

IN THE HOUSE OF REPRESENTATIVES

HOUSE BILL NO. 596, As Amended in the Senate

BY HEALTH AND WELFARE COMMITTEE

AN ACT

1 RELATING TO PHARMACY BENEFIT MANAGERS; AMENDING SECTION 41-349, IDAHO CODE,
2 TO DEFINE TERMS, TO PROVIDE A LIMIT ON CHARGES FOR HEALTH PLANS OR PRO-
3 GRAMS AND TO PROVIDE EXCEPTIONS, TO REQUIRE REPORTING, TO ESTABLISH
4 PROVISIONS REGARDING PRICING MODELS, TO ESTABLISH PROVISIONS REGARDING
5 NETWORK PARTICIPATION, TO ESTABLISH PROVISIONS REGARDING ACCREDITA-
6 TION STANDARDS, TO ESTABLISH PROVISIONS REGARDING CONTINUITY OF CARE
7 FOR REVISIONS TO A FORMULARY, TO ESTABLISH PROVISIONS REGARDING ADMIN-
8 ISTRATIVE APPEALS, TO PROHIBIT CERTAIN ACTIONS OF A PHARMACY BENEFIT
9 MANAGER, AND TO MAKE TECHNICAL CORRECTIONS; AND PROVIDING AN EFFECTIVE
10 DATE.
11

12 Be It Enacted by the Legislature of the State of Idaho:

13 SECTION 1. That Section 41-349, Idaho Code, be, and the same is hereby
14 amended to read as follows:

15 41-349. PHARMACY BENEFIT MANAGERS. (1) As used in this section:

16 (a) "Brand name or generic effective rate" means the contractual rate
17 set forth by a pharmacy benefit manager for the reimbursement of covered
18 brand name or generic drugs, calculated using the total payments in the
19 aggregate, by drug type, during the performance period. The effective
20 rates are typically calculated as a discount from industry benchmarks,
21 such as average wholesale price or wholesale acquisition cost.

22 (b) "Dispensing fee" means a fee intended to cover reasonable costs as-
23 sociated with providing a drug to a covered person. This cost includes
24 but is not limited to the pharmacist's services and the overhead asso-
25 ciated with maintaining the facility and equipment necessary to operate
26 the pharmacy.

27 (c) "Effective rate guarantee" means the minimum ingredient cost reim-
28 bursement a pharmacy benefit manager guarantees it will pay for pharma-
29 cist services during the applicable measurement period.

30 ~~(a)~~ (d) "Maximum allowable cost" means the maximum amount that a phar-
31 macy benefit manager will reimburse a pharmacy for the cost of a generic
32 drug.

33 (e) "Maximum allowable cost appeal pricing adjustment" means a retro-
34 spective positive payment adjustment made to a pharmacy by the pharmacy
35 benefits plan or program or by the pharmacy benefit manager pursuant to
36 an approved maximum allowable cost appeal request submitted by the same
37 pharmacy to dispute the amount reimbursed for a drug based on the phar-
38 macy benefit manager's listed maximum allowable cost price.

39 (f) "Participation contract" means any agreement between a pharmacy
40 benefit manager and pharmacy for the provision and reimbursement of
41 pharmacist services and any exhibits, attachments, amendments, or ad-
42 dendums to such agreement.

1 (g) "Pass-through pricing model" means a payment model used by a phar-
2 macy benefit manager in which the payments made by the pharmacy benefits
3 plan or program to the pharmacy benefit manager for the covered outpa-
4 tient drugs are:

5 (i) Equivalent to the payments the pharmacy benefit manager makes
6 to a dispensing pharmacy or provider for such drugs, including any
7 contracted professional dispensing fee between the pharmacy ben-
8 efit manager and its network of pharmacies. Such dispensing fee
9 would be paid if the pharmacy benefits plan or program was making
10 the payments directly; and

11 (ii) Passed through in their entirety by the pharmacy benefits
12 plan or program or by the pharmacy benefit manager to the pharmacy
13 or provider that dispenses the drugs, and the payments are made in
14 a manner that is not offset by any reconciliation.

