicular travel route; and

WHEREAS, because State Highway 55 is a two-lane roadway for most of the distance between Horseshoe Bend and Round Valley, traffic accidents and other emergency situations that occur on State Highway 55 inevitably result in unsafe conditions and delays; and

WHEREAS, existing roadways for north-south travel by vehicle between central Idaho and the Treasure Valley currently are limited in both number and capacity; and

WHEREAS, enhancing Idahoans' options for north-south vehicle travel would reduce traffic accidents, increase the interconnectivity of Idaho's small towns, and promote tourism and agribusiness, both of which are crucial to maintaining a healthy state economy; and

WHEREAS, implementing alternative north-south routes would unlock the center of the Gem State, thereby enabling economic growth and the creation of new jobs in industries that have been landlocked by the current lack of vehicle connectivity; and

WHEREAS, identifying alternative routes for vehicular travel would help ensure the safe and expedient movement of vehicles, materials, supplies, and people between central Idaho and the Treasure Valley, thereby improving recreation opportunities and generally raising Idahoans' quality of life.

NOW, THEREFORE, BE IT RESOLVED by the members of the Second Regular Session of the Sixty-seventh Idaho Legislature, the House of Representatives and the Senate concurring therein, that the Legislative Council is authorized to appoint a committee to undertake and complete a study of existing transportation corridors including State Highway 55, State Highway 16, and State Highway 95, and of potential alternate routes for safe vehicular travel between central Idaho and the Treasure Valley.

BE IT FURTHER RESOLVED that the Legislative Council shall determine the number of legislators and membership from each house appointed to the committee and shall authorize the committee to receive input, advice, and assistance from interested and affected parties who are not members of the Legislature.

BE IT FURTHER RESOLVED that the Legislative Council may authorize the committee to appoint nonlegislative advisors with technical expertise with regard to transportation infrastructure, civil engineering, and legal information and issues, and such other subjects as the committee deems necessary or advisable for the committee to efficiently conduct and complete its business.

BE IT FURTHER RESOLVED that any nonlegislative advisors to the committee are not members of the committee, shall not be reimbursed from legislative funds for per diem, mileage, or other expenses, and shall not have voting privileges regarding the committee's recommendations or proposed legislation.

BE IT FURTHER RESOLVED that the committee shall report its findings, recommendations, and proposed legislation, if any, to the First Regular Session of the Sixty-eighth Idaho Legislature.

**HOUSE JOINT MEMORIAL NO. 6
BY STATE AFFAIRS COMMITTEE**

A JOINT MEMORIAL

TO THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE UNITED STATES IN CONGRESS ASSEMBLED, TO THE CONGRESSIONAL DELEGATION REPRESENTING THE STATE OF IDAHO IN THE CONGRESS OF THE UNITED STATES, AND TO THE DIRECTOR OF THE UNITED STATES DEPARTMENT OF THE INTERIOR.

We, your Memorialists, the House of Representatives and the Senate of the State of Idaho assembled in the Second Regular Session of the Sixty-seventh Idaho Legislature, do hereby respectfully represent that:

WHEREAS, the Bureau of Land Management has proposed a rule entitled "Conservation and Landscape Health"; and

WHEREAS, the long-standing federal statute that governs federal lands is the Federal Land Policy and Management Act of 1976, more commonly known as FLPMA. FLPMA requires the Secretary of the Interior, acting through the Bureau of Land Management to conduct a land use planning process and the management of public lands on the basis of multiple use and sustained yield principles, and to balance the need for environmental protection against the need for domestic sources of minerals, food, timber, and fiber. FLPMA also requires that priority be given to the protection of those lands that are determined to be of "critical environmental concern"; and

WHEREAS, the proposed Conservation and Landscape Health rule would elevate conservation to a level consistent with other federal multiple use requirements, putting conservation on par with revenue raising uses; and

WHEREAS, it is of concern that the Bureau of Land Management may use the rule aggressively to restrict use of federal lands, disrupting multiple uses from grazing to recreation as well as other considerations such as tribal access. It is also of critical concern how application of the proposed rule will impact actions associated with threatened and endangered species; and

WHEREAS, areas of critical environmental concern are also addressed in the proposed rule. Even though such areas are already allowed for, the uncertainties associated with the proposed rule make it unknown how the existing process might change; and

WHEREAS, FLPMA has provided a fifty year directive to assure access to federal lands. The proposed rule intends to reinterpret this long-standing federal law simply through agency action. Agencies do not have this authority. Changes in federal law need to go through Congress and the proposed rule attempts to circumvent Congress; and

WHEREAS, the proposed rule would lead to increased bureaucracy, confusion, and the likelihood of lawsuits.

NOW, THEREFORE, BE IT RESOLVED by the members of the Second Regular Session of the Sixty-seventh Idaho Legislature, the House of Representatives and the Senate concurring therein, that the Legislature opposes the Bureau of Land Management's proposed rule entitled "Conservation and Landscape Health" and urges that the rule be withdrawn in its entirety.

BE IT FURTHER RESOLVED that the Chief Clerk of the House of Representatives be, and she is hereby authorized and directed to forward a copy of this Memorial to the President of the Senate and the Speaker of the House of Representatives of

Congress, to the congressional delegation representing the State of Idaho in the Congress of the United States, and to the Director of the United States Department of the Interior.

**HOUSE JOINT MEMORIAL NO. 7
BY STATE AFFAIRS COMMITTEE**

A JOINT MEMORIAL

TO THE GOVERNOR OF THE STATE OF IDAHO, TO THE PRESIDENT OF THE UNITED STATES, AND TO THE CONGRESSIONAL DELEGATION REPRESENTING THE STATE OF IDAHO IN THE CONGRESS OF THE UNITED STATES.

We, your Memorialists, the House of Representatives and the Senate of the State of Idaho assembled in the Second Regular Session of the Sixty-seventh Idaho Legislature, do hereby respectfully represent that:

WHEREAS, the State of Idaho values its sovereignty and independence; and

WHEREAS, the citizens of Idaho are increasingly alarmed by the influence of international organizations like the United Nations and the World Economic Forum in this state; and

WHEREAS, the citizens of Idaho have expressed deep concern over proposals supported by the United Nations and the World Economic Forum, including but not limited to:

(1) The promotion of insect-based foods as a replacement for traditional meat products, limiting food choice and infringing on personal dietary preferences and traditions;

(2) The imposition of ESG, or environmental, social, and corporate governance, requirements on businesses that increase regulations, raise costs, and reduce economic freedom for entrepreneurs and businesses;

(3) The concept of social credit, akin to a credit score for social behaviors, that gives the government undue control over individuals' daily lives, punishing those who dissent or hold differing views;

(4) Advocacy for censorship, including government preapproval of information shared online, on social media, and on television that threatens the fundamental principles of free speech and stifles open discourse;

(5) Support for global medical mandates, such as lockdowns, travel bans, business closures, and medical passports, that infringe on individual liberties and personal autonomy;

(6) The endorsement of digital identification that records and tracks individuals' activities, raising concerns about mass surveillance and the erosion of personal privacy;

(7) The potential implementation of mass surveillance technologies, including facial recognition cameras and biometric implants, that pose significant threats to personal privacy and civil liberties;

(8) Placing onerous burdens, costs, and regulations on farmers in the name of sustainability goals that jeopardize agricultural practices and the livelihoods of farmers;

(9) The advocacy for the elimination of private property rights, which undermines the principles of individual ownership and personal freedom; and

(10) The introduction of central bank digital currencies (CBDCs), programmable currency controlled by central banks, that grant the government instant visibility and control over citizens' finances, infringing on financial privacy and personal autonomy.

NOW, THEREFORE, BE IT RESOLVED by the members of the Second Regular Session of the Sixty-seventh Idaho Legislature, the House of Representatives and the Senate concurring therein, that the State of Idaho firmly reasserts its unwavering dedication to the principles of sovereignty

and self-determination, declaring unequivocally that any encroachments on the freedom of its residents must be immediately stopped.

BE IT FURTHER RESOLVED that the State of Idaho openly voices its concerns regarding all attempts made by international organizations, including but not limited to the United Nations and the World Economic Forum, to advocate for policies and initiatives that could undermine the core values and interests of Idaho's citizens.

BE IT FURTHER RESOLVED that the State of Idaho strongly encourages a comprehensive review of all agreements or partnerships involving international organizations to guarantee their alignment with the fundamental principles of individual freedom, privacy, autonomy, and the right to private property, which are cherished by the people of Idaho.

BE IT FURTHER RESOLVED that the State of Idaho remains resolute in its commitment to engaging in international cooperation as long as such endeavors respect the autonomy and sovereignty of our great state.

BE IT FURTHER RESOLVED that the Idaho Legislature expects all elected officials at every level of government to employ every available means to safeguard the inalienable rights of the citizens of Idaho from any threats or infringements.

BE IT FURTHER RESOLVED that the Chief Clerk of the House of Representatives be, and she is hereby authorized and directed to forward a copy of this Memorial to the Governor of the State of Idaho, to the President of the United States, and to the congressional delegation representing the State of Idaho in the Congress of the United States.

HCR 24, HJM 6, and HJM 7 were introduced, read the first time by title, and referred to the Judiciary, Rules, and Administration Committee for printing.

