

REVISED

STATEMENT OF PURPOSE

RS31563 / H0689

This consensus legislation strengthens a balanced relationship between Idaho's franchised auto dealers and their manufacturer partners. It clarifies and modifies the existing roles of both Idaho's franchised dealers and their manufacturer partners to ensure each party is treated fairly in this age of rapid change. This ensures free local markets continue to exist in Idaho, providing the Idaho consumer choice, and the benefits of free market competition, which benefits us all.

FISCAL NOTE

This legislation causes no additional expenditure of funds at the state or local level of government, nor does it cause an increase or decrease in revenue for state or local government, therefore the legislation has no fiscal impact.