15 ~~(b)~~ (h) "Pharmacy benefit manager" means a person or entity doing busi-
16 ness in this state that contracts with pharmacies on behalf of an in-
17 surer, third-party administrator, or managed care organization to ad-
18 minister prescription drug benefits to residents of this state.

19 (i) "Spread pricing" means the practice in which a pharmacy benefit
20 manager charges a pharmacy benefits plan or program a different amount
21 for pharmacist services than the amount the pharmacy benefit manager
22 reimburses a pharmacy for such pharmacist services.

23 (j) "Usual and customary price" means the amount charged to cash cus-
24 tomers for a pharmacist service exclusive of sales tax or other amounts
25 claimed.

26 (2) A person may not perform, offer to perform, or advertise any phar-
27 macy benefit management service in this state unless the person is regis-
28 tered as a pharmacy benefit manager with the department of insurance. A per-
29 son may not utilize the services of another person as a pharmacy benefit man-
30 ager if the person knows or has reason to know that the other person does not
31 have a registration with the department. Such registration must occur annu-
32 ally no later than April 1 of each year and shall be on a form prescribed by
33 the director. The department may utilize applicable sections of this title
34 to administer registration as provided in this subsection.

35 (3) A pharmacy benefit manager shall not prohibit a pharmacist or re-
36 tail pharmacy from providing a covered person information on the amount of
37 the cost share for a prescription drug and the clinical efficacy of a more
38 affordable alternative drug if one is available, and a pharmacy benefit man-
39 ager may not penalize a pharmacist or retail pharmacy for disclosing such in-
40 formation to a covered person or for selling to a covered person a more af-
41 fordable alternative if one is available.

42 (4) A pharmacy benefit manager shall not directly or indirectly charge
43 a pharmacy benefits plan or program a different amount for a prescription
44 drug's ingredient cost or dispensing fee than the amount the pharmacy ben-
45 efit manager reimburses a pharmacy for the prescription drug's ingredient
46 cost or dispensing fee where the pharmacy benefit manager retains the amount
47 of any such difference.

48 (5) The pharmacy benefit manager shall pass along or return one hundred
49 percent (100%) of any manufacturer rebate to a pharmacy benefits plan or pro-

1 gram, including any payment, discount, incentive, fee, price concession, or
 2 other remuneration.

3 (6) The pharmacy benefit manager shall provide full and complete dis-
 4 closure of:

5 (a) The cost, price, and reimbursement of the prescription drug to each
 6 health plan, payer, and pharmacy with which the pharmacy benefit man-
 7 ager has a contract or agreement to provide pharmacy benefit management
 8 services;

9 (b) Each fee, markup, and discount charged or imposed by the pharmacy
 10 benefit manager to each health plan, payer, and pharmacy with which the
 11 pharmacy benefit manager has a contract or agreement for pharmacy bene-
 12 fit management services; or

13 (c) The aggregate amount of all remuneration the pharmacy benefit man-
 14 ager receives from a prescription drug manufacturer for a prescription
 15 drug, including any rebate, discount, administration fee, and any other
 16 payment or credit obtained or agreement for pharmacy benefit management
 17 services to a health plan or payer.

18 ~~(4)~~ (7) A pharmacy benefit manager using maximum allowable cost pricing
 19 may place a drug on a maximum allowable cost list if the pharmacy benefit man-
 20 ager does the following:

21 (a) Ensures that the drug:

- 22 (i) 1. ~~Is listed as "A" or "B" rated~~ A-rated or B-rated in the
 23 most recent version of the United States food and drug admin-
 24 istration's approved drug products with therapeutic equiva-
 25 lence evaluations, also known as the "orange book"; or
 26 2. Has an "NR" or "NA" rating or a similar rating by a nation-
 27 ally recognized reference; and

28 (ii) Is available for purchase by pharmacies in the state from na-
 29 tional or regional wholesalers and is not obsolete;

30 (b) Provides to a network pharmacy, at the time a contract is entered
 31 into or renewed with the network pharmacy, the sources used to determine
 32 the maximum allowable cost pricing for the maximum allowable cost list
 33 specific to that provider;

34 (c) Reviews and updates maximum allowable cost price information at
 35 least once every seven (7) business days to reflect any modification of
 36 maximum allowable cost pricing;