HOUSE CONCURRENT RESOLUTION NO. 25 BY EDUCATION COMMITTEE A CONCURRENT RESOLUTION

STATING FINDINGS OF THE LEGISLATURE AND ENCOURAGING THE IDAHO DEPARTMENT OF EDUCATION TO REVIEW AND CONSIDER THE ADOPTION OF AGE-APPROPRIATE HOLOCAUST EDUCATION IN SCHOOL DISTRICTS AND PUBLIC CHARTER SCHOOLS.

Be It Resolved by the Legislature of the State of Idaho:

WHEREAS, the Holocaust was a systemic genocide and murder of six million Jews and millions of others by the Nazi regime and its collaborators during World War II; and

WHEREAS, the Holocaust stands as a stain on human history and a stark reminder of the dangers of prejudice, discrimination, and unchecked hatred; and

WHEREAS, the study of the Holocaust within the context of geography, history, and political systems provides students with essential learning experiences, helping students to confront the issues of moral dilemmas and conflicts of conscience posed by the Holocaust; and

WHEREAS, understanding the causes, events, and consequences of the Holocaust is crucial for fostering respect, combating anti-Semitism and all forms of prejudice, and upholding democratic values and civil responsibility; and

WHEREAS, learning the lessons of the Holocaust can help prevent future atrocities; and

WHEREAS, teaching about the Holocaust can empower students to become critical thinkers, active citizens, and defenders of human rights by equipping them with the knowledge and skills to recognize and challenge patterns of misinformation, intolerance, and discrimination; and

WHEREAS, recognizing the importance of Holocaust education, a growing number of states across the country have mandated or encouraged its inclusion in social studies curricula.

NOW, THEREFORE, BE IT RESOLVED by the members of the Second Regular Session of the Sixty-seventh Idaho Legislature, the House of Representatives and the Senate concurring therein, that the Idaho State Department of Education is hereby encouraged to:

(1) Review and consider the adoption of age-appropriate Holocaust education in applicable social studies courses in school districts and public charter schools;

(2) Develop guidance and resources for educators to assist them in effectively teaching about the Holocaust;

(3) Provide and promote professional learning activities for educators that include evidence-based pedagogical practices, including resources that address sensitive topics in a responsible and age-appropriate manner; and

(4) Collaborate with relevant organizations and experts in Holocaust education to ensure that any proposed curriculum materials are accurate, comprehensive, and aligned with best practices.

BE IT FURTHER RESOLVED that this resolution is not intended to mandate specific curriculum content. Rather, it encourages the Idaho State Department of Education to take a thoughtful and comprehensive approach to adopting Holocaust education into the state's social studies curriculum.

BE IT FURTHER RESOLVED that the Legislature encourages parents and families to reinforce the important lessons learned from the Holocaust by promoting civic virtues and beneficial character qualities.

7TH ORDER Motions, Memorials, and Resolutions

HOUSE CONCURRENT RESOLUTION NO. 26 BY STATE AFFAIRS COMMITTEE

A CONCURRENT RESOLUTION

STATING FINDINGS OF THE LEGISLATURE, REQUESTING THAT THE STATE BOARD OF EDUCATION RECONSIDER CERTAIN ACTIONS, REQUESTING COOPERATION FROM THE STATE BOARD OF EDUCATION, THE UNIVERSITY OF IDAHO, AND THE UNIVERSITY OF PHOENIX, AND AUTHORIZING THE SPEAKER OF THE HOUSE OF REPRESENTATIVES AND THE PRESIDENT PRO TEMPORE OF THE SENATE TO ACT AS AGENTS OF THE LEGISLATURE FOR CERTAIN PURPOSES.

Be It Resolved by the Legislature of the State of Idaho:

WHEREAS, on May 18, 2023, the State Board of Education, acting in its capacity as the Board of Regents of the University of Idaho, voted to authorize the creation of a corporation; and

WHEREAS, the purpose of the corporation so authorized is to acquire the assets and assume certain liabilities of the University of Phoenix, a private institution; and

WHEREAS, the Board offered no meaningful opportunity for public comment or public participation before taking its vote; and

WHEREAS, because the Board held its vote after the Legislature adjourned sine die, the Legislature had no opportunity to act in the immediate aftermath of the vote; and

WHEREAS, the University of Idaho was established by special act of the Territorial Legislature in 1889; and

WHEREAS, the special act vested the government of the university in the Board of Regents; and

WHEREAS, the special act established the Board of Regents as a corporation with specific powers; and

WHEREAS, a corporation is an artificial being created by law that, within the scope of its charter, is capable of acting as a natural person; and

WHEREAS, a fundamental principle of corporate law is that a corporation may not act beyond the scope of its charter; and

WHEREAS, when a corporation is created by special act of a legislature, the special act serves as the corporation's charter; and

WHEREAS, the special act establishing the University of Idaho is therefore the charter of the Board of Regents; and

WHEREAS, no provision of the charter permits the Board of Regents to authorize the creation of a corporation; and

WHEREAS, no provision of the charter permits the Board of Regents to, directly or indirectly, acquire a private institution and assume its liabilities; and

WHEREAS, in clarifying the differences between natural persons and corporations, the United States Supreme Court has stated that while a natural person may do anything not forbidden by law, a corporation may do only what its charter permits it to do; and

WHEREAS, the United States Supreme Court further stated in the case *Northwestern Fertilizing Company v. Village of Hyde Park*, 97 U.S. 659, that a corporation acting outside the law of its creation is "subject, like individuals, to the will of the law-making power"; and

WHEREAS, the lawmaking power in the State of Idaho belongs to the Legislature; and

WHEREAS, the Idaho Supreme Court has stated that substantial matters of public policy should be decided by the Legislature; and

WHEREAS, the question of whether to allow a state institution of higher education to affiliate itself, financially or otherwise, with a private institution is a substantial matter of public policy that should be decided by the Legislature; and

WHEREAS, the Legislature has enacted no law enabling the Board of Regents to acquire the assets and assume the liabilities of the University of Phoenix or to otherwise affiliate itself with the University of Phoenix; and

WHEREAS, it is a well-settled principle of American law that the creation and authorization of corporations is a legislative function; and

WHEREAS, because the creation and authorization of corporations is a legislative function, and because the Idaho Constitution limits the Legislature's ability to create corporations in Article III, Section 19, and Article XI, Section 2, the Legislature does not believe that the state or any of its officers, employees, or entities may create a corporation; and

WHEREAS, the Idaho Admission Bill, the act of Congress that admitted Idaho as a state of the Union, provides that any land grant university must "forever remain under the exclusive control" of the State of Idaho; and

WHEREAS, the University of Idaho is a land grant university; and

WHEREAS, an affiliation by the University of Idaho with a private institution could, depending on the nature of such affiliation, remove the university from the state's exclusive control, and therefore conflict with the Idaho Admission Bill; and

WHEREAS, the Legislature has additional legal, policy, and financial concerns about the proposed affiliation between the University of Idaho and a private institution; and

WHEREAS, one such concern is whether the State Board of Education and the University of Idaho would be protected by sovereign immunity in legal actions by private parties relating to the affiliation; and

WHEREAS, courts have ruled that state entities may not assert sovereign immunity as a defense when such entities have acted beyond the scope of their legal authority, as the Board has done here; and

WHEREAS, courts have also ruled that state entities surrender their sovereign immunity when they engage in nongovernmental functions; and

WHEREAS, the Board's creation of a private corporation for the purpose of acquiring a private institution is a nongovernmental function; and

WHEREAS, the waiver of the state's sovereign immunity is a substantial matter of public policy that should be decided by the Legislature and clearly provided in statute; and

WHEREAS, the Legislature does not believe that the state's or the people's interests have been fully considered or protected by the parties to the proposed affiliation.

NOW, THEREFORE, BE IT RESOLVED by the members of the Second Regular Session of the Sixty-seventh Idaho Legislature, the House of Representatives and the Senate concurring therein, that the Legislature respectfully requests that the State Board of Education, in its capacity as the Board of Regents of the University of Idaho, reconsider its May 18, 2023, vote authorizing the creation of a corporation.

BE IT FURTHER RESOLVED that the Legislature respectfully requests that the State Board of Education, in its capacity as the Board of Regents of the University of Idaho, reconsider any actions that would affiliate the University of Idaho in any way with the University of Phoenix unless and until the Legislature enacts a law authorizing such actions.

BE IT FURTHER RESOLVED that the Legislature respectfully requests that the State Board of Education, the University of Idaho, and the University of Phoenix cooperate fully with the Legislature as it considers matters relating to the proposed affiliation.

**HOUSE CONCURRENT RESOLUTION NO. 27
BY HEALTH AND WELFARE COMMITTEE**

A CONCURRENT RESOLUTION

STATING FINDINGS OF THE LEGISLATURE,
REQUESTING THAT THE DEPARTMENT OF INSURANCE
CONSULT WITH INSURANCE INDUSTRY LEADERS TO

DETERMINE HOW TO MAKE MEDICALLY NECESSARY IVIG TREATMENT FOR PANDAS/PANS AVAILABLE TO IDAHO CHILDREN NOT CURRENTLY COVERED BY MEDICAID OR A COMMERCIAL INSURER ALREADY PROVIDING COVERAGE, AND RECOGNIZING PANDAS/PANS AWARENESS DAY.

