

STATEMENT OF PURPOSE

RS31432 / H0730

This legislation updates Title 67 Chapter 19 & 35 in Idaho code relating to annual budget reporting by state agencies. This directs state agencies receiving federal funds, anticipating receipts of federal funds or administering programs supported by federal funds to add, or adjust reporting requirements. It requires reporting if federal funds are capped, or are open-ended, or if the state is required to match federal dollars. It also requires agencies to develop a plan to reduce or eliminate services if notified of a reduction in federal funding within a specific federal grant of 10% or more. This also adds language which requires reporting to legislative services office.

FISCAL NOTE

This legislation causes no additional expenditure of funds at the state or local level of government, nor does it cause an increase or decrease in revenue for state or local government, therefore the legislation has no fiscal impact.