37 (d) Establishes a process for eliminating products from the maximum al-
 38 lowable cost list or modifying maximum allowable cost prices in a timely
 39 manner to remain consistent with pricing changes and product availabil-
 40 ity in the marketplace;

41 (e) Establishes a process by which a network pharmacy, or a network
 42 pharmacy's contracting agent, may appeal the reimbursement for a
 43 generic drug no later than thirty (30) days after such reimbursement is
 44 made; and

45 (f) Provides a process for each of its network pharmacies to readily ac-
 46 cess the maximum allowable cost list specific to that provider.

47 ~~(5)~~ (8) No pharmacy benefit manager may retroactively deny or reduce a
 48 claim for reimbursement of the cost of services after the claim has been ad-
 49 judicated by the pharmacy benefit manager unless:

50 (a) The adjudicated claim was submitted fraudulently or improperly; or

1 (b) The pharmacy benefit manager's payment on the adjudicated claim was
2 incorrect because the pharmacy or pharmacist had already been paid for
3 the services.

4 ~~(6)~~ (9) If the director finds a pharmacy benefit manager has violated
5 this section or any provision of title 41, Idaho Code, then the director may
6 subject the pharmacy benefit manager to any or all of the actions, penalties,
7 and remedies referenced in sections 41-117, 41-1016, and 41-1026, Idaho
8 Code.

9 (10) (a) No later than January 1, 2025, and each year thereafter, each
10 licensed pharmacy benefit manager shall report to the director of the
11 department of insurance the following information:

12 (i) The aggregate amount of the difference between the amount
13 the pharmacy benefit manager paid each pharmacy on behalf of the
14 health plan for prescription drugs; and

15 (ii) If at any time during the reporting year the pharmacy bene-
16 fit manager moved or reassigned a prescription drug to a formulary
17 tier that has a higher cost, higher copayment, higher coinsurance,
18 higher deductible to a consumer, or lower reimbursement to a phar-
19 macy, an explanation of the reason why the drug was moved or reas-
20 signed, including whether the move or reassignment was determined
21 or requested by a prescription drug manufacturer or other entity.

22 (b) Any pharmacy benefit manager that owns, controls, or is affiliated
23 with a pharmacy shall also report any difference in reimbursement rates
24 or practices, direct and indirect remuneration fees or other price con-
25 cessions, and clawbacks between a pharmacy that is owned, controlled,
26 or affiliated with the pharmacy benefit manager and any other pharmacy.

27 (11) In addition to any other requirements in this title, all contrac-
28 tual arrangements executed, amended, adjusted, or renewed between a phar-
29 macy benefit manager and a pharmacy benefits plan or program must include, in
30 substantial form, requirements, to the extent allowable by law, to:

31 (a) Use a pass-through pricing model;

32 (b) Exclude terms that allow for the direct or indirect engagement in
33 the practice of spread pricing;

34 (c) Ensure that funds received in relation to providing services for a
35 pharmacy benefits plan or program or a pharmacy are used or distributed
36 only pursuant to the pharmacy benefit manager's contract with the phar-
37 macy benefits plan or program or with the pharmacy or as otherwise re-
38 quired by applicable law;

39 (d) Require the pharmacy benefit manager to pass one hundred percent
40 (100%) of all prescription drug manufacturer rebates, including non-
41 resident prescription drug manufacturer rebates, received to the phar-
42 macy benefits plan or program, if the contractual arrangement delegates
43 the negotiation of rebates to the pharmacy benefit manager, for the
44 sole purpose of offsetting defined cost-sharing and reducing premiums
45 of covered persons. Rebates include any payment, discount, incentive,
46 fee, price concession, or other remuneration. Any excess rebate rev-
47 enue after the pharmacy benefit manager and the pharmacy benefits plan
48 or program have taken all actions required pursuant to this section must
49 be used for the sole purpose of offsetting copayments and deductibles of
50 covered persons;

1 (e) Include network adequacy requirements that meet or exceed medicare
2 part D program standards for convenient access to the network pharma-
3 cies and that:

4 (i) Do not limit a network to solely include affiliated pharma-
5 cies;