Be It Resolved by the Legislature of the State of Idaho:

WHEREAS, pediatric autoimmune neuropsychiatric disorders associated with streptococcal infection (PANDAS) and pediatric acute-onset neuropsychiatric syndrome (PANS) involve a misdirected autoimmune process that affects or weakens the blood-brain barrier in children; and

WHEREAS, children afflicted with PANDAS or PANS display sudden, dramatic changes in personality manifesting as obsessive compulsive disorder together with accompanying symptoms following a strep, bacterial, or viral infection. Accompanying symptoms may include tics, intense fear or anxiety, depression, behavioral regression, deterioration in school performance, sensory sensitivities, severely restricted food intake, and more; and

WHEREAS, it is estimated that at least 1 in 200 children in the United States, including more than 2,000 children in Idaho, are affected by PANDAS or PANS; and

WHEREAS, PANDAS or PANS is as common as pediatric cancer and pediatric diabetes and can seriously affect health outcomes in a child's life to include life long mental illness, brain damage, and/or suicide; and

WHEREAS, established standards of care for treatment of PANDAS or PANS include antibiotics, steroids, intravenous immunoglobulin (IVIG), plasmapheresis, cognitive behavioral therapy, and anti-inflammatory medications and such treatments are utilized based on the needs of the child and the severity of an individual case; and

WHEREAS, other states have established legislative precedent for IVIG coverage, including but not limited to Illinois, Delaware, Arkansas, Minnesota, New Hampshire, Indiana, Maryland, Kansas, and Rhode Island; and

WHEREAS, while Medicaid and other select insurers cover IVIG treatment, families who aren't on one of the select plans that already provide coverage are frequently unable to pay for IVIG when insurance declines to provide coverage; and

WHEREAS, Idaho's administrative rules currently permit insurance companies to deny coverage for IVIG when the treatment has been deemed medically necessary by a healthcare provider; and

WHEREAS, Idaho medical providers treating this population are not able to present this treatment option to families whose child would benefit because of the likelihood of insurance denial and inability for the family to pay privately the thousands of dollars it would cost out of pocket; and

WHEREAS, a change in the administrative rules and in the practice of insurance companies could make necessary medical treatment more accessible to the approximately 400 Idaho children who require IVIG and who are otherwise covered under private insurance plans; and

WHEREAS, the Sixty-sixth Idaho Legislature in its Second Regular session recognized October 9, 2022, as PANDAS/PANS Awareness Day in Idaho.

NOW, THEREFORE, BE IT RESOLVED by the members of the Second Regular Session of the Sixty-seventh Idaho Legislature, the House of Representatives and the Senate concurring therein, that the Legislature requests that the Department of Insurance consult with leaders in the insurance

industry to determine how to make medically necessary IVIG treatment available to all Idaho children who are insured.

BE IT FURTHER RESOLVED that the Legislature requests that the Department of Insurance collect data and ascertain the costs for including this benefit in private insurance plans and, further, that the Department of Insurance determine any impact on the Idaho General Fund for the addition of this benefit.

BE IT FURTHER RESOLVED that the Legislature requests that the Department of Insurance and leaders in the insurance industry report their findings and recommendations, if any, to the First Regular Session of the Sixty-eighth Idaho Legislature.

BE IT FURTHER RESOLVED by the Sixty-seventh Idaho Legislature, the House of Representatives and the Senate concurring therein, that October 9, 2024, be recognized in the State of Idaho as PANDA/PANS Awareness Day.

HOUSE JOINT MEMORIAL NO. 8 BY STATE AFFAIRS COMMITTEE

A JOINT MEMORIAL

TO THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE UNITED STATES IN CONGRESS ASSEMBLED AND TO THE CONGRESSIONAL DELEGATION REPRESENTING THE STATE OF IDAHO IN THE CONGRESS OF THE UNITED STATES.

We, your Memorialists, the House of Representatives and the Senate of the State of Idaho assembled in the Second Regular Session of the Sixty-seventh Idaho Legislature, do hereby respectfully represent that:

WHEREAS, the federal government of the United States is vested with the responsibility and authority to establish terms of naturalization, to control immigration, and to otherwise establish, regulate, and enforce the terms and conditions upon which aliens may enter the United States from foreign places and remain in the United States, what activities aliens may engage in while present in the United States, the terms of permanent residency, and the grant of citizenship for aliens, in addition to the control over the United States border; and

WHEREAS, President Joseph Biden has failed to fulfill his constitutional responsibility as it pertains to the enforcement of current immigration law and policy, has deliberately opened the border, and has failed to consistently and uniformly enforce existing immigration law, beginning with one of his first official acts, ending the Migration Protection Protocol for asylum seekers, also known as the "Remain in Mexico" policy, that was enacted by President Trump; and

WHEREAS, as a result of these failures of the Biden Administration, unreasonable challenges are placed on state and local governments to provide for the general welfare of all persons within their jurisdiction, whether that relates to education, enforcement of state and local law, health care, highway safety, and more; and

WHEREAS, as a further result of these failures of the Biden Administration, the national security of the United States and of the several states, including Idaho, is threatened and harmed by the nearly eight million migrants who have entered the United States since the beginning of the Biden Administration, including close to two million "get-aways," meaning people who slipped into the United States and were not processed or checked for criminal activity; and

WHEREAS, as a further result of these failures of the Biden Administration, the public safety and well-being of the United States and of the several states, including Idaho, is threatened and harmed by unlawful entry to the United States of those that seek to traffic drugs and sex slaves, including the trafficking of children in the sex trade; and

WHEREAS, the thirst for cheap immigrant labor in Idaho has created a conduit for human trafficking and drugs like fentanyl and other related drugs that kill 190 souls in America per day; and

WHEREAS, it is incumbent upon the Congress to hold the President of the United States accountable for this crisis, with the following desired points of action:

1. The United States House of Representatives should impeach President Biden for the high crime of willfully failing to enforce existing immigration law and sanctioning an invasion of the United States by millions of military-age men;
2. Congress should prioritize laws further tightening border security and immigration before funding the war in Ukraine. The top priority of Congress should be the passage of H.R. 2, the Secure Border Act of 2023; and
3. Only after impeachment of President Biden and passage of H.R. 2, the Secure Border Act of 2023, should Congress contemplate an effective process for the safe processing of immigrants in the United States and Idaho.

NOW, THEREFORE, BE IT RESOLVED by the members of the Second Regular Session of the Sixty-seventh Idaho Legislature, the House of Representatives and the Senate concurring therein, that the Idaho Legislature requests and calls upon the Senate and the House of Representatives of the United States Congress to take action with all deliberate speed to adopt and implement actions against the Biden Administration's lawlessness and treason, consistent with the action items set forth in this Joint Memorial.

BE IT FURTHER RESOLVED that the congressional delegation representing the State of Idaho in the Congress of the United States is requested and called upon to take action with all deliberate speed to introduce federal legislation implementing laws for a truly secure border, consistent with the principles set forth in this Joint Memorial.

BE IT FURTHER RESOLVED that the Chief Clerk of the House of Representatives be, and she is hereby authorized and directed to forward a copy of this Memorial to the President of the Senate and the Speaker of the House of Representatives of Congress and to the congressional delegation representing the State of Idaho in the Congress of the United States.

Motions, Memorials, and Resolutions

HOUSE CONCURRENT RESOLUTION NO. 28 BY STATE AFFAIRS COMMITTEE

A CONCURRENT RESOLUTION

STATING FINDINGS OF THE LEGISLATURE AND COMMENDING SPECIAL DEPUTY PAUL NETTLETON ON HIS FIFTY YEARS OF EXEMPLARY SERVICE TO THE OWYHEE COUNTY SHERIFF'S OFFICE AND THE PEOPLE OF OWYHEE COUNTY.

Be It Resolved by the Legislature of the State of Idaho:

WHEREAS, Special Deputy Paul Nettleton is marking fifty years of service to the Owyhee County Sheriff's Office; and

WHEREAS, in 1973, prior to his service for the Sheriff's Office, Mr. Nettleton caught the attention of the sheriff by assisting him in a bar fight in the town of Silver City; and

WHEREAS, in 1974, the Sheriff asked Mr. Nettleton to join his office as a special deputy; and

WHEREAS, with only his single-action .22 revolver and his trusty horse, Nugget, Deputy Nettleton answered the call; and

WHEREAS, with limited radio and cell phone connection, Deputy Nettleton and Nugget covered the 7,600 square miles of Owyhee County together, spending days on the trails, answering hundreds of calls, and searching for those who needed to be found; and

WHEREAS, in the early 1980s, Deputy Nettleton and another deputy were sent on horseback in winter to find an escapee from the local prison. They tracked the fugitive to an uninhabited cabin in the back country, but the fugitive initially eluded their search. With his cowboy instincts too dogged to be denied, Deputy Nettleton and his partner continued their search, eventually marching the fugitive out at gunpoint much to the surprise of the other deputies waiting outside; and

WHEREAS, in 1986, Deputy Nettleton was asked to assist in the Claude Dallas case, a man on the F.B.I.'s most wanted list for

the killing of two state game wardens who subsequently escaped prison following his conviction. Following his recapture, Claude Dallas's case became a matter of national interest and local lore in Owyhee County. At a gathering of angry Dallas supporters, Deputy Nettleton was assigned to the rooftop with a shotgun to watch over the crowd, and despite personally knowing many of the angry people below, Deputy Nettleton showed composure and resolve in doing his duty and assisting his fellow deputies; and

WHEREAS, Nugget's service ended in 1987, Deputy Nettleton's service continues to this day; and

WHEREAS, in the finest tradition of the West, Special Deputy Paul Nettleton is truly a man "whose deeds follow his words."

