STATEMENT OF PURPOSE

RS31091 / S1260

This bill requires cities with a population of more than one hundred thousand, to hold a city election for an unopposed office where only one person filed a declaration of intent of candidacy for mayor and/or city council member, and publish the candidate's name on the ballot.

FISCAL NOTE

This bill has no immediate fiscal impact on the General Fund. In a future race it could impact counties where there are larger cities, population of more than 100,000 (Ada and Canyon), with a small likelihood that this bill could impact printing costs.
