

## STATEMENT OF PURPOSE

RS30816 / H0430

The creation of the School Employee Member class moved school employees out of the general class into a class of their own. 59-1352 currently does not include this new defined class. This correction to statute will codify that the School Employee class has access to the same disability retirement benefit they had when they were members of the general class.

## FISCAL NOTE

This legislation will have no impact on the state's General fund or any dedicated fund or federal fund because it is a technical correction which codifies access to the same benefit the class of employees has historically had.