NOW, THEREFORE, BE IT RESOLVED by the members of the Second Regular Session of the Sixty-seventh Idaho Legislature, the House of Representatives and the Senate concurring therein, that the Legislature commends Special Deputy Paul Nettleton on his fifty years of exemplary service to the Owyhee County Sheriff's Office and the people of Owyhee County.

WHEREAS, the EIS will provide direction on how the dams are to be operated; and

WHEREAS, the current direction allows Idaho Power during the summer to lower the flow of water released at Hells Canyon Dam to less than 6500 CFS then increase the flow to more than 22000 CFS within hours every day; and

WHEREAS, this fluctuation in water levels is harmful to the water temperatures, fisheries, navigation of the river, and local tourism enjoying the recreational benefits of the Hells Canyon National Recreation Area; and

WHEREAS, there would be benefits to water temperatures, fisheries, navigation of the river, and local tourism by having a minimum flow of 8500 CFS during the summer; and

WHEREAS, the overall benefits to other users of the Snake River would increase; and

WHEREAS, 50,000 people a year recreate in the Hells Canyon National Recreation Area, driving an estimated \$230,000,000 recreation industry in the local economy; and

HOUSE CONCURRENT RESOLUTION NO. 30 BY HEALTH AND WELFARE COMMITTEE

A CONCURRENT RESOLUTION

STATING FINDINGS OF THE LEGISLATURE AND ENCOURAGING THE DEPARTMENT OF HEALTH AND WELFARE TO APPLY AND IMPLEMENT COST-SHARING WAIVERS.

Be It Resolved by the Legislature of the State of Idaho:

WHEREAS, the State of Idaho desires to assist Idaho families in receiving assistance and developing financial resilience; and

WHEREAS, the State of Idaho has existing cost-sharing plans that could be improved upon as Idaho's cost-sharing is below the level allowable under law and many other states have developed more effective cost-sharing plans; and

WHEREAS, effective cost-sharing helps to direct care in the most appropriate way and assists families in preparing for traditional marketplace coverage; and

WHEREAS, Idaho citizens suffer from the financial cliff of crossing the federal poverty limit threshold and are unfairly forced to choose between better pay and losing coverage; and

WHEREAS, some Idaho citizens prefer the choice of private sector plans but qualify for Medicaid coverage and therefore are ineligible for premium assistance and other states have developed acceptable options that assist in transitioning between Medicaid coverage, marketplace plans, or employer sponsored plans; and

WHEREAS, developing appropriate cost-sharing and work requirements allows the state's financial resources to stretch to more recipients.

NOW, THEREFORE, BE IT RESOLVED by the members of the Second Regular Session of the Sixty-seventh Idaho Legislature, the House of Representatives and the Senate concurring therein, that the Legislature requests that the Department of Health and Welfare implement a cost-sharing approach at least to the levels developed by other states.

BE IT FURTHER RESOLVED that the Legislature requests that the Department of Health and Welfare develop work requirements similar to the states of Georgia and Arkansas, which requirements have been acceptable to the United States Department of Health and Human Services.

BE IT FURTHER RESOLVED that the Legislature requests that the Department of Health and Welfare apply for the necessary waivers to allow those between 100% and 138% of the federal poverty limit to choose between Medicaid and private sector plans.

BE IT FURTHER RESOLVED that the Legislature requests that the Department of Health and Welfare's efforts be regularly reported to the germane committees of the Idaho Legislature.

[HJM 9](#) and [HCR 30](#) were introduced, read the first time by title, and referred to the Judiciary, Rules, and Administration Committee for printing.

Be It Resolved by the Legislature of the State of Idaho:

WHEREAS, in the year 2026, the United States will celebrate its semiquincentennial, known as America250, the 250th anniversary of the country's founding and a momentous occasion in our nation's history when the Second Continental Congress adopted the Declaration of Independence on July 4, 1776; and

WHEREAS, the Declaration of Independence encapsulates enduring truths and principles that define the national heritage of the United States, among them individual liberty, representative government, and equal and unalienable rights; and

WHEREAS, the founding of the United States of America is one of the most extraordinary and providential events in human history and should be celebrated accordingly; and

WHEREAS, the anniversary of the signing of the Declaration of Independence serves as a reminder of the role of citizens in keeping our republic by preserving self-governance, fostering peace, pursuing happiness, inspiring gratitude and patriotism, and mentoring future generations by passing down patriotic traditions; and

WHEREAS, Public Law 114-196, passed by the 114th United States Congress and signed by the president on July 22, 2016, established the United States Semiquincentennial Commission and encouraged similar state and local efforts; and

WHEREAS, the State of Idaho shall participate in this national commemoration as "America250 in Idaho"; and

NOW, THEREFORE, BE IT RESOLVED by the members of the Second Regular Session of the Sixty-seventh Idaho Legislature, the House of Representatives and the Senate concurring therein, that the Idaho Legislature declares 2024 through 2027 as the period of commemoration for America250 in Idaho during which time individuals, organizations, and communities may plan commemorative activities that will honor and recognize the principles and foundational thoughts that emerged during America's revolutionary period and which we all aspire to today.

BE IT FURTHER RESOLVED that the Idaho Legislature invites all Idahoans to promote an awareness and understanding of the principles contained in the nation's founding documents, including but not limited to representative government, personal responsibility, individual liberty, and equal and inalienable rights. We encourage Idahoans to reflect on American and state history and heritage, develop deeper connections within their communities, and advance Idaho's contributions and values for the benefit of our children and future generations.

Which the Committee finds to not be consistent with legislative intent and recommends they be **rejected** (excluded). The section relies on an interpretation of the statute that is inconsistent with legislative intent and current IDLA practice of contacting students within the first 24 hours of class and if warranted, follow up with the responsible adults as delineated in Idaho Code 33-5507.

/s/ Respectfully,
Julie Yamamoto, Chairman
House Education Committee

The letter was ordered filed in the office of the Chief Clerk.

- 11.13.01 - The Motor Carrier Rules (ZBR Chapter Rewrite)
- Proposed Rule, specifically, Rejected Section 019.01(b)

Of which the Committee finds removal of this Section, as part of the ZBR process, would not be consistent with legislative intent because it is a critical exemption for Motor Carriers that needs to remain in place. Therefore, the Committee recommends it be **excluded** from being stricken.

Docket No. 39-0348-2301:

- 39.03.48 - Rules Governing Routes Exempt from Local Plans and Ordinances (ZBR Chapter Rewrite) - Proposed Rule

HOUSE JOINT MEMORIAL NO. 10 BY WAYS AND MEANS COMMITTEE

A JOINT MEMORIAL

TO THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE UNITED STATES IN CONGRESS ASSEMBLED, AND TO THE CONGRESSIONAL DELEGATION REPRESENTING THE STATE OF IDAHO IN THE CONGRESS OF THE UNITED STATES.

We, your Memorialists, the House of Representatives and the Senate of the State of Idaho assembled in the Second Regular Session of the Sixty-seventh Idaho Legislature, do hereby respectfully represent that:

WHEREAS, the grizzly bear is an iconic species that symbolizes the wild heritage of Idaho and the American West; and

WHEREAS, the State of Idaho has a vested interest in the conservation of its wildlife resources, ensuring the safety of its citizens, and in the preservation of its economic interests, including those related to agriculture and outdoor recreation; and

WHEREAS, proposals for the active reintroduction of grizzly bears, the establishment of new experimental populations, the support of natural recolonization, and the facilitation of connectivity among populations have been presented as methods to enhance grizzly bear conservation and recovery; and

WHEREAS, there are current grizzly populations in North and East Idaho under active management by the Idaho Department of Fish and Game and the United States Fish and Wildlife Service; and

WHEREAS, the proposed active translocation of grizzly bears would include the Frank Church River of No Return Wilderness and the Selway Bitterroot Wilderness and surrounding communities; and

WHEREAS, such actions may pose significant risks to human safety, private property, and the economic well-being of local communities, and may conflict with the traditional uses of land and natural resources in Idaho; and

WHEREAS, the State of Idaho believes that the current management practices for grizzly bears have been effective in maintaining the balance between conservation objectives and the interests of the state's citizens and economy.

NOW, THEREFORE, BE IT RESOLVED by the members of the Second Regular Session of the Sixty-seventh Idaho Legislature, the House of Representatives and the Senate

concurring therein, that the Legislature hereby expresses its opposition to the active reintroduction of grizzly bears within the State of Idaho, the designation of any new experimental populations, efforts to support natural recolonization, and actions to facilitate connectivity among grizzly bear populations. The Legislature supports the "no action" alternative, advocating for the continuation of current grizzly bear management practices, which are deemed effective in balancing conservation goals with the safety, economic interests, and traditional values of the State of Idaho. This resolution serves as a formal declaration of the State of Idaho's commitment to the principles of wildlife management that prioritize human safety, economic stability, and the preservation of the state's natural heritage.