6 (ii) Do not require a covered person to receive a prescrip-
7 tion drug by United States mail, common carrier, local courier,
8 third-party company or delivery service, or pharmacy direct de-
9 livery unless the prescription drug cannot be acquired at any
10 retail pharmacy in the pharmacy benefit manager's network for
11 the covered person's pharmacy benefits plan or program. The
12 provisions of this subparagraph do not prohibit a pharmacy bene-
13 fit manager from operating mail order or delivery programs on an
14 opt-in basis at the sole discretion of a covered person, provided
15 that the covered person is not penalized through the imposition
16 of any additional retail cost-sharing obligations or a lower al-
17 lowed-quantity limit for choosing not to select the mail order or
18 delivery programs;

19 (iii) For the in-person administration of covered prescription
20 drugs, prohibit requiring a covered person to receive pharmacist
21 services from an affiliated pharmacy or an affiliated health care
22 provider; and

23 (iv) Prohibit offering or implementing pharmacy networks that re-
24 quire or provide a promotional item or an incentive to a covered
25 person to use an affiliated pharmacy or an affiliated health care
26 provider for the in-person administration of covered prescription
27 drugs or advertising, marketing, or promoting an affiliated phar-
28 macy to covered persons. Provided, however, a pharmacy benefit
29 manager may include an affiliated pharmacy in communications to
30 covered persons regarding network pharmacies and prices as long as
31 the pharmacy benefit manager includes information, such as links
32 to all nonaffiliated network pharmacies, in such communications
33 and that the information provided is accurate and of equal promi-
34 nence. The provisions of this subparagraph may not be construed to
35 prohibit a pharmacy benefit manager from entering into an agree-
36 ment with an affiliated pharmacy to provide pharmacist services to
37 covered persons;

38 (f) Prohibit a pharmacy benefit manager from conditioning participa-
39 tion in one (1) pharmacy network based on participation in any other
40 pharmacy network or from penalizing a pharmacy for exercising its pre-
41 rogative not to participate in a specific pharmacy network;

42 (g) Prohibit a pharmacy benefit manager from instituting a network
43 that requires a pharmacy to meet accreditation standards inconsistent
44 with or more stringent than applicable federal and state requirements
45 for licensure and operation as a pharmacy in this state. However, a
46 pharmacy benefit manager may specify additional specialty networks
47 that require enhanced standards related to safety and competency
48 necessary to meet the United States food and drug administration's
49 limited distribution requirements for dispensing any drug that, on a
50 drug-by-drug basis, requires extraordinary special handling, provider

1 coordination, or clinical care or monitoring when such extraordinary
 2 requirements cannot be met by a retail pharmacy. For purposes of this
 3 paragraph, drugs requiring extraordinary special handling are limited
 4 to drugs that are subject to a risk evaluation and mitigation strategy
 5 approved by the United States food and drug administration and that:

6 (i) Require special certification of a health care provider to
 7 prescribe, receive, dispense, or administer; or

8 (ii) Require special handling due to the molecular complexity
 9 or cytotoxic properties of the biologic or biosimilar product or
 10 drug. For participation in a specialty network, a pharmacy ben-
 11 efit manager may not require a pharmacy to meet requirements for
 12 participation beyond those necessary to demonstrate the phar-
 13 macy's ability to dispense the drug in accordance with the United
 14 States food and drug administration's approved manufacturer la-
 15 beling;

16 (h) At a minimum, require the pharmacy benefit manager or pharmacy ben-
 17 efits plan or program to, upon revising its formulary of covered pre-
 18 scription drugs during a plan year, provide a ninety (90) day continu-
 19 ity-of-care period in which the covered prescription drug that is being
 20 revised from the formulary continues to be provided at the same cost for
 21 the patient for a period of ninety (90) days. The ninety (90) day conti-
 22 nuity-of-care period commences upon notification to the patient. This
 23 requirement does not apply if the covered prescription drug:

24 (i) Has been approved and made available over the counter by the
 25 United States food and drug administration and has entered the
 26 commercial market as such;

27 (ii) Has been removed or withdrawn from the commercial market by
 28 the manufacturer;

