

## STATEMENT OF PURPOSE

RS31316 / SJM104

Currently, gun suppressors are heavily regulated under the prohibition era National Firearms Act of 1934. The United States Congress has before it the Hearing Protection Act which would reclassify gun suppressors to be regulated as a regular firearm. This Joint Memorial expresses the desire of Idaho gun owners, sportsmen, and hunters to encourage the United States Congress to pass the Hearing Protection Act and allow Idaho's law-abiding gun owners to protect their hearing while enjoying their shooting sports activities.

## FISCAL NOTE

There is no impact to Idaho's General Fund or to local governments as this is a request for action from the United State Congress.