BE IT FURTHER RESOLVED that the Chief Clerk of the House of Representatives be, and she is hereby authorized and directed to forward a copy of this Memorial, which is a testament to the unified stance of the State of Idaho on this matter, to the Governor of the State of Idaho, the Idaho Department of Fish and Game, the United States Fish and Wildlife Service, the President of the Senate and the Speaker of the House of Representatives of Congress, and to the congressional delegation representing the State of Idaho in the Congress of the United States.

7TH ORDER
Motions, Memorials, and Resolutions

HOUSE JOINT MEMORIAL NO. 11
BY WAYS AND MEANS COMMITTEE
A JOINT MEMORIAL

TO THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE UNITED STATES IN CONGRESS ASSEMBLED AND TO THE CONGRESSIONAL DELEGATION REPRESENTING THE STATE OF IDAHO IN THE CONGRESS OF THE UNITED STATES.

We, your Memorialists, the House of Representatives and the Senate of the State of Idaho assembled in the Second Regular Session of the Sixty-seventh Idaho Legislature, do hereby respectfully represent that:

WHEREAS, the federal government of the United States is vested with the responsibility and authority to establish terms of naturalization, to control immigration, and to otherwise establish, regulate, and enforce the terms and conditions upon which aliens may enter the United States from foreign places and remain in the United States, what activities aliens may engage in while present in the United States, the terms of permanent residency, and the grant of citizenship for aliens, in addition to the control over the United States border; and

WHEREAS, President Joseph Biden has failed to fulfill his constitutional responsibility as it pertains to the enforcement of current immigration law and policy, has deliberately opened the border, and has failed to consistently and uniformly enforce existing immigration law, beginning with one of his first official acts, ending the Migration Protection Protocol for asylum seekers, also known as the "Remain in Mexico" policy, that was enacted by President Trump; and

WHEREAS, as a result of these failures of the Biden Administration, unreasonable challenges are placed on state and local governments to provide for the general welfare of all persons within their jurisdiction, whether that relates to education, enforcement of state and local law, health care, highway safety, and more; and

WHEREAS, as a further result of these failures of the Biden Administration, the national security of the United States and of the several states, including Idaho, is threatened and harmed by the nearly eight million migrants who have entered the United States since the beginning of the Biden Administration, including close to two million "get-aways," meaning people who slipped into the United States and were not processed or checked for criminal activity; and

WHEREAS, as a further result of these failures of the Biden Administration, the public safety and well-being of the United States and of the several states, including Idaho, is threatened and harmed by unlawful entry to the United States of those that seek to traffic drugs and sex slaves, including the trafficking of children in the sex trade; and

WHEREAS, cheap immigrant labor has created a conduit for human trafficking and drugs like fentanyl and other related drugs that kill 190 souls in America per day; and

WHEREAS, it is incumbent upon the Congress to hold the President of the United States accountable for this crisis, with the following desired points of action:

1. The United States House of Representatives should impeach President Biden for the high crime of willfully failing to enforce existing immigration law and sanctioning an invasion of the United States by millions of military-age men;
2. Congress should prioritize laws further tightening border security and immigration before funding the border security of other countries. The top priority of Congress should be the passage of H.R. 2, the Secure Border Act of 2023; and
3. Only after impeachment of President Biden and passage of H.R. 2, the Secure Border Act of 2023, should Congress contemplate an effective process for the safe processing of immigrants in the United States and Idaho.

NOW, THEREFORE, BE IT RESOLVED by the members of the Second Regular Session of the Sixty-seventh Idaho Legislature, the House of Representatives and the Senate concurring therein, that the Idaho Legislature requests and calls upon the Senate and the House of Representatives of the United States Congress to take action with all deliberate speed to adopt and implement actions against the Biden Administration's lawlessness and treason, consistent with the action items set forth in this Joint Memorial.

BE IT FURTHER RESOLVED that the congressional delegation representing the State of Idaho in the Congress of the United States is requested and called upon to take action with all deliberate speed to introduce federal legislation implementing laws for a truly secure border, consistent with the principles set forth in this Joint Memorial.

BE IT FURTHER RESOLVED that the Chief Clerk of the House of Representatives be, and she is hereby authorized and directed to forward a copy of this Memorial to the President of the Senate and the Speaker of the House of Representatives of the Congress and to the congressional delegation representing the State of Idaho in the Congress of the United States.

Motions, Memorials, and Resolutions

HOUSE CONCURRENT RESOLUTION NO. 35

BY STATE AFFAIRS COMMITTEE

A CONCURRENT RESOLUTION

STATING FINDINGS OF THE LEGISLATURE AND RECOGNIZING MOTHER'S DAY THROUGH FATHER'S DAY AS AN OPPORTUNITY TO RAISE AWARENESS ABOUT THE CHALLENGES FACING TRADITIONAL FAMILIES AND THE ALARMING RATE AT WHICH THE TRADITIONAL AMERICAN FAMILY IS DECLINING.

Be It Resolved by the Legislature of the State of Idaho:

WHEREAS, traditional families designed by God have been the foundation of societies since creation. As such, traditional families operate as a source of security in their communities, often attending to societal troubles before law enforcement involvement is needed, thereby serving as the cornerstone of

a functional society. In a letter entitled *The Crucial Role of Families* submitted to the United Nations by the International Federation for Family Development in consult with the U.N. Economic and Social Council division, the authors state: "Children growing up in healthy, married, two-parent families are more likely to lead happy, healthy and successful lives than those who have not experienced the same level of family security and stability... Governments cannot afford to fully replace the functions families perform for the benefit of their members and for the good of society. The family is the most powerful, the most humane and, by far, the most economical system known for building competence and character."; and

WHEREAS, the freedom to exercise these beliefs and values based in the truth of the laws of nature and nature's God has been protected by the Constitution of the United States since its inception; and

WHEREAS, the International Federation for Family Development has stated: "As basic and essential building blocks of societies, families have a crucial role in social development. They bear the primary responsibility for the education and socialization of children as well as instilling values of citizenship and belonging in the society."; and

WHEREAS, compared to peers in two biological parent married families, children who lived with a single parent with no cohabiting partner were five times more likely to be sexually abused, children who lived in a stepfamily with a married biological and non-biological parent were eight to nine times more likely to be sexually abused, and children who lived with a single parent with a partner in the home were twenty times more likely to be sexually abused; and

WHEREAS, traditional families consisting of a natural mother and father, children, grandparents, and extended family have declined drastically since 1960 when approximately 77.5% of children lived with their two parents, who were married; and

WHEREAS, according to census data, in 1960, just 13% of all households were single-person households. In 2018, that figure was 28%; and

WHEREAS, today, only 17.8% of Americans live in traditional nuclear families; and

WHEREAS, in 1950, 27% of marriages ended in divorce. Today, about 45% do; and

WHEREAS, in 1960, 72% of Americans were married. In 2017, nearly half of Americans were single; and

WHEREAS, in 1960, approximately 5% of children were born to unmarried women. Now, about 40% are; and

WHEREAS, American children are more likely to live in a single-parent household than children from any other country; and

WHEREAS, according to the International Federation for Family Development, "Those who build stable families have a higher life expectancy, lower risks of mental illness, alcoholism and domestic violence. A stable family is the lowest cost option for both its members and the State."; and

WHEREAS, the people who suffer the most from the decline in traditional family values and structure are the most vulnerable, especially children; and

WHEREAS, those born into poverty and living with both parents have an 80% chance of climbing out of it. Those born into poverty with a single mother have a 50% chance of remaining stuck in poverty; and

WHEREAS, even in high-crime, inner-city neighborhoods, well over 90% of children from safe, stable homes do not become

delinquents. By contrast, only 10% of children from unsafe, unstable homes in these neighborhoods avoid crime; and

WHEREAS, research demonstrates children who grow up in families with traditional values and gender roles are more likely to have traditional values and gender role expectations themselves; and

WHEREAS, there is an unprecedented attack on these beliefs and the celebration of these beliefs; and

WHEREAS, much remains to be done to ensure that traditional family roles and values are both celebrated and encouraged to provide the most nurturing and healthy environment possible to raise the next generation of American children.

4TH ORDER

Consideration of Messages from the Governor and the Senate

OFFICE OF THE GOVERNOR
Boise

March 14, 2024

The Honorable Mike Moyle
Speaker of the House

Dear Mr. Speaker:

I have the honor to advise you that I have signed on March 14, 2024 and am transmitting to the Secretary of State the following House bill, to wit:

[H 417](#)

within the time prescribed by law, the same having arrived in the Office of the Governor at the hour of 12:05 p.m. on March 8, 2024.

I support reasonable policies that accommodate the preference of well-intentioned Idahoans to use cash to complete necessary transactions with state agencies. However, House Bill 417 is overly broad, provides an opportunity for abuse, and will likely result in unintended administrative and fiscal costs that Idaho's taxpayers will ultimately bear. It is also not yet clear how state agencies - particularly agencies operating in rural areas or with

functions occurring outside of a physical location - will be able to comply with the requirements of Idaho Code 59-1014.

I will request that the Division of Financial Management closely monitor the implementation of House Bill 417 and survey state agencies to identify potential amendments to the law in advance of the next legislative session.