29 (iii) Is subject to an involuntary recall by state or federal au-
 30 thorities and is no longer available on the commercial market; or

31 (iv) Has a generic, biosimilar, or interchangeable biologic ap-
 32 proved by the United States food and drug administration;

33 (i) Require that in-network pharmacies receive dispensing fees that
 34 reasonably cover the costs of dispensing medications; and

35 (j) Prohibit a pharmacy benefit manager from directly or indirectly
 36 charging or holding a pharmacist or pharmacy responsible for a fee for
 37 any step of or component or mechanism related to the claim adjudication
 38 process, including:

39 (i) The adjudication of a pharmacy benefit claim;

40 (ii) The processing or transmission of a pharmacy benefit claim;

41 (iii) The development or management of a claim processing or adju-
 42 dications network; or

43 (iv) Participation in a claim processing or adjudication network.

44 (12) The requirements of subsection (11) of this section shall not ap-
 45 ply to specialty drugs. For the purposes of this section, "specialty drug"
 46 means:

47 (a) A drug that is subject to restricted distribution by the United
 48 States food and drug administration; or

49 (b) A drug that requires special handling, provider coordination, or
 50 patient education that a retail pharmacy cannot provide.

1 (13) In addition to other requirements in this title, a participation
2 contract executed, amended, adjusted, or renewed between a pharmacy benefit
3 manager and one (1) or more pharmacies or pharmacists must include, in sub-
4 stantial form, to the extent allowable by law, terms that ensure compliance
5 with the provisions of this subsection.

6 (a) The pharmacy benefit manager shall provide a reasonable adminis-
7 trative appeal procedure to allow a pharmacy or pharmacist to challenge
8 the maximum allowable cost pricing information and the reimbursement
9 made under the maximum allowable cost as defined in subsection (1) (d)
10 of this section for a specific drug as being below the acquisition cost
11 available to the challenging pharmacy or pharmacist.

12 (b) The administrative appeal procedure must include a telephone num-
13 ber and email address, or a website, for the purpose of submitting the
14 administrative appeal. The appeal may be submitted by the pharmacy or
15 an agent of the pharmacy directly to the pharmacy benefit manager or
16 through a pharmacy service administration organization. The pharmacy
17 or pharmacist must be given at least thirty (30) business days after
18 a maximum allowable cost update or after an adjudication for an elec-
19 tronic claim or reimbursement for a nonelectronic claim to file the
20 administrative appeal.

21 (c) The pharmacy benefit manager must respond to the administrative ap-
22 peal within thirty (30) business days after receipt of the appeal.

23 (i) If the appeal is upheld, the pharmacy benefit manager must:

- 24 1. Update the maximum allowable cost pricing information to
- 25 at least the acquisition cost available to the pharmacy;
- 26 2. Permit the pharmacy or pharmacist to reverse and rebill
- 27 the claim in question;
- 28 3. Provide to the pharmacy or pharmacist the national drug
- 29 code on which the increase or change is based; and
- 30 4. Make the increase or change effective for each similarly
- 31 situated pharmacy or pharmacist who is subject to the appli-
- 32 cable maximum allowable cost pricing information; or

33 (ii) If the appeal is denied, the pharmacy benefit manager must
34 provide to the pharmacy or pharmacist the national drug code and
35 the name of the national or regional pharmaceutical wholesalers
36 operating in this state that have the drug currently in stock at a
37 price below the maximum allowable cost pricing information.

38 (d) Every ninety (90) days, a pharmacy benefit manager shall report to
39 the department the total number of appeals received and denied in the
40 preceding ninety (90) day period, with an explanation or reason for each
41 denial, for each specific drug for which an appeal was submitted pur-
42 suant to this subsection.

