

STATEMENT OF PURPOSE

RS31695 / H0732

This legislation allows local school districts and public charter schools to use their state appropriation on children who are age 4. This does not change the school age and does not mandate that any school or district offer such program. It simply provides flexibility for school boards and their community to decide whether they feel a kindergarten preparedness program is right for their district.

FISCAL NOTE

This legislation causes no additional expenditure of funds at the state or local level of government, nor does it cause an increase or decrease in revenue for state local government therefore the legislation has no fiscal impact.