Sincerely,
/s/ Brad Little
Governor

7TH ORDER
Motions, Memorials, and Resolutions

HOUSE CONCURRENT RESOLUTION NO. 45
BY FURNISS

A CONCURRENT RESOLUTION
STATING FINDINGS OF THE LEGISLATURE AND
ENCOURAGING ALL AGENCIES AND DEPARTMENTS OF
THIS STATE TO IMPLEMENT A FINANCIAL PLAN THAT
INCLUDES A SPENDING PLAN, A REVENUE PLAN, AND
A CASH MANAGEMENT PLAN EACH FISCAL YEAR.

Be It Resolved by the Legislature of the State of Idaho:

WHEREAS, proper and generally accepted business practices are to have detailed management plans for financial operations that allow for greater controls and monitoring of expenditures and the investment of funds needed to effectively manage operations; and

WHEREAS, the agencies and departments of the State of Idaho are entrusted to manage funds, and specifically cash, provided to them for specific purposes benefiting the public, and they have the duty to manage these moneys in the most fiscally responsible way; and

WHEREAS, the agencies and departments of the State of Idaho manage large amounts of moneys and perform numerous financial transactions such as billing, collections, deposits, and disbursements with these funds; and

WHEREAS, a financial plan, being a long-standing and tested method for properly managing funds, consists of estimating revenues, receipts, and expenditures by month, thereby allowing for the measuring of progress toward the plan throughout the fiscal year; and

WHEREAS, a spending plan, being a subcomponent of a financial plan, entered into the state's accounting system can be used by agencies to track actual fiscal year-to-date expenditures at a more detailed level against planned expenditures throughout the fiscal year; and

WHEREAS, a revenue plan and a cash management plan can provide greater clarity of information to the Legislature and the public on the level of cash reserves needed by an agency to provide services; and

WHEREAS, a financial plan should include efficient cash management practices; and

WHEREAS, responsible cash management should include not keeping excess cash on hand and determining a threshold amount where cash on hand would be deemed excessive; and

WHEREAS, "cash management plan" means a subcomponent of a proper financial plan that provides a process to manage an agency's cash balance at the fund level to ensure cash is available to be spent when needed. The cash management plan should take into account the timing of when revenues and expenditures are expected to occur to ensure that the cash balance is sufficient to handle expenditures and that the agency is not holding more cash balances than are needed to support program objectives; and

WHEREAS, "financial plan" means an organization's annual plan to ensure it manages its finances efficiently within the budgeted appropriation and available cash, including the planning of receipts to the organization; and

WHEREAS, "revenue plan" means a subcomponent of a proper financial plan that provides a monthly forecast for anticipated revenues or receipts to an organization; and

WHEREAS, "spending plan" means a subcomponent of a proper financial plan that provides a monthly forecast for anticipated expenses at a more detailed level than by

appropriation and budget. The plan is a monthly estimate of expenditures, which can be used to help manage available cash.

NOW, THEREFORE, BE IT RESOLVED by the members of the Second Regular Session of the Sixty-seventh Idaho Legislature, the House of Representatives and the Senate concurring therein, that the Legislature strongly encourages all agencies and departments of the State of Idaho to implement a financial plan that includes a spending plan, a revenue plan, and a cash management plan each fiscal year for their respective agency or department in order to best manage taxpayer funds used in cash transactions.

HOUSE CONCURRENT RESOLUTION NO. 46 BY STATE AFFAIRS COMMITTEE

A CONCURRENT RESOLUTION

STATING FINDINGS OF THE LEGISLATURE AND SUPPORTING CERTAIN ACQUISITIONS OF TIMBER AND GRAZING LANDS WITHIN THE STATE OF IDAHO.

Be It Resolved by the Legislature of the State of Idaho:

WHEREAS, recreation is a key economic driver in the state of Idaho and is growing in popularity. The primary area for recreation for residents of the Treasure Valley is Central Idaho; and

WHEREAS, as the population of Idaho has increased, so too has the need for recreational opportunities within a reasonable distance; and

WHEREAS, with increased population and desire for recreational opportunities, the need for more areas to recreate has increased; and

WHEREAS, Idaho has become known as a uniquely scenic and beautiful recreational destination, and therefore large tracts of timber and grazing land within the boundaries of the Gem State are unquestionably worthy of protection; and

WHEREAS, when large tracts of land become available within the boundaries of the state of Idaho, they should be evaluated for acquisition to protect opportunities for timber,

grazing management, and recreation, including hunting, fishing, and motorized and nonmotorized uses; and

WHEREAS, existing areas to recreate in Central Idaho and the Treasure Valley currently are limited in both number and capacity; and

WHEREAS, enhancing Idahoans' options for recreation would promote tourism and agribusiness, both of which are crucial to maintaining a healthy state economy; and

WHEREAS, an increase in managed timberland would have a positive impact on the state's revenue.

NOW, THEREFORE, BE IT RESOLVED by the members of the Second Regular Session of the Sixty-seventh Idaho Legislature, the House of Representatives and the Senate concurring therein, that the Idaho Legislature supports certain acquisitions of timber and grazing lands within the state of Idaho.

OFFICE OF THE GOVERNOR
Boise

March 26, 2024

The Honorable Mike Moyle
Speaker of the House

Dear Mr. Speaker:

I have the honor to advise you that I have signed on March 26, 2024 and am transmitting to the Secretary of State the following House bill, to wit:

H 494

within the time prescribed by law, the same having arrived in the Office of the Governor at the hour of 12:10 p.m. on March 22, 2024.

The improvements in this bill to the criminal laws on commercial sexual activity and human trafficking, as well as the related forfeiture provisions, are needed and I am proud to support them.

However, I feel compelled to reiterate my strong support of this state's longstanding policy of local control in criminal prosecutions. The primary duty of the county prosecutor is enforcing the penal provisions in state law. That authority is protected from intermeddling by state officials and has been affirmed by the Idaho Supreme Court. Creating concurrent authority with state officials to prosecute crimes can unnecessarily blur otherwise clear responsibilities in law and increases the likelihood of jurisdictional squabbles. Consequently, I would be disinclined to support future proposals that might erode local control in this area.

Moreover, I view Section 26 of this bill as largely superfluous. Section 31-2603(b) already provides the legal framework in any criminal case—not just human trafficking cases—for counties to seek prosecutorial assistance from the Attorney General. The required biennial report in this section would be best assigned to the Idaho Statistical Analysis Center at the Idaho State Police which for decades has prepared reports on crime and law enforcement in Idaho. By law, POST handles law enforcement training. If general funds to support law enforcement training for human trafficking are warranted, I believe POST Council is best equipped to collaborate with all stakeholders to develop and carry out that training.

Given these observations, I would encourage the Legislature to be particularly thoughtful about the fiscal note of this bill. There is no need to hastily grow state government over duplicative provisions tucked in a single section of an otherwise commendable bill.

Sincerely,
/s/ Brad Little
Governor

OFFICE OF THE GOVERNOR
Boise

March 27, 2024

The Honorable Mike Moyle
Speaker of the House

Dear Mr. Speaker:

I have the honor to advise you that I have signed on March 27, 2024 and am transmitting to the Secretary of State the following House bill, to wit:

[H 656](#)

within the time prescribed by law, the same having arrived in the Office of the Governor at the hour of 10:35 a.m. on March 21, 2024.

I strongly disagree with the assertion this bill would have no fiscal impact. This bill is a sea change in legislative policy that will subject every procurement award to potential litigation and lead to significant delays in implementing contracts for critical products and services.

I fully support efforts to improve transparency, accountability, and credibility in state purchasing operations. However, this bill swings the pendulum to the opposite end of the spectrum, which I fear will primarily benefit litigation attorneys and unsuccessful bidders. This bill will be counterproductive to ongoing efforts and investments to improve purchasing efficiency and will significantly impact already strained staff resources. I urge all stakeholders to closely watch how the implementation of this bill negatively impacts purchasing operations, and I fully expect ongoing delays and setbacks in the award and implementation of contracts as a result of this bill.

Sincerely,
/s/ Brad Little
Governor

March 28, 2024

The Honorable Mike Moyle
Speaker of the House

Dear Mr. Speaker:

I have the honor to advise you that I have signed on March 28, 2024 and am transmitting to the Secretary of State the following House bill, to wit:

[H 691](#)

within the time prescribed by law, the same having arrived in the Office of the Governor at the hour of 12:10 p.m. on March 22, 2024.

I am fully supportive of reasonable efforts that improve transparency in high-value transactions. Most—if not all—transactions that agencies intend to enter are already subject to statutory public notice requirements and funded through public legislative appropriations hearings.

It is not clear what types of agreements this bill is attempting to cover and whether this policy will prove to be simply redundant of existing obligations. Notwithstanding, I am concerned that language in this bill will undermine confidence in those who endeavor to do business with the state and open too many doors for unsuccessful bidders to legally challenge an award. I believe the people of Idaho are best served when those entering into transactions with the state have confidence that the state will honor agreements and not change course mid-stream or at the 11th hour.

Sincerely,
/s/ Brad Little
Governor

4TH ORDER

Consideration of Messages from the Governor and the Senate

OFFICE OF THE GOVERNOR
Boise

March 28, 2024

The Honorable Mike Moyle
Speaker of the House

Dear Mr. Speaker:

I have the honor to advise you that I have signed on March 28, 2024 and am transmitting to the Secretary of State the following House bill, to wit:

[H 626](#)

within the time prescribed by law, the same having arrived in the Office of the Governor at the hour of 4:15 p.m. on March 26, 2024.