43 (14) In addition to other prohibitions in this section, a pharmacy bene-
44 fit manager may not do any of the following:

45 (a) Prohibit, restrict, or penalize in any way a pharmacy or pharmacist
46 from disclosing to any person any information that the pharmacy or phar-
47 macist deems appropriate, including but not limited to information re-
48 garding any of the following:

49 (i) The nature of treatment, risks, or alternatives thereto;

- 1 (ii) The availability of alternate treatment, consultations, or
2 tests;
- 3 (iii) The decision of utilization reviewers or similar persons to
4 authorize or deny pharmacist services;
- 5 (iv) The process used to authorize or deny pharmacist services or
6 benefits;
- 7 (v) Information on financial incentives and structures used by
8 the pharmacy benefits plan or program;
- 9 (vi) Information that may reduce the costs of pharmacist ser-
10 vices;
- 11 (vii) Whether the cost-sharing obligation exceeds the retail
12 price for a covered prescription drug and the availability of a
13 more affordable alternative drug;
- 14 (viii) A decision by the pharmacy to refuse to accept pharmacy ben-
15 efit manager payment for the dispensing of an individual prescrip-
16 tion on the basis of an aggregate pharmacy benefit manager payment
17 of less than the pharmacy's costs to provide the service; or
- 18 (ix) The financial details of a prescription claim;
- 19 (b) Prohibit, restrict, or penalize in any way a pharmacy or pharma-
20 acist from disclosing information to the department, law enforcement, or
21 state and federal governmental officials, provided that the recipient
22 of the information represents that it has the authority, to the extent
23 provided by state or federal law, to maintain proprietary information
24 as confidential and before disclosure of information designated as con-
25 fidential, the pharmacist or pharmacy marks as confidential any docu-
26 ment in which the information appears or requests confidential treat-
27 ment for any oral communication of the information;
- 28 (c) Communicate at the point-of-sale, or otherwise require, a cost-
29 sharing obligation for the covered person in an amount that exceeds the
30 lesser of:
- 31 (i) The applicable cost-sharing amount under the applicable
32 pharmacy benefits plan or program; or
- 33 (ii) The amount that will be retained by the pharmacy;
- 34 (d) Transfer or share records relative to prescription information
35 containing patient-identifiable or prescriber-identifiable data
36 to an affiliated pharmacy for any commercial purpose other than the
37 limited purposes of facilitating pharmacy reimbursement, formulary
38 compliance, or utilization review on behalf of the applicable pharmacy
39 benefits plan or program;
- 40 (e) Fail to make any payment due to a pharmacy for an adjudicated claim
41 with a date of service before the effective date of a pharmacy's ter-
42 mination from a pharmacy benefit network, unless payments are withheld
43 because of fraud, waste, or abuse on the part of the pharmacy or except
44 as otherwise required by law; or
- 45 (f) Terminate the contract of, penalize, or disadvantage a pharmacist
46 or pharmacy solely due to a pharmacist or pharmacy:
- 47 (i) Disclosing information about pharmacy benefit manager prac-
48 tices in accordance with this section;
- 49 (ii) Exercising any of its prerogatives pursuant to this section;
50 or

1 (iii) Sharing any portion, or all, of the pharmacy benefit manager
2 contract with the department of insurance pursuant to a complaint
3 or a query regarding whether the contract is in compliance with the
4 provisions of this section.

5 (15) In complying with the requirements of this section, a pharmacy
6 benefit manager or its agents, and the director or the director's agents,
7 shall not directly or indirectly publish or otherwise disclose any infor-
8 mation reported to the director under this section that would reveal: the
9 identity of a specific pharmacy benefits plan, program, or pharmaceutical
10 manufacturer; the prices charged for a specific drug or class of drugs; the
11 amount of any rebates provided for a specific drug or class of drugs or the
12 pharmaceutical manufacturer; or information that would otherwise have the
13 potential to compromise the financial, competitive, or proprietary nature
14 of such information. Any such information shall be protected from disclo-
15 sure as confidential and proprietary and shall not be regarded as a public
16 record pursuant to section 74-101, Idaho Code. A pharmacy benefit manager
17 shall impose the confidentiality protections and requirements of this sec-
18 tion on any agent or downstream third party that performs health care or
19 administrative services on behalf of the pharmacy benefit manager that may
20 receive or have access to such information, and the director shall impose the
21 confidentiality protections and requirements of this section on any agent or
22 downstream third party directly or indirectly involved in the administra-
23 tion of this section that may receive or have access to such information.

24 SECTION 2. This act shall be in full force and effect on and after Jan-
25 uary 1, 2025.