I agree with the premise of this legislation: whenever two parties are in court, they should be able to argue on equal footing without special preference given to either side and the decision should be made only on the merits and consistent with the law

as enacted by the Legislature. I am encouraged at the broader national movement to depart from the Supreme Court decision establishing *Chevron* deference, which forced courts across the country to abdicate their constitutionally mandated duties to interpret the law by mandating deference to administrative agencies.

However, I am concerned about the potential for the abuse this bill could bring locally. We have worked hard to make Idaho the least-regulated state in the country. Idaho businesses have worked tirelessly and in good faith to ensure long-term stability and continuity in Idaho's regulatory environment and to keep our state a place where people want to raise their families and do business. This bill would allow and encourage groups with nothing more than narrow political agendas to bring meritless lawsuits against Idaho's most important industries and force them to spend their resources on needless litigation instead of innovation, growing the economy, and serving the people of Idaho.

I urge my partners in the Legislature to closely monitor the effects this legislation has in this regard, and to make any adjustments as necessary in the upcoming sessions to prevent groups from taking Idaho backward from all the progress we have made.

Sincerely,
/s/ Brad Little
Governor

OFFICE OF THE GOVERNOR
Boise

March 29, 2024

The Honorable Mike Moyle
Speaker of the House

Dear Mr. Speaker:

I have the honor to advise you that I have signed on March 29, 2024 and am transmitting to the Secretary of State the following House bill, to wit:

[H 545](#)

within the time prescribed by law, the same having arrived in the Office of the Governor at the hour of 3:27 p.m. on March 27, 2024.

Idaho is one of the fastest growing states in the country because of our strong economy, safe neighborhoods, abundant outdoor activities, and great employment opportunities. However, the

rapid growth has resulted in housing shortages. Coupled with high interest rates, it has become increasingly difficult for many Idahoans to afford housing. Affordable housing continues to be one of the most important issues facing Idahoans. Elected leaders in both rural communities and larger cities are working to address their unique housing needs and challenges.

I strongly believe in Idaho's long tradition of respecting, upholding, and defending Idahoans' private property rights. We must have laws in place that protect property owners from local laws and ordinances that limit their ability to manage their property and determine their tenants. That said, I am also a strong believer in local control, where the locally elected leaders are best situated to develop solutions that fit their communities and neighborhoods.

The State of Idaho has worked hard to deliver meaningful, enduring property tax relief over the past several years to help alleviate some of the challenges in housing affordability. However, high rental costs remain a problem as our population grows and puts pressure on housing availability. I urge the Legislature to work with local leaders to ensure our state laws provide pathways to solving local housing issues.

Sincerely,
/s/ Brad Little
Governor

OFFICE OF THE GOVERNOR

April 1, 2024

The Honorable Mike Moyle
Speaker of the House

Dear Mr. Speaker:

I have the honor to advise you that I have signed on April 1, 2024 and am transmitting to the Secretary of State the following House bill, to wit:

[H 596](#), as amended in the Senate

within the time prescribed by law, the same having arrived in the Office of the Governor at the hour of 4:15 p.m. on March 26, 2024.

I signed House Bill 596aaS, with reluctance. I am supportive of pharmacy benefit managers reform and share the same concerns as the bill sponsors related to drug pricing. However, I am concerned this bill creates government interference in private contracts between businesses, and I fear it may ultimately increase costs for consumers.

House Bill 596aaS defines the specific type of contracts that health insurance plans can utilize to manage pharmacy costs, and the bill mandates an unspecified dispensing fee for prescription drugs. I am concerned these provisions could unintentionally result in increased health insurance costs that ultimately get passed on to employers in their employee benefit plans or in higher deductibles and premiums for individuals, or both, including our own state health benefit plan.

I appreciate the bill sponsors for taking on this complicated issue. While I am not convinced this is the perfect solution, I agree there is a need to increase transparency and eliminate fraud, waste, and abuse in providing pharmacy benefits. I also agree we need to ensure all Idahoans have access to the medicines they need through a system of pharmacies throughout the state and that our

policies should ensure pharmacists are able to continue providing services to our citizens.

I signed this bill with the expectation that stakeholders will monitor these concerns and are prepared to act accordingly in future legislative sessions until we find the right resolution for Idaho businesses and consumers.

Sincerely,

The Honorable Mike Moyle
Speaker of the House

Dear Mr. Speaker:

I have the honor to advise you that I have signed on April 1, 2024 and am transmitting to the Secretary of State the following House bill, to wit:

[H 513](#)

within the time prescribed by law, the same having arrived in the Office of the Governor at the hour of 3:27 p.m. on March 27, 2024.

Maintaining safety and access to Idaho's roads and highways is imperative because Idahoans rely on our transportation system to commute to work, transport goods, and travel throughout the state. Historically, the decision to close access to Idaho highways has been under the authority of Idaho State Police (ISP) and the Idaho Transportation Department (ITD). These two state agencies also have the responsibility for road maintenance and monitoring while ensuring the appropriate amount of personnel and equipment are available to remove snow and rocks, manage traffic, and address other barriers to safeguard access on the roads.

County sheriffs also play a critical role in maintaining safety and access to travel. House Bill 513 expands the authority to close access to Idaho highways to the Idaho county sheriffs' offices. For this new extension of authority to be effective, ISP, ITD, and Idaho county sheriff offices will need to align expectations and priorities. The priority should be keeping access open to roads and highways whenever possible. While nothing in this legislation delegates a county sheriff's authority to direct state resources, successful implementation requires seamless coordination and cooperation with all state and county entities involved.

We appreciate the partnership of state and local units of government working together to maintain our roads and highways. I urge ITD and ISP to work closely with the counties to outline standards and align processes for road and highway access and maintenance.

Sincerely,

7TH ORDER Motions, Memorials, and Resolutions

HOUSE CONCURRENT RESOLUTION NO. 50 BY GANNON

A CONCURRENT RESOLUTION
STATING FINDINGS OF THE LEGISLATURE AND
AUTHORIZING THE LEGISLATIVE COUNCIL TO
APPOINT A COMMITTEE TO UNDERTAKE AND

COMPLETE A STUDY OF I-84 AND OTHER RELATED TRANSPORTATION CORRIDORS IN IDAHO.

Be It Resolved by the Legislature of the State of Idaho:

WHEREAS, Interstate Highway 84 is a vital highway that provides the primary vehicular travel connection between the Oregon state line and the Utah state line, passing through the Treasure Valley, the Magic Valley, and southeastern Idaho; and

WHEREAS, as many as 149,000 vehicles per day travel past the Five Mile Road overpass on I-84; and

WHEREAS, as the population of Idaho has increased, so too has vehicle traffic on I-84, resulting in significant traffic congestion during high-volume periods; and

WHEREAS, according to the Idaho Transportation Department, the volume of traffic on I-84 is projected to increase by 40% to 50% over the next 20 years between the Flying Wye interchange and the Franklin Road exit in Caldwell; and

WHEREAS, with increased traffic congestion there have been increased vehicle accidents, injuries, and fatalities; and

WHEREAS, traffic accidents and other emergency situations that occur on I-84 inevitably result in unsafe conditions and delays; and

WHEREAS, many commuters in the Treasure Valley currently experience delays and inconveniences during their daily commutes; and

WHEREAS, existing alternative roads near I-84 are limited in speed, number, and capacity, and alternative roads are becoming congested; and

WHEREAS, a beltway to the north or south of I-84 has been discussed as a potential alternative route; and

WHEREAS, enhancing Idahoans' options for vehicle travel and planning for future growth through the I-84 corridor between the Sand Hollow Road exit in Canyon County and the Blacks Creek Road exit in Ada County would reduce traffic accidents, address present and future congestion, and promote tourism and agribusiness, all of which are crucial to maintaining a healthy state economy; and

WHEREAS, there is currently no plan to address present traffic congestion, the impact of Highway 16 connecting to I-84, and future increases of the use of the I-84 corridor; and

WHEREAS, identifying alternative routes for vehicular travel would help ensure the safe and expedient movement of vehicles, materials, supplies, and people, thereby improving Idahoans' quality of life.

NOW, THEREFORE, BE IT RESOLVED by the members of the Second Regular Session of the Sixty-seventh Idaho Legislature, the House of Representatives and the Senate concurring therein, that the Legislative Council is authorized to appoint a committee to undertake and complete a study of existing transportation corridors, including I-84; potential alternate routes for safe vehicular travel between the Sand Hollow Road exit and the Blacks Creek Road exit on I-84, including a beltway; roads that are adjacent to or near I-84; the economic impacts of traffic in the area of study; and related matters involving other highways and areas in Idaho.

BE IT FURTHER RESOLVED that the Legislative Council shall determine the number of legislators and membership from each house appointed to the committee and shall authorize the committee to receive input, advice, and assistance from interested and affected parties who are not members of the Legislature.

BE IT FURTHER RESOLVED that the Legislative Council may authorize the committee to appoint nonlegislative advisors with technical expertise with regard to transportation infrastructure, civil engineering, legal information and issues, and such other subjects as the committee deems necessary or

advisable for the committee to efficiently conduct and complete its business.

BE IT FURTHER RESOLVED that any nonlegislative advisors to the committee are not members of the committee, shall not be reimbursed from legislative funds for per diem, mileage, or other expenses, and shall not have voting privileges regarding the committee's recommendations or proposed legislation.

BE IT FURTHER RESOLVED that the committee shall report its findings, recommendations, and proposed legislation, if any, to the First Regular Session of the Sixty-eighth Idaho Legislature.

4TH ORDER Consideration of Messages from the Governor and the Senate

OFFICE OF THE GOVERNOR
Boise

April 3, 2024

The Honorable Mike Moyle
Speaker of the House

Dear Mr. Speaker:

I have the honor to advise you that I have signed on April 3, 2024 and am transmitting to the Secretary of State the following House bill, to wit:

[H 708](#), as amended in the Senate

within the time prescribed by law, the same having arrived in the Office of the Governor at the hour of 12:17 p.m. on March 29, 2024.

I fully agree with a statewide, comprehensive effort that identifies all state-created corporations and then analyzes whether any pose a financial risk to the General Fund. Ideally, the state should complete the survey and study the findings prior to legislating a substantive change. The sponsors of this bill and the Idaho Legislature should be flexible and open to amendments next year after we have a better understanding of the facts on the ground. I fear an overly broad approach could unnecessarily frustrate the operations of foundations and other entities that serve Idahoans well without using public funds or creating financial liability to the state. Finally, I suspect the fiscal impact of this bill is greater than anticipated due to the statewide obligations imposed on agencies and the additional duties assigned to the Secretary of State that may require additional personnel and resources to successfully complete.

Sincerely,
/s/ Brad Little
Governor

April 3, 2024

**4TH ORDER

Governor and the Senate**

OFFICE OF THE GOVERNOR
Boise

April 4, 2024

The Honorable Mike Moyle
Speaker of the House

Dear Mr. Speaker:

I have the honor to advise you that I have signed on April 4, 2024 and am transmitting to the Secretary of State the following House bills, to wit:

[H 727](#), [H 733](#), [H 734](#), [H 738](#), [H 747](#), and [H 749](#)

/s/ Brad Little
Governor

OFFICE OF THE GOVERNOR
Boise

April 4, 2024

The Honorable Mike Moyle
Speaker of the House

Dear Mr. Speaker:

I have the honor to advise you that I have signed on April 4, 2024 and am transmitting to the Secretary of State the following House bill, to wit:

[H 398](#), as amended in the Senate

within the time prescribed by law, the same having arrived in the Office of the Governor at the hour of 12:17 p.m. on March 29, 2024.

I support policy that ensures the Legislature is a meaningful partner with the executive branch in our shared goal of Medicaid cost containment. However, this bill contains vague language that, when coupled with the emergency clause, will immediately result in harmful disruption to the delivery of services to thousands of Idahoans.

Unless the bill is amended, the following consequences will likely occur, all of which result in immediate disruption of critical services to Idahoans:

1. Submission of the Idaho Behavioral Health Plan (IBHP) amendments for behavioral health services and residential treatment centers for substance use and psychiatric disorders will be immediately stopped;
2. The amendment for approval to pay out \$30-40 million in directed payments to 149 skilled nursing facilities across Idaho will be immediately stopped;
3. Submission to distribute \$70 million in rate adjustments for 1,406 providers and intermediate care facilities across Idaho will be immediately stopped; and
4. The submission for approval of \$4 million for reinstatement of personal care services management affecting 287 organizations will be immediately stopped.

Imminent action by the Legislature is necessary to provide for the state with clarity and confidence that legal authority exists to continue with program implementation. In addition, the existence of other amendments and waivers impacted by this bill continue to be evaluated. Unless the issues are sufficiently addressed in a trailer bill, it is possible the Legislature may be required to return frequently for special sessions to ensure compliance with the law.

The window of opportunity to address the problem during this regular session of the legislative is quickly closing. My office is engaged in ongoing conversations with the Legislature to implement the necessary legislative solution.

Once again, I appreciate my legislative partners for advancing policy that seeks to ensure taxpayer dollars are spent as efficiently as possible in the state's Medicaid program.

Sincerely,
/s/ Brad Little
Governor

April 4, 2024

Idaho Department of Health and Welfare

February 21, 2024

Dear Chairman Vander Woude and Chairman Van Orden,

Thank you for taking the time to meet with the Department regarding the disposition of changes to IDAPA 16.05.03, rules relating to Contested Case Proceedings and Declaratory Rulings.

The Idaho Administrative Procedures Act ("APA") outlines the rulemaking process in Idaho. Under the APA, the rulemaking process remains ongoing and does not end until pending rules are accepted by a concurrent resolution of the Legislature. This action ends the rulemaking process and makes all pending rule changes final and of full force and effect.

The amendments to IDAPA 16.05.03 have not yet been approved via concurrent resolution. Accordingly, I write to inform you that, pursuant to the broad rulemaking authority granted to me by Section 56-202, Idaho Code, I have decided to vacate the rulemaking presented to the Legislature under Docket No. 16.05.03. As a result, the proposed changes to the contested case rules will remain the same and will not change.

I look forward to presenting you with this docket again in future legislative sessions.

/s/ Sincerely,
Dean Cameron, Interim Director
Department of Health and Welfare

within the time prescribed by law, the same having arrived in the Office of the Governor at the hour of 9:20 a.m. on April 3, 2024.

With the signing of this legislation and the funding of Idaho LAUNCH, we are taking a tremendous step toward achieving my top goal as Governor: to make Idaho the place where we all can have the opportunity to thrive, where our children and grandchildren choose to stay, and for the ones who have left choose to return.

With LAUNCH, Idaho is taking extraordinary steps to prepare our young people for a lifetime of prosperity. I am certain LAUNCH will be looked upon by future generations, employers, high schoolers, and legislators as the cornerstone in our long-term success as a state, a visionary project that took courage to support. This initiative, alongside our historic investments in education, infrastructure, and tax relief, is a clear example of the extraordinary things we can achieve when we put the needs of Idahoans first. Our work has established Idaho as one of the most forward-thinking states in the nation for workforce development and post-secondary education.

I thank my legislative partners who have championed LAUNCH from the start. While the road has not always been easy, with LAUNCH we have made Idaho a better place for generations to come.

The Honorable Mike Moyle
Speaker of the House

Dear Mr. Speaker:

I have the honor to advise you that I have signed on April 10, 2024 and am transmitting to the Secretary of State the following House bill, to wit:

[H 710](#), as amended in the Senate

within the time prescribed by law, the same having arrived in the Office of the Governor at the hour of 10:17 a.m. on April 4, 2024.

Like public schools, libraries are places where the community gathers to learn and connect. This is especially true in rural Idaho where the local schools and libraries have become hubs of community activity. For children, libraries open doors to reading and intellectual exploration, helping them to become lifelong learners. It's no wonder the vast majority of Idahoans say they value libraries and trust librarians. I, too, am a strong supporter of public libraries.

Last year, I vetoed a bill that would have created a library bounty system so egregious that smaller libraries would have been forced to close their doors to minors altogether. The bill would have significantly increased costs and liabilities for libraries, particularly in rural Idaho, and the costs would have been forced onto property taxpayers. The library bill the Legislature passed last year was a non-starter for me, especially because one of my top priorities is literacy and libraries play such a crucial role in helping our youngsters to read early on.

After vetoing last year's library bill, I told the sponsors my specific issues with it. In response, House Bill 710aaS this year addresses most, but not all, of the concerns I outlined in my veto letter last year. Primarily, this bill reduces damages from \$2,500 to \$250, and it allows a fair opportunity for local libraries to avoid legal action and fees if they address materials of concern within 60 days. Compared to last year's legislation, House Bill 710aaS also tightens the definition of what is considered "harmful to minors," providing greater clarity for local libraries and their patrons.

I share the cosponsors' desire to keep truly inappropriate library materials out of the hands of minors. That said, I still believe a greater harm confronts our children - content accessible to

them on their phones and devices. I was pleased to sign House Bill 498 this session requiring age verification on pornography web sites, and while we have much more to do to truly protect our children, House Bill 498 was a good start. However, I was disappointed the Legislature passed up an opportunity to advance meaningful legislation to truly protect children from the harms of social media, as I called on this body to do during my State of the State and Budget Address in January.

While I have signed House Bill 710aaS, like many Idahoans, I will be watching the implementation and outcomes of this legislation very closely.

Sincerely,
/s/ Brad Little
Governor

The Honorable Mike Moyle
Speaker of the House

Dear Mr. Speaker:

I have the honor to advise you that I have transmitted to the Office of the Secretary of State, without my signature, the following House bills, to wit:

[H 770](#) and [H 726](#)

within the time prescribed by law, the same having arrived in the Office of the Governor at the hour of 12:15 p.m. on April 4, 2024.

We are the fastest growing state in the nation. We must keep up with the demands for expanded transportation systems in order for our continued economic prosperity and the safety of our citizens. I am pleased the Legislature has been such a strong partner in championing investments in transportation infrastructure without raising taxes and fees. Idaho has been recognized for the significant improvements we have made to our transportation system over the past few years.

However, I did not sign these bills because the intent language unwinds statutory policy language about how the state handles surplus properties and it increases overhead for office space needs

around the state. In addition, it unfairly cancels an agreed upon sales process, causing future reputational risk for the State of Idaho.

Sincerely,
/s/ Brad Little
Governor
